

2020

CAMRY

TOYOTA

AT TOYOTA, WE'RE MORE THAN JUST A CAR COMPANY

WE'RE A PARTNER IN THE JOURNEY TO LIVE YOUR MOST FULFILLING LIFE.

We give you the tools you need to achieve your full potential by designing our vehicles with purpose. To be as dynamic as the life you've always envisioned yourself living.

And we don't stop at meticulously designed, quality vehicles. We're pioneering alternative fuels, improving human movement, and creating meaningful community partnerships, like the one we have with our Olympic and Paralympic athletes. These initiatives demonstrate our determination to give everyone the ability to move freely through a world with constantly evolving mobility challenges, enriching that world in the process.

Alone, just a car. Together, so much more.

BUILT FOR THE REAL YOU

BEAUTIFUL IN WAYS YOU CAN'T EVEN IMAGINE.

Everything about the 2020 Toyota Camry has been designed to help you get the most out of every road you travel. From its sleek, sophisticated lines, to its powerful and engaging drive, right down to the smart, thoughtful technologies that are seamlessly integrated throughout. The Camry leaves you with one distinct impression: this car is destined to bring you so much more.

CAMRY. FROM EVERY ANGLE, IT'S SO MUCH MORE.

The 2020 Camry features sweeping curves and chiselled surfaces that aren't just for looks; they actually help redirect airflow to enhance efficiency and performance. From its aggressive front grille to its elegantly sculpted silhouette, the stunning style and craftsmanship are almost too beautiful to resist. If you're looking for a little edge, the XSE, SE, and TRD V6 models feature a sleek, lower roofline, gloss black sports grille, and rear spoiler, while the Nightshade Special Edition includes aggressive 18-inch black wheels, black accents and exclusive badging.

PUTTING YOU FRONT AND CENTRE

THE DRIVER'S SEAT NEVER FELT BETTER.

As stunning as the Camry looks from the outside, you'll be floored by how it feels on the inside. Graceful, fluid interior lines made of refined materials, creating a driver-oriented cockpit that literally wraps around you. In fact, you could say that it fits both your needs and desires. The seats are distinctively shaped with available leather trim and contrast stitching, and placed lower to create a generous interior space. The rear seats even feature the same dynamic and supportive design as the front seats. Such finely crafted details put a premium on everyone's comfort.

HYBRID INTERIOR.

Camry Hybrid's inviting interior surrounds you with fine details such as the LE's layered wood accents and the SE's metallic trim for those looking for a sportier feel. Personalize any trip with a host of smart tech that offers important information to help improve your driving habits and overall ride comfort.

TECH THAT TAKES YOU FURTHER

7-INCH COLOUR MULTI-INFORMATION DISPLAY

The available 7-inch Multi-Information Display presents turn-by-turn directions, safety info and alerts right where you want them. It will also display your current and average fuel economy, and audio presets.

APPLE CARPLAY™1

Camry offers Apple CarPlay™ support as a standard feature. Connect your compatible iPhone® and get directions, make calls, send and receive messages, and listen to your own playlist with your voice through Siri® or the steering wheel controls – all while maintaining focus on your drive.

ANDROID AUTO™1

Android Auto™ brings your favourite smartphone apps into one place, making it easy to access navigation, media, and communication apps. With the Google Assistant™, you can perform actions with your voice, keeping your eyes on the road and your hands on the wheel.

ENERGY MONITOR

Tracking your efficiency is easy with Camry Hybrid's energy monitor. As driving conditions change, the monitor uses both the multimedia display and available Head-Up Display to show you how power is being routed to the drive wheels or how otherwise wasted energy is captured to charge the battery.

GO THE DISTANCE

The 2020 Camry injects a level of driving excitement into the category. Its strong, lightweight body offers exceptional handling, while its low wide stance delivers a responsive feel that puts you in command of the vehicle and the road. The multi-link rear suspension delivers a smooth ride and sharp handling so you can take on any trip, from crosstown to cross-country. And whether you choose the 3.5-litre V6, the 2.5-litre 4-cylinder gasoline engine, or Camry Hybrid's 2.5-litre engine, you get remarkable power, enhanced fuel efficiency, and exceptional driving response to conquer every twist and turn.

DISCOVER A RIDE LIKE NO OTHER

ALL-WHEEL DRIVE

For driving on Canadian roads, Camry is equipped with an available Dynamic Torque Control AWD system that distributes engine power from front-to-rear, giving the driver maximum control on a variety of surfaces.

