SEAMLESS CONNECTIVITY

Apple CarPlay™ takes many of the things you want to do with your compatible iPhone® while driving, and puts them right on Maxima's built-in display.⁴ Android Auto™ was designed with safety in mind, with larger touch targets, a simplified interface, and easy-to-use voice actions. Both systems were designed to integrate with your Maxima, minimizing distraction so you can stay focused on the road.⁴

NISSAN ADVANCED DRIVE-ASSIST® DISPLAY IT'S EVEN A QUICK READ

Maxima helps you focus on what's most important: driving. From turn-by-turn directions⁷ to caller ID – even Intelligent Driver Alertness⁸ that warns you if it senses you need a break – the 178 mm (7.0") Advanced Drive-Assist Display lays it all right before your eyes. You can even change the colour of the Maxima on the display to match your tastes.^{1,2,3}

**NISSAN INTELLIGENT AROUND VIEW® MONITOR
IF YOU WANT PARKING ANY EASIER,
YOU'LL HAVE TO VALET**

What if parallel parking were easier? Maxima's Intelligent Around View Monitor uses four cameras to give you a virtual 360° bird's-eye view of your vehicle, with selectable split-screen close-ups of the front, rear, and curbside views.^{3,12,16} The system even keeps an eye around your Maxima and can warn you about moving objects detected in your vicinity.^{3,12}

Front and Rear Sonar System. Maxima's parking sonar gives you an added ally in your pursuit of parking, with sensors on all four corners looking out for static objects, and giving you an audible warning when it detects you're getting close.¹⁷

Isn't it time you were passionate about the car you drive?
Welcome to the 2018 Maxima.

Follow Nissan Canada on:

NISSAN INTELLIGENT MOBILITY™

Nissan Intelligent Mobility guides everything we do. We're using new technologies to transform cars from mere driving machines into partners. Together the journey is more confident, connected, and exciting. Whether it's cars that share the task of driving with you, or highways that charge your EV as you go along, it's all in the very near future. And it's a future already taking shape in the Nissan you drive today.

