

LEXUS

2015

LX

DRIVE A FLAGSHIP. A POWERFUL, LUXURIOUS FLAGSHIP.

Simply put, the Lexus LX 570 overdelivers from bumper to bumper – and every centimetre of composed luxury in between. It embodies all the best Lexus has to offer, on the road and in the refined interior.

BE PREPARED TO
ADD STARING TIME
TO EVERY TRIP.

With stunning contours and details, the LX is more than ready to receive some good long looks. The stunning spindle grille is framed by intelligent high beam lamps.²⁷ 20" aluminium alloy wheels, roof rails²⁴ and crossbars, and a roof-mounted rear spoiler complete the arresting LX picture.

BUILT TO LAST Body on frame construction. A welded steel body and fully boxed ladder frame chassis unite to provide remarkable strength that eliminates flex and twist. Rust and chip protection that's second to none thanks to anti-corrosion steel sheet materials with special coatings.

5 STAR LUXURY ON 4 WHEELS.

From the ergonomically advanced driver cockpit to the perforated premium leather and rich mahogany wood trim throughout the LX, its interior is an oasis of refined comfort. Four-zone independent climate control keep passengers in perfect comfort as they enjoy the Dual Screen Rear Seat DVD Entertainment System.^{8,9} Select from generous seating for 7 or multiple storage configurations thanks to power sliding 2nd row seats and power folding 3rd row seats.

EVERYTHING AT YOUR FINGERTIPS

Driver comfort, control, and convenience that leaves nothing to be desired. A voice-activated navigation system.¹ Sharp electro-luminescent instrumentation and a backup camera.² When you're in the driver's seat of the LX, you truly have it all.

AUDIO, REFINED The 19-speaker Mark Levinson[®] Reference Surround Sound Audio System³ with 7.1-channel architecture⁴ and in-dash, single-feed, six-disc DVD/CD player and integrated XM[®] Satellite Radio⁵ are just the start of some beautiful music. You also have the choice of connecting with the USB audio input for iPhone/iPod[®] compatible music player or wirelessly with Bluetooth.⁷

383 HORSEPOWER IS
A FEATURE, BUT ALSO
A STATEMENT.

A 5.7 litre, 383 horsepower¹² 32 dual VVT-i V8 with an amazing 403 lb-ft of torque¹² tells you all you need to know about what power lies in wait under the LX hood. You'll feel raw power tempered by a seamless six-speed sequential-shift transmission and an adaptive Variable Suspension system that makes adjustments every second of the drive.

VIGILANCE OVER THE ROAD, THE LX, AND YOU.

The LX is enveloped with 360 degrees of safety. Ten standard air bags,¹⁹ direct tire pressure monitoring,¹⁸ Hill Start Assist Control (HAC),¹⁷ Downhill Assist Control (DAC),¹⁷ and Trailer Sway Control are just the start. From the tires up, the LX is stacked with innovative features to keep you safe.

STEADY AS IT GOES. OR STOPS.

Fulltime 4WD with TORSEN[®] limited-slip centre differential,²³ Vehicle Stability Control (VSC),¹⁴ Variable Gear-Ratio Steering (VGRS), and Crawl Control ensure you have firm control over your progress. Electronic Brake-force Distribution (EBD)¹⁵ provides optimal brake pressure at each wheel, especially as you apply the brakes through a curve.

LIGHTS, IGNITION, ACTION

From its dual-swivel Adaptive Front Lighting System (AFS) that rotate into curves to intelligent high beam headlamps²⁷ and rain-sensing wipers that de-ice, the LX keeps your view of the road free and clear.

