

SIMPLY CLEVER

ŠKODA

ŠKODA Octavia RS

The RS badge is the first indication that this is no ordinary Octavia. Look down and the deep front spoiler with honeycomb grille give the RS its unmistakably sporty and aggressive presence.

Optional xenon headlights with dynamic angle control offer greater visibility than regular headlights. Thanks to the dynamic angle control, which works in unison with steering wheel inputs, the driver has improved visibility through the bends and is able to register possible obstacles at the side of the road earlier and respond accordingly.

Daytime running lights are a striking new element on the RS. Independent **LED diodes** offer a distinctive visual appeal as well as better visibility of the car at all times. The lights are located above the foglights, embedded in the lower honeycomb grille.

The RS badge sits discreetly on the rear of the boot, gently reminding those behind that this is no ordinary Octavia.

18" Neptune alloy wheels with 225/40 R18 tyres come as standard on the RS.

Since when did driving to work, or taking the kids to the beach, have to be boring?

Whether it be **Liftback** or **Wagon**, diesel or petrol, manual or DSG transmission, our **Octavia RS range** proves that practicality and functionality doesn't have to be at the expense driver involvement and pace. So step into an Octavia RS and let the fun begin...

RS comes with a three-spoke leather sports steering wheel. The DSG transmission model comes with a **three-spoke, multi-function leather sports steering wheel** as standard. Note, the **plus and minus gearshift paddles behind the steering wheel** is for use on DSG model only.

The **automatic 6-speed DSG (Direct Shift Gearbox) transmission** offers rapid yet smooth gearchanges without any loss of performance. It also has excellent acceleration and favourable fuel consumption when driven economically. DSG or six-speed manual transmissions are available on both petrol and diesel engines.

Race-inspired alloy sports pedals help maintain the racetrack theme throughout the RS range – and provide extra grip to help facilitate fast gearchanges.

Dual-zone climate control air conditioning with electronic regulation, and the Columbus satellite navigation are both standard. Touch screen control and SD card slot gives the audio system additional value, while the satellite navigation system comes with a 30GB hard drive and voice control.

Decorative door sill strips complete with RS inscription also have a practical function by helping to protect the sills against damage.

Alcantara front sports seats (above) are inspired by the racetrack and offer high levels of comfort and grip whatever the journey. The RS emblem is embroidered on both the front and rear seats.

The optional leather/artificial leather interior (left) is an effortless blend of sporting style and luxury. The RS logo on the front and rear backrests again forms an attractive detail.

Colours

Candy White uni

Corrida Red uni

Sprint Yellow special

Brilliant Silver metallic

Race Blue metallic

Anthracite Grey metallic

Black Magic pearl effect

Standard model equipment

Safety

Six airbags - dual front, front side and curtain airbags
ESC - Electronic Stability Control (incl. ABS, EBD, ASR, XDL and Hill Hold Control)
TPM - Tyre Pressure Monitoring
Height-adjustable front headrests with WOKS (whiplash optimised head restraints)
Height-adjustable three-point front seatbelts with pre-tensioners
Three-point rear seatbelts
Driver's seatbelt warning light
Door-open indicator
Warning lights in front doors
Rear parking sensors
Front foglights
Remote central locking
Electronic engine immobiliser

Design

Neptune 18" alloy wheels (16" steel spare wheel)
Sports suspension
Red painted front and rear disc brake calipers
Integrated rear spoiler (Liftback only)
Tinted windows
Side indicators integrated into door mirrors
Chromed dual exhaust pipe
Three-spoke leather steering wheel (or multi-function steering wheel with paddleshift on DSG transmissions)
Alloy sports pedals
Front sport seats
Floormats with silver/grey trim

Comfort and convenience

Dual-zone climate control air conditioning
Pollen filter
Columbus satellite navigation (inc 30GB hard drive and voice control, 8 speakers)
Bluetooth® phone connectivity
MP3 auxiliary input socket in front armrest
Cruise control
Multi-function onboard computer (time, outer temperature, actual fuel consumption, average fuel consumption, mileage, journey time, average speed, service interval display, tank range)
Light Assist (coming home/leaving home function, tunnel light)
Power windows front and rear
Electrically-adjustable and heated door mirrors
Auto-dimming rear view mirror
Rain-sensing windscreen wipers
Rear window wiper
Reading lights front and rear

Standard model equipment (continued)

