limited three

>> The limited three edition. smart fortwo coupé and cabrio.

>> Out of the ordinary.

Injecting a shot of colour into the grey monotony of the roads, the limited three edition is decked out in melon green metallic, framed by a silver tridion safety cell.

The interior of this special edition also boasts a fresh design concept featuring an extraordinary blend of materials and colours. The melon green metallic colour scheme also extends to the vehicle's exclusive fabric design, with shades of brown creating a stylish contrast.

As part of the elegant limited three design, the green centre section of the seat backrests is bordered by dark brown fabric. This colouring is continued in the door trim and instrument panel, where it is combined with leather-effect accents in dark brown.

The 3-spoke sports steering wheel with steering wheel gearshift is covered with dark brown leather, as is the gear knob. An appealing contrast is formed by the matt silver contrast components shimmering on the dark, leather-look instrument panel, rounding off the exceptionally harmonious impression.

The limited three edition is available as a coupé or cabrio, but – as with all limited editions – will remain a rare pleasure to behold on the roads.

>> Equipment highlights:

As well as the standard equipment for the passion variant, the limited three edition includes a whole host of additional extras:

After many years of faithful service, you can return your smart to us for environmentally friendly disposal in accordance with the EU Directive on End-Of-Life-Vehicles*. But that day lies a long way off. *Applies in accordance with the relevant national regulations (except in Switzerland). For several years now smart has fulfilled legal requirements for design compatible with the requirements of recycling and reuse. A network of companies exists which will take back your old car and dismantle and recycle it in an environmentally friendly way. Ways of dismantling and recycling cars and parts are being continuously developed and improved. This means that smart will also comply with future increases to the statutory recycling rates in time. Call the smart infocentre hotline for further information.