STANDARD LUXURY

LUXURY AND CONVENIENCE:

SmartAccess with push-button Start/Stop²⁰
 Four-zone automatic climate control
 Power-adjustable tilt-and-telescopic steering wheel
 Multi-function, in-key remote entry system with rolling-code technology
 HomeLink® universal transceiver²⁶
 Roof-mounted rear spoiler
 Rear privacy glass
 Retractable tonneau cover
 Integrated backup camera²
 Power moonroof
 Driver Seat Memory System
 Roof rails and crossbars²⁴
 Adaptive Variable Suspension (AVS)
 Active Height Control (X-AHC)
 Power rear door
 Running boards with built-in courtesy lights
 Integrated tow-hitch receiver²⁵
 Intuitive parking assist
 Wide-view front and side monitor¹⁰
 Wallet-size smart card key
 Steering wheel paddle shifters
 Front console cool box

SEATING AND TRIM:

Perforated premium leather seat surfaces
 Mahogany wood interior trim
 Wood and heated leather-trimmed steering wheel
 12-way driver (including lumbar) and 10-way front passenger (including lumbar) power-adjustable seats
 Heated and ventilated front seats
 Power-sliding, 60/40 split middle-row seat with 40/20/40 split seatback
 Heated outboard middle-row seats
 Power-folding, 50/50 split third-row seats
 Illuminated Lexus doorsill trim

AUDIO, COMMUNICATIONS AND INSTRUMENTATION:

19-speaker Mark Levinson® Reference Surround Sound Audio System with 7.1-channel architecture and in-dash, single-feed, six-disc DVD/CD auto-changer³⁴
 Voice-activated navigation system¹
 Electroluminescent instrumentation
 Integrated XM® Satellite Radio⁵
 USB audio input for iPhone/iPod® compatible music player integration with audio system⁶
 Bluetooth® audio profile for wireless integration of compatible music players with in-vehicle audio system⁷
 Backup camera²
 Pre-Collision System¹⁶
 Dynamic radar cruise control²²
 Dual Screen Rear Seat DVD Entertainment System⁸⁹

STANDARD SAFETY AND SECURITY

ACTIVE SAFETY:

Vehicle Stability Control (VSC)¹⁴
 Electronic Brake-force Distribution (EBD)¹⁵
 Smart Stop Technology²¹
 Direct Tire Pressure Monitor System¹⁸
 Full-time 4WD with TORSEN® limited-slip centre differential²³
 Hill-start Assist Control (HAC)¹⁷
 Downhill Assist Control (DAC)¹⁷
 Variable Gear-Ratio Steering (VGRS)
 Manual-locking centre differential
 Crawl Control
 Multi-Terrain Traction Control
 Offroad Turn Assist
 Trailer Sway Control
 LED daytime running lamps
 HID headlamps with dynamic auto-levelling
 Dual-swivel Adaptive Front Lighting System (AFS)
 Intelligent high-beam headlamps²⁷
 Headlamp washers
 Rain-sensing wipers with deicer
 LED brake lamps
 Power-folding, heated auto-dimming side view mirrors with puddle lamps

PASSIVE SAFETY:

Driver and front passenger airbag system (SRS)¹⁹
 Front seat-mounted side airbags¹⁹
 Front and rear side curtain airbags¹⁹
 Driver and front-passenger knee airbags¹⁹
 Middle-row outboard seat-mounted side airbags¹⁹
 Child Restraint System (CRS) tether anchor brackets for middle-row outboard seats¹⁹
 Active front headrests¹¹

SECURITY:

Vehicle theft-deterrent system
 Engine immobilizer system

LEXUS GENUINE ACCESSORIES:

Block heater
 Cargo mat
 Cargo net
 Paint protection film
 Trailer hitch ball - 2 5/16"²⁵
 Trailer hitch ball - 2"²⁵

SERVICE COMMITMENT

On top of enjoying the highest quality product, Lexus also delivers through a professional Dealer network, a unique and uncompromising level of after-sales service. First Class Service Concept. The highest level of professionalism and vehicle support ensure that Lexus ownership experience is as luxurious as the vehicles.

