

SUBARU

IMPREZA

Motivated people motivate us.

Subaru drivers have unique demands. They're a special breed of high-achieving, active people who make the most of every day. With this lifestyle in mind, the Impreza is designed to please the heart and the mind. Its versatility, capability and innovative technologies all ensure it stands out from the rest, just like those who drive it.

Agile, versatile and stylish. Just like you.

As enjoyable to drive as it is to behold, the Impreza artfully blends capability, craftsmanship and safety. Every bend, every surface, every styling cue has a reason to exist. The result? A driving experience rooted in both form and function.

1

2

Sit back and enjoy your defining moments.

Comfort and refinement are there to greet you every time you step into the Impreza and settle into its quiet cabin—rich in smooth, high-quality surfaces. You'll find spacious seating and intuitive designs everywhere you look.

1 Power-sliding, Tilt-adjustable Glass Sunroof

When the moment is right, open the available sunroof¹ to bring more sky into your drive.

2 Rear-seat Centre Armrest

The Impreza includes thoughtful conveniences all around, such as cup holders in the available rear-seat centre armrest.²

3 6-way Power Driver Seat

With an available 6-way power driver seat¹ and generous legroom for everyone, the Impreza offers comfort for any distance you travel.

3

¹ Sport and Sport-tech trims only. See your retailer for details.
² Touring, Sport and Sport-tech trims only. See your retailer for details.

In tune, in touch and in control.

It's a fast-paced world we live in. That's why the Impreza is equipped with innovative technologies that keep you connected and entertained. An available 8.0-inch¹ touchscreen display provides intuitive access to navigation² and listening content, while a multifunction display³ offers key vehicle information. So wherever you go, ease and confidence will follow.

1 Apple CarPlay® and Android™ Auto

Standard Apple CarPlay^{®4,6} and Android™ Auto^{5,6} let you bring your music and apps, while voice recognition capabilities allow for hands-free access to reduce distractions when you're on the road.

2 Multifunction Display

The 6.3-inch, full-colour LCD multifunction display³ at the top of the instrument panel makes useful driving information simple and quick to understand.

3 Rearview Camera

You might have great parking skills, but with the Rearview Camera, they're unrivaled. When you shift into Reverse, the camera displays a live colour image on the in-dash display, along with guidelines to assist you in parking manoeuvres.

4 Navigation System

To find the best route, opt for the voice-activated navigation system,^{2,7} offering simple turn-by-turn directions on an easy-to-use 8.0-inch touchscreen.

¹ Sport and Sport-tech trims only. Please see your retailer for more details. ² Sport-tech trims only. ³ Available on select trims. Please see your retailer for more details. ⁴ Apple CarPlay[®] is a registered trademark of Apple Inc.[†] ⁵ Android™ is a trademark of Google LLC.[†] ⁶ Compatible smartphone and applications required. Data provided by smartphone is displayed on the audio system screen. Some provinces prohibit the operation of handheld electronic devices while operating a vehicle. Smartphone apps should be launched only when vehicle is safely parked. Your wireless carrier's rates may apply. ⁷ Driver is always responsible for safe and attentive driving. Please refrain from operating the touchscreen while driving. Package communications fee may be charged depending on your area.

The perfect complement to the perfect day.

To ambitious people, cargo matters. For work or play, the Impreza offers ample space to accommodate everything you'll need for the things you love doing. With this kind of utility, the Impreza pushes you to get the most out of every opportunity, so you'll spend less time planning and more time doing.

Luggage space (4-door)

The 4-door model includes a spacious and practical luggage compartment with a wide opening to maximize your active lifestyle. Fold down the rear seats for a range of different layout options.

Luggage space (5-door)

The luggage space on the 5-door model is especially easy to use. With a large opening and wide compartment, the 5-door model's 1565 litres of cargo volume¹ will accommodate a full day on the move.

¹ With rear seatback folded.

Subaru Core Technology

Subaru's core technologies define the Subaru brand and give you the unique driving feel you can find only in a Subaru. These core systems allow Subaru vehicles to live up to their standards in performance, comfort and safety while keeping their promises: to deliver enjoyment and peace of mind to all passengers.

