GMC WE ARE PROFESSIONAL GRADE

TERRAIN

Precision matters. It matters in every pound-foot of torque, every inch of fit and finish and every decibel of quiet. It drives us to reimagine solutions and create rewarding driving experiences. That's why the new 2016 Terrain is a testament to continuous evolution. We've enhanced its exterior while heightening the look and feel of its premium cabin. More innovations per square inch means you get full-size capability in a smart, connected crossover.

TERRAIN DENALI: REFINING THE REFINEMENTS.

Looking at the new 2016 Terrain Denali, it's easy to see why it's the ultimate Terrain. With its signature Denali grille and new front and rear styling, satin-chrome door handles, mirror caps, bodyside mouldings and new Denali-exclusive wheels, it takes the crossover to a new level of premium. After all, at GMC, precision means more than premium refinement—it means precision design, engineering and craftsmanship.

PREMIUM MEASURED IN STITCHES-PER-INCH AND COMFORT-PER-KILOMETRE.

Open the door to Terrain Denali and discover the result of a lot of thinking—about you. To enhance your comfort, convenience and driving experience, GMC designers ensured that style and practicality are equally represented. A generous stitches-per-inch ratio results in a detailed, premium finish that maintains its shape over time. Denali also means all of your tactile, visual and auditory senses have been elevated further. Professional Grade engineering and exacting execution are what we demand of ourselves, because it's what precision demands. Here's proof.

TERRAIN DENALI INTERIOR IN JET BLACK
shown with available equipment.

TERRAIN SLT: LOOKING GOOD WAS ONLY A START.

The GMC design philosophy is to create styling that doesn't simply look good, it must also be purposeful. From the angle of the windshield to every line and curve, the whole idea is to disturb less air. That's why Terrain is designed to slice the wind to help create a quiet driving environment. SLT offers additional features that will catch your attention.

TAKES THE INTERNET ALONG FOR THE RIDE.

Terrain offers all the technology you need to stay connected, informed and entertained. Terrain offers OnStar 4G LTE¹ capability with a Wi-Fi[®] hotspot. You can easily connect up to seven devices² to the Internet along your travels.

COLOUR TOUCH AUDIO SYSTEM A 178 mm diagonal high-resolution touch-screen makes it easy to find important information quickly. Not only does it include AM/FM/SiriusXM³ (with 3-month trial), it also gives you a customizable home page and both USB⁴ and auxiliary inputs for your MP3 player.

INTELLILINK⁵ Standard on SLE-2, SLT and Denali, IntelliLink provides smartphone integration and voice-activated control of your communication and entertainment selections. This includes making a call, changing the station, streaming Internet radio station Stitcher SmartRadio^{®6} through your smartphone or accessing your music library.

NAVIGATION SYSTEM⁷ The available NAV system, which includes IntelliLink⁵, adds multiple map views. It also features 3 months of NavTraffic³, so you'll get continuously updated traffic information incorporated into the navigation system.

4G LTE HOTSPOT¹ This 4G LTE Wi-Fi hotspot means a fast Internet connection for up to seven Web-enabled devices.² It's reliably fast and easy to use.

REAR VISION CAMERA It displays a real-time image with grid lines in the colour touch-screen while in reverse, making it easier and safer when backing up. Shown with available Rear Cross Traffic Alert.

REMOTE VEHICLE STARTER SYSTEM On select models, this feature can start Terrain from up to 60 metres away so the cabin will begin warming to your preset temperature. Vehicles can begin heating or cooling the interior based on exterior temperature and also turn on heated seats, the rear defroster and outside heated side-view mirrors.

USB CONNECTIVITY⁴ Plug into the USB port and control most of your MP3 music player's functions with steering-wheel-mounted radio controls.

PIONEER® PREMIUM SOUND The available Pioneer system allows you to hear your favourite music as the artist intended. With the help of eight strategically placed speakers, this available sound system fills the interior with 250 watts of distortion-free sound.

STEERING-WHEEL-MOUNTED AUDIO CONTROLS

Change stations, adjust volume or search the audio system with your fingertips.

SIRIUSXM SATELLITE RADIO³ Get a 3-month All-Access trial subscription on all Terrain models, with 120 channels including commercial-free music, plus sports, news, talk, comedy and entertainment. With NavTraffic, you'll get continuously updated traffic right on your vehicle's available NAV system.

