The contents of this catalogue were accurate at the time of going to print (06/2014). We reserve the right to alter specifications and equipment at any time. Please consult your Opel dealer for the very latest information.

Explore your enthusiasm for creativity.

Crisp lines, flowing curves and perfect proportions – the Opel Antara has the most inspiring style in town. A taut, dynamic body with a strong, rugged backbone providing the perfect blend of complementary styles. Be inspired by your Opel Antara – wherever you want to drive.

Explore your appetite for independence.

Wherever you go, you always go your own way. Being different, but always with exceptional flair. Just like the Opel Antara, your perfect companion.

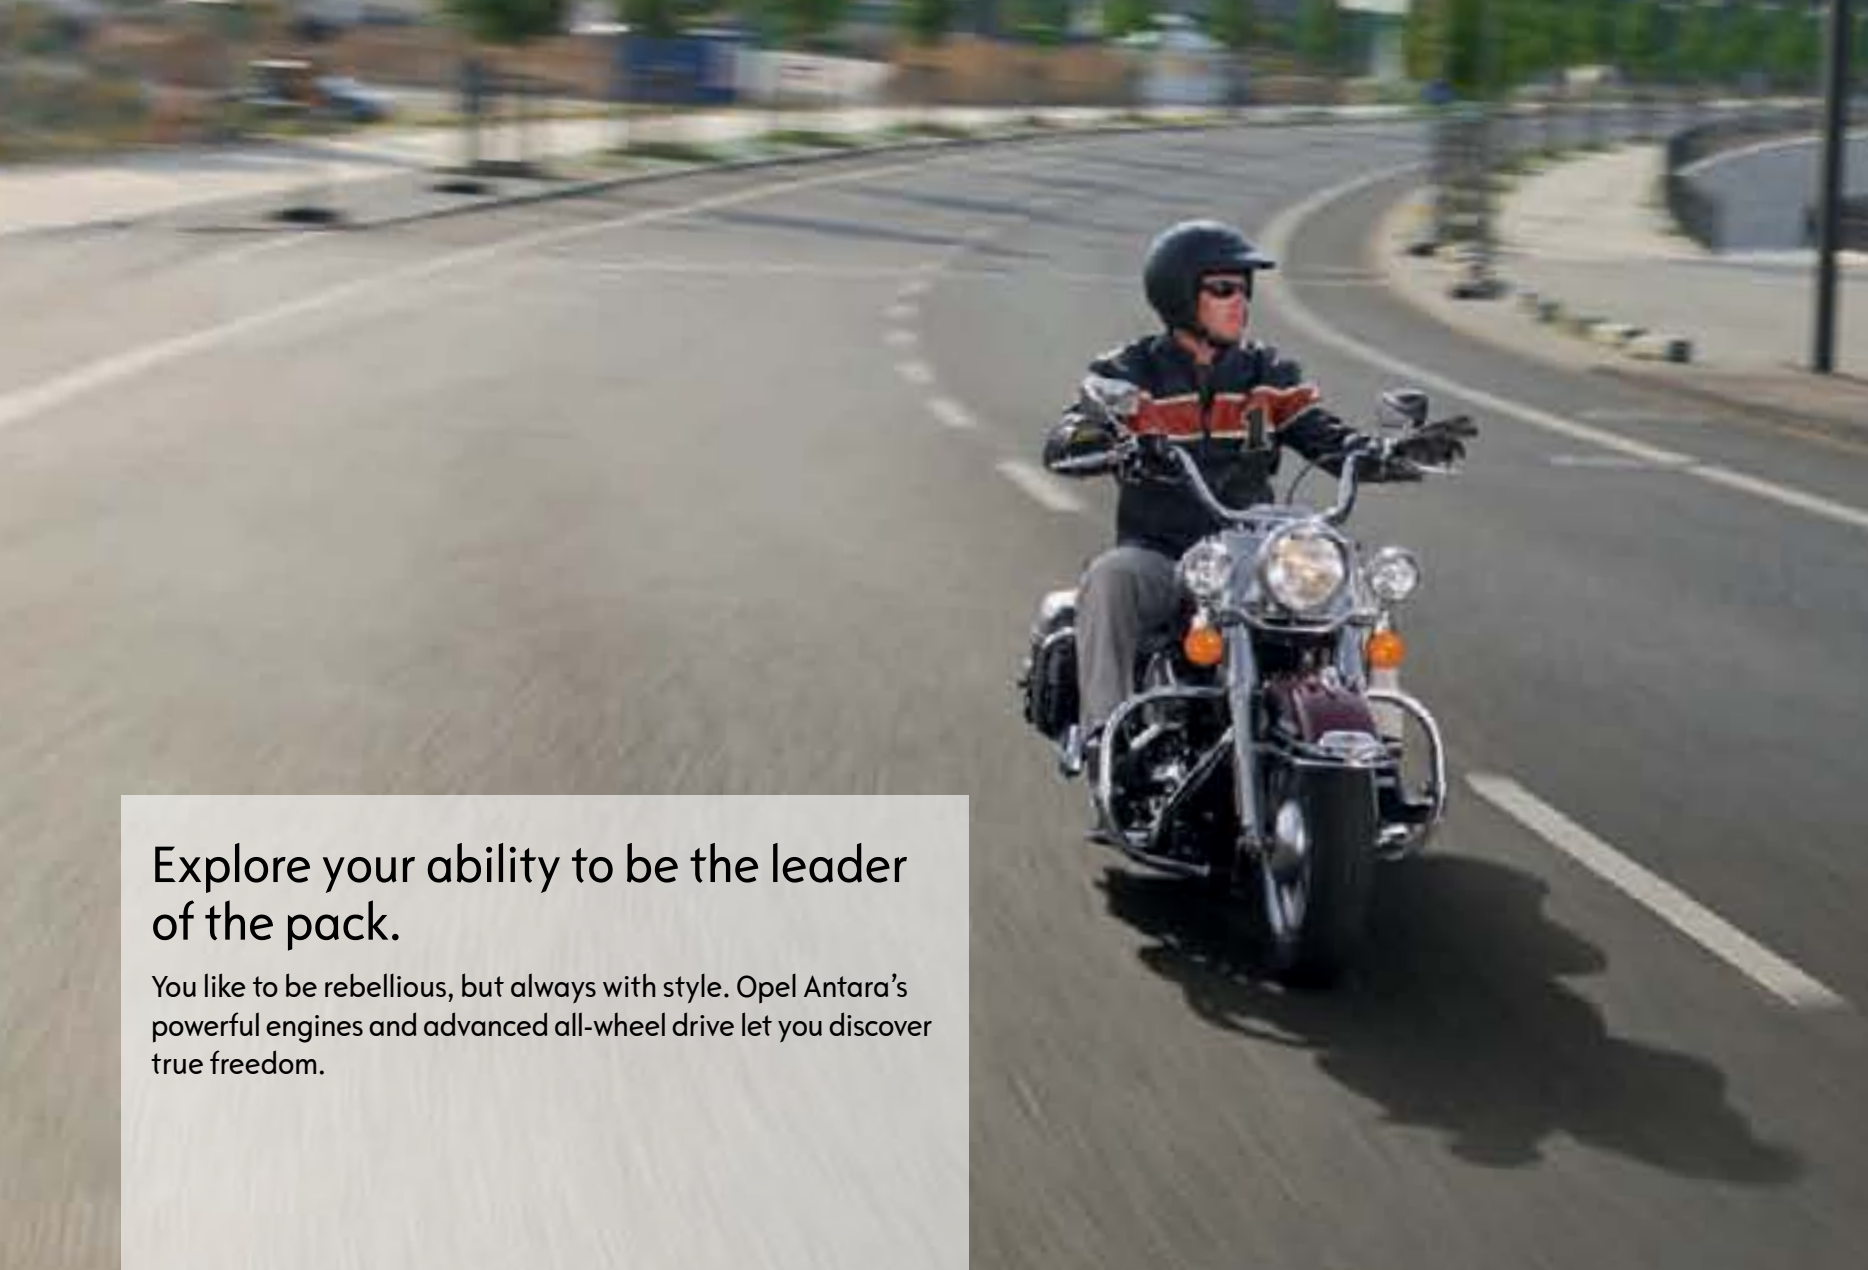

Explore your passion for the finer things in life.

