INFINITI

EMPOWER THE DRIVE™

INFINITI

EMPOWER THE DRIVE

We are like you. We push ourselves beyond our comfort zone. While others might be content with making better machines, we are driven to go beyond—to design cars that push human potential. We build technology to enhance your senses, striking design that demands a response and performance that makes you feel more alive. Prepare to experience the road as it was intended.

INFINITI QX30

Empower the drive with style. The bespoke tool of the modern, urban driver. An all-new premium active crossover for today's needs. Bold styling and a higher ride height to rule the streets. Intelligent All-Wheel Drive to go beyond the city-limits.¹ And an interior dressed in black lacquer accents and contrasted stitched leather-appointed seats to complete the package. QX30. Dare to stand out.

LET YOUR STYLE RISE UP

The city is your stage, and now you're in the spotlight—with dramatic lines that stand out from the rest. Express yourself through design that is as unique as you are.

UNDENIABLY INFINITI The QX30 displays INFINITI's DNA in every curve. The arc of the top of the grille mirrors the arc of the bottom to form INFINITI's signature double-arch grille, while the crescent-shaped C-pillar curves forward as if in perpetual motion.

SIGNATURE LED LIGHTING Inspired by the human eye, the trademark INFINITI light shape can be seen from both the front and the side. It is echoed in the taillights for a definitive character from every angle.

DEEP DRAMATIC CREASES A bold rising and dipping shoulder line runs the entire length of the vehicle—so deep and sharp that engineers had to develop a new type of 3D manufacturing process to create them.

BOLD STYLING Complementing the deep, sculpted lines that run dramatically down the side, the QX30's special wheel arches and side sills punctuate its striking design. Satin chrome-plated bumper inserts emphasize its go-anywhere nature.

ENHANCED VIEWPOINT Sitting higher above traffic, the ground clearance of the QX30 gives you a greater view of what's around you and an increased capability to manoeuvre rougher roads and higher curbs.

EXPRESSIVE WHEELS Large 18-inch alloy wheels speak to the adventurous side of the QX30 and enhance its athletic posture.

THE NEW SHAPE OF NONCONFORMITY

Shapes flow naturally in beautiful asymmetry, creating an inviting interior that's fresh and unique. This is design with a new view.

FIRST IMPRESSIONS From the driver's seat, the intersecting arcs of the interiors are refreshingly dynamic, but our designers know that your first view happens before you ever sit down. So they designed the interiors to be breathtaking the moment you open the door, from the side view as well as straight on.

DESIGNED IN MOTION The interior takes your movement in the real world into consideration. The way light reflects and moves across every surface was designed to evoke an emotion that enhances the driving experience.

CARRY WITH EASE Pop open the rear liftgate, and reveal a wide opening that makes loading and unloading easier. Clear from any obstruction, you'll have direct access to the cargo area. What's more, the 60/40 folding rear seats open up more space to carry more of your things.²

U.S. model shown.

U.S. model shown.

THE NEW FEEL OF INDIVIDUALITY

On every surface of the interior, you'll find high-quality softness from the same premium materials found on your favourite luxury goods.

SUEDE-LIKE SOFT Developed in Italy by the high-fashion industry for use on surfaces you touch often, Dinamica® imparts a suede-like feel to the front pillars and headliner.¹

TESTED TOUCH We tested a range of surfaces with hundreds of people around the world to find a texture that was most pleasing to the fingertip, then exclusively created materials to match it. Wherever the feel is important and durability is critical, you'll find it, like on the doors and centre armrest.

NAPPA LEATHER This genuine leather is selected for its exceptional, clothing-quality softness. Then it's used beyond the leather-appointed seating surfaces, such as the dash.

U.S. model shown.

CONNECTIVITY

IN TOUCH WITH YOUR CONNECTED WORLD

Your life is always moving, and INFINITI InTouch™ Apps and INFINITI InTouch™ Services^{1,3} telematics seamlessly bring your world into your car. Stay ahead and in contact with voice, text, email, calendar and music. INFINITI InTouch™ makes your world flow.