BLUETOOTH® FOR PHONE⁴ Keep your eyes on the road by controlling your phone or portable device with your voice. It works through the steering-wheel-mounted controls.

¹Visit onstar.ca for coverage maps, details and system limitations. Services vary by model, conditions and geographical and technical restrictions. OnStar with 4G LTE connectivity is available on select vehicle models and in select markets. Available Wi-Fi hotspot requires a data plan. Customers will be able to access OnStar services only if they accept the OnStar User Terms, Privacy Statement and Software Terms. OnStar acts as a link to existing emergency service providers. Not all vehicles may transmit all crash data. After the trial period (if applicable), an active OnStar service plan is required. ²Devices must be WPA2-compliant. Wi-Fi devices manufactured prior to 2006 may not be compatible. Please consult your device manufacturer for information regarding the WPA2 security protocol and Wi-Fi device compatibility. Vehicle must be started or in accessory mode to access Wi-Fi. Visit onstar.ca for system details and limitations. ³Available in 10 Canadian provinces and the 48 contiguous United States. Subscription sold separately after trial period. If you decide to continue your service at the end of your trial subscription, the plan you choose will automatically renew and bill at then-current rates until you call 1-877-209-0079 to cancel. Other fees and taxes will apply. All fees and programming subject to change. See SiriusXM "Terms and Conditions" and complete details at siriusxm.ca. ⁴Not compatible with all devices. ⁵Full functionality requires compatible Bluetooth and smartphone, and USB connectivity for some devices. Visit intellilink.gmc.gm.ca for more details. ⁶Data plan rates apply. ⁷At time of printing, detailed map coverage is available for most major urban areas of the United States and for certain metropolitan areas of Canada (Vancouver, Calgary, Edmonton, Winnipeg, Windsor, London, Toronto, Ottawa, Montreal, Quebec City and Halifax). Coverage is significantly limited outside these areas.

PUTS YOU FIRMLY IN CONTROL.

Terrain provides generous space and many ways for you to tailor its comfort and storage to fit your needs and lifestyle.

DISTINCTIVE DENALI SEATING Contrasting stitching outlines perforated leather-appointed seating, with an embossed Denali logo on the front seats.

HEATED FRONT SEATS To help warm you up quickly, available front heated seats can be activated when you use the available remote vehicle starter system. Both cushions and seatbacks have heating elements to spread the warmth evenly for added comfort.

ILLUMINATED SILL PLATES The two front sill plates are polished aluminum and are another example of Denali's premium materials and finish.

AMBIENT LIGHTING The centre stack is illuminated with warm, red ambient lighting.

EIGHT-WAY POWER SEAT In Denali and available on SLT, both the driver and front passenger enjoy the comfort of an eight-way power seat with power lumbar.

CONNECTIONS An auxiliary 12-volt power port and a USB port¹ let you charge portable electronics and connect your MP3 player to the audio system.

STORAGE SPACES The interior features an oversized glove box in addition to the centre console that's deep enough for a laptop. There's a new storage shelf under the radio, a smaller compartment under the centre armrest and two-tier storage in the door panels.

ACOUSTICS AND NOISE SUPPRESSION The windshield angle, body shape and mirrors are designed to help manage airflow to reduce wind noise. For additional quiet, Terrain is engineered with triple door seals and an acoustic laminated windshield.

LOW LIFT-OVER HEIGHT The load floor is set at a height to make it easy to move large or heavy items in and out, and with the second-row seats folded down, Terrain opens up 1809 litres of available cargo space.²

LOW STEP-IN HEIGHT While the upper door opening is set high for clearance, the floor is at a lower, car-like height, making it easy for people of all sizes to enter and exit.

¹Not compatible with all devices. ²Cargo and load capacity limited by weight and distribution.

HANDLES CURVES, STRAIGHTAWAYS AND YOUR EXPECTATIONS.