01

SUBARU BOXER® Engine

A boxer engine, or a horizontally opposed engine, is an engine configuration in which the pistons move toward each other in a horizontal direction. Subaru has been solely committed to the SUBARU BOXER® engine for over 50 years due to its many advantages over other engine types, including low centre of gravity and durability.

Long-lasting Performance

Inherently rigid and self-balancing, there's less vibration and more durability than other engine types.

Increased Stability

The low centre of gravity and flat design give it better side-to-side stability than other engine types.

02

Subaru Symmetrical Full-Time All-Wheel Drive (AWD)

Subaru Symmetrical Full-Time All-Wheel Drive efficiently distributes power to all wheels for better traction on wet and slippery roads. Laid out in a horizontally symmetrical plane, the system is well-balanced side-to-side, allowing for better optimized suspension designs and providing a more stable and safer ride.

03

Lineartronic® CVT + Active Torque Split AWD

The available Lineartronic® CVT in the Impreza continually adjusts to any ratio in its range, keeping the engine in its optimal power band for efficient and smooth acceleration, driving performance and fuel efficiency that rivals that of two-wheel drive competitors. It comes paired with Subaru's active torque split AWD system. Its default torque of 60% front and 40% rear is adjusted up to a 50/50 split in response to real-time traction conditions.

04

Subaru Global Platform

The Subaru Global Platform (SGP) sets high standards for both safety and performance. Its rigid construction is designed to protect you and your passengers while delivering the driving feel you can find only in a Subaru.

Stability

The inherent chassis rigidity and responsive suspension provide exceptional handling dynamics and a low centre of gravity, allowing the car to grip the road surface for enhanced drivability.

Reduced Noise / Vibrations

The strong frame structure and joints allow for substantial torsional rigidity. SGP works to dampen vibrations throughout the body, including the cabin.

Ride Comfort

The suspension system absorbs shocks on uneven roads without overly flexing the body. The available rear stabilizers¹ have been mounted directly on the chassis, reducing body roll and vibrations for improved ride comfort and more control.

An extra set of eyes every time you drive.

EyeSight® Driver Assist Technology¹ integrates multiple safety and convenience features so you'll always feel comfortable and protected, wherever you go. EyeSight® gives you a virtual second pair of eyes on the road that can warn you of potential danger ahead and even apply the brakes if necessary. It's a vigilant safety feature that gives peace of mind to every drive. Once you experience it, driving will never be the same.

Pre-Collision Braking

A driver ahead unexpectedly hits the brakes or cuts you off. EyeSight® warns you, applies brakes and, at lower speeds, can even help you stop your Subaru.

Adaptive Cruise Control

Traffic doesn't always flow smoothly, so EyeSight® doesn't only keep a set speed. The system looks ahead and helps automatically adjust to keep your speed and distance, even in stop-and-go traffic.

Pre-Collision Throttle Management

If you put the car in Drive instead of Reverse and EyeSight® sees an object in your path, it reduces throttle sensitivity to help you avoid accelerating into it.

Lane Departure and Sway Warning with Lane Keep Assist

You accidentally drift to the edge of your lane and begin to cross into another. EyeSight® watches for lane markers and chimes to warn you, and it can even apply gentle steering inputs to help keep you in your lane.

¹ EyeSight® is a driver assist technology, which may not operate optimally under all driving conditions. The driver is always responsible for safe and attentive driving. System effectiveness depends on many factors such as vehicle maintenance, weather, and road conditions. The Pre-Collision Braking System is designed to provide automatic braking that either prevents a collision or reduces the severity of a frontal impact. Pre-Collision Throttle Management is designed to reduce acceleration and minimize the severity of certain frontal impacts. The Lane Departure and Sway Warning, and Lane Keep Assist operate only when the lane markings are visible, and its effectiveness depends on many factors. See Owner's Manual for complete details on system operation and limitations.

Thinking ahead. Even before you do.

Enhanced safety.

Ready for what may come, the Impreza enhances peace of mind with a number of advanced active safety systems. You have extra awareness with the standard Rearview Camera, reliable protection with the rigid Ring-shaped Reinforcement Frame, and reassurance with seven standard airbags.¹ Available safety features include Reverse Automatic Braking^{2,3} as well as LED Steering Responsive Headlights (SRH) with High Beam Assist (HBA)² to help give you maximum visibility at all times.