A PREMIUM CONNECTION Every time you get into your vehicle, connect with technology that responds like the technology you hold in your hand. After you connect your smartphone, INFINITI InTouch™ brings your world into your car, allowing you to read email or text, listen to your playlist, navigate unfamiliar streets or call your friends.^{1,3}

MORE OF YOUR WORLD Personalize your vehicle to keep you moving ahead instead of catching up. Sync to a selection of apps from your smartphone to your car, and you can access your email and calendar. Even search for a destination without knowing the specific name or category, and then save it to start your journey.^{1,3}

ADJUSTS TO YOU INFINITI InTouch™ delivers an intuitive experience right from your driver's seat in the manner that best suits you. Once your smartphone is connected, you can interact with the state-of-the-art system however you find easiest—through the 7-inch colour touch-screen, INFINITI Controller or voice command.^{1,3}

PLUG-IN CONVENIENCE Two USB ports give you twice the opportunities. Charge your smartphone. Get instant access to your music library. Listen to tunes on a USB stick or drive.⁴ An optional 10-speaker Bose® Premium audio system will transform your vehicle into a mobile sound studio.¹

BLUETOOTH® STREAMING AUDIO Turn your synced Bluetooth®-enabled smartphone into a source of music, and listen to your top playlists over the vehicle's audio system.⁵

HANDS-FREE VERSATILITY With the INFINITI Bluetooth® Hands-Free Phone System,⁵ you can make and receive wireless calls using voice recognition. No fumbling. No need for a headset. Just press a button on the steering wheel.

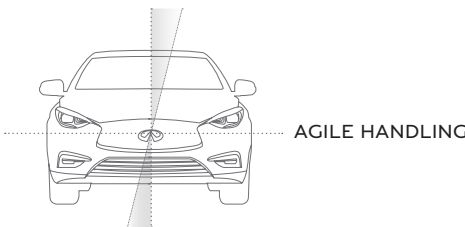

U.S. model shown. Final production interior may vary.

HANDLING

RESPOND TO THE CITY OR ESCAPE FROM IT

Obstacles and opportunities come up fast in the city. Enhance your abilities to respond with finely tuned handling that's as agile as it is smooth.

SHARPNESS WITH SMOOTHNESS Sporty yet forgiving, you can feel the attention paid to tuning the shocks. They hold the vehicle tighter as you take turns while softening rough pavement and cobblestone, for a rare balance of responsive handling with a smooth ride. Engineers even reduced suspension noise so it sounds smooth.

FINE-TUNED STEERING The QX30 was made to thrive in the fast-paced thrust and parry of urban driving. Contributing to an overall sporty feel, the speed-sensitive system requires less effort in low-speed situations yet is more firm at higher speeds.

SPORT SUSPENSION In the QX30 Sport, reflexes are sharpened and the look is more aggressive, thanks to a lower and firmer suspension. It is paired with cross-drilled front discs that help with air ventilation for impressive stopping performance.¹

SEAT DESIGN You connect to your car through the steering wheel and your seat. The driver seat's design is based on zero-gravity research to help provide spinal support and help reduce the pressure on muscles. You feel what you want from the car, while the innovative seat design helps reduce fatigue on long drives.

ENGINEERING

EVERY SENSE IS HEIGHTENED AND QUICKENED

From the feel of acceleration to the song of the engine, we've amplified the experience of power and the connection to every movement.

DUAL CLUTCH TRANSMISSION Shift delays are becoming an ancient artifact. The transmission uses one clutch for even gears and another for the odd gears. The next gear is already pre-selected, and the result is smooth, quick gear changes you'll almost never notice.

A CONTINUOUS RUSH Dedicated to delivering a shape and feel to acceleration, INFINITI engines are precisely tuned to unleash torque over a broader rev range. The force you feel seems to increase the faster you go and continually pushes you back into your seat.

