

Innovation
that excites

2017 **ARMADA®**

EMPOWER greater possibilities. Turn heads with a refined, yet muscular, exterior design. Attention to detail and exceptional craftsmanship greet you the moment you step inside. Welcome passengers with plush room for up to eight, and versatility to take on bigger cargo. Stay in control with advanced technology that connects you to your world and keeps an eye on your surroundings. And out on the road, feel in command, rain or shine, with an innovative 4WD system. Even when you're hauling 8,500 lbs. (3,856 kg) of fun! Armada® is a full-size SUV that makes every day an unforgettable **ADVENTURE.**

Nissan Armada® Platinum shown in Pearl White.

¹See Nissan Towing Guide and Owner's Manual for additional information.

A detailed view of the front interior of a Nissan Armada Platinum. The image shows the driver's perspective, featuring a black leather steering wheel with the Nissan logo and SRS AIRBAG text. The dashboard and center console are accented with wood-grain trim. The center console has a gear shifter and handbrake. The seats are upholstered in light-colored leather. The overall design is modern and luxurious.

EVEN THE GRANDEST PLANS ARE WELL WITHIN REACH

Armada® may be a full-size SUV, but even from the driver's seat, we designed the intuitive layout of the dash to give you easy access to all the controls. Add in a luxurious interior that puts as much emphasis on style as it does on comfort and putting those big plans into action has never been more rewarding.

Climate-controlled seats¹

Nissan Intelligent Key® with Remote Engine Start²

Dual-Zone Automatic Temperature Control

Touch-screen Nissan Navigation System³

Wood-tone trim and metallic accents

Nissan Armada® Platinum shown in Almond Leather. U.S. instrumentation shown.

¹Available feature. ²Provincial laws may apply; review local laws before using. ³Never program while driving. GPS mapping may not be detailed in all areas or reflect current road status.

BASE CAMP FOR YOUR BIGGEST ADVENTURES

Whether it's taking the whole family to a game, hitting the slopes for a weekend of skiing or packing up for a whole week of camping, Armada® has the space, flexibility, and comfort to make almost any activity possible. Add in the Tri-Zone Entertainment System, which features two individually playing rear monitors, and getting to the adventure will be more than half the fun.

¹Cargo shown for display purposes only. Cargo and load capacity limited by weight and distribution. Always secure all cargo. Heavy loading of the vehicle with cargo, especially on the roof, will affect the handling and stability of the vehicle.

Nissan Armada® Platinum shown in Almond Leather with Captain's Chairs.

THE QUICK ANSWER TO A SUDDEN CHANGE IN PLANS

With seating for up to eight adults with standard second-row bench seating and a highly flexible interior, Armada is ready for whatever the day brings. Need proof? Take a look at the possibilities.

MAXIMIZE COMFORT¹

NISSAN AROUND VIEW® MONITOR

360 REASONS PARKING WILL NEVER BE THE SAME

A RearView Monitor is great when backing up – but when it comes to parking, it’s nice to see more than just what’s directly behind you. That’s why Armada®’s Around View Monitor uses four cameras to give you a virtual 360° bird’s-eye view of your vehicle, with selectable split-screen close-ups of the front, rear, and curbside views, so you can get a better look.^{1,2}

LOOKS AHEAD
See what’s directly in front of you.

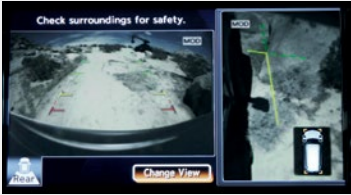

LOOKS AROUND
Get a complete picture of your surroundings.

LOOKS BEHIND
Take a peek at what’s right behind you.

LOOKS DOWN
See obstacles that are directly below you.

¹Parking aid/convenience feature. Cannot completely eliminate blind spots. May not detect every object and does not warn of moving objects. Always check surroundings and turn to look behind you before moving vehicle. ²Virtual composite 360° view.

ALL-MODE 4-WHEEL DRIVE®
GET A GRIP ON YOUR ADVENTUROUS SIDE,
FASTER THAN THE BLINK OF AN EYE

Imagine a 4WD system so advanced, it responds instantly to changing road conditions and continuously adjusts the amount of power distributed to each axle to help maintain control. What does that mean for you? Feeling empowered with a greater sense of command no matter the road or the season.