WARRANTY

Our Lexus Warranty Comprehensive Coverage includes:

48 months/80,000 km

Hybrid-Related Components

96 months/160,000 km (applies to battery control module, hybrid vehicle control module, hybrid battery and the inverter/converter)

Powertrain

72 months/110,000 km

Corrosion Perforation

72 months/unlimited kilometres

Major Emission Control Components

96 months/130,000 km

Please see your Lexus Dealer for details. Lexus will even provide five days of alternate transportation if your vehicle is required to stay at the dealership for an extended period of time due to a warrantable condition.

EXTRA CARE PROTECTION

Extend beyond the new vehicle warranty and enhance your peace of mind with Lexus Extra Care Protection.

ROADSIDE ASSISTANCE

As a proud owner of a Lexus vehicle you won't have to worry about obtaining assistance when mishaps requiring Emergency Roadside Service or Mechanical Breakdown Towing are needed. Throughout Canada and the continental U.S., our Central Emergency Roadside Services Operator will always be there to ensure you receive prompt, efficient services from one of the many facilities qualified under our approved Roadside Assistance Program. Twenty-four hours a day, 365 days a year we will be there to help.

LEXUS FINANCIAL SERVICES

Come talk to the experts whose exclusive business is financing and leasing Lexus vehicles. You'll find our interest rates fully competitive and our terms flexible - up to 72 months. Our online services conveniently allow you to confirm current rates and receive your credit approval in advance of selecting the Lexus that's right for you. For help, visit your Lexus Dealer or lexus.ca, or call 1-800-26-LEXUS.

LEXUS CANADA

Every effort has been made to ensure the specifications and equipment shown are accurate based on information available at time of printing. In some cases, certain changes in standard equipment, options or product delays may occur, which would not be reflected in this brochure. Lexus Canada reserves the right to make these changes without notice or obligation. Some of the photography in this brochure features U.S. or overseas models, shown with optional equipment that may not be available in Canada. Your Lexus Dealer is the best source for up-to-date information.

