

THE MINI COUNTRYMAN.

DEFIANTLY MINI.

The MINI Countryman is a vehicle for anyone who wants an out-and-out MINI. It's for anyone who needs a little more space - both for life, and luggage. It's for anyone who wants 4 doors and the practicality of navigation as standard. It's for anyone who wants to break free from the stresses and strains of the everyday grind, whether hitting the ski slopes or cycle trails, or escaping with the family. It's for anyone who wants the responsiveness of a go-kart, with ruggedness and resilience of a tank. It's for anyone who wants to spend time in the great outdoors, without getting bogged down in it. It's for the city, the country, and the way there and back. It's for five people. It's a vehicle for anyone wanting a genuine MINI experience, wherever they go. The MINI Countryman will take you away from it all and onto your next adventure - inside or outside of the urban jungle.