ZIP

All-mode 4WD® delivers power to both front and rear wheels for improved grip from the get-go.

SIP

Once you’re up to speed, the system sends all of the power to the rear, resulting in higher efficiency.

GRIP

In slick conditions and tight corners, 4WD transfers the optimal amount of power from front to rear.

5.6 L V8 390 HP 8,500 LBS. (3,856 KG) MAXIMUM TOWING¹ 394 LB.-FT. TORQUE

LEAVE NO TOY BEHIND

Now there's no excuse not to bring all the toys. With a 8,500 lbs. (3,856 kg) towing capacity, Armada® has the capability to haul some serious fun! Featuring innovative Tow/Haul mode, and the brute strength of the direct-injection 5.6-litre Endurance® V8, Armada is ready to take your excursion to the next level.

¹See Nissan Towing Guide and Owner's Manual for additional information.

Nissan Armada® Platinum shown in Gun Metallic.

NISSAN INTELLIGENT SAFETY SHIELD TECHNOLOGIES

INNOVATION THAT LOOKS OUT FOR YOU

What if you had the confidence you need for every part of your drive? The Nissan Safety Shield philosophy is a comprehensive approach to safety that guides the engineering and development of every vehicle we make.

MONITOR

Smart technologies are designed to help monitor conditions. Like a warning to let you know you're straying from your lane, or a system that helps ensure you're travelling on properly inflated tires.

Standard Features:

Predictive Forward Collision Warning (PFCW)¹

Forward Emergency Braking (FEB)²

Blind Spot Warning (BSW)³

Backup Collision Intervention (BCI)⁴

Available Features:

Lane Departure Warning (LDW)⁵

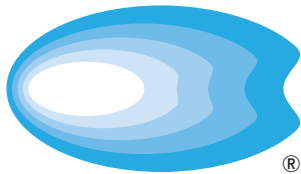

Lane Departure Prevention (LDP)⁶

Blind Spot Intervention (BSI)⁷

Tire Pressure Monitoring System (TPMS)⁸

When tire pressure is low, TPMS illuminates an icon on your dash to let you know.

SAFETY SHIELD

RESPOND

Whether you need to hit the brakes hard or manoeuvre around an unexpected obstacle, these standard technologies help you respond to a potentially harmful situation.

Vehicle Dynamic Control (VDC)⁹ helps you maintain your steered path.

Traction Control System (TCS) helps reduce wheelspin in low-traction situations.

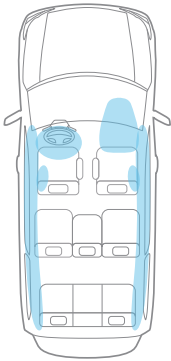

Anti-lock Braking System (ABS) helps you maintain steering control around obstacles while braking heavily.

Electronic Brake force Distribution (EBD) sends extra force to the rear brakes when you have additional weight of passengers or cargo in the back.

Brake Assist (BA)¹⁰ helps apply maximum braking force if it detects hard braking and senses you are in an emergency situation.

PROTECT

Six Standard Airbags¹¹ Nissan's Advanced Airbag System (AABS) has dual-stage driver and front passenger supplemental airbags with seat-belt and occupant-classification sensors.¹¹ Armada® also features front seat-mounted side-impact supplemental airbags, and roof-mounted curtain side-impact supplemental airbags for outboard occupant head protection for all three rows.¹¹

LATCH System (Lower Anchors and Tethers for Children)

