

THE
UNTAMED.

THE MINI COUNTRYMAN UNTAMED.

THE ADVENTURER.

Adventurous, whatever the weather. The MINI Untamed is a rugged SUV. It's the MINI Countryman inspired by nature. Perfect for your next big adventure, it's equipped with striking Highland Green upholstery and trusty roof rails for all those element-battling essentials. Available in the MINI Cooper S Countryman and MINI Countryman Plug-In Hybrid.

EXTERIOR.

The Untamed-specific sill finishers help protect your MINI's body paint from smudges and scratches caused by mud, dirt or footwear. Boasting the unique, nature-inspired pattern that's echoed on the side scuttles, upholstery badging and cockpit fascia, they add sophistication and look striking. Elegant, high-gloss Piano Black design accents add style and charisma to your head- and rear-light surrounds, door handles, and front grill frame. With distinctive 18" light-alloy wheels, this adds a rugged, off-road look to your MINI.

NATURE INSPIRED DESIGN.

Nothing epitomises the thought that goes into fashioning the MINI Countryman Untamed's enticing interior better than the exclusive MINI Yours Leather Lounge seats in Highland Green. Colour-coordinated cloth in the shoulder area and edition-specific piping complete the picture with an earthy confidence. Drawing inspiration from nature, the exclusive cockpit features the illuminated decoration foil and eye-catching, "Untamed" signature badging.

TWO POWER PLAYERS.

A distinctive feel behind the wheel. Our Cooper S petrol engine offers the power and efficiency of MINI TwinPower Turbo technology. Or get the best of both drives and experience thrilling, sustainable driving with the MINI Countryman Untamed Plug-In Hybrid.

COOPER S COUNTRYMAN

Automatic

Engine/transmission		7 Speed Sports DCT
Cylinders/configuration/valves per cylinder		4/inline/4
Displacement	cc	1998
