Fun motoring for life

An MG is about so much more than just the A to B. Driving one should be filled with style, panache, verve and, most importantly, fun. Every MG is designed around this driving principle and the ZS is no exception. Whether you're out on a long haul or popping off for a short hop – you'll find this SUV practical, comfortable and uniquely flexible. Whatever the journey, the MG ZS allows you to do it your way.

British style from every angle

There's nothing middle of the road about our clean lines and stylish details. Signature London-Eye headlights, elegant front grille and gleaming alloys ensure you get noticed in slick city centres and quiet country towns.

A close-up, low-angle shot of the front of a red MG car. The image is split into two main sections by a diagonal line. The left section shows the front grille with the iconic octagonal MG badge. The right section shows a close-up of the car's headlight, which has a modern, angular design. The car's body is a vibrant red color. In the top right corner, there is a red button with white text that says "Book a test drive today". A white mouse cursor is pointing at the button.[Book a test drive today](#)

Famous badge

There's never been a more iconic octagon. From the moment in 1924 England that 'Morris Garages' became MG, it leapt into the hearts and minds of car lovers the world over.

Upholstery and trim

Premium comes as standard with beautifully soft materials and a carbon-look surround on the touchscreen, creating a luxurious European-designed interior.

The great indoors

360-degree air vents, satin-chrome finishes and a soft-touch dashboard add a sense of premium indulgence. Crown this with the Panoramic Stargazer Sunroof and the feel turns positively palatial.

Sound engineering

The Yamaha 3D Sound Field allows you to direct audio to any point in the car. An 8" touch screen integrates your iPhone perfectly with Apple CarPlay™.

Big and clever

It's roomy – with an extra-wide cabin, ample legroom, indulgent rear space and fully foldable back seats. But it's also filled with clever storage ideas like a split-level boot with a lot more space than meets the eye.

A wide-angle shot from the passenger side looking towards the rear of a car. The interior features dark leather seats with red stitching. The most prominent feature is the panoramic sunroof, which is open, revealing a clear night sky filled with stars. The sunroof's frame is visible, and the surrounding interior panels are a light color. In the top right corner, there is a red button with white text and a mouse cursor icon pointing at it.