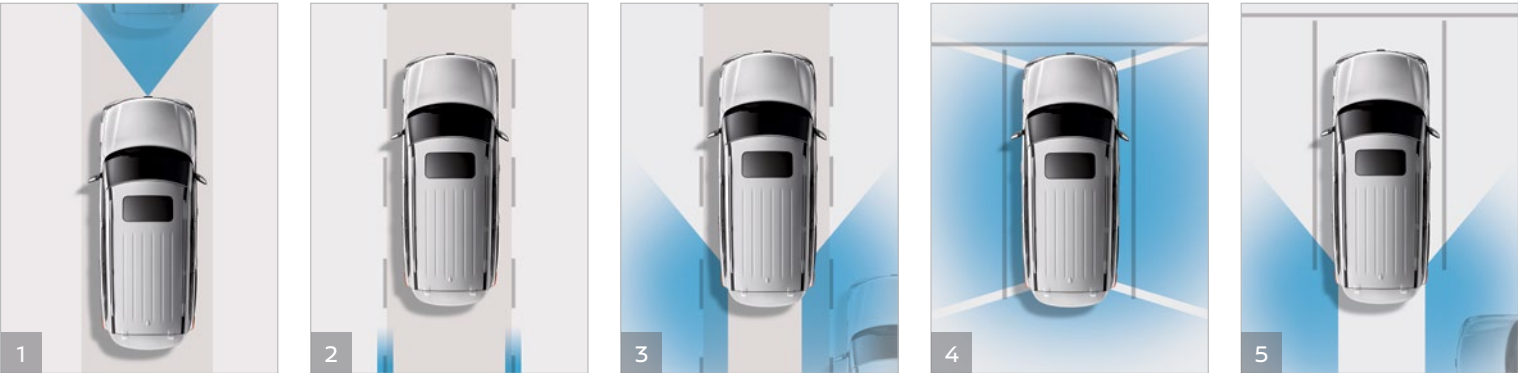

Nissan safety engineers have dedicated thousands of hours to evaluating hundreds of child restraints in Nissan vehicles. The result: an industry first, The Snuggly Kids Child Safety Seat Fit Guide. This guide lists child seats that fit the rear seats of Nissan vehicles, as well as offers invaluable tips on correct installation. Look for the latest Fit Guide at [Nissan.ca/en/owners](https://www.nissan.ca/en/owners)

¹PFCW is intended to warn you before a collision occurs; it cannot prevent a collision. Speed and other limitations apply. See Owner's Manual for details. ²FEB cannot prevent accidents due to carelessness or dangerous driving techniques. It may not provide warning or braking in certain conditions. Speed and other limitations apply. ³Blind Spot Warning is not a substitute for proper lane change procedures. The system will not prevent contact with other vehicles or accidents. It may not detect every vehicle or object around you. ⁴BCI will not detect every object, and speed limitations apply. Always check surroundings and turn to look behind you before moving vehicle. See Owner's Manual for details. ⁵LDW operates only when the lane markings are clearly visible. Speed and other limitations apply. See Owner's Manual for details. ⁶LDP operates only when the lane markings are clearly visible. Speed and other limitations apply. See Owner's Manual for details. ⁷Blind Spot Intervention is not a substitute for proper lane change procedures. The system will not prevent contact with other vehicles or accidents. It may not detect every vehicle or object around you. ⁸TPMS is not a substitute for regular tire pressure checks. ⁹VDC, which should remain on when driving except when freeing the vehicle from mud or snow, cannot prevent accidents due to abrupt steering, carelessness, or dangerous driving techniques. ¹⁰Brake Assist is only an aid to assist the driver and is not a collision warning or avoidance device. It is the driver's responsibility to be in control of the vehicle at all times. ¹¹Airbags are only a supplemental restraint system; always wear your seat belt. Even with the occupant-classification sensor, rear-facing child restraints should not be placed in the front-passenger's seat. Also, in addition to any other requirement of applicable law, all children 12 and under should ride in the rear seat properly secured in child restraints, booster seats, or seat belts according to their size. Airbags will only inflate in certain accidents; see your Owner's Manual for more details. Inflated airbags shown for illustration purposes only, actual coverage area may differ. Airbags deflate after deployment.

NISSAN INTELLIGENT SAFETY SHIELD TECHNOLOGIES

GET AWAY WITH JUST A WARNING

What if extra reassurance was easy to spot? Armada®’s available Intelligent Safety Shield Technologies offer you a suite of advanced systems that help you keep an eye out all around you, watch the flow of traffic, and even think ahead.

1. Predictive Forward Collision Warning (PFCW)

Now you can get a heads up, even if you can’t see what’s slowing you down. A radar sensor on the front of Armada constantly monitors two vehicles ahead in your lane. When the system detects that vehicle’s sudden deceleration, it gives you an audible warning and a visual signal on the instrument panel.¹

Forward Emergency Braking (FEB)

This system keeps an eye on your speed and proximity to the vehicle ahead of you, warning you if you need to slow down. It can also apply braking if you fail to respond to help you avoid a collision. If a collision is unavoidable, this feature will engage the brakes to help reduce speed of impact and the severity of a collision.²

2. Lane Departure Warning (LDW)

Using cameras, this system recognizes the lane in which your vehicle is traveling. When you unintentionally drift out of the lane, the system alerts you with a visual warning on the display and an audible signal.^{3,4}

