

2016 | **EDGE**

Go Further

11.3L/100 km (25MPG) CITY¹
7.9L/100 km (36MPG) HWY¹

Aggressively styled. Intelligently imagined.

SE. SEL. Titanium. Sport. The 2016 Edge lineup confidently asserts its presence with a striking stance. Luxurious accommodations for 5 are paired with a smooth, quiet ride and precise handling. Plus, convenient driver-assist technologies² help to enhance its prowess – and yours.

Lively acceleration and passing performance come from a turbocharged, twin-scroll, direct-injection 2.0L EcoBoost® engine. This standard powerhouse produces 245 hp³ and 275 lb.-ft. of low-end torque.³ To be more aerodynamic and fuel efficient, EcoBoost models also feature Active Grille Shutters.

Get outstanding fuel efficiency with Auto Start-Stop.⁴ It shuts off the engine when you stop and restarts it as you release the brake. With this technology, Edge has a rating of 11.3L/100 km (25 mpg) city.¹

Embrace curves and corners with the help of electric power-assisted steering and Torque Vectoring Control.⁵ These technologies help give Edge its responsive steering feel and enhance your hold on the road.

To help you maintain control of the vehicle and your trailer, trailer sway control⁵ is included in the Class II Trailer Tow Package.² Pair it with the 2.0L or the 280-hp 3.5L Ti-VCT,² and Edge can tow up to 3,500 lbs. (1,588 kg)⁶

Titanium. Bronze Fire Metallic Tinted Clearcoat. Available equipment.

¹2.0L EcoBoost with Auto Start-Stop, FWD. Fuel consumption ratings based on Government of Canada approved test methods. Actual fuel consumption will vary. ²Available feature. ³Figures achieved using 93-octane fuel. ⁴Available only on SE with FWD. ⁵Remember that even advanced technology cannot overcome the laws of physics. It's always possible to lose control of a vehicle due to inappropriate driver input for the conditions. ⁶When properly equipped.

Undeniably athletic.

Enjoy best-in-class¹ gas V6 horsepower and torque, thanks to the 2.7L EcoBoost[®] engine standard on Edge Sport. Equipped with this engine, Edge Sport has an unmatched 315 hp² and 350 lb.-ft. of torque,² as well as a fuel efficiency rating of 9.8L/100 km (29 mpg) hwy.³

Exceptional road-holding capability is courtesy of a 4-wheel independent suspension. On Edge Sport, its aggressive look is backed with a uniquely sport-tuned suspension.

For ultimate control, racing-style paddle shifters are included with the 6-speed SelectShift[®] automatic transmission on every Edge.

Enhanced handling and maximized traction are yours with all-wheel drive (AWD),⁴ standard on Edge Sport. Plus, every Edge gets Curve Control, which helps reduce the vehicle's speed by up to 16 km/h in approximately one second if it senses you're taking a curve too quickly.⁵

Sport. Electric Spice Metallic. Available equipment.

¹Class is Medium Utilities based on Ford Segmentation, non-diesel. Available feature. ²Figures achieved using 93-octane fuel. ³13.6L/100 km city and 9.8L/100 km hwy (21 mpg city/29 hwy), 2.7L EcoBoost. Fuel consumption ratings based on Government of Canada approved test methods. Actual fuel consumption will vary. ⁴Available feature. ⁵Remember that even advanced technology cannot overcome the laws of physics. It's always possible to lose control of a vehicle due to inappropriate driver input for the conditions.

SYNC® 3. The next generation is here.

Standard on Titanium and Sport, and optional on SEL, new SYNC 3 technology¹ brings enhanced next-level connectivity to Edge. In addition to all the voice-activated benefits of the standard SYNC system – placing and answering calls, and controlling music from your USB or smartphone – you'll love the innovative new features and easy-to-use new interface of SYNC 3.

New hardware meets new software on the easy-to-read 8" colour LCD touch screen that displays phone, audio and navigation² functions.

High-speed performance, including a capacitive touch screen with a convenient swipe feature, means you'll experience quick responses to your touch or voice commands.

Enhanced voice recognition lets you talk with simple, real-world commands and the system responds naturally to your voice, making hands-free calling that much easier.

Siri® seamless integration brings the power of Siri Eyes Free³ and your iPhone^{®3} into your vehicle.

Automatic updates over Wi-Fi^{®4} let you keep SYNC 3 up to date with the latest software as new updates become available.

SYNC. Say the word.™

Standard on Edge SE and SEL, Ford SYNC¹ with a 4.2" screen delivers many of the great features found on SYNC 3, including:

Hands-free calling that lets you make a call with the simple push of a button along with the sound of your voice.

Automatic phone book download that transfers the names and numbers in your compatible phone automatically, once paired.

Voice-activated music commands that let you say what music you want to hear and listen to it easily with voice-activated search, or say "Bluetooth[®] audio" to stream content from your phone.