Treat yourself to the premium comfort of Opel Antara. High-grade materials and quality workmanship combined in a breathtakingly attractive interior. Behind the wheel of the Opel Antara is the best place to be.

A person wearing a black helmet and jacket is riding a dark-colored motorcycle on a paved road that curves to the right. The motorcycle has a large headlight and orange turn signals. The background is slightly blurred, suggesting motion. The rider is positioned in the center-right of the frame.

Explore your ability to be the leader
of the pack.

You like to be rebellious, but always with style. Opel Antara's powerful engines and advanced all-wheel drive let you discover true freedom.

Opel Antara

The Antara experience starts here.

Standard main features:

- ESP®, ABS, TC, DCS
- Hill Start Assist (HSA)
- Fog lamps
- Front and side airbags, driver and co-driver
- Curtain airbags
- Airbag deactivation, co-driver
- Dual seat-belt pretensioners
- Smart seat-belt reminder
- ISOFIX attachment system, outer rear seats
- Tyre Pressure Monitoring System (TPMS)
- Tyre repair kit
- Electric parking brake
- Power windows, front and rear
- Power mirrors, heated
- Air conditioning
- CD 40 USB with Graphic Info Display (GID), USB, aux-in and Bluetooth®
- 12-V power outlets, front, rear and boot
- Centre console with armrest, front
- Underseat tray, co-driver
- Pocket on front seat backs
- Load compartment cover
- Folding and reclining rear seat backrest, 60 : 40 split
- Roof rails, silver
- Fabric Vicker/Morrocana, Jet Black
- Décor mouldings Hydrographic Midnight Single Bias
- Alloy wheels 7 J x 17

Picture may show optional equipment.

Opel Antara Enjoy Plus

Everything you need to experience the thrill of driving.

Additional features compared to Opel Antara:

- Dark tinted rear windows
- Trailer Stability Programme
- Dual-zone Electronic Climate Control (ECC)
- Automatic Lighting Control (ALC)
- Seat heating, front
- Leather steering wheel
- Leather gear shifter

Optional Enjoy Plus Comfort Pack (FWD and AWD)

- On-board computer
- Cruise control
- Park Pilot, front and rear
- Alloy wheels 7 J x 18
(standard on AWD only)

Picture may show optional equipment.

Opel Antara Cosmo

When you want to go beyond high:

- Electronically controlled all-wheel drive
- On-board computer
- Automatic levelling device
- Xenon headlamps with washer system standards.

Additional features compared to Opel Antara Enjoy Plus (for diesel engines only)

- Rain sensor
- Cruise control
- Start/Stop System
- Park Pilot, front and rear
- Rear seat centre armrest with storage
- Leather gear lever
- Heat-absorbing windscreen
- Illuminated make-up mirror in both sunshades
- Illuminated chrome door sill plates
- Chrome-plated outside door handles
- Chrome-plated exhaust tailpipe
- Leather Mondial – Jet Black, Light Titanium or Saddle Brown
- Décor mouldings Hydrographic Atari or Macchiato Burl
- Alloy wheels 7 J x 18, tyres 235/55 R 18

Optional Cosmo Comfort Pack 1 and 2

- Power outside mirrors, heated and electrically foldable
- Electrochromatic interior mirror and exterior mirror, driver's side
- Dumplatch co-driver's seat
- Alloy wheels 7 J x 19 (standard on Cosmo Comfort Pack 1 only)

Picture may show optional equipment.

Opel ECOTEC® engines have always combined leading technology with precision German engineering for excellent performance. The engines of the Opel Antara represent latest technologies, resulting in impressive performance combined with low consumption figures. Advanced engine and noise management techniques mean you'll experience a new smoothness, especially with the effortless automatic transmission, and really enjoy the whisper quiet way the flexible power is delivered.

The 2.4 ECOTEC® petrol engine produces 123 kW (167 hp), and for diesel devotees there are two 2.2 CDTI ECOTEC® choices, with 120 kW (163 hp) and 135 kW (184 hp) respectively, both with the efficient Opel Start/Stop System in combination with manual transmission.

Manual transmission. 6-speed manual transmission is available as standard on all engines.

Automatic transmission. 6-speed ActiveSelect® automatic transmission with fuel-saving eco mode is available for all engines.