Lane Departure Prevention (LDP)

If you continue to drift after visual and audible warnings, Lane Departure Prevention can apply the brakes to help move the vehicle back into your intended lane.^{4,5}

3. Blind Spot Warning (BSW)

If another vehicle is detected in the blind spot area, an indicator appears in the driver’s or front passenger’s door pillar and on the Advanced Drive-Assist® Display. Then, if you put your turn signal on, the indicator flashes with a warning chime.⁶

Blind Spot Intervention (BSI)

This advanced system helps alert you to vehicles in the blind spot area. It also actively assists you back toward the centre of your travel lane if you begin to move over.^{4,7}

4. Moving Object Detection (MOD)

When the Around View® Monitor is in use and detects moving objects near the vehicle, it gives a visual and audible alert.⁸

5. Backup Collision Intervention (BCI)

When you’re backing out of a parking space, this feature watches the area around the rear of your Armada, and can warn you about detected vehicles you might not see behind you approaching from either side. So backing up feels easier than ever.⁹

GENUINE NISSAN ACCESSORIES

Every Genuine Nissan Accessory is: custom-fit, custom-designed and durability-tested; available for finance and backed by Nissan's 3 year/60,000 km Accessories limited warranty when installed by dealer at time of your vehicle purchase.²

- A. **Roof Rail Crossbars³**
Increase your utility options.
- B. **Carpeted Cargo Mat³**
Neither rain, sleet, nor snow will muck up your Armada.[®]
- C. **Moonroof Wind Deflector**
Reduce noise while enjoying the open air.
- D. **Cargo Net³**
Ensure your cargo stays in one place.

- Additional Accessories:
- All-season Floor Mats
 - Rear Cargo Organizer³
 - Cargo Area Protector
 - Weight Distributing Hitch Ball Mount, Class IV (Includes Class IV Hitch Ball)⁴
 - Illuminated Kick Plates
 - Side Window Deflectors
 - Chrome Body Side Mouldings
 - And More

See your Nissan dealer for details, or go to accessories.nissan.ca

BUYING AND OWNING

Finance Options Through Nissan Canada Finance, we offer many attractive lease and loan options that can be tailored to your individual needs. We have unique programs such as the Nissan Grad Program, Loyalty Program or the Nissan Advantage Program. Please visit our website **Nissan.ca/finance** to explore all of the options available. We have also made it easy to pre-qualify online. All of our programs come with competitive rates and terms. With our flexible options, driving home a new Nissan has never been easier. Consult your local Nissan Dealership for complete details.

No-Nonsense Warranty Every 2017 Nissan is covered by a 3 year/60,000 km⁵ Comprehensive New Vehicle Warranty, a 5 year/100,000 km⁵ Powertrain Warranty, an 8 year/130,000 km⁵ Emission Control Warranty on selected components, and a 5 year/unlimited km Corrosion Perforation Warranty. As a Nissan owner, you'll also receive a 3 year Roadside Assistance program available to you 24 hours a day. Terms, conditions and exclusions apply. See your Warranty Information Booklet for complete details.

²See your Nissan Dealership and read the actual limited warranty. ³Cargo and load capacity limited by weight and distribution. Always secure all cargo. Heavy loading of the vehicle with cargo, especially on the roof, will affect the handling and stability of the vehicle. ⁴See Nissan Towing Guide and owner's Manual for additional information. ⁵Whichever occurs first.

Added Security Plan (ASP) For ultimate peace of mind, consider the Nissan Added Security Plan. It's our commitment to be there for you, and to help you leave your worries behind. Different plans, available for both purchased and leased vehicles, let you tailor the coverage to your driving habits.

Security+Plus™ Prepaid Maintenance Plan The smart choice when it comes to maintaining your new Nissan. Honoured at all participating Nissan Dealers in Canada and the U.S., your vehicle is cared for by factory-trained technicians using Genuine Nissan Parts. And best of all, there's no worrying about price increases on parts or service in the future. A variety of plans are available. Ask your Dealer for details.

Nissan's environmental action plan focuses on several key areas. In addition to increasing production of Zero Emission vehicles like the 100% electric LEAF[®], we're improving fuel efficiency across our lineup, and reducing the environmental impact of manufacturing through energy-efficient practices in our plants.