Splash Guards are standard on all Maxima models. Vehicles are shown without standard Splash Guards. ¹Driving is serious business and requires your full attention. If you have to use the feature while driving, exercise extreme caution at all times so full attention may be given to vehicle operation. ²Information displayed is dependent on how vehicle is equipped. ³Available feature. ⁴Feature availability is dependent on vehicle model, trim level, packaging and options. Compatible connected device may be required and feature availability may be dependent on device's capability. Refer to connected device's Owner's Manual for details. Late availability for some features. **Driving is serious business and requires your full attention.** Only use features and connected devices when safe and legal to do so. Some features, including automatic crash notification and SOS, are dependent upon the telematics device being in operative condition, its ability to connect to a wireless network, compatible wireless network availability, navigation map data and GPS satellite signal receptions, the absence of which can limit or prevent the ability to reach Customer Care or receive support. GPS mapping may not be detailed in all areas or reflect current road status. Never program GPS while driving. Only use Remote Engine Start and Remote Horn features in accordance with any laws, rules or ordinances in effect in your vehicle's location. Some services and features are provided by independent companies not within Nissan's control. **Should service provider terminate or restrict service or features, service or features may be suspended or terminated without notice or with no liability to Nissan or its partners or agents.** Services and features may require compatible cellular network provided by independent companies not within Nissan or its partners' or agents' control. Cellular network signal strength may vary and may not be available in all areas or at all times. Services and features may not function if cellular network is unavailable, restricted, or terminated. Nissan and its partners or agents are not responsible for associated costs or other third party changes that may be required for continued operation due to cellular network unavailability, restriction, or termination (including equipment replacements/upgrades, if available, or roaming charges on alternative networks). Technology is evolving, and changes by independent companies are not within Nissan's or its partners' or agents' control. Enrollment, owner consent, personal identification number (PIN), and subscription agreement may be required to receive full suite of features and services. Trial periods (if applicable) begin on the date of vehicle purchase or lease of a new Nissan. Trial periods may be subject to change at any time and may be subject to early termination without notice. Required subscriptions may be sold separately for each available feature or service after trial period ends, and may continue until you call service provider to cancel. Installation costs, one-time activation fee, other fees and taxes may apply. Fees and programming subject to change. Feature may be subject to age restrictions in some areas. Subscriptions governed by service provider's subscription agreement, terms and conditions and privacy statements available at service provider's website. Text rates or data usage may apply. The Nissan names, logos and slogans are trademarks owned by or licensed to Nissan Motor Co. Ltd. or its North American subsidiaries. Other trademarks and trade names are those of their respective owners. **For important safety information, system limitations, and additional operating and feature information, see Dealer or Owner's Manual.** ⁵Front seats and rear outboard seats only. ⁶Provincial laws may apply; review local laws before using. ⁷Never program while driving. GPS mapping may not be detailed in all areas or reflect current road status. ⁸Intelligent Driver Alertness standard on Platinum only. It is the driver's responsibility to remain alert at all times. IDA is only a warning to inform the driver of a potential lack of driver attention or drowsiness. It does not detect and provide an alert in every situation. See Owner's Manual for details. ⁹Intelligent Trace Control cannot prevent accidents or loss of control. It is the driver's responsibility to be in control of the vehicle at all times. ¹⁰AEB cannot prevent accidents due to carelessness or dangerous driving techniques. It may not provide warning or braking in certain conditions. Speed limitations apply. ¹¹FCW is intended to warn you before a collision occurs; it cannot prevent a collision. Speed and other limitations apply. See Owner's Manual for details. ¹²IAVM cannot completely eliminate blind spots and may not detect every object. IAVM operates at vehicle speeds below 8 km/h. Always check surroundings and turn to look behind you before moving vehicle. ¹³RCTA is not a substitute for proper backing procedures. May not detect all moving vehicles. Speed and other limitations apply. See Owner's Manual for details. ¹⁴Blind Spot Warning is not a substitute for proper lane change procedures. The system will not prevent contact with other vehicles or accidents. It may not detect every vehicle or object around you. ¹⁵ICC is not a collision avoidance system or warning device. Designed to use limited braking. Failure to apply the brakes could result in an accident. ¹⁶Virtual composite 360° view. ¹⁷The Sonar system is a convenience, not a substitute for proper parking and/or backing procedures. Always check that it is safe to do so before moving vehicle. May not detect every object. ¹⁸Extra cost option. ¹⁹See your Nissan Dealership and read the actual limited warranty. ²⁰Whichever occurs first. ²¹Use the Text Messaging feature after stopping your vehicle in a safe location. If you have to use the feature while driving, exercise extreme caution at all times so full attention may be given to vehicle operation. Compatible smartphone required. Text rates and/or data usage may apply. ²²Parking aid/convenience feature. Cannot completely eliminate blind spots. May not detect every object and does not warn of moving objects. Always check surroundings and turn to look behind you before moving vehicle. ²³TPMS is not a substitute for regular tire pressure checks. ²⁴Vehicle must be on for the Easy-Fill Tire Alert to operate. ²⁵Driving is serious business and requires your full attention. If you have to use the connected device while driving, exercise extreme caution at all times so full attention may be given to vehicle operation. External device not included. ²⁶Brake Assist is only an aid to assist the driver and is not a collision warning or avoidance device. It is the driver's responsibility to be in control of the vehicle at all times. ²⁷Airbags are only a supplemental restraint system; always wear your seat belt. Even with the occupant-classification sensor, rear-facing child restraints should not be placed in the front-passenger's seat. Also, in addition to any other requirement of applicable law, all children 12 and under should ride in the rear seat properly secured in child restraints, booster seats, or seat belts according to their size. Airbags will only inflate in certain accidents; see your Owner's Manual for more details. ²⁸VDC, which should remain on when driving except when freeing the vehicle from mud or snow, cannot prevent accidents due to abrupt steering, carelessness, or dangerous driving techniques.
