EXTERIOR

YOUNG AT HEART.

Sleek or sporty – sedan or hatchback – you choose. Whichever you choose, the Accent's fresh, youthful appearance is evident from its rounded front end and chrome-accented front grille (4-door only), to its available fog lights (GLS and GL with Sport Package) and stylish Euro-inspired roof-mounted antenna design. Standard body colour exterior door handles, bumpers and mirrors give the Accent sleek, uninterrupted lines. And, while it's spacious on the inside, its small exterior is just the right size for manoeuvring around the city.

1

1. Hatchback vs. Sedan? 3 Doors vs. 4?

No matter which style best fits your lifestyle, isn't it nice to know you have a choice? Choose the Accent that satisfies your needs. The easy loading capabilities of the sporty hatchback or the roomy design of the passenger-friendly sedan lets you choose what's right for you.

2

2. Attractive Aluminum Alloys. The GLS comes standard with 15-inch aluminum alloy wheels, while the GL with Sport Package is equipped with 16-inch alloys. They not only add style, they improve performance.

INTERIOR

USER-FRIENDLY DESIGN.

The result of intelligent engineering and design, the Accent offers a space-maximizing interior with a wealth of features, including ergonomically designed gauges and controls. The Accent's overall roominess extends to the backseat as well. Its wide track and long wheelbase has contributed to an enlarged cabin and sure-footedness on the road. Even the little things – like a rubberized, anti-slip pad that holds your PDA or cell phone to keep it from taking flight as you take that next sharp corner – prove that the Accent is designed for your needs. And you'll get the most from your music with the Accent's 4-speaker AM/FM/CD/MP3/Aux. Plug audio system (L, GL) or available 6-speaker system for enhanced sound (GL with Sport Package and GLS only).

1. Auxiliary Audio Input Jack.

This convenient input jack lets you plug in your favourite MP3 player so you can take thousands of tunes on the road, without lugging along a bunch of CDs.

2. **Power Sunroof.** The Accent's available power tilt-and-slide sunroof brings fresh air in on sunny days and summer nights (GL with Sport Package and GLS only).

PERFORMANCE

THE GOOD TIMES ROLL, BUT ON LESS GAS.

Producing a superior product means making the environment a priority. We've done that by giving you more 'go' using less gas. In fact, we've improved the Accent's fuel economy up to 5%[^] over last year's models. This way, you get spirited performance without having to spend your savings at the pump. The Accent's 110 hp, 1.6L, I4 engine with DOHC & CVVT – provides impressive levels of fuel efficiency, acceleration and torque, meeting your driving needs without compromising real-world responsibilities. The Accent is equipped with a responsive, fuel-efficient, 5-speed manual transmission or optional 4-speed automatic transmission – with standard cruise control (excluding L) – to deliver invigorating performance with superior fuel economy.

1. Manual or Automatic? The choice is yours. The Accent's 5-speed manual transmission gives you optimal control, while the optional 4-speed automatic offers reduced driver involvement.

**2. An Efficient Choice,
Whichever You Choose.**

The Accent's optional 4-speed automatic delivers excellent fuel economy for highway drivers. Plus, cruise control is now included with all automatic transmission models (excluding L).

SAFETY

PREPARED. EVEN IF YOU'RE NOT.

From its steel-constructed safety cage to child-friendly features, including rear child safety door locks (4-door only) and Hyundai's LATCH child-seat system, the Accent puts safety first. With front disc and rear drum power-assisted braking and power-assisted rack-and-pinion steering, the Accent achieves impressive control. ABS Braking with Electronic Brake Force Distribution is standard on the Accent GLS while a 3-point seatbelt with front seat pretensioners, force limiters and adjustable rear-seat head restraints (3-door only) provide protection in unforeseen circumstances.

1. Super-Strong Steel Protection.

The Accent's high-tensile steel safety cage construction combines steel, side-impact door beams and built-in front and rear crumple zones, underlining the fact that this subcompact has nothing to do with compromising your safety.

2. **Safe Surroundings.** Dual Airbags¹ are standard in both the 3- and 4-door Accent, while the GLS is equipped with an additional two front seat-mounted side-impact airbags and two roof-mounted side-curtain airbags for added peace of mind.