Terrain's precise chassis and suspension tuning provide nimble manoeuvring in and around town. It's the kind of precision you've come to expect. With traction control and available all-wheel drive, even when road and weather conditions turn challenging, you're still comfortably in command. Terrain offers two sources of power. Standard is the 2.4L I-4, and with front-wheel-drive models, it offers a highway fuel-consumption rating of 7.3 L/100 km,¹ or there's the available 3.6L V6 that produces 301 hp with a highway fuel-consumption rating of 9.5 L/100 km.¹

¹Fuel-consumption ratings based on GM testing in accordance with Government of Canada approved test methods. Refer to vehicles.nrcan.gc.ca for details. Your actual fuel consumption may vary.

TERRAIN SLT IN QUICKSILVER METALLIC
shown with available equipment.

ENGINE

DIRECT INJECTION (DI) For precise fuel distribution and fast, efficient combustion, both engines feature DI technology. By injecting fuel at more than 13,790 kPa, the air and fuel mix more completely for crisp throttle response and a lean blend for efficiency at cruise speeds.

VARIABLE VALVE TIMING (VVT) Both engines feature VVT to deliver the power of a high-performance engine with the low-speed response you need for trailering or climbing steep inclines.

ECO-MODE To help optimize efficiency, the 2.4L I-4 engine has an Eco-Mode button that allows the engine to hold gears longer, with only a slight decrease in acceleration.

OIL LIFE MONITOR For long life and durability, the monitor located in the Driver Information Centre calculates how much oil life is left, based on when and how you drive.

TRANSMISSION

6-SPEED AUTOMATIC WITH OVERDRIVE For brisk acceleration and reduced highway rpm, this advanced transmission has a wide ratio spread. The gear ratios between first and sixth are appropriately spaced for strong, consistent acceleration at almost any speed.

HANDLING

AUTOMATIC GRADE BRAKING To prevent unwanted acceleration and reduce the need for braking during a hill descent, the 6-speed automatic includes this “smart” feature that monitors braking, acceleration, throttle position and even whether a trailer is connected.

RACK-MOUNTED POWER STEERING On 2.4L models, the system delivers assist electronically, eliminating the need for a power-steering pump. It automatically gives you extra steering boost when you need it for parking and tight manoeuvres, and less assistance for highway driving.

TRAILER SWAY CONTROL Keep both you and your trailer heading in the proper direction, automatically. The system uses StabiliTrak sensors to detect the rocking of a swaying trailer, then applies the vehicle’s brakes to help bring it back in line.

HILL START BRAKE ASSIST To help prevent your Terrain from rolling back while on a hill or steep incline, it takes over when you lift your foot off the brake. It holds full brake pressure momentarily, giving you time to move your foot to the accelerator.

TRACTION CONTROL To make the most of available traction, the system senses when one or more wheels is starting to spin, such as on a slippery surface, and applies individual brakes and manages engine power to slow the wheel down and maintain traction.

ALL-WHEEL DRIVE (AWD) An intelligent AWD system is available for extra traction and the ability to adapt to changing road conditions.

ADVANCED DUAL-FLOW VALVING This feature in Terrain Denali’s front suspension provides a smoother ride and improved handling across a broad range of driving conditions.

INSTEAD OF WHAT IF, WHAT IF IT DIDN'T HAPPEN?

To help increase your awareness of surrounding traffic, Terrain offers intuitive driver-assist technologies. These include available Forward Collision Alert, Lane Departure Warning and Side Blind Zone and Rear Cross Traffic alerts to help you avoid mishaps. They're constantly on guard, ready to help you through adverse driving conditions.

DRIVER AWARENESS Safety features are no substitute for the driver's responsibility to operate the vehicle in a safe manner. The driver should remain attentive to traffic, surroundings and road conditions at all times. Read the vehicle Owner's Manual for more important safety information.

FORWARD COLLISION ALERT AND LANE DEPARTURE WARNING Available Forward Collision Alert provides an audible and visual signal if you are rapidly approaching another vehicle and it appears a collision may be imminent. Available Lane Departure Warning alerts you if you wander from your lane without using your turn signal.

STABILITRAK STABILITY CONTROL SYSTEM To help you stay in control when road surfaces are loose, snowy, icy, wet or uneven, StabiliTrak monitors how Terrain is responding to your steering and braking commands.

