AVALON

TOYOTA

AT TOYOTA WE'RE MORE THAN JUST A CAR COMPANY.

WE'RE A PARTNER IN THE JOURNEY TO LIVE YOUR MOST FULFILLING LIFE.

We give you the tools you need to achieve your full potential by designing our vehicles with purpose. To be as dynamic as the life you've always envisioned yourself living.

And we don't stop at meticulously designed, quality vehicles. We're pioneering alternative fuels, improving human movement, and creating meaningful community partnerships, like the one we have with our Olympic and Paralympic athletes. These initiatives demonstrate our determination to give everyone the ability to move freely through a world with constantly evolving mobility challenges, enriching that world in the process.

Alone, just a car. Together, so much more.

RESTYLED. REFINED. REMARKABLE.

THE ALL-NEW 2019 AVALON. STUNNING IN EVERY POSSIBLE WAY.

The all-new 2019 Avalon has been completely restyled, making it perhaps the most beautiful Toyota ever. And that beauty isn't skin deep. Beyond the stunning lines, you'll find a host of intuitive state-of-the-art technology that elevates your day-to-day drive, including improved driving dynamics that deliver a remarkably responsive and control ride. Whether you're considering the bold Limited, or the sport inspired XSE, the 2019 Avalon can take you wherever you want to go, in style and comfort.

DARING IN EVERY DETAIL.

THE MOST COMFORTABLE, RESPONSIVE AVALON EVER.

The all-new Avalon has been designed to be smarter and more rewarding by delivering a higher level of both handling and ride comfort. The lower, wider and longer platform gives you confidence in every turn, while the available steering wheel-mounted paddle shifters provide responsiveness by allowing you to shift gears manually. But it's more than just the drive that will give you goosebumps. Inside the expansive cabin you're surrounded by premium craftsmanship and authentic materials that you can feel and see, including premium leather wrapped steering wheel and seats, available real wood trim, and available Cognac leather interior with unique perforation pattern and two-tone quilted stitching. In short, it's smart in every respect.

entune 3.0 SYSTEM¹

The 9-in multimedia touch-screen display features a host of smart technologies, including App Suite Connect,² Safety Connect^{®3} and available Destination Assist,⁴ to help you connect with the people, places, and things that matter to you most.

APPLE CARPLAY™

A Toyota first, Avalon offers Apple CarPlay™⁵ support as a standard feature. Connect your compatible iPhone^{®5} and get directions, make calls, send and receive messages, and listen to your own playlist with your voice through Siri and the 9" touch-screen — all while maintaining focus on your drive.

QI WIRELESS CHARGING

No wires. No worry. Simply place your Qi compatible device on the available Qi wireless charger for a quick and easy charge. For more convenience, four USB 2.0 ports let anyone find a connection from any seat.

JBL® AUDIO SYSTEM

Experience the sound of luxury through Avalon's available JBL® with Clari-Fi™ audio system. With its 1200 watts, 14-speakers, 7.1-channel surround sound, and high-quality hardware, software, and structural engineering, phenomenal sound is delivered to amp up every drive.

SAFETY NEVER LOOKED SO GOOD.

STANDARD TOYOTA SAFETY SENSE™ (TSS-P)⁶

No matter what roads you travel, Toyota Safety Sense™ is always there to keep you as safe as possible. It's an advanced suite of innovative safety features that comes standard on the 2019 Avalon, and it is designed to help protect drivers, passengers, pedestrians, and people in other vehicles from harm.

DYNAMIC RADAR CRUISE CONTROL⁷

Using forward sensing radar technology, the system can automatically adjust vehicle speed to help maintain a preset following distance between you and the vehicle directly in front of you.

LANE DEPARTURE ALERT WITH STEERING ASSIST⁸

Alerts you if you start to drift out of your lane when visible lane markings are detected. The Steering Assist function may also provide small corrective steering inputs.

PRE-COLLISION SYSTEM WITH PEDESTRIAN DETECTION⁹

Provides collision avoidance or collision mitigation support in speed ranges where frontal collisions are likely to occur. In certain conditions, the Pre-Collision System with Pedestrian Detection may also help to detect pedestrians and help prevent or mitigate a collision.

