2023

# Electrify your life

Experience a new force of wonder. Drive smoothly, quietly, and sustainably with thrilling e-4ORCE™ AWD electric power on tap. Swipe the massive dual displays, touch the haptic feedback controls, or control ARIYA® with your voice. Sit back, relax, and let ARIYA assist you through stop-and-go traffic or into your next parking space. This is what it's like to live electric.<sup>1,2,3,4,5</sup>

## A PREMIERE worth the red carpet

A vehicle this extraordinary deserves special treatment. The ARIYA PREMIERE edition takes an already exceptional design and gives it an even more distinctive look inside and out. From eye-catching bronze 19" wheels to luxurious Nappa leather-appointed seats and exclusive PREMIERE badging – this is one EV that feels right at home in the spotlight.

## ARIYA® is designed to stun the world

Sleek, aerodynamic lines and a timeless design move ARIYA beyond the confines of a conventional SUV. The Japanese Kumiko style of woodwork inspires ARIYA's front grille, signature light blades, and taillights. This crafted detail also extends into the door panel, digital display, and floor lantern below – intimately interconnecting the exterior to the interior. A stunning experience no matter how you view it.²

### Technology that plugs into your senses

Chances are, you've never experienced anything quite like ARIYA.® Instead of traditional buttons, you'll find dazzling illuminated controls that react with haptic feedback when pressed. The integrated display interface features dual 312 mm (12.3") widescreens that are breathtaking to see and simple to use. Communication is seamless, thanks to next-generation voice control. And with Intelligent Route Planner, you can stay on course and on schedule.<sup>2,5,6,7,8</sup>

**Wireless Apple CarPlay® integration** Equipped with Siri® voice control, wireless Apple CarPlay® brings your contacts, favourite messaging apps, Apple Music® playlists, Apple Maps, and more on board to your ARIYA.<sup>6,8,11,12</sup>

**Advanced Head-Up Display** The advanced Head-Up Display projects vital details onto the windshield, merging entertainment and information like never before.<sup>10,13</sup>

## Gravity has finally met its match

Electrify every adventure. A dual-motor, e-4ORCE™ All-Wheel Drive system elevates traction and stability beyond weather. By monitoring energy output and braking response at each wheel, e-4ORCE can produce high-precision control. The kind that can help tame snow-covered roads and wet or icy surfaces.<sup>1,4,10</sup>

Movement is effortless. Power, seemingly limitless. Press the accelerator, and e-4ORCE responds astonishingly, propelling ARIYA® up to speed with remarkable force and poise. Need to get through a storm? e-4ORCE precisely meters out power to each of its wheels, individually, so you can navigate slippery roads with more confidence.<sup>1,4,10</sup>

**NISSAN**  
**INTELLIGENT**  
**MOBILITY™**

With ProPILOT® Assist, you can relax and enjoy the drive

With the push of a button, ProPILOT Assist with Navi-link can automatically help you manage ARIYA's speed and distance, so you can flow with traffic. It can even help keep you centred in your lane. And using highway mapping, if an off-ramp appears, it can help you slow down. Tight parking spot? Push the ProPILOT Park button, and let ARIYA take over and glide right into the spot — whether it's back-in or parallel.<sup>10,14,15</sup>

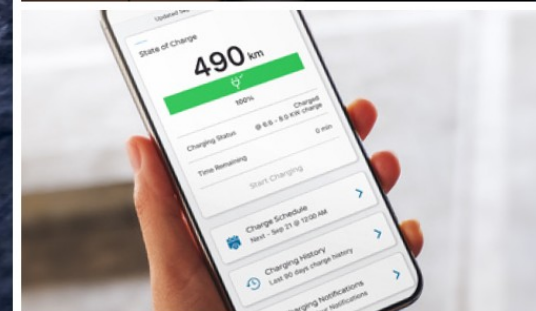

**Charge at home** With a dedicated wall charger, you can plug into the easy life and wave goodbye to the gas pump.<sup>16,17</sup>

**Charge smart** Schedule your home charging from your smartphone and choose times when electricity rates are lower. That means you can set charging to start while you sleep, and wake up to an ARIYA 100% ready to go.<sup>8,16,17</sup>

**Charge on the go** An ever-expanding public charging network, including fast charge stations, lets you venture out there with confidence.<sup>17,18</sup>

**Intelligent Route Planner** This digital tool makes every journey seamless — from syncing the climate control system with your departure time, to giving you the quickest route to your destination and locating fast chargers along the way. This is next-level road-tripping.<sup>6,7,8,18</sup>

GPS mapping may not be detailed in all areas or reflect current road status. <sup>7</sup>Actual route at time of departure may vary due to battery level at trip departure, changes in traffic, etc. that could affect the original trip plan. <sup>8</sup>Feature availability is dependent on vehicle model, trim level, packaging and options. Compatible connected device may be required and feature availability may be dependent on device's capability. Refer to connected device's Owner's Manual for details. Late availability for some features. Driving is serious business and requires your full attention. Only use features and connected devices when safe and legal to do so. Some features, including automatic crash notification and SOS, are dependent upon the telematics device being in operative condition, its ability to connect to a wireless network, compatible wireless network availability, navigation map data and GPS satellite signal reception, the absence of which can limit or prevent the ability to reach Customer Care or receive support. GPS mapping may not be detailed in all areas or reflect current road status. Never program GPS while driving. Only use Remote Horn feature in accordance with any laws, rules or ordinances in effect in your vehicle's location. Some services and features are provided by independent companies not within Nissan's control. **Should service provider terminate or restrict service or features, service or features may be suspended or terminated without notice or with no liability to Nissan or its partners or agents.** Services and features may require compatible cellular network provided by independent companies not within Nissan or its partners' or agents' control. Cellular network signal strength may vary and may not be available in all areas or at all times. Services and features may not function if cellular network is unavailable, restricted, or terminated. Nissan and its partners or agents are not responsible for associated costs or other third party charges that may be required for continued operation due to cellular network unavailability, restriction, or termination (including equipment replacements/upgrades, if available, or roaming charges on alternative networks). Technology is evolving, and changes by independent companies are not within Nissan's or its partners' or agents' control. Enrollment, owner consent, personal identification number (PIN), and subscription agreement may be required to receive full suite of features and services. Trial periods (if applicable) begin on the date of vehicle purchase or lease of a new Nissan. Trial periods may be subject to change at any time and may be subject to early termination without notice. Required subscriptions may be sold separately for each available feature or service after trial period ends, and may continue until you call service provider to cancel. Installation costs, one-time activation fee, other fees and taxes may apply. Fees and programming subject to change. Feature may be subject to age restrictions in some areas.