INTUITIVE TRACTION Intelligent All-Wheel Drive¹ infinitely adjusts for better traction by sending anywhere from zero to 50% of the power to the rear wheels, enhancing traction and control when conditions are compromised. When all-wheel drive is not needed, 100% of the power is channeled to the front wheels.

DRIVE MODE SELECTOR Select a driving experience that fits your needs of the moment: Eco Mode, which helps increase fuel economy; Manual Mode, which allows you to upshift and downshift quickly using the paddle shifters; and Sport Mode, which sharpens throttle response to deliver dynamic performance.

2.0L TURBO

Honed for eager response and quick acceleration when you want it, the turbocharged engine spools quickly to produce 208 HP at 5,500 rpm. It also outputs a stirring 258 lb-ft of torque while reaching 7.1 L/100 km on the highway.⁶

SAFETY

INNOVATIVE TECHNOLOGY HELPS YOU SEE AND AVOID

A unique combination of active and passive safety innovations enhance your ability to respond instinctively.

RECOGNIZING DANGER Forward Emergency Braking^{1,7} looks ahead, and if the closing distance between you and the vehicle in front rapidly decreases, it can warn you visually and audibly. If deceleration is required, the brakes can be applied to help minimize the severity of a collision—or even help prevent one.

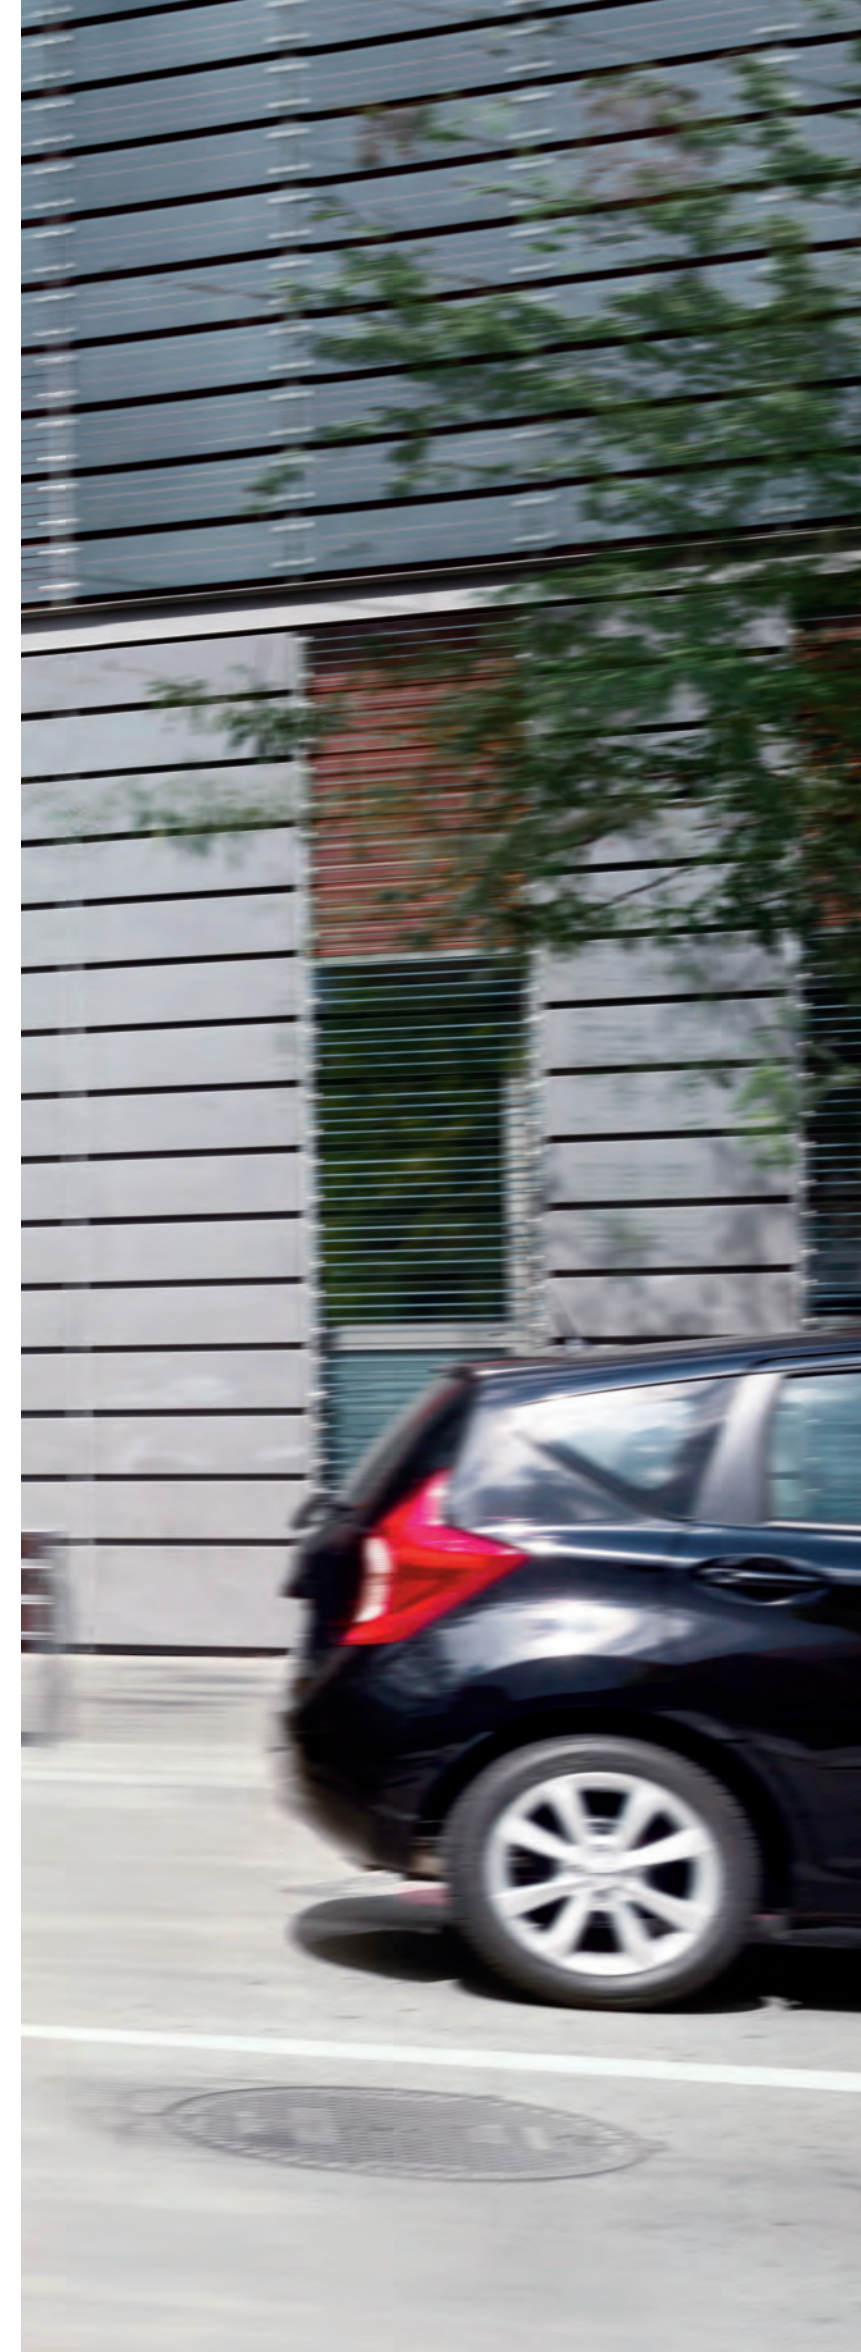

HELPING YOU STAY IN CONTROL Comparing actual vehicle cornering performance to the driver's input, Vehicle Dynamic Control[®] adjusts power levels and applies appropriate brake pressure to individual wheels to help correct oversteer or understeer, helping keep the vehicle on the steered path. Working in tandem, the Traction Control System senses wheelspin and automatically helps give you a surer foothold.