Blind-Spot Detection

Using radar sensors, Blind-Spot Detection^{2,4} warns you with a visual indicator on your side mirror if the system detects a vehicle in your blind spot. Another feature of this system, Lane Change Assist, alerts you with a flashing indicator on your side mirror if it senses a vehicle approaching at a higher speed in a neighbouring lane.

Rear Cross-Traffic Alert

Rear Cross-Traffic Alert^{2,4} uses radar sensors to help warn you of traffic approaching from the side as you are backing up, utilizing a flashing visual indicator on your side mirror and Rearview Camera display as well as an audible warning.

1 Always wear seatbelts. Children should be properly restrained in the rear seat. 2 Availability varies by trim level. See your retailer for details. 3 Requires EyeSight.® The Reverse Automatic Braking System is not a substitute for safe and attentive driving. System effectiveness depends on many factors, such as vehicle maintenance, weather, and road conditions. Always exercise caution and use vehicle mirrors and the Rearview Camera when backing up. See Owner's Manual for complete details on system operation and limitations. 4 Blind-Spot Detection, Lane Change Assist, and Rear Cross-Traffic Alert are systems designed to assist the driver by monitoring the rear and side areas of the vehicle during a lane change or reversing and are not a substitute for safe and attentive driving. 5 Activation with subscription required.

Reverse Automatic Braking

Reverse Automatic Braking^{2,3} can detect objects directly behind your vehicle when backing up at a low speed and can help bring the Impreza to a stop should an object be detected within its range and the driver fails to act. There's also the Rearview Camera to help you keep an eye out.

SUBARU STARLINK® Connected Services

The Impreza features next-generation SUBARU STARLINK® Connected Services technology,^{2,5} bringing you added safety, security and convenience. It can alert a first responder in an emergency, help police locate your vehicle if it's stolen and more. And to get you started, new Impreza drivers enjoy a free three-year SUBARU STARLINK® Connected Services subscription, which includes Advanced Automatic Collision Notification, Enhanced Roadside Assistance, SOS Emergency Assistance, and customizable vehicle alerts. It's control when you want it—and help when you need it.

Convenience 4-door and 5-door

- 152-hp 2.0-litre 4-cylinder SUBARU BOXER® engine with direct injection
- Subaru Symmetrical Full-Time All-Wheel Drive
- 5-speed manual transmission (5-door) or optional Lineartronic® Continuously Variable Transmission (CVT) (standard on 4-door)
- 16-inch steel wheels with covers
- Halogen fog lights
- Power-adjustable, heated, body-colour exterior mirrors
- Cloth upholstery
- 6-way manually adjustable driver seat. 4-way manually adjustable front-passenger seat
- Manually adjustable air conditioning system with air filtration
- One-touch turn signal
- Information display
- Electronic cruise control
- Rearview Camera
- 6.5-inch infotainment system: AM/FM/MP3/WMA audio system with high-resolution touchscreen display, Apple CarPlay®,^{4,6} Android™ Auto,^{5,6} STARLINK® smartphone integration (including Aha™ radio),⁶ 4 speakers, USB port/iPod®⁴ control, auxiliary audio input, steering wheel-integrated controls, Bluetooth®⁷ mobile phone connectivity with voice activation and Bluetooth®⁷ streaming audio
- Convenience with EyeSight®: Includes EyeSight® Driver Assist Technology,⁸ Lineartronic® CVT, and SI-DRIVE

Sport 4-door and 5-door

Includes Touring key features and adds/upgrades:

- 17-inch aluminum-alloy wheels
- LED Steering Responsive Headlights (SRH)
- Side sill spoiler
- Power tilting and sliding glass sunroof
- Premium cloth upholstery
- Power driver seat
- Aluminum pedals
- Subaru Rear/Side Vehicle Detection (SRVD) with Blind-Spot Detection (BSD) with Lane Change Assist (LCA) and Rear Cross-Traffic Alert (RCTA)¹¹
- 8.0-inch infotainment system: AM/FM/CD/MP3/WMA audio system with high-resolution touchscreen display, Apple CarPlay®,^{4,6} Android™ Auto,^{5,6} STARLINK® smartphone integration (including Aha™ radio),⁶ 6 speakers, dual USB port/iPod®⁴ control, auxiliary audio input, steering wheel-integrated controls, Bluetooth®⁷ mobile phone connectivity with voice activation and Bluetooth®⁷ streaming audio, and SiriusXM® Satellite Radio⁹ with Advanced Audio Features (Optional Services)
- Dual USB charge ports in centre console
- Sport with EyeSight®: Includes EyeSight® Driver Assist Technology,⁸ Lineartronic® CVT with steering wheel-mounted paddle shifters, Reverse Automatic Braking (RAB),¹² High Beam Assist (HBA), and SI-DRIVE

Touring 4-door and 5-door

Includes Convenience key features and adds/upgrades:

- 16-inch aluminum-alloy wheels
- Proximity Key with Push-button Start
- LED fog lights
- Auto-on/off headlights
- Leather-wrapped steering wheel
- Automatic climate control
- Heated steering wheel
- Dual-mode heated front seats
- Windshield wiper de-icer
- Rear-seat centre armrest with cupholders
- SiriusXM® Satellite Radio⁹ with Advanced Audio features
- CD player
- Dual USB input ports/iPod®⁴ control
- SUBARU STARLINK® Connected Services¹⁰ (free 3-year trial subscription included)
- 6 speakers
- Gauge cluster with colour LCD display
- 6.3-inch colour multifunction display
- Cargo-area tonneau cover (5-door)
- Touring with EyeSight®: Includes EyeSight® Driver Assist Technology,⁸ Lineartronic® CVT with steering wheel-mounted paddle shifters, and SI-DRIVE

Sport-tech with EyeSight® 4-door and 5-door

Includes Sport with EyeSight® key features and adds/upgrades:

- 18-inch aluminum-alloy wheels
- Sport-tuned suspension
- Active Torque Vectoring
- Body-colour exterior mirrors with integrated LED turn signals
- Rear wing spoiler (4-door)
- Leather-trimmed upholstery
- Dual-zone automatic climate control system
- 8-speaker, 432-watt-equivalent Harman Kardon®¹³ GreenEdge®¹³ premium audio system
- 8.0-inch infotainment system with navigation: AM/FM/CD/MP3/WMA audio system with high-resolution capacitive touchscreen display with GPS navigation system, Apple CarPlay®,^{4,6} Android™ Auto,^{5,6} STARLINK® smartphone integration (including Aha™ radio),⁶ dual USB port/iPod®⁴ control, auxiliary audio input, SMS text messaging capability, Bluetooth®⁷ mobile phone connectivity with voice activation and Bluetooth®⁷ streaming audio, and SiriusXM® Satellite Radio⁹ with Advanced Audio Features, Traffic,⁹ and Travel Link®⁹ (Optional Services)

Subaru vehicles are uniquely designed to get out there more and to leave less behind. We build our vehicles for maximum longevity, because more time spent on the road equals less time spent in junkyards and landfills. In fact, 96.7% of our vehicles sold in Canada over the last 10 years are still on the road today.¹ You'll also find very little waste created in the production of a Subaru. Many of our vehicles are built in the Subaru of Indiana Automotive, Inc., (SIA) factory, which was the first manufacturing facility in the U.S. to achieve zero-landfill status. Other Subaru facilities around the world now achieve similar goals in helping to preserve the environment. Respect for our surroundings is yet another way that Subaru vehicles help to build driver confidence for the road ahead.

¹ Based on IHS Markit Vehicles in Operation as of June 30, 2020, for Model Years 2011 to 2020 vs. Total New Registrations of those vehicles.

For a detailed list of specifications, features, accessories, and model comparisons, please visit Subaru.ca or your nearest authorized Subaru Retailer.

The Supplemental Restraint System (SRS airbags) affords the driver and passenger additional protection in some collisions. This system provides supplemental protection only, and seatbelts must be worn in order to avoid injuries to out-of-position occupants upon airbag deployment. The combination of SRS and seatbelts provides the best protection in a serious accident.