Plug-in capability with your MP3 player, USB or iPod.[®]

¹Available feature. Some mobile phones and some digital media players may not be fully compatible. Driving while distracted can result in loss of vehicle control. Only use SYNC/other devices, even with voice commands, when it is safe to do so. SYNC voice recognition and screens available in English, French and Spanish. Some features may be locked out while the vehicle is in motion. ²Available feature. ³You must have a Bluetooth-enabled phone paired to your SYNC system. ⁴Optional Navigation System map updates cannot be received via Wi-Fi and require a separate update. Data rates may apply.

A new capacitive touch screen with SYNC 3 has impressive responsiveness like a smartphone's swipe feature, as well as pinch-to-zoom functionality within navigation.²

Simple music access helps you find your favourite music fast. Through intelligent voice commands, SYNC 3 can automatically switch between music sources.

Easy destination entry within navigation² helps you locate your favourite restaurants, nearest ATM, closest fuel station and more.

Exceptionally tuned.

From its acoustically balanced sound system to its panoramic Vista Roof,^{®1} the 2016 Ford Edge is designed to significantly enhance your ride.

Quality, comfort and capability all come together. Its finely crafted interior design offers you a heated steering wheel,¹ 10-way power heated and cooled front seats,¹ and 2,078 litres (73.4 cu. ft.) of cargo space with the rear 60/40 split seat folded flat.

Treat yourself and your passengers to the deep, rich sounds of 12 strategically placed speakers with the Audio System from Sony.^{®1} When you're not tuned in, the quietest Edge yet benefits from acoustic windshield glass, better sealing of its body, sound insulation improvements and quieter powertrains than its previous generation.

Listen to your favourites all across Canada with SiriusXM.^{®1} Your 6-month prepaid subscription gets you the best in audio entertainment including 100% commercial-free music from every genre, world-class news, sports, comedy and entertainment.²

Titanium. Ceramic leather trim with perforated inserts. Available equipment.

¹Available feature. ²SiriusXM subscriptions sold after 6-month prepaid period expires. Subscriptions are governed by SiriusXM Customer Agreement; see siriusxm.ca.

Innovatively alert.

Busy city streets. Long trips on the highway. High-speed cruising and passing. Crowded parking lots. The 2016 Edge offers advanced driver-assist technologies¹ to help you master these real-world challenges and many more.

Maintain your lane with help from our Lane-Keeping System.¹ It can detect lane markings with a forward-facing camera, and can send vibration pulses to the steering wheel and apply steering torque if needed, prompting you to steer back toward centre.² There's also a Driver Alert System¹ that displays a coffee cup icon if it detects you could use a break.

Get a heads-up from adaptive cruise control and collision warning with brake support.¹ This system helps maintain your choice of 4 preset gaps from the vehicle in front of you and can alert you to a potential collision. If one is detected, it flashes a warning on the windshield, sounds an alarm, and helps by pre-charging the brake system.

Stay alert to traffic detected in blind spots as you drive forward, or traffic nearing either side of the vehicle as you slowly back up, thanks to BLIS[®] (Blind Spot Information System) with cross-traffic alert.¹ BLIS helps warn you using lights embedded in the sideview mirrors.³ Cross-traffic alert uses the same lights, plus an audio warning and a message centre notice. Edge technology is all about empowering you.

Make an informed approach using the front 180-degree camera with washer.¹ Just press a button on the instrument panel to engage the front grille-mounted camera to help you see around corners, down alleys and even when you're pulling out of parking spots.

Titanium. Too Good to Be Blue Metallic. Available equipment.

Driver-assist features are supplemental and do not replace the driver's attention, judgment and need to control the vehicle. ¹Available feature. ²Lane-Keeping System does not control steering. ³BLIS replaces standard integrated blind spot mirrors.

Easily manoeuvred. And powerfully uplifting.

Perpendicular. Parallel. Backing in. Heading out. Edge offers advanced technologies¹ to ease you through all sorts of challenging situations. Enhanced active park assist with side parking sensors¹ helps you find a spot *and* steers the vehicle into place, while you control the gear shifter, brake and accelerator pedals. It can steer Edge out of tight parallel spots too. And alert you to obstacles near the sides of the vehicle along the way.

New adaptive steering¹ dynamically adjusts the steering response of the front wheels based on how fast the vehicle is moving. It helps make Edge even easier to steer at low speeds and more responsive at highway speeds.

For easy access to the cargo area, just kick your foot under the rear bumper with your Intelligent Access key fob tucked in a pocket or purse. The foot-activated hands-free power liftgate¹ detects the motion of your foot and the proximity of the fob, then opens or closes.

Titanium. Ruby Red Metallic Tinted Clearcoat. Available equipment.