MAXIMIZE STOPPING POWER Electronic Brake force Distribution adjusts the amount of pressure applied to the front and rear wheels to help improve braking performance and reduce front-end dive.

SENSES WHERE YOU CAN'T SEE The Blind Spot Warning System^{1,9} uses sensors to help alert you to a vehicle detected entering the blind spot area in an adjacent lane. First, the warning light illuminates, then if you begin moving toward the occupied lane, a warning sounds.

ENHANCED PROTECTION Based on the severity of the crash and seat belt usage, the INFINITI Advanced Air Bag System adjusts inflation in the dual-stage front supplemental airbags. Also featured are front seat-mounted side-impact supplemental airbags and roof-mounted curtain side-impact supplemental airbags with rollover sensor.¹⁰

REDUCING FORCE In the event of a collision, advanced front and rear crumple zones deform gradually to help absorb the energy of the impact, while the rear-end structure provides exceptional strength for its relatively short length.

MASTER THE WAY YOU MOVE THROUGH TRAFFIC

Whether the roads are clear, chaotic or constantly changing, intelligent technologies help guide you through the action.¹

U.S. model shown.

NAVIGATE EASIER Find your way through busy streets and unfamiliar territory. INFINITI Navigation with INFINITI InTouch™^{1,3} lets you choose a view that's most intuitive to you—3D building graphics or 3D Birdview perspective. Lane Guidance can also help escort you exactly to where you need to be for exits and interchanges.

MAINTAIN YOUR LANE The Lane Departure Warning System^{1,11} monitors lane markings and can alert you with a vibration in the steering wheel so you can correct your line before you leave your lane.

MANAGE YOUR PACE Set your desired speed and distance, and Intelligent Cruise Control (Full-Speed Range) can automatically adjust your speed in slowing traffic. When traffic speeds resume, Intelligent Cruise Control can bring you back up to your preset speed and distance.^{1,12}

CONVENIENCE

PARK SANS HANDS

Discover an inherent ease within the QX30's combination of awareness innovations and parking assistance technologies. It's engineering that intuitively extends your ability to manoeuvre in and around tight spaces.

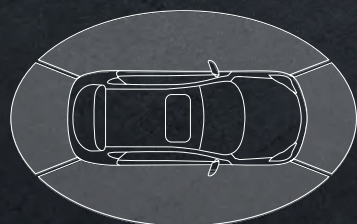

SEE EVERY SIDE Gain a new perspective on what's around you. With the Around View® Monitor with Moving Object Detection and Front and Rear Sonar System,^{1,13,14} it's easy to see and manoeuvre in even the tightest spaces. Four cameras and one virtual 360° view from above elevate your parking expertise, alerting you when a moving object is detected close by.

MOVING OBJECT DETECTION^{1,15} The four cameras not only give you an impressive view, they help keep watch as well. A chime alerts you when a moving object is detected, and the appropriate camera is highlighted to show you which side of the vehicle.

INTELLIGENT PARK ASSIST^{1,16} A first for INFINITI, this advanced system uses a combination of 12 sensors to identify a parking area large enough for the QX30. Simply engage the gear shift, press a button to confirm and operate the accelerator and brake pedal. Your vehicle will steer itself smoothly—reversing—in or parallel parking into a spot.

Due to continuous product development and other pre- and post-production factors, actual vehicle, materials and specifications may vary from this brochure. Some vehicles shown with optional equipment. See the actual vehicle for complete accuracy. Availability and delivery times for particular models or equipment may vary. For additional information on availability, options or accessories, see your INFINITI Retailer or contact INFINITI a Division of Nissan Canada, Inc.

