SPORT

Sleek sport coupe or elegant convertible? Why not switch between the two with a seamless hardtop that retracts in about 20 seconds. Top down, intelligent audio compensates for road and wind noise. Top up, innovative windshield glass and sound-absorbing materials keep the cabin remarkably quiet – even from the growl of the 306-horsepower,⁶ direct-injection V6.

PERFORMANCE BRAKES

Four-wheel, four-channel ABS disc brakes feature Electronic Brake-force Distribution to help balance right, left, front and back braking for quicker, straighter stops with less risk of wheel lock-up.

F SPORT FEATURES

F SPORT package adds sport-tuned suspension plus exclusive wheels, leather seats, steering wheel and more.

ALUMINUM DETAILS

F SPORT aluminum pedals, shift knob and trim are a nod to racing roots at legendary Fuji Speedway.

COMBINES THE LAP OF LUXURY WITH
THE SAFETY OF A MOTHER'S ARMS.

Standard on the IS C are features that help you focus on your drive, not worry about it. Features such as Brake Assist,⁵ which helps stop the car more quickly under certain conditions. And Vehicle Stability Control,⁴ which can redistribute or reduce engine power to individual wheels – and even apply braking – to help minimize momentary losses of traction.

8 STANDARD AIRBAGS

IS C airbags adapt automatically to impact severity and driver seat position to provide better protection.³

TOP DOWN PROTECTION

Enhanced top down protection in the IS C body stems from specifically-engineered reinforcing impact beams, rocker area plates, expanded high tensile-strength steel sheets and additional cross-members.

SMART STOP TECHNOLOGY

Standard on the IS C, Smart Stop Technology¹³ is designed to automatically reduce engine power under specific situations when the driver is pressing down the accelerator and brake pedals at the same time.

KEY FEATURES & SPECIFICATIONS

LUXURY AND CONVENIENCE:

- SmartAccess with push-button Start/Stop⁹
- Intuitive Climate Control
- Power-adjustable tilt-and-telescopic steering wheel
- Power-retractable folding hardtop
- Multi-function, in-key remote entry system with rolling-code technology
- HomeLink[®] universal transceiver
- Backup camera¹²
- Auto-dimming inside rearview mirror
- Compass

SEATING AND TRIM:

- Silver metallic interior trim (IS 350C)
- Perforated premium leather seat surfaces
- Leather-wrapped steering wheel and shift knob
- 8-way power-adjustable driver and front passenger seats (including lumbar)
- Easy-entry power front passenger seat slide
- Heated and ventilated front seats

AUDIO, COMMUNICATIONS AND INSTRUMENTATION:

- 8-speaker Lexus premium audio system (IS 250C)
- 12-speaker Mark Levinson[®] premium sound system (IS 350C)²
- Voice-activated navigation system⁷
- USB and auxiliary minijack audio input for iPod/iPhone[®] and music player integration with audio system¹⁴
- Bluetooth[®] audio profile for wireless integration of compatible music players and automatic phonebook synchronization⁸
- Electroluminescent instrumentation
- Steering wheel-mounted audio, phone and display controls
- Integrated XM[®] Satellite Radio¹⁰

ACTIVE SAFETY:

- Vehicle Dynamics Integrated Management (VDIM)⁴
- Vehicle Stability Control (VSC)⁴
- Electronic Brake-force Distribution (EBD)
- LED daytime running lamps
- Smart Stop Technology¹³
- Tire Pressure Monitor System¹¹
- Integrated fog lamps
- Headlamp washers
- Water-repellent front-door glass
- Rain-sensing windshield wipers (IS 250C)
- HID headlamps with dynamic auto-leveling
- LED brake lamps
- Intuitive parking assist
- Heated exterior rearview mirrors with integrated turn signal lamps

PASSIVE SAFETY:

- Driver and front-passenger airbag system (SRS)³
- Front seat-mounted side airbags³
- Front and rear side curtain airbags³
- Driver and front-passenger knee airbags³
- Active front headrests¹⁵

SECURITY:

- Vehicle theft-deterrent system
- Engine immobilizer system
- Tool kit
- First aid kit

LEXUS GENUINE ACCESSORIES:

- Block heater
- Paint protection film
- Wind screen
- F SPORT* lowering springs
- F SPORT* performance shocks
- F SPORT* sway bars

OPTION PACKAGES

IS 250C
IS 350C*

F SPORT PACKAGE

- F SPORT* split 5-spoke dark graphite 18-inch wheels
- F SPORT* front grille and lip spoiler
- F SPORT* exterior badges
- F SPORT* scuff plates
- F SPORT* 3-spoke steering wheel
- F SPORT* leather seats
- F SPORT* shift knob

- F SPORT* silver metallic interior trim
- F SPORT* aluminum pedals
- F SPORT* tuned suspension
- Hard Drive Based Navigation System With Backup Camera
- Single In-Dash DVD
- Clearance and Backup Sensors
- Coloured Full Skirt Package

* *F SPORT* package contents are included as standard equipment on IS 350C

SERVICE COMMITMENT

On top of enjoying the highest quality product, Lexus also delivers through a professional Dealer network, a unique and uncompromising level of after-sales service. First Class Service Concept. The highest level of professionalism and vehicle support ensure that Lexus ownership experience is as luxurious as the vehicles.