Comfort and convenience
Sunglasses holder
Height-adjustable front seats with lumbar support
Heated front seats
Sun visors with vanity mirrors and pockets
Ticket holder on A pillar
Hangers on B pillar
Front armrest with cooled storage space
Cooled and illuminated glovebox
Storage compartment under steering wheel
Storage compartment on dashboard
Double cupholder in centre console
Storage compartment under passenger seat
Storage bins in front and rear doors (front with one litre bottle holders)
Map pockets in front seat backs
Centre rear armrest with storage compartment and access to luggage compartment
60/40 split and fold rear seats
Flexible cargo area cover (Wagon); shelf cargo area cover (Liftback)
12V socket in luggage compartment (Wagon only)
Illuminated cargo area
Two bag hooks under rearshelf cargo area (Liftback)
Two bag hooks in cargo area (Wagon)
Lashing eyelets in luggage compartment
Silver roof rails (Wagon only)
Cargo net

Optional model equipment (available at additional cost)

Options
Xenon headlights with dynamic angle control and integrated headlight washers
Front foglights with Corner function
Electric glass sunroof
Front parking sensors
Alarm with interior monitoring
Leather upholstery in combination leather/artificial leather
MDI - Media Device Interface
Privacy glass from B pillar (Wagon only)
Metallic colour / pearl effect (see page 7 for reference)

Technical specifications - Octavia RS

General information

OWNING A ŠKODA

ŠKODA New Vehicle Warranty

Every new ŠKODA passenger vehicle is covered by a three-year unlimited kilometre manufacturer's warranty, which includes ŠKODA Assist (24-hour roadside assistance). Every new ŠKODA vehicle is also covered by a three-year paintwork and 12-year anti-corrosion perforation warranty.

ŠKODA Assist – 24-Hour roadside assistance

As a valued customer, you can be assured that wherever you travel within Australia, you will have access to roadside assistance, 24 hours a day, 365 days a year. This is complimentary for the duration of the vehicle's original ŠKODA warranty period. You will receive help in the event of a breakdown or accident and, if required, your vehicle will be mobilised or transported to an Authorised ŠKODA Workshop. As a ŠKODA owner you will also have access to the additional benefits of accommodation and car rental if your vehicle cannot be mobilised within 24 hours, when you are over 100km away from home.

ŠKODA Extended Warranty

To give you added peace of mind and the assurance of added security, you have the option to extend the factory warranty to suit your ownership cycle. If your ŠKODA was purchased new by you, we can offer you a 36 month/60,000km extension on your already existing ŠKODA manufacturer's warranty. Alternatively, if your vehicle is already outside the ŠKODA manufacturer's warranty period we can also offer you an extension of your factory warranty. Have the assurance that your ŠKODA remains a ŠKODA. For further information regarding warranty and extending your vehicle's factory warranty, please consult your local ŠKODA dealer, refer to your owner's handbook or visit www.skoda.com.au

ŠKODA Service

Your Authorised ŠKODA Service Centre is part of ŠKODA's global Quality Management System, ensuring all dealers are certified to ISO 9001:2000 – an internationally recognised Quality Standard. Authorised ŠKODA Service Centres have factory trained Technicians equipped with

the very latest diagnostic equipment, specialist tooling and ŠKODA Genuine Parts®. An Authorised ŠKODA Service Centre undertakes work in accordance with factory specified guidelines and maintenance schedules.

ŠKODA Genuine Parts®

ŠKODA Genuine Parts® are designed for your vehicle and approved by ŠKODA, with particular regard to safety. The workmanship, dimensional accuracy and materials used in these parts comply with factory specifications. To ensure safety and reliability, ŠKODA recommends the use of ŠKODA Genuine Parts®. ŠKODA Authorised Dealers offer a two-year unlimited kilometre warranty on Genuine Parts from the date of purchase.

ŠKODA Finance*

Buying, borrowing or leasing, ŠKODA Finance will certainly make you think differently about financing and insuring your new ŠKODA. Committed to meeting the needs of ŠKODA drivers across Australia, we offer a range of leasing, financing and insurance products, each with distinct advantages depending on your specific circumstances. Our packages are personalised to suit your individual requirements. You design your plan so that it meets your budgeting needs and rest assured that there will be no surprises along the way. Speak to your local participating Authorised ŠKODA Dealer today to put together a financial solution that best suits your lifestyle.

GLOSSARY

Anti-lock Braking System (ABS)

When braking, sensors in each wheel measure the road speed. If one or more wheels start to lock, the ABS reduces brake pressure to those wheels. This prevents the wheels from locking during heavy or emergency braking and allows you to continue to steer the vehicle.