AUTOMATIC HIGH BEAMS¹⁰

Designed to detect oncoming and preceding vehicles' lights and depending upon the circumstances, Automatic High Beams can switch between high and low beams for you.

AVALON SELECT FEATURES

XSE

DRIVETRAIN

- 3.5 Litre, V6 Engine with 301 hp @ 6600 rpm & 267 lb.ft. of Torque @ 4700 rpm

WARRANTY

No deductibles. No transfer fees.

COMPREHENSIVE COVERAGE 3 YEARS OR 60,000 KM

This warranty includes 24 hour Roadside Assistance and other benefits, as well as coverage of repairs on any part of the vehicle that is defective in material or workmanship under normal use and maintenance. Different warranties apply to original tires.

POWERTRAIN COMPONENTS 5 YEARS OR 100,000 KM

This warranty covers repairs to powertrain components that are defective in material or workmanship under normal use and maintenance.

MAJOR EMISSION CONTROL COMPONENTS 8 YEARS OR 130,000 KM

This warranty covers repairs to specified major emission components that are defective in material or workmanship under normal use and maintenance.

CORROSION PERFORATION 5 YEARS/UNLIMITED DISTANCE

This warranty covers any sheet metal found, under normal use, to have developed a perforation from corrosion due to defects in material or workmanship.

DISCLAIMERS

(1) Services are dependent upon connection to a compatible wireless network. The current compatible 3G GSM/GPRS cellular network is provided by a third-party wireless service provider. Toyota is not responsible for cellular network discontinuance. (2) Select Toyota Entune™ App Suite apps use a large amount of data and you are responsible for all data charges. Apps and services vary by phone and carrier; not all services are available all the time and in all locations, and are subject to change. (3) Contact with Safety Connect® response centre is dependent upon the telematics device being in operative condition, cellular connectivity availability, and navigation map data and GPS satellite signal reception, which can limit the ability to reach the response centre or receive emergency support. Once the trial subscription expires, enrollment and Telematics Subscription Service Agreement required. A variety of subscription terms are available; charges vary by subscription term selected. (4) Be sure to obey traffic regulations and maintain awareness of road and traffic conditions at all times. Availability & accuracy of the information provided by Destination Assist are dependent upon many factors. Use common sense when relying on information provided. Services and programming subject to change. Services not available in every city or roadway. (5) Apple CarPlay™ and iPhone® is a trademark of Apple Inc. (6) Drivers should always be responsible for their own safe driving. Please always pay attention to your surroundings and drive safely. Depending on the conditions of roads, vehicles, weather, etc., the TSS systems may not work as intended. (7) Dynamic Radar Cruise Control is designed to assist the driver and is not a collision-avoidance system or a substitute for safe and attentive driving practices. System effectiveness depends on many factors such as weather, traffic and road conditions. (8) Lane Departure Alert with Steering Assist is designed to read lane markers under certain conditions and provide visual and audible alerts and slight steering force when lane departure is detected. It is not a collision-avoidance system or a substitute for safe and attentive driving. (9) The TSS Pre-Collision System is designed to help avoid or reduce the impact speed and damage in certain frontal collisions only. The Pedestrian Detection system is designed to detect a pedestrian ahead of the vehicle, determine if impact is imminent and help reduce impact speed. It is not a substitute for safe and attentive driving. System effectiveness depends on many factors, such as speed, size and position of pedestrians, driver input and weather, light and road conditions. (10) Automatic High Beam system operates at speeds above approximately 34 km/h. Factors such as a dirty windshield, variable weather, lighting conditions and hilly terrain will limit effectiveness, requiring the driver to manually turn it off. (11) Fuel efficiency estimates were determined using approved Government of Canada Test Methods. Actual fuel consumption will vary based on driving habits and other factors.

Details on the above features can be found in the Owner's Manual or contact your local Toyota Dealer

Toyota Canada Inc. Every effort has been made to ensure the specifications and equipment shown are accurate based on information available at time of printing. In some cases, certain changes in production capacity, standard equipment, options or product delays may occur which would not be reflected in this brochure. Toyota Canada Inc. reserves the right to make these changes without notice or obligation. The Toyota website toyota.ca – or your Toyota Dealer is your best source for up-to-date information.