Driver-assist features are supplemental and do not replace the driver's attention, judgment and need to control the vehicle. ¹Available feature.

Edge Specifications

Titanium. White Platinum Metallic Tri-coat. Available equipment.

Standard Features

Mechanical

6-speed SelectShift® automatic transmission with paddle activation

4-wheel independent suspension

Electric power-assisted steering (EPAS)

Engine block heater (EcoBoost® only)

Hill start assist

Power disc brakes with Anti-Lock Brake System (ABS)

Torque Vectoring Control

Seating

Front bucket seats with 4-way adjustable head restraints

Rear 60/40 split fold-flat seat with manually reclining seat backs and folding centre armrest with 2 cupholders

Interior

12-volt powerpoints (4 total; 2 in 1st row, 1 in 2nd row and 1 in rear cargo area)

Acoustic-laminate windshield glass

Adjustable driver and front-passenger sun visors with illuminated vanity mirrors

Air conditioning

Below-floor Cargo Management System

Cargo area tie-downs and hooks

Cargo net

Centre console with storage tray, armrest, powerpoint and 2 cupholders

Coat hooks (2)

Compass and outside temperature displays

Cupholders/beverage holders (8)

Front-passenger (1) and B-pillar (2) assist handles

Intelligent Access with push-button start

Leather-wrapped shift knob

Manual tilt/telescoping steering column

Map pockets in driver and front-passenger seat backs

Overhead console with sunglasses holder

Power door locks

Power windows with one-touch-up/-down feature for driver and front passenger

Rear-window defroster

Steering wheel-mounted cruise, audio and 5-way controls (2)

Exterior

Automatic headlamps with wiper activation

Body-colour rear spoiler

Daytime running lamps

Dual bright exhaust tips

Easy Fuel® capless fuel filler

LED tail lamps

Power sideview mirrors with integrated blind spot mirrors and manual fold-away design

Privacy glass (rear doors, rear quarter windows and liftgate window)

Quad-beam halogen headlamps

Wipers – Front: speed-sensitive, variable-intermittent with washer; rear: 2-speed with washer

Safety & Security

Personal Safety System™ for driver and front passenger includes dual-stage front airbags,¹ safety belt pretensioners, safety belt energy-management retractors, safety belt usage sensors, driver's seat position sensor, crash severity sensor, restraint control module and Front-Passenger Sensing System

AdvanceTrac® with RSC® (Roll Stability Control™) and Curve Control

Battery saver with headlamps-off delay

Belt-Minder™ front safety belt reminder

Child-safety rear door locks

Driver's knee airbag¹

Front height-adjustable shoulder safety belts

Front-seat side airbags¹

Glove-box-door-integrated knee airbag¹

LATCH – Lower Anchors and Tether Anchors for Children (2 in rear outboard seating positions)

MyKey®

Rear view camera

Safety Canopy® System with side-curtain airbags¹ and rollover sensor

SecuriLock® Passive Anti-Theft Engine Immobilizer System

SOS Post-Crash Alert System™

Tire Pressure Monitoring System (excludes spare)

Estimated Fuel Consumption Ratings² and Dimensions

Our commitment to you: Peace-of-Mind Protection

- Basic Coverage: 3 years/60,000 km
- Powertrain Limited Warranty: 5 years/100,000 km
- Corrosion Perforation Warranty: 5 years/unlimited distance
- Roadside Assistance: 5 years/100,000 km

Certain conditions apply. For more information on these warranties and coverages, ask your local Ford of Canada Dealer or visit ford.ca.

Ford Extended Service Plan. Help protect your investment and add to your peace of mind by complementing your vehicle purchase or lease with a Ford Extended Service Plan (ESP). Ford ESP protects you against unexpected repair costs after your Basic Coverage in the New Vehicle Limited Warranty expires by covering many vehicle components. Enjoy the drive even more by complementing your ESP with a prepaid maintenance plan, which covers all required scheduled maintenance for your vehicle, plus 8 wear items. See your Ford of Canada Dealer for details.

Ford Credit. Get the ride you want. Whether you plan to lease or finance, you'll find the choices that are right for you at Ford Credit. Ask your local Ford of Canada Dealer for details or check us out at fordcredit.ca.

Ford Original Accessories that are properly installed by the authorized Dealer that sold the accessory will be warranted for whichever provides you the greatest benefit: 24 months/unlimited distance, or the remainder of your 3-year/60,000-km New Vehicle Limited Warranty. Ford Licensed Accessories (FLA) are warranted by the accessory manufacturer's warranty. FLA are designed and developed by the accessory manufacturer and have not been designed or tested to Ford Motor Company engineering requirements. Contact your local Ford of Canada Dealer for details and/or a copy of all limited warranties.

For prompt, courteous answers to your questions: Ford Customer Relationship Centre 1-800-565-3673; Ford Credit Customer Service Centre 1-877-636-7346.
