

ALL-NEW

QX60

INFINITI

CONQUER LIFE IN STYLE

A fulfilling life is always on and ever-changing. And you wouldn't have it any other way, right? Conquer life, in all its changing facets, in style. The all-new INFINITI QX60 will help. This is a true 3-row luxury SUV for the life you live – going from carpool to concert hall in the blink of an eye, it's aesthetically beautiful while unbelievably functional. Beyond versatility, the QX60 offers a robust suite of driver assistance and safety technologies that will put your mind at ease.¹ With calm restored, your vehicle becomes a productive space that keeps you connected and focused on the future. Because it's not the challenges and successes in the rearview mirror that count, but the opportunities emerging on the horizon.

▲ ROLL WITH DISTINCTION **1** 20 X 8-inch Dark Silver, Machine-Finished Aluminum-Alloy Wheels** **2** 20 X 8-inch Charcoal Metallic, Machine-Finished Aluminum-Alloy Wheels**

▲ DON'T JUST ILLUMINATE. SHINE. The QX60 headlights and taillights are marked by crisp segments like the keys of a piano, each lit by deep-set LEDs and a reflector that illuminate with a uniform glow rather than pinpoints of light. And with Vision Package, the Adaptive Front Lighting System² can turn your low beam headlights in the direction you're steering, assuring you shine wherever you're headed.

▲ BE PREPARED FOR ATTENTION The first thing people will notice about the QX60 is its presence, exuding strength and sophistication. But when you look closer, you see a timeless design philosophy expressed in its simplicity, grace and powerful minimalism. The sleek lines combine with a roof that looks like it's floating on glass to weave a luminescent, futuristic style that will stop people in their tracks. Why not turn a few more heads with the bright chrome protective bumper accents² on SENSORY and AUTOGRAPH trims. Or turn them with the AUTOGRAPH's all-black roof² for a canopy that appears seamless, without a hint of visible body color but a full statement of personality.

*INFINITI has taken care to ensure that the color swatches presented here are the closest possible representations of actual vehicle colors. Swatches may vary slightly due to the printing process and whether viewed in daylight, fluorescent or incandescent light. Please see the actual colors at your local INFINITI Retailer. **Additional cost applies for this option.

TAILORED TO INSPIRE

In ways grand and small, the uncluttered and incredibly open interior offers an overwhelming sense of calm the first time you get in, a feeling which repeats every time you get in. It flows from a philosophy that's as much about what's not there as what is. Of course, what's inside – like front seats with NASA-derived support, available 2nd-row captain's chairs with first-class comfort and exquisite quilting that carries all the way up to the dash² – tells you that no detail has been forgotten.

NEVER MISS A CONNECTION INFINITI InTouch™ with wireless Apple CarPlay^{®4} lets you enjoy the iPhone[®] experience on the QX60 touch-screen without plugging in. Wireless charging is available, too. And there are up to seven USB ports, two in the third row on SENSORY and AUTOGRAPH trims.⁵

FLEXIBILITY AT YOUR FINGERTIPS The QX60 adapts to your busy life – with ease. The 2nd-row seats tilt and slide forward, even with a child seat in place.⁶ Raise the 3rd-row seat using one finger with the available one touch walk-in function.⁷ Access the cargo area with a wave of your foot, prompting the available Motion Activated Liftgate.⁸

TECH THAT SIMPLIFIES TRAVEL Standard ProPILOT can help take some of the minutiae of stop-and-go highway driving off your plate by automatically braking and accelerating to match the flow of traffic. Using the navigation system⁹ to “anticipate” curves and interchanges, it helps slow you for your turn or exit. Beyond easing the burden, the QX60 can give you peace of mind with features like Predictive Forward Collision Warning¹⁰ that monitors two cars ahead to warn you of a potential collision. Because the less you worry about the chaos around you, the more you can connect to those who are with you.

1 Available on select models. **2** VC-Turbo™ launched by INFINITI in model year 2019. **3** Slide-forward function should not be performed with the Child Restraint System occupied. Do not ride in a moving vehicle when the seatback is reclined. For the most effective protection, the seat should be upright. See Owner's Manual for safety information. **4** Never program while driving. GPS mapping may not be detailed in all areas or reflect current road status. **5** If equipped, your vehicle may include INFINITI InTouch™ connected features and services such as Navigation, Bluetooth® and other connected features that can be viewed by model on the INFINITI InTouch™ website here: <https://www.INFINITI-me.com/intouch.html>. **6** Predictive Forward Collision Warning cannot prevent collisions. See Owner's Manual for safety information. **7** Around View® Monitor with Moving Object Detection cannot eliminate blind spots and may not detect every object. Driver should always turn and check surroundings before driving. See Owner's Manual for safety information. **8** Blind Spot Warning and Blind Spot Intervention Systems cannot prevent all collisions and may not detect every object or warn in all situations. Driver should always turn and look before changing lanes. See Owner's Manual for safety information. **9** Forward Emergency Braking with pedestrian detection cannot prevent all collisions and may not provide warning or braking in all conditions. Driver should monitor traffic conditions and brake as needed to prevent collisions. See Owner's Manual for safety information. **10** Intelligent All-Wheel Drive cannot prevent collisions or provide enhanced traction in all conditions. Always monitor traffic and weather conditions. See Owner's Manual for safety information. **11** Driving is serious business and requires your full attention. If you have to use the connected device while driving, exercise extreme caution at all times so full attention may be given to vehicle operation. **12** Sonar System may not detect every object. Driver should always check surroundings before driving. See Owner's Manual for safety information. **13** Backup Collision Intervention will not detect every object, and speed limitations apply. Always check surroundings and turn to look behind you before moving vehicle. See Owner's Manual for details. **14** Lane Departure Warning and Lane Departure Prevention only operate when lane markings are detectable. See Owner's Manual for safety information. **15** Rear Automatic Braking cannot prevent all collisions and may not provide warning or braking in all conditions. Driver should always turn and check surroundings before driving and brake as needed to prevent collisions. See Owner's Manual for safety information. **16** RearView Monitor may not detect every object and does not eliminate blind spots or warn of moving objects. See Owner's Manual for safety information. **17** Rear Cross Traffic Alert may not detect all vehicles. See Owner's Manual for safety information. **18** Cargo and load capacity limited by weight and distribution. Always secure cargo. Heavy loading of the vehicle with cargo, especially on the roof, will affect the handling and stability of the vehicle. **19** Intelligent Cruise Control uses limited braking and is not a collision avoidance or warning system. Driver should monitor traffic conditions and brake as needed to prevent collisions. See Owner's Manual for safety information. **20** Distance Control Assist uses limited braking and is not a collision avoidance or warning system. Driver should monitor traffic conditions and brake as needed to prevent collisions. See Owner's Manual for safety information.