Start/Stop System. A running engine in a stationary car consumes fuel and emits CO₂ emissions. Opel's Start/Stop System automatically stops the engine when the car comes to a standstill. The engine promptly restarts as soon as the clutch is engaged.

Consumption and emissions	front-wheel drive		all-wheel drive		
	2.4 ECOTEC® (123 kW/167 hp)	2.2 CDTI ECOTEC® with Start/Stop System (MT) (120 kW/163 hp)	2.4 ECOTEC® (123 kW/167 hp)	2.2 CDTI ECOTEC® with Start/Stop System (MT) (120 kW/163 hp)	2.2 CDTI ECOTEC® with Start/Stop System (MT) (135 kW/184 hp)
Emission standard	Euro 5	Euro 5	Euro 5	Euro 5	Euro 5
Transmission	MT-6	MT-6/AT-6	MT-6/AT-6	MT-6/AT-6	MT-6/AT-6
Fuel consumption in l/100 km ¹					
Urban	12.0	7.8/10.7	12.1/12.4	8.2/11.2	8.2/11.2
Extra-urban	7.0	5.4/6.8	7.4/7.5	5.8/7.1	5.8/7.1
Combined	8.8	6.4/8.2	9.0/9.3	6.7/8.5	6.7/8.5
CO ₂ emission combined in g/km ¹	206	167/217	212/216	177/225	177/225

¹ In acc. with regulation R (EC) No. 715/2007 (in the version respectively applicable). MT-6 = 6-speed manual transmission AT-6 = 6-speed automatic transmission

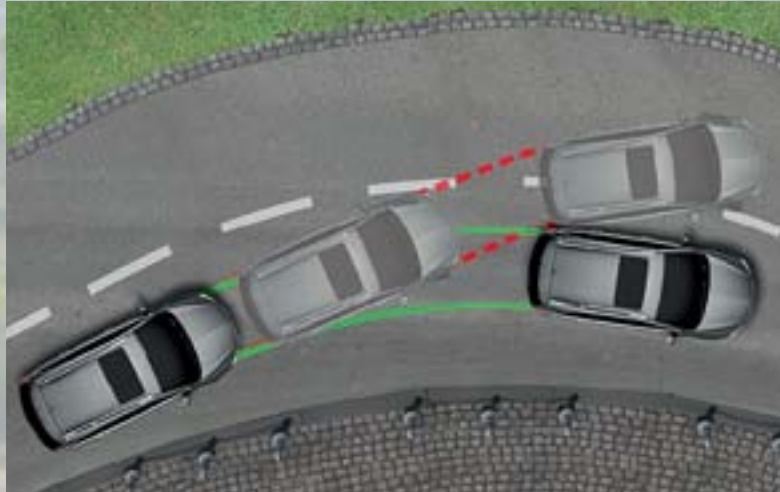

All information was accurate and up to date at the time of going to press. The company reserves the right to alter engine specifications at any time, which may influence the content of the shown data. Please consult your Opel dealer for the latest information. All figures quoted relate to the EU base model with standard equipment. Fuel consumption data and CO₂ emission data are determined according to regulation R (EC) No. 715/2007 (in the version respectively applicable), taking into consideration the vehicle weight in running order, as specified by the regulation. Additional equipment may lead to slightly higher results than the stated consumption and CO₂ figures. The figures for fuel consumption and CO₂ emissions do not relate to a specific vehicle and are not part of an offer. They are provided only for the purpose of comparison between different vehicle variants. Additional equipment may increase the weight of the vehicle when empty and in some cases the permissible axle weights as well as the permissible total weight of the vehicle and reduce the permissible towing weights. This may lead to a reduction in top speed and increased acceleration time. Driving performance figures assume a 75 kg driver plus a 125 kg load.

All-wheel drive. The Opel Antara can be equipped with an electronically controlled all-wheel drive drive train. In normal driving conditions the power is delivered to the front wheels. However in difficult or slippery conditions it will automatically engage the all-wheel drive, delivering the drive 50 : 50 front to rear, for optimal traction. Front-wheel drive is available for 2.4 petrol and 2.2 CDTI diesel engine with 120 kW (163 hp).

Descent Control System (DCS). The Opel Antara is fitted with an incline Descent Control System as standard equipment. Activating the DCS maintains a constant descent speed which is preselected via the accelerator pedal.