PADDLE SHIFTERS

When the drive takes a spirited turn, Camry's available steering wheel-mounted paddle shifters give you the power to shift gears manually for a more controlled experience. They make extremely fast shifts possible with a precise, responsive feel.

SPORT/ECO/EV MODE

Camry Hybrid's Sport Mode improves throttle response, while ECO Mode adjusts throttle input to maximize efficiency. EV Mode enables electric driving to help reduce noise and emissions. More choices give you a more customized drive.

The logo features a stylized blue and yellow diamond shape with the text "Toyota Safety Sense" in white.

Toyota
Safety
Sense

SMART SAFETY

STANDARD TOYOTA SAFETY SENSE™ (TSS-P).²

No matter what roads you travel, Toyota Safety Sense™ is always there to help keep you as safe as possible. It's an advanced suite of innovative safety features that comes standard on the 2020 Camry and it is designed to help protect drivers, passengers, pedestrians, and people in other vehicles from harm.

PRE-COLLISION SYSTEM WITH PEDESTRIAN³

Provides collision avoidance or collision mitigation support in speed ranges where frontal collisions are likely to occur. In certain conditions, the Pre-Collision System with Pedestrian Detection may also help to detect pedestrians and help prevent or mitigate a collision.

AUTOMATIC HIGH BEAMS⁴

Designed to detect oncoming and preceding vehicles' lights and depending upon the circumstances, Automatic High Beams can switch between high and low beams for you.

DYNAMIC RADAR CRUISE CONTROL⁵

Using forward sensing radar technology, the system can automatically adjust vehicle speed to help maintain a preset following distance between you and the vehicle directly in front of you.

LANE DEPARTURE ALERT WITH STEERING ASSIST⁶

Alerts you if you start to drift out of your lane when visible lane markings are detected. The Steering Assist function may also provide small corrective steering inputs.

CAMRY SELECT FEATURES

BASE/LE

DRIVETRAIN

- 2.5 Litre, 4-Cylinder, with 203 hp @ 6600 rpm & 184 lb.ft. of Torque @ 5000 rpm
- Variable Valve Timing with Intelligence on Exhaust Cam, Electronic Throttle Control System with Intelligence, Direct-Injection 4-Stroke Gasoline Engine, Cooled Exhaust Gas Recirculation System, Stainless Steel Exhaust System
- 8-Speed Direct Shift, Automatic Transmission, Sequential Shift Mode
- Combined City & Highway Rating 7.4 L/100 km 38 mpg⁷

ENTERTAINMENT & CONNECTIVITY

- Connected Services by Toyota¹ – Audio: 7" Touch Screen, 6-Speakers, Works with Apple CarPlay™ & Android Auto™
- USB Input Ports, Auxiliary Input Jack, Bluetooth®
- 4.2" TFT Multi-Information Display, Backup Camera

INTERIOR

- Fabric Seat Material
- Manual Adjustable 6-Way Driver Seat (BASE), Heated Front Seats & Power Adjustable 8-Way Driver Seat (LE)
- 60/40 Split Rear Bench Seat with Fold-Down Seat Back
- Keyless Entry with Trunk Release

EXTERIOR

- Power-Adjustable Foldable Heated Mirrors with Integrated Signal Lamps
- Front & Rear Splash Guards
- Automatic Headlamp System
- LED Headlamps, LED Rear Combination Lamps
- 16" Steel Wheels & P205/65R16 Full Wheel Covers (BASE), 17" Aluminum Alloy Wheels & P215/55R17 (LE), All-Season Tires

SAFETY

- Toyota Safety Sense™ (TSS-P): Dynamic Radar Cruise Control (Above 40 km/h)
- Star Safety System™
- 10 Airbags
- Hill-start Assist Control
- Tire Pressure Monitoring System

LE AWD

Adds to or replaces features offered on LE

- Dynamic Torque Control All Wheel Drive
- Combined City & Highway Rating 8.2 L/100 km 34 mpg⁷
- Electric Parking Brake System
- 7" TFT Multi-Information Display