SIDE BLIND ZONE¹ AND REAR CROSS TRAFFIC ALERTS

Denali's radar-equipped sensors monitor blind spots, alerting you to help reduce the risk of collisions. While in reverse, Rear Cross Traffic Alert (available on SLE-2 and SLT) monitors your surroundings to provide visual and audible alerts to traffic approaching from outside your field of vision.

AIRBAGS² To help reduce the risk of injury to the driver and front-seat passenger, Terrain is equipped with two front dual-stage airbags. Head curtain side-impact airbags deploy from the roof rail like a protective curtain for outboard passengers and can be activated by either rollover or side-impact sensors. Side-impact airbags are mounted on the driver and front-passenger seats to help protect the thorax and pelvis.

REINFORCED STEEL SAFETY CAGE DESIGN A robust body-frame-integral structure is engineered to help maintain the integrity of the passenger compartment in the event of a collision.

¹Before making a lane change, always check the Side Blind Zone Alert display, check the exterior and interior rearview mirrors, look over your shoulder for vehicles and hazards and start the turn signal. ²Airbag inflation can cause severe injury or death to anyone too close to the airbag when it deploys. Be sure every occupant is properly restrained. See Owner's Manual for more information. Always use safety belts and the correct child restraint for your child's age and size, even with airbags. Even in vehicles equipped with the Passenger Sensing System, children are safer when properly secured in a rear seat in the appropriate infant, child or booster seat. Never place a rear-facing infant restraint in the front seat of any vehicle equipped with a passenger airbag. See the Owner's Manual and child safety seat instructions for more safety information.

WE'RE AS CLOSE AS THE BLUE BUTTON.

Standard for 6 months, the OnStar Guidance Plan (trial excludes Hands-Free Calling minutes) lets you connect to an OnStar Advisor just by pressing the blue OnStar button in your Terrain.

ONSTAR WITH 4G LTE AND BUILT-IN WI-FI® HOTSPOT¹ Now your Terrain has a built-in Wi-Fi hotspot for connecting up to seven tablets, laptops or mobile devices² at great speeds, so the content you crave is always headed where you are. Requires a data plan after the 3-month trial period (3 months of data or 3 GB, whichever comes first).

ONSTAR BASIC PLAN³ With the Basic Plan, you've got a powerful connection to your vehicle and the world around you standard for 5 years at no additional cost to you. You'll have access to select services, which include limited features of the OnStar RemoteLink mobile app⁴ that lets you remote-start your vehicle (if equipped) and manage your vehicle's Wi-Fi hotspot (if equipped), plus, lock or unlock your doors—all from your mobile device. Your vehicle can run diagnostic checks on itself and remind you of servicing needs by e-mail.

AUTOMATIC CRASH RESPONSE In a crash, built-in sensors can automatically alert an OnStar Advisor who is immediately connected into your vehicle to see if you need help—even if you can't ask for it.

EMERGENCY SERVICES One push of the red emergency button gives you a priority connection to a specially trained OnStar Advisor who can direct emergency services to your exact location and offer critical assistance until help arrives. With OnStar, you're never alone.

CRISIS ASSIST During severe weather or other crisis situations, OnStar can provide a quick, central point of contact when you need emergency assistance, navigation help or information.

ROADSIDE ASSISTANCE⁵ If you're stranded, have a flat tire or need a tow truck, just ask an OnStar Advisor to get help to your exact location to get you back on the road quickly.

STOLEN VEHICLE ASSISTANCE⁶ If your vehicle is stolen, OnStar can use GPS to pinpoint and work with authorities to quickly help recover it. On many models, an Advisor can send a signal to slow the vehicle or prevent it from restarting.

TURN-BY-TURN NAVIGATION Getting directions is as easy as pushing a button and telling an Advisor where you want to go. Directions are quickly downloaded to your vehicle, and a voice calls out every turn. An Advisor can also help you with a database of more than 1 million points of interest. To plan routes in advance, you can send directions to your vehicle through an Advisor or the RemoteLink mobile app.

ONSTAR REMOTELINK® MOBILE APP⁴ You can remotely start your vehicle, lock or unlock your doors, honk your horn and flash your lights. You can also send directions to your vehicle through your smartphone.

REMOTE SERVICES⁷ A simple call to an OnStar Advisor can send a signal to unlock your doors or honk the horn and flash the lights. It's technology hard at work to get you back on the road.