Anti-Slip Regulation (ASR)

ASR is a switchable traction control system that prevents the front wheels from spinning under acceleration. When a difference in driving wheel speed is detected (e.g. due to differences in road surfaces), the system automatically reduces engine torque accordingly.

Electronic Brake-pressure Distribution (EBD)

This sophisticated system provides an electronic means of regulating the ratio of front to rear brake pressure. The system automatically varies the settings according to driving and load conditions to ensure each wheel is braked to the optimum extent.

Electronic Stability Control (ESC)

The ESC is made up of the ABS and ASR traction control systems. Simply put, it helps ensure that the vehicle goes where you steer it – even in extreme driving conditions. By constantly comparing the actual movement of the vehicle with pre-determined values, ESC will apply the brakes to individual wheels and automatically adjust the engine's power output to correct a problem the very moment it arises.

Brake Assist

Brake Assist aids the driver during emergency braking by automatically increasing the brake pressure to a level exceeding the locking limit. Then, the ABS is quickly brought into the operating range, thereby enabling maximum vehicle deceleration.

Electronic Differential Lock (EDL)

EDL improves driving and steering characteristics when accelerating on road surfaces where each wheel has a different degree of traction. The system operates automatically and is combined with the ABS system. Using the ABS wheel sensors, EDL monitors the speed of the individual driving wheels. When a difference in driving wheel speed is detected (i.e. when one wheel starts to spin due to differences in road surfaces, e.g. due to water or dirt) the system brakes the spinning wheel, transferring engine power to the wheel with the best traction.

Extended Electronic Differential Lock (XDL)

The Electronic Differential Lock XDL is an extension to the EDL function. When cornering, the XDL responds to the unloading of the front wheel on the inside of the corner. The ESP hydraulics are used for the XDL to apply pressure to the wheel on the inside of the corner in order to prevent wheel spin. This improves traction and reduces the tendency to understeer. As a direct result of the one-sided and precise braking pressure, cornering is sportier, quicker and more accurate.

* ŠKODA Finance, a trading name of Volkswagen Financial Services Australia Pty Ltd ABN 20 097 071 460

One of the most important goals of ŠKODA Auto is the development and production of products that are as environmentally friendly as possible throughout their life cycle phases, placing principal emphasis on the selection of recyclable materials. Our ŠKODA cars are manufactured using progressive types of technology in modern production facilities that meet the strictest criteria. Anticorrosive protection of the cars' painted parts is based exclusively on lead-free cataphoresis (KTL) and water-soluble paints.

Our company strategy includes limiting fuel consumption and emissions. As a result, the engines of ŠKODA Auto meet the current emission regulations. We also offer diesel engines with Diesel Particulate Filters (DPF). All products made by ŠKODA Auto adhere to the laws and regulations concerning the protection of soil and water. As a result of these activities, ŠKODA cars meet technical, safety, quality and environmental requirements. ŠKODA Auto contributes to the preservation of a clean environment and provides mobility and comfort to its customers.

The environmental logo expresses ŠKODA's awareness of responsibility for, and attempts at, the sustainable development of the company and a friendly approach to life and nature. For more information please visit www.skoda.com.au

ŠKODA is distributed by Volkswagen Group Australia Pty Limited trading as ŠKODA Australia, The Lakes Business Park, 6 Lord Street, Botany, NSW 2019. ABN 14 093 117 876. Specifications are as planned at June 2011, for Model Year 2012 and are subject to change without notice or obligation. Cars and accessories shown may not depict Australian specifications. Fuel consumption figures according to Australian Design Rules (ADR) 81/02. All ŠKODA approved parts and accessories are warranted for 2 years/unlimited kilometres. All information in this brochure is correct at the time of publication, however variations may occur from time to time and ŠKODA, in so far as it is permitted by law to do so, shall not be liable in any way as a result of any reliance by any person on anything contained in this brochure. The colours shown in this brochure are indicative only and may vary from actual items owing to the printing process. Authorised ŠKODA Dealers will provide up-to-date information on model application, design feature, prices and availability on request.

Insurance products are provided by Allianz Australia Insurance Limited (Allianz), AFS Licence No. 234708, ABN 15 000 122 580. In arranging this insurance Volkswagen Financial Services Australia Limited, ABN 20 097 071 460 and the authorised dealers act as agents of Allianz and not as your agent.