Lexus, One Toyota Place,
Toronto, Ontario M1H 1H9

Under very cold conditions, the operation of some vehicle electronic systems using liquid crystal technology (such as CD, DVD, NAV and Audio displays) may be adversely affected until a warmer interior vehicle temperature is reached. Lexus reminds you to place small children in CSA-approved car seats - in the rear seats, to always wear your seatbelts, and to drive safely. **1.** The Navigation System is designed to assist in locating an address or point of interest. Discrepancies may be encountered between the system and your actual location. Road system changes may affect the accuracy of the information provided. Rely on your common sense to decide whether to follow a specified route. Detailed coverage not available for every city or roadway. Periodic updates available at an additional cost. See your Navigation System Owner's Manual for further details. **2.** The backup camera does not provide a comprehensive view of the rear area of the vehicle. You should also look around outside your vehicle and use your mirrors to confirm rearward clearance. **3.** Mark Levinson is a registered trademark of Harmon International Industries Inc. **4.** Continuous average power, all channels driven, at less than 0.1% THD; 20-20,000 Hz. **5.** Functioning Satellite Radio requires a compatible receiver and monthly service fee. Please see your Lexus Dealer for further details. Reception of satellite signal may vary depending on location. **6.** iPod® and iPhone® are registered trademarks of Apple Inc. **7.** Lexus tests certain Bluetooth® capable phones for compatibility with Lexus vehicles. Please see your Lexus Dealer for details. Note that the recommendation of Lexus is not a warranty of the performance for any phone and that some problems may occur with any type of handset based on the phone software version or the service coverage available in your area. Some vehicles equipped with Bluetooth® technology are available with bilingual capability. **8.** A single disc DVD player is standard on vehicles equipped with the dual-screen Rear-Seat Entertainment System. A separate DVD player or game system utilizing the centre console's video/audio inputs is required in order to use the split-screen function. **9.** Headphones are for passenger use only. Do not use while operating vehicle. **10.** The Wide-view Front and Side Monitor does not provide a comprehensive view of the front and side areas of the vehicle. You should also look around outside your vehicle and use your mirrors to confirm clearance. Cold weather will limit effectiveness and view may become cloudy. **11.** Active headrests can help reduce the extent of whiplash in certain types of rear-end collisions. **12.** Ratings achieved using the required premium unleaded gasoline with an octane rating of 91 or higher. **13.** These estimates are based on the Government of Canada's approved criteria and testing methods. The actual fuel consumption of the vehicle may vary. Refer to the Government of Canada publication EnerGuide Fuel Consumption Guide. **14.** Vehicle Stability Control (VSC) and if applicable Vehicle Dynamics Integrated Management (VDIM) are electronic systems designed to help the driver maintain vehicle control under adverse conditions. They are not substitutes for safe driving practices. Factors including speed, road conditions and driver steering input can all affect whether VSC and VDIM will be effective in preventing a loss of control. Please see your Owner's Manual for further details. **15.** Brake Assist is designed to help the driver take full advantage of the benefits of ABS. It is not a substitute for safe driving practices. Braking effectiveness also depends on proper brake-system maintenance and tire and road conditions. **16.** The Pre-Collision System is designed to help reduce the crash speed and damage in certain frontal collisions only. It is not a collision-avoidance system and is not a substitute for safe and attentive driving. System effectiveness depends on many factors, such as speed, driver input and road conditions. Please see your Owner's Manual for further information. **17.** DAC is designed to help the driver maintain vehicle control and speed on steep downhill descents. HAC is designed to help minimize backward rolling on steep ascents. These suggestions are not a substitute for safe driving judgment and practices. Factors including speed, grade, surface conditions and driver input can all affect whether DAC and HAC will be effective in preventing a loss of control. Please see your Owner's Manual for further details. **18.** The Lexus Tire Pressure Monitor alerts the driver when tire pressure is critically low. For optimal tire wear and performance, tire pressure should be checked regularly with a gauge; do not rely solely on the monitor system. Please see your Owner's Manual for details. **19.** All the airbag ("AB") systems are Supplemental Restraint Systems. All ABs (if installed) are designed to inflate only under certain conditions and in certain types of severe collisions: frontal and knee ABs typically inflate in frontal collisions; side and side curtain ABs in side collisions; Roll-Sensing Curtain ABs at a severe tilt degree, roll or lateral G-force. In all other accidents, the ABs will not inflate. To decrease the risk of injury from an inflating AB, always wear seatbelts. Do not use a rearward-facing child seat in any front passenger seat. Please see your Owner's Manual for further information/warnings. **20.** The SmartAccess system may interfere with some pacemakers or cardiac defibrillators. If you have one of these medical devices, please talk to your doctor to see if you should deactivate this system. **21.** Smart Stop Technology operates only in the event of certain simultaneous brake and gas pedal applications. When engaged, the system will reduce engine power to help the brakes to bring the vehicle to a stop. Factors including speed, road conditions, driver input can all impact stopping distance. Smart Stop Technology is not a substitute for safe and attentive driving and does not guarantee instant stopping. Please see your Owner's Manual for further details. **22.** Dynamic Radar Cruise Control was designed to assist the driver and is not a substitute for safe and attentive driving practices. Please see your Owner's Manual for important cautions and instructions. **23.** TORSEN® is a registered trademark of Zexel Torsen, Inc. **24.** Roof rack capacity is 130 lb. Crossbars are not recommended for luggage. Please see your Owner's Manual for details. **25.** Before towing, confirm your vehicle and trailer are compatible, hooked up properly and you have any necessary additional equipment. If gross trailer weight is above 5,000 lb (2,268 kg), it is necessary to use a weight-distributing hitch with sufficient capacity. Do not exceed any Weight Ratings and follow all instructions and cautions from your trailer-hitch manufacturer and vehicle Owner's Manual. The maximum amount you can tow depends on the total weight of any cargo, occupants and available equipment. **26.** HomeLink is a registered trademark of Johnson Controls. **27.** The Intelligent High Beam headlamps can help improve vision at night. However, conditions such as a dirty windshield, rapidly changing light conditions or hilly terrain will limit effectiveness so the driver may need to manually change the high beams from on to off. Please see your Owner's Manual for details.