HANDS-FREE CALLING⁸ Your vehicle has built-in Hands-Free Calling to help keep you safely connected when your cellphone isn't available. Choose from minute bundles or a minutes-per-month plan.

ATYOURSERVICE⁹ Life just got easier and more affordable with the personalized connection of AtYourService. Our trusted Advisors can help you locate hotels and even book your room.

ONSTAR VEHICLE DIAGNOSTICS As part of the Basic Plan,³ every month, your vehicle runs a thorough check of your engine, transmission, anti-lock brakes and more, and e-mails you the results.

DEALER MAINTENANCE NOTIFICATION Is it time for a tire rotation? An oil change? Or a new air filter? You'll always know because your vehicle can e-mail your Vehicle Diagnostics report to the dealer when it's time, and the dealer will contact you to set up a service appointment.

¹Visit onstar.ca for coverage maps, details and system limitations. Services vary by model, conditions and geographical and technical restrictions. OnStar with 4G LTE connectivity is available on select vehicle models and in select markets. Available Wi-Fi hotspot requires a data plan. Customers will be able to access OnStar services only if they accept the OnStar User Terms, Privacy Statement and Software Terms. OnStar acts as a link to existing emergency service providers. Not all vehicles may transmit all crash data. After the trial period (if applicable), an active OnStar service plan is required. ²Devices must be WPA2-compliant. Wi-Fi devices manufactured prior to 2006 may not be compatible. Please consult your device manufacturer for information regarding the WPA2 security protocol and Wi-Fi device compatibility. Vehicle must be started or in accessory mode to access Wi-Fi. Visit onstar.ca for system details and limitations. ³The OnStar Basic Plan is available for 5 years from the date of delivery of eligible new 2015 model year and newer vehicles and is transferable to subsequent owners for the remaining term. The Basic Plan includes access to: (1) monthly OnStar Vehicle Diagnostics e-mails (capabilities vary by model); (2) Dealer Maintenance Notification; and (3) limited OnStar RemoteLink Mobile App services, which include remote start (requires factory-installed and -enabled remote start system), remote lock/unlock doors (requires automatic locks) and remote horn and lights activation. The OnStar RemoteLink Mobile App is available on select Apple,® Android,™ BlackBerry® and Windows® devices. Visit onstar.ca for vehicle availability, coverage map, details and system limitations. The OnStar Basic Plan does not include any Emergency Services, Automatic Crash Response, Stolen Vehicle Assistance, live Advisor service or Hands-Free Calling. These and other services are available under a paid plan. If you sell your vehicle or wish to cancel use of Basic Plan services, you must contact OnStar at 1-888-4-ONSTAR (1-888-466-7827). ⁴Available on select Apple,® Android,™ BlackBerry® and Windows® devices. Requires an active OnStar service plan. Services vary by device, vehicle, conditions and the type of service plan you have. Please visit onstar.ca for vehicle availability, system limitations, geographical and technical restrictions and further details. ⁵Roadside service provided by Allstate Roadside Services. ⁶Services vary by model, conditions and geographical and technical restrictions. Behind 2nd Row	895

¹Always use safety belts and the correct restraint for your child's age and size. Even in vehicles equipped with the Passenger Sensing System, children are safer when properly secured in a rear seat in the appropriate infant, child or booster seat. Never place a rear-facing infant restraint in the front seat of any vehicle equipped with a passenger airbag. See the Owner's Manual and child safety seat instructions for more safety information. ²Fuel-consumption ratings based on GM testing in accordance with Government of Canada approved test methods. Refer to vehicles.nrcan.gc.ca for details. Your actual fuel consumption may vary. ³Before you buy a vehicle or use it for trailering, carefully review the trailering section of the Owner's Manual. The weight of passengers, cargo and options or accessories may reduce the amount you can tow. ⁴When properly equipped; includes weight of vehicle, passengers, cargo and equipment. ⁵Cargo and load capacity limited by weight and distribution.