Electronic driving systems. The Opel Antara utilises highly developed electronic driver's support systems to enhance active safety.

In addition to its normal function the ABS also offers:

- Cornering Brake Control (CBC), which improves stability when braking in curves by reducing brake pressure on the inner wheels.
- Hydraulic Brake Assist (HBA), which automatically increases braking pressure when the driver steps heavily on the brake, progressively increasing the pressure to the maximum, thus dramatically reducing braking distance.

The Electronic Stability Program (ESP®) fitted to the Opel Antara includes standard Traction Control (TC) and Descent Control System (DCS) as well as Trailer Stability Programme and Hill Start Assist (HSA) that eases starting and eliminates rollback on gradients.

The perfect interplay of these systems with the intelligent all-wheel drive not only delivers a high degree of driving satisfaction and comfort, but also high reserves of active safety.

The key element of the SAFETEC® system in the Opel Antara is the extremely rigid passenger safety cell. This minimises mechanical deformation and preserves the maximum possible survival area under all accident conditions. In the event of a frontal collision, the energy is distributed over three distinct load paths. In low speed collisions, special deformable cells at the front and a monoblock system at the rear of the frame absorb the crash energy reducing repair costs.

Airbag system. The Opel Antara has front and side airbags as standard for the driver and front passenger, they work together with height-adjustable seat belts, with pretensioners, for exceptional front seat safety. Large volume curtain airbags offer additional protection for the front and outer rear seat passengers.

Automatic Lighting Control (ALC). Special sensors enable the car to adapt to light levels of the road ahead and will automatically activate dipped beam if necessary.

Dual front seat-belt pretensioners. Two pretensioners work in harmony to improve the comfort and safety of the front seat belts. Together with the ramped seats, they control the movement of the body to maximise the effectiveness of the airbags.

Tyre Pressure Monitoring System (TPMS). Loss of pressure is shown in the instrument display, and the respective tyre is shown in the Graphic Info Display (GID).

Passenger airbag deactivation. The front passenger airbag can be deactivated when a child seat is mounted.

Front lights. The standard fog lamps are recessed into the lower valence. Xenon headlamps, with dynamic height adjustment and high-pressure wash system, are optional.

Rain sensor. Sensor activated the rain sensor automatically activates the windscreen wipers when it detects rain. The wiper frequency is controlled by the density of the rain and the vehicle speed.

Tilt and telescope steering column. The steering column tilts and slides for extra driving comfort, also speed-sensitive power steering is standard.

Power seat. The optional 8-way power driver's seat of the Opel Antara allows for easy adjustment whilst driving.

Cruise control. The most economical and relaxing way to cover long distances, the cruise control is easy to set and deactivates under braking.

Electric parking brake. The electric parking brake is easy to apply and also has an automatic release function to ease driving off on slopes.

Park Pilot. Front and rear-mounted sensors activate an acoustic warning of potential parking hazards. The system can be switched off by a push button in the centre console.

Door to door illumination. See in the dark after parking your Opel Antara. Activate before locking the doors, and the headlights and reversing light remain illuminated for 30 seconds. (Without picture.)

Centre armrest. The centre console offers a comfortable armrest with handy storage space.

Front cupholders. For the driver and front passenger there are two cupholders in the centre floor console and a convenient open storage compartment.

Rear armrest with cupholders. The large fold-down rear armrest has a closed storage and two convenient cupholders for the back seat passengers.

Air conditioning. The standard manual air-conditioning system is equipped with an air recirculation function that rapidly increases the cooling power.

Quickheat. An electronically controlled rapid de-icing and heating system. It ensures good windscreen visibility and warm interior even shortly after a cold start. Standard with diesel engine.

Tilt and slide sunroof. The electric sunroof offers draught-free ventilation in tilt form. The control unit is comfortably reachable between the front reading lamps, it also features a holder for sunglasses.

Dual-zone Electronic Climate Control (ECC). Simply choose your temperature and relax, the electronic control keeps it constant. Dual-zone operation allows individual climate control for driver and front passenger.

Heated front seats. Oversized heating elements in the seat backs and cushions enable the front seats to reach a comfortable temperature in a very short time. There are three separate heat settings.