OPTIONAL

BASE/LE – COMFORT PACKAGE

- Heated Front Passenger Seats

LE – UPGRADE PACKAGE

- Connected Services by Toyota¹ – Audio Plus with Remote includes Audio features in addition to: 8" Touch Screen, 6-Speakers, Service Connect (10 Year Subscription) includes – Vehicle Health Reports, Warning Light Notification, Maintenance Interval; Remote Connect (1 Year Subscription) includes – Engine Start/Stop, Door Lock/Unlock, Last Parked Location, Guest Driver Settings, Recent Trip, Status of Doors/Windows; Safety Connect® (1 Year Subscription) includes – Automatic Collision Notification, Stolen Vehicle Locator, Emergency Assistance Button, Enhanced Roadside Assistance
- Dual Zone Automatic Climate Control
- Back Guide Monitor Alert
- Blind Spot Monitor, Rear Cross-Traffic Alert
- Push Button Start, Smart Key System
- Qi Wireless Charging
- Auto-Dimming Rear View Mirror with HomeLink®

CAMRY SELECT FEATURES

WARRANTY

No deductibles. No transfer fees.

COMPREHENSIVE COVERAGE 3 YEARS OR 60,000 KM

This warranty includes 24 hour Roadside Assistance and other benefits, as well as coverage of repairs on any part of the vehicle that is defective in material or workmanship under normal use and maintenance. Different warranties apply to original tires.

POWERTRAIN COMPONENTS 5 YEARS OR 100,000 KM

This warranty covers repairs to powertrain components that are defective in material or workmanship under normal use and maintenance.

MAJOR EMISSION CONTROL COMPONENTS 8 YEARS OR 130,000 KM

This warranty covers repairs to specified major emission components that are defective in material or workmanship under normal use and maintenance.

CORROSION PERFORATION 5 YEARS/UNLIMITED DISTANCE

This warranty covers any sheet metal found, under normal use, to have developed a perforation from corrosion due to defects in material or workmanship.

HYBRID BATTERY 10 YEARS OR 240,000 KM

This warranty covers repairs to the hybrid battery that is defective in material or workmanship under normal use and maintenance.

HYBRID-RELATED COMPONENTS⁸ 8 YEARS OR 160,000 KM

This warranty covers repairs to hybrid-related components outside of the hybrid battery that are defective in material or workmanship under normal use and maintenance.

DISCLAIMERS

(1) Driving while distracted can result in loss of vehicle control. Some features may be locked out while the vehicle is in gear. To reduce risk of accident while driving, exercise care when using the systems (even with the voice commands) and obey all local laws concerning use of the systems while driving (as some laws prohibit the use of electronic devices while operating a vehicle). Once the Connected Services by Toyota trial subscription expires, paid enrollment is required. Apple CarPlay, iPhone and Siri are trademarks of Apple Inc. Android Auto and Google Assistant are trademarks of Google LLC. (2) Drivers should always be responsible for their own safe driving. Please always pay attention to your surroundings and drive safely. Depending on the conditions of roads, vehicles, weather, etc., the TSS systems may not work as intended. (3) The TSS Pre-Collision System is designed to help avoid or reduce the impact speed and damage in certain frontal collisions only. The Pedestrian Detection system is designed to detect a pedestrian ahead of the vehicle, determine if impact is imminent and help reduce impact speed. It is not a substitute for safe and attentive driving. System effectiveness depends on many factors, such as speed, size and position of pedestrians, driver input and weather, light and road conditions. (4) Automatic High Beam system operates at speeds above approximately 34 km/h. Factors such as a dirty windshield, variable weather, lighting conditions and hilly terrain will limit effectiveness, requiring the driver to manually turn it off. (5) Dynamic Radar Cruise Control is designed to assist the driver and is not a collision-avoidance system or a substitute for safe and attentive driving practices. System effectiveness depends on many factors such as weather, traffic and road conditions. (6) Lane Departure Alert with Steering Assist is designed to read lane markers under certain conditions and provide visual and audible alerts and slight steering force when lane departure is detected. It is not a collision-avoidance system or a substitute for safe and attentive driving. (7) Fuel efficiency estimates were determined using approved Government of Canada Test Methods. Actual fuel consumption will vary based on driving habits and other factors. (8) Includes: Battery Control Module, Hybrid Control Module, and Inverter with Converter.

Details on the above features can be found in the Owner's Manual or contact your local Toyota Dealer.

Toyota Canada Inc. Every effort has been made to ensure the specifications and equipment shown are accurate based on information available at time of printing. In some cases, certain changes in production capacity, standard equipment, options or product delays may occur which would not be reflected in this brochure.