IMPORTANT WORDS

PEACE OF MIND, STANDARD WITH EVERY GMC MODEL

When you build them with quality, you can back them with confidence. That's why General Motors of Canada backs every GMC model with the best coverage in Canada. Program highlights include:

- 2-year/48,000 km Lube-Oil-Filter Maintenance¹
- 3-year/60,000 km New-Vehicle Limited Warranty²
- 5-year/160,000 km Powertrain Limited Warranty, with \$0 deductible on repairs and the warranty is fully transferable at no charge²
- 5-year/160,000 km Courtesy Transportation²
- 5-year/160,000 km 24/7 Roadside Assistance²
- 6-year/160,000 km rust-through perforation coverage²
- 8-year/130,000 km coverage on catalytic converters and Powertrain Control Modules (PCMs)²

OTHER OWNERSHIP PRIVILEGES AND PROGRAMS:³

- **GM Protection Plan (GMPP)** –The only extended service plan backed by the resources and commitment of General Motors, GMPP may be purchased at the time of sale or subsequently during the New-Vehicle Limited Warranty period.
- **Certified Service** –With GM-certified technicians and GM-approved parts, nobody knows your GM vehicle better.
- **GMC Owner Centre** –As an owner, take advantage of the GMC Owner Centre. This online owner's destination gives you access to coupons, contests, current offers and the latest driving and maintenance tips. Find out more at gmcowner.ca.

TO HELP YOU PURCHASE OR LEASE A NEW VEHICLE:

- **Purchase Financing and Leasing** –On-the-spot financing, see dealer for full details.⁴
- **GM Student Bonus Program** –Students or recent graduates of high school, college or university³ may be eligible to receive a Student Bonus vehicle redemption allowance of \$500 or \$750⁵ (tax inclusive) (purchased vehicle dependant) to use toward the purchase, lease or finance of one eligible new GMC vehicle.
- **GM Card** –Cardholders may redeem Earnings toward the total purchase price or lease down payment of an eligible new GMC truck, SUV or crossover. Restrictions and limitations apply.⁵ For full program details, visit gmc card.ca.

INFORMATION RESOURCES:

You can find more information about these programs from your GMC dealer, or at these information centres:

- The GM website at gm.ca
- The GM Customer Care Centre at **1-800-GM-DRIVE (1-800-463-7483 or 1-800-263-3830** for TDD users)

A WORD ABOUT THIS BROCHURE

Some of the equipment shown or described throughout this brochure may be available at extra cost. We have tried to make this brochure comprehensive and factual. We reserve the right, however, to make changes at any time, without notice, in prices, colours, materials, equipment, specifications, models and availability. Specifications, dimensions, measurements, ratings and other numbers in this brochure and other printed materials provided at the dealership or affixed to vehicles are approximates based upon design and engineering drawings and prototypes and laboratory tests. Your vehicle may differ due to variations in manufacture and equipment. Since some information may have been adapted since the time of printing, please check with your GMC dealer for complete details. General Motors of Canada Limited reserves the right to lengthen or shorten the model year for any product, for any reason, or to start and end model years at different times.

A WORD ABOUT ASSEMBLY

GMC vehicles are equipped with engines and components produced and assembled by different operating units of General Motors, its subsidiaries and suppliers to GM worldwide. We sometimes find it necessary to produce GMC vehicles with different or differently sourced components than originally scheduled. Since some options may be unavailable when your vehicle is assembled, we suggest that you verify that your vehicle includes the equipment you ordered or, if there are changes, that they are acceptable to you.

¹The 2-Year Scheduled LDF Maintenance Program provides eligible customers in Canada who have purchased, leased or financed a new eligible 2016 MY Chevrolet, Buick or GMC vehicle (excluding Spark EV) with an ACDelco oil and filter change, in accordance with the Oil Life Monitoring System and the Owner's Manual, for 2 years or 48,000 km, whichever occurs first, with a limit of four lube-oil-filter services in total, performed at participating GM dealers. Fluid top-offs, inspections, tire rotations, wheel alignments and balancing, etc., are not covered. This offer may not be redeemed for cash and may not be combined with certain other consumer incentives available on GM vehicles. General Motors of Canada Limited reserves the right to amend or terminate this offer, in whole or in part, at any time without prior notice. Additional conditions and limitations apply. See dealer for details. ²Whichever comes first. Conditions and limitations apply, see dealer for details. ³Conditions and limitations apply. ⁴Subject to eligibility. ⁵Program subject to change.
