Volkswagen Golf 8

The icon that keeps evolving

The Golf 8 is here. Sportier, more dynamic, more intuitive and more responsive than ever before. Packed with pioneering technology, it features Volkswagen's most advanced connectivity and driver, and an all-new digital dashboard, representing the biggest technical leap forward in the history of the model.

the new development and design of the Golf will revolutionize the hatchback vehicle category with a shot of innovation.

Perfect proportions and striking lines lend the new Golf a strong presence and dynamic

Confident, eye-catching and striking, the Golf 8 is a truly modern hatchback: unmistakably Golf, but with innovative twists. The exterior has evolved to include a leaner front grille and narrow LED headlights for a clean, contemporary look, with an imposing bumper that sits lower to the ground for a more dynamic look and responsive performance. Inside, the focus is on design, function, comfort and personal Spece between lines here is more than the previous please align

The Golf is the most successful European car for more than four decades. A new chapter in the history of this best-seller begins with the eighth Golf generation – digitalised, connected, and intuitive to operate. Never before has a Golf been so progressive.

The Golf once again the favorite car of Germans and Europeans in 2020

Volkswagen

Golf 8

Displays and controls have been consistently digitalised so their functions are intuitive to use. The Golf is the first model in its price segment to feature a completely digital, high-end cockpit as standard