WARRANTY

Our Lexus Warranty Comprehensive Coverage includes:

48 months/80,000 km

Hybrid-Related Components

96 months/160,000 km (applies to battery control module, hybrid vehicle control module, hybrid battery and the inverter/converter)

Powertrain

72 months/110,000 km

Corrosion Perforation

72 months/unlimited kilometres

Major Emission Control Components

96 months/130,000 km

Please see your Lexus Dealer for details. Lexus will even provide five days of alternate transportation if your vehicle is required to stay at the dealership for an extended period of time due to a warrantable condition.

EXTRA CARE PROTECTION

Extend beyond the new vehicle warranty and enhance your peace of mind with Lexus Extra Care Protection.

ROADSIDE ASSISTANCE

As a proud owner of a Lexus vehicle you won't have to worry about obtaining assistance when mishaps requiring Emergency Roadside Service or Mechanical Breakdown Towing are needed. Throughout Canada and the continental U.S., our Central Emergency Roadside Services Operator will always be there to ensure you receive prompt, efficient services from one of the many facilities qualified under our approved Roadside Assistance Program. Twenty-four hours a day, 365 days a year we will be there to help.

LEXUS FINANCIAL SERVICES

Come talk to the experts whose exclusive business is financing and leasing Lexus vehicles. You'll find our interest rates fully competitive and our terms flexible - up to 72 months. Our online services conveniently allow you to confirm current rates and receive your credit approval in advance of selecting the Lexus that's right for you. For help, visit your Lexus Dealer or lexus.ca, or call 1-800-26-LEXUS.

LEXUS CANADA

Every effort has been made to ensure the specifications and equipment shown are accurate based on information available at time of printing. In some cases, certain changes in standard equipment, options or product delays may occur, which would not be reflected in this brochure. Lexus Canada reserves the right to make these changes without notice or obligation. Some of the photography in this brochure features U.S. or overseas models, shown with optional equipment that may not be available in Canada. Your Lexus Dealer is the best source for up-to-date information.

Vehicles in this brochure shown with optional equipment. Some features mentioned and/or shown in this brochure may only be available as part of an optional package. Under very cold conditions, the operation of some vehicle electronic systems using liquid crystal technology (such as CD, DVD, NAV and Audio displays) may be adversely affected until a warmer interior vehicle temperature is reached. Lexus reminds you to place small children in CSA-approved car seats – in the rear seats, to always wear your seatbelts, and to drive safely. **1.** Fuel efficiency estimates were determined using approved Government of Canada Test Methods. Actual fuel consumption will vary based on driving habits and other factors. **2.** Mark Levinson is a registered trademark of Harman International Industries Inc. **3.** All the airbag (“AB”) systems are Supplemental Restraint Systems. All ABs (if installed) are designed to inflate only under certain conditions and in certain types of severe collisions: frontal and knee ABs typically inflate in frontal collisions; side and side curtain ABs in side collisions; Roll-Sensing Curtain ABs at a severe tilt degree, roll or lateral G-force. In all other accidents, the ABs will not inflate. To decrease the risk of injury from an inflating AB, always wear seatbelts. Do not use a rearward-facing child seat in any front passenger seat. Please see your Owner’s Manual for further information/warnings. **4.** Vehicle Stability Control (VSC) and if applicable Vehicle Dynamics Integrated Management (VDIM) are electronic systems designed to help the driver maintain vehicle control under adverse conditions. They are not substitutes for safe driving practices. Factors including speed, road conditions and driver steering input can all affect whether VSC and VDIM will be effective in preventing a loss of control. Please see your Owner’s Manual for further details. **5.** Brake Assist is designed to help the driver take full advantage of the benefits of ABS. It is not a substitute for safe driving practices. Braking effectiveness also depends on proper brake-system maintenance and tire and road conditions. **6.** Ratings achieved using the required premium unleaded gasoline with an octane rating of 91 or higher. **7.** The Lexus Navigation System is designed to assist in locating an address or point of interest. Discrepancies may be encountered between the system and your actual location. Rely on your common sense to decide whether or not to follow a specified route. Detailed coverage is not available for every city or roadway. Optional periodic geographic updates are available at an additional cost. The Navigational Systems in some vehicles are available with bilingual capability. Please see your Navigation System Owner’s Manual and your Lexus Dealer for further details. **8.** Lexus tests certain Bluetooth® capable phones for compatibility with Lexus vehicles. Please see your Lexus Dealer for details. Note that the recommendation of Lexus is not a warranty of the performance for any phone and that some problems may occur with any type of handset based on the phone software version or the service coverage available in your area. **9.** The SmartAccess system may interfere with some pacemakers or cardiac defibrillators. If you have one of these medical devices, please talk to your doctor to see if you should deactivate this system. **10.** Functioning Satellite Radio requires a monthly service fee. Please see your Lexus Dealer for further details. Reception of satellite signal may vary depending on location. **11.** The Lexus Tire Pressure Monitor System alerts the driver when tire pressure is critically low. For optimal tire wear and performance, tire pressure should be checked regularly with a gauge. Do not rely solely on the monitor system. Please see your Owner’s Manual for details. **12.** The backup camera does not provide a comprehensive view of the rear area of the vehicle. You should also look around outside your vehicle and use your mirrors to confirm rearward clearance. **13.** Smart Stop Technology operates only in the event of certain simultaneous brake and gas pedal applications. When engaged, the system will reduce engine power to help the brakes to bring the vehicle to a stop. Factors including speed, road conditions, driver input can all impact stopping distance. Smart Stop Technology is not a substitute for safe and attentive driving and does not guarantee instant stopping. Please see your Owner’s Manual for further details. **14.** iPod/iPhone® is a registered trademark of Apple Inc. **15.** Active headrests can help reduce the extent of whiplash in certain types of rear-end collisions.