1 Available on select models. **2** Cargo and load capacity limited by weight and distribution. Always secure all cargo. Heavy loading of the vehicle with cargo, especially on the roof, will affect handling and stability of the vehicle. **3** Driving is serious business. Only use services when safe to do so. Services, including automatic crash notification and SOS, require an active subscription, and are dependent upon the telematics device being in an operative condition, its ability to connect to a wireless network, compatible wireless network availability, navigation map data, and GPS satellite signal receptions, the absence of which can limit or prevent the ability to reach Customer Care or receive support. Services require compatible cellular network provided by independent cellular companies. Cellular network not available in all areas and/or available at all times. Cellular technology is evolving, and changes to cellular networks provided by independent companies are not within INFINITI's or Sirius XM Connected Vehicle Services Canada's ("Sirius XM CVS Canada") control. Like other devices that rely on network coverage, once the network service is discontinued, INFINITI InTouch services will not function unless equipment replacements, upgrades, or alternative network coverage are available at that time, which neither INFINITI nor Sirius XM CVS Canada can guarantee. INFINITI and Sirius XM CVS Canada are not responsible for associated costs that may be required for continued operation due to cellular network shutdown or discontinuation (including equipment upgrades, if available, or roaming charges on alternative networks). Certain vehicle services and features, including Google® compatible services, provided by independent companies are not within INFINITI's or Sirius XM CVS Canada's control and are subject to change without notice or liability to INFINITI or Sirius XM CVS Canada and either of their affiliates and agents. Standard text rates and/or data usage may apply. Certain services require a PIN for activation. Complimentary 12 month subscription begins on your date of purchase. Subsequently, your credit card (if on file) will be charged at the then current subscription rate and your service will continue for 1 year periods under the terms of your Subscription Agreement, unless cancelled. Terms and conditions of subscription agreement apply. See INFINITI.ca/INFINITIInTouch for more information. **4** Driving is serious business and requires your full attention. If you have to use the connected device while driving, exercise extreme caution at all times so full attention may be given to vehicle operation. iPod is a registered trademark of Apple Inc. All rights reserved. iPod® not included. **5** Availability of specific features is dependent upon the phone's Bluetooth® support. Please refer to your phone Owner's Manual for details. Bluetooth word mark and logos are owned by Bluetooth SIG, Inc., and any use of such marks by INFINITI is under licence. **6** 2017 Fuel Economy Estimates. Actual mileage may vary with driving conditions – use for comparison only. **7** Forward Crash Warning cannot prevent accidents due to carelessness or dangerous driving techniques. It may not provide warning or braking in certain conditions. Speed limitations apply. **8** Vehicle Dynamic Control, which should remain on when driving except when freeing the vehicle from mud or snow, cannot prevent accidents due to abrupt steering, carelessness, or dangerous driving techniques. **9** Blind Spot Warning is not a substitute for proper lane change procedures. The system will not prevent contact with other vehicles or accidents. It may not detect every vehicle or object around you. **10** Airbags are only a supplemental restraint system; always wear your seat belt. Even with the occupant-classification sensor, rear-facing child restraints should not be placed in the front-passenger's seat. Also, in addition to any other requirement of applicable law, all children 12 and under should ride in the rear seat properly secured in child restraints, booster seats, or seat belts according to their size. Airbags will only inflate in certain accidents; see your Owner's Manual for more details. **11** Lane Departure Warning System operates only when the lane markings are clearly visible. Speed limitations apply. See Owner's Manual for details. **12** Intelligent Cruise Control is not a collision avoidance system or warning device. Designed to use limited braking. Failure to apply the brakes could result in an accident. **13** Around View Monitor with Moving Object Detection cannot completely eliminate blind spots and may not detect every object. Moving Object Detection operates at vehicle speeds below 8 km/h. Always check surroundings and turn to look behind you before moving vehicle. **14** The Sonar System is a convenience, not a substitute for proper parking and/or backing procedures. Always check that it is safe to do so before moving vehicle. May not detect every object. **15** Moving Object Detection cannot completely eliminate blind spots and may not detect every object. Moving Object Detection operates at vehicle speeds below 8 km/h. Always check surroundings and turn to look behind you before moving vehicle. **16** Parking aid/convenience feature.
