 **IMAGINE EVEN MORE.**

*Standard on Mazda3 GT and Mazda3 Sport GT.

IMPOSING STOP SIGNS. Linear, fade-resistant stopping power is a top priority. So every Mazda3 features power-assisted, 4-wheel disc brakes. An advanced Anti-lock Brake System (ABS) with Electronic Brake Force Distribution (EBFD) is available.

INSPIRING ROAD MANNERS. A fully independent suspension system, including an advanced multi-link rear design, empowers the Mazda3's quick reflexes, agile handling and exceptional ride comfort.

IT CUTS CORNERS SO WELL BECAUSE OUR ENGINEERS DIDN'T.

Just when you thought "practical" and "affordable" were the only words allowed by law to describe compact cars, the all-new Mazda3 and Mazda3 Sport roar onto your radar screen. Shattering the status quo. And daring you to imagine even more – in terms of sporty styling, fun-to-drive performance and inspiring features. Fire one up and prepare to be impressed. Its quickness is exhilarating. Its agile, fully independent suspension system enhances the bond between rubber and road. And, like most action heroes, its timing and reflexes are remarkable.

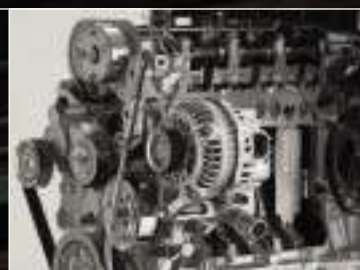

HERE'S YOUR ONE-WAY, NON-STOP TICKET OUT OF THE ORDINARY.

Want to quickly escape the boring performance and sleepy styling that curse most ordinary compacts? Then slip behind the leather-wrapped wheel of a Mazda3 GT model (or Mazda3 Sport GT) and go. Its exuberant response will rocket you to a far more satisfying place. Where a sophisticated 160-hp, 16-valve, all-aluminum powerplant is standard. Where sequential valve timing maximizes low-end torque and high-rpm power. And where a smooth-shifting 5-speed manual gearbox adds to the fun. Even its provocative styling inspires second looks instead of yawns. In short, no matter where you're coming from, the Mazda3 is a great place to be.

AUTOMATIC EXHILARATION. For extra convenience and fun, a Mazda3 4-speed *Sport* mode automatic transmission is available. Similar to systems on some race cars, its *Sport* mode lets you sequentially shift gears up or down. A precise 5-speed manual transmission is

THE POWER OF CHOICE. Both the Mazda3 GT and Mazda3 Sport models boast a sophisticated 160-hp, 16-valve, 2.3 litre all-aluminum engine with sequential valve timing. The Mazda3 GX and GS feature a spirited, yet efficient, 148-hp, 2.0 litre DOHC engine.

SUPERB SELF-RESTRAINT. The ergonomically designed front seats of the Mazda3 and Mazda3 Sport are specifically engineered to help minimize whiplash in a collision. Three-point safety belts for all five occupants are also standard.

 **JUST WHEN YOU THINK YOU'VE SEEN IT ALL.**

Beneath the Mazda3's sleek skin you'll find a tour de force of integral performance and safety features. Like a long wheelbase and wide stance to promote stability and ride comfort. And Mazda's "Triple H" construction which reinforces critical frame components to enhance impact protection, structural integrity and handling make the body more rigid. Plus side-impact door beams and crumple zones, front and rear, to help absorb the energy of a collision. Advanced two-stage front air bags* actually sense the driver's seat position and front passenger weight attributes to control air bag deployment. Even a "crushable" pedal assembly folds away in the event of an accident to help minimize the chance of a serious ankle or leg injury. After all, good looks can only take you so far.

*Always wear your safety belt and secure children in the rear seat.

GLOWING REPORT. Tri-mode electro luminescent gauges, standard on the Mazda3 GT and Mazda3 Sport models, display three distinct colour combinations depending on whether it's daytime, night-time or the ignition is off.

THERE'S MORE THAN ONE WAY TO MEASURE PRIDE OF OWNERSHIP.

And there are a myriad of ways to gauge the thoughtful attention to detail you'll find throughout the Mazda3's inviting interior. Quality materials surround you from ceiling to floor. Meticulous craftsmanship makes itself known everywhere your eyes come to rest. And insightful engineering abounds – from the distinctive gauge cluster and "command centre" display to the firmly supportive and well-tailored fit of its bucket seats. Everywhere you look there are signs of a car that delights in being driven.

TRY ONE ON FOR SIZE. All Mazda3 models come with a steering wheel that not only tilts, but also telescopes. Needless to say, this thoughtful feature makes it much easier to find your ideal driving position.

MORE BUTTONED UP. Convenient steering wheel mounted controls for the available AM/FM/CD stereo and cruise control allow you to enjoy the driving experience at hand.

DESIGNED TO RUN CIRCLES AROUND DEFERRED GRATIFICATION.

"Someday" is highly overrated. So we designed the Mazda3 GT and Mazda3 Sport GT to address your wants and needs on a more immediate basis. And provide a more rewarding driving experience that includes a leather-wrapped wheel and shift knob to welcome your grip. Electroluminescent gauges to reward your attention. A 6-speaker AM/FM/CD stereo for your life's soundtrack. Air conditioning to cool your jets (optional on Mazda3 Sport GS and GT). The extra convenience of steering wheel mounted cruise control; power windows, door locks and heated mirrors. When it comes to gratification, we want it to be instant.

 LIKE YOUR FAVOURITE ROCK STARS, IT'S A KNOCKOUT IN BLACK LEATHER.

IT'S TIME TO HATCH A BOLD NEW PLAN.

Tired of driving a sled that's a total compromise in the style and versatility departments? Want something that reflects more of who you are than how much you spent? Then park yourself in a Mazda3 Sport GT. For the ultimate high performance look we gave it a roof-mounted antenna, rear roof-end spoiler, side sill extensions, sporty fog lights and 17-inch aluminum alloys as standard equipment. Then, we created some options that include a leather interior and moonroof. Want more built-in fun and versatility out of your next ride? The all-new Mazda3 Sport is the key. Just let yourself in.

GREAT MANAGEMENT TOOL. A unique cargo management system is included on the Mazda3 Sport. It will help you organize and protect everything from outdoor gear and sports equipment to tools and groceries.

TOP THIS. The Mazda3 Sport's versatile cargo management system also allows you create a handy rear deck shelf over the cargo area. It even does double-duty by protecting your cargo from public view.

EVERYTHING YOU ALWAYS WANTED IN A CAR. AND LESS.

You have to start somewhere. And our remarkable Mazda3 family starts with the surprisingly affordable Mazda3 GX model. Want great styling and performance plus tons of standard features? Done. We'll even toss in a spirited 148-hp, 16-valve, 2.0 litre engine. A smooth-shifting 5-speed stick. Power-assisted 4-wheel disc brakes. Precise rack-and-pinion steering. Even sweet little details like a telescopic steering wheel and 60/40 split fold-down rear seatback (lockable). Best of all, your new car payment won't rival your rent check. So imagine even more. Because the all-new Mazda3 delivers a whole lot more of what you have in mind.

THE INSIDE SCOOP. The Mazda3 GS model offers an impressive array of standard features that includes a 4-speaker AM/FM/CD stereo, a tilt and telescoping steering wheel with audio controls, even a lockable 60/40 split fold-down rear seatback.