Roof spoiler. Elegant and efficient, the roof spoiler adds to the looks and aerodynamics of the Opel Antara.

Dumplatch front passenger seat. The optional dumplatch system allows the front passenger seat back to fold forward to accommodate extra long items. It is part of the Cosmo Comfort Pack.

FlexOrganizer® system. Opel Antara is pre-fitted with the mounting points for the FlexOrganizer® system. This ingenious load organiser features rails to which a variety of dividers, nets and other storage facilities can be attached.

Roof rails. Stylish, silver integral roof rails, which can take a wide range of practical roof carriers and accessories, are standard with Opel Antara.

Trailer hitch. The towing attachment is easily attached when needed or detached when not required. With standard Trailer Stability Program up from Enjoy Plus, the Opel Antara is the perfect choice for trailer operation.

Front floor console. The electric parking brake has freed useful space for the centre console. The armrest opens to reveal a capacious storage for journey needs and personal items.

FlexFix® system. Always on board, this innovative feature is concealed within the rear bumper. When extended two bikes can be quickly and easily attached thanks to the carrier's low height.

Touch & Connect. Multimedia navigation system with 5" touch-screen display and steering wheel control for easy, intuitive operation. The navigation data for 28 European countries is stored on an SD card and shown in 2-D or 3-D bird's eye view. TMC messages about traffic jams and diversions are automatically displayed and can be included in the route planning at any time for dynamic navigation. Integrated CD player with MP3 playback, audio with 4 x 20 W, and 7 premium speakers. Universally connectable via aux-in, USB with full control and browsing capability and Bluetooth® for hands-free calling and audio streaming with track information on display.

Graphic Info Display. Radio, telephone, on-board computer, check control, and other informations like Tyre Pressure Monitoring System (TPMS), is clearly displayed in optimum visual angle.

CD 40 USB radio. Standard on all Opel Antara. Features CD player with MP3 playback, USB, aux-in, steering wheel control and Bluetooth® for hands-free phone operation. 4 x 20 W, 7 speakers, display via Graphic Info Display.

USB and auxiliary input (aux-in). Conveniently located in the centre console for connection of all mobile devices with USB or headphone jack.

Thule roof boxes. There are 8 to choose from. Sizes range from 1,100 x 800 x 400 mm to 2,180 x 940 x 400 mm. Installation requires roof base carrier.

Privacy shades. These are tailor-made for the rear side and tailgate windows, are easy to install and can stay mounted when the windows are opened. (17 32 570/17 32 551)

Cargo organiser. Foldable rigid load-space organiser, to keep all that you are carrying where you want it to be. (17 22 341)

Hard cargo tray. Protects the luggage compartment from damage, dirt and wetness. Anti-slip coating. (17 22 340)

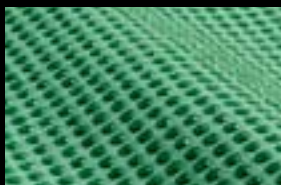

Child seats. Opel offers several child seats for all ages. All of them can be fixed with ISOFIX attachment (incl. Top Tether Kit) and/or the standard 3-point vehicle safety belt. All seats comply with the latest EU safety standards including side impact protection. (17 46 532/17 46 713/17 46 536)

Reversible cargo mat. Protects the luggage compartment from damage and dirt. Reversible with anti-slip surface. (17 22 339)

The new Opel collection.
Simply Opel. Style for everyone.

WWW.OPEL-COLLECTION.COM

Opel Service.

Quality at Opel means much more than automobiles with superior engineering. With our comprehensive service programme we also guarantee our customers our high quality standards after they have bought their car.

2-year new vehicle warranty.

This warranty applies to any new Opel car for a period of 24 months without any mileage restrictions, as from the day on which it was delivered to the customer by the selling Opel dealer.

Parts and accessories service.

Opel parts and accessories are available at your local Opel Shop, where you'll find everything to make your vehicle more comfortable or to meet your individual needs, as well as expert advice.

12-year warranty against corrosion.

Opel provides you with a reliable long-term warranty against perforation, provided you have your vehicle serviced and all necessary inspections performed according to the service booklet.

3-year warranty for Opel batteries.

With a 3-year warranty for service-installed Opel original batteries your starting problems are over – even in the coldest winter.
