TOUGH DONE SMARTER

The 2019 Ranger is here, it's tough, capable and ready to work. With a striking new design, formidable range of engines, and smarter state-of-the-art technology and safety, Ford Australia's most advanced pick-up just got even better.

3.2L Diesel Engine

Tried, tested and trusty. Boasting 147kW of power and 470Nm of torque, the 3.2L 5 cylinder diesel engine delivers all the power you'd expect, with incredible fuel efficiency.

Bi-Turbo Engine

The epitome of tough done smart. Combining high grade alloy materials to ensure durability at higher temperatures, the two turbo chargers work together with the advanced 10-speed auto to allow for greater torque, better fuel economy and lower noise levels, with the reliability and robustness expected from a Ranger.

Notes

Pre-Collision Assist with Pedestrian Detection⁸.

Combining camera and radar sensors to see the road ahead, this AEB system is designed to help detect and mitigate frontal collisions with vehicles and vulnerable road users like pedestrians and cyclists by automatically applying the brakes.

Semi-Auto Active Park Assist⁸.

Not only will this system use ultrasonic sensors to help you find a suitable parallel park, it will steer you in automatically, while you focus on the accelerator and brake.

Smart Keyless Entry & Push Button Start

Get in and out without taking your keys out of your pocket, coat or bag. When the intelligent access system detects your key, you can get going at the push of a button.

Tailgate with Lift Assistance³.

You've got enough heavy lifting to do. Load your Ranger pick-up with greater ease, thanks to the Tailgate with Lift Assistance that now requires 70% less effort to close.

SYNC[®]3 with Apple CarPlay & Android Auto^{4,7}.

Use voice commands to locate your next worksite, make hands free phone calls and listen to text messages. Connect your compatible smartphone through Apple CarPlay, Android Auto or Applink[®] for hands-free control of your favourite apps.

LED Lighting

Cool LED signature Daytime Running Lights help you see and be seen clearer than ever before. Ranger Wildtrak even comes with LED Fog Lamps which outperform halogen lights in both brightness and efficiency.

3.5 Tonne Towing¹.

With up to 3,500kg braked towing capacity and 6,000kg gross combined mass in conjunction with Trailer Sway Control, you'll be able to handle big loads with confidence.
