AVENSIS

WHERE THE BEST

COMES AS STANDARD

Confidence is not just a suit you put on in the morning.

It's inherent. It allows you to choose what's right for you. Like the new Avensis. A car that stands out from the crowd with a sharp new look and a highly comprehensive package of innovative technology, comfort and safety. Avensis is all about smart thinking.

START YOUR DAY

IN THE BEST POSSIBLE SHAPE

Whatever lies ahead – daily commute, client visits or leisurely days out with the kids – the new Avensis comes prepared with sharp, dynamic styling and uncompromising confidence.

From the striking LED headlamps to the rear lights styling with eye-catching V-shaped LED light guides, the bold design points to the agility and get-up-and-go of both Avensis Sedan and Avensis Touring Sports. Even the antenna comes with a streamlined shark fin design for maximum dynamic effect. New alloy wheels complete the thoroughly stylish Avensis finish.

Model shown: Avensis Touring Sports – Mid+.

WE DON'T DO BUSINESS AS USUAL WE DO EXTRAORDINARY

You don't need a long-distance trip to savour all the benefits of the new Avensis: the interior feels instantly welcoming.

First off, the satin chrome elements on the dashboard create a premium atmosphere, set against beautiful soft-touch materials. The driver will also enjoy the tactile new leather gear shift with satin chrome insert and a leather multi-function steering wheel. This helps you manage the new high-resolution colour TFT display in the instrument panel with access to a whole range of handy journey data. You can also access the latest Toyota Touch® 2 multimedia system with its large 8" touch screen.

of the driving
technology.

A high-angle, close-up photograph of the front interior of a car. The image shows the driver's side seat and the center console. The seats are upholstered in a dark, possibly black, leather or Alcantara material with visible stitching. The center console has a gear shift and handbrake. The door panel on the right side is also visible, showing a door handle and some trim. The overall lighting is soft, highlighting the textures of the materials.

COMFORT APPROVED BY ALL YOUR SENSES

Relax and unwind in the cleverly composed new Avensis interior.

There is a choice between two distinctive interior finishes: warm and inviting Golden Copper or sophisticated Lunar Grey, combined either with fabric and Alcantara® inserts or with the premium combination of leather and Alcantara®. Electrical lumbar support helps to find the right seat position for each driver for all-round comfort and support, especially on longer journeys. And for an even greater sense of airiness in the cabin, the new Avensis can also be fitted with Toyota Skyview®.

TECHNOLOGY IN TUNE

WITH THE MODERN WORLD

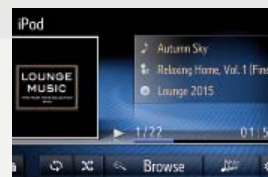

Bluetooth®

Rear-view camera

3D city maps

MP3 & iPod® connectivity

All the information you need, and all the entertainment you want.

The new high-resolution colour TFT screen in the instrument panel provides essential journey data complete with navigation tools. It also works hand-in-hand with the new Toyota Touch® 2.

Toyota Touch® 2

This intuitive user-friendly multimedia system delivers information, entertainment and connects you to the outside world, all via high-resolution colour-rich graphics. Making calls, choosing your favourite music, accessing the navigation system, viewing speed limit and speed camera warnings – everything is at your fingertips on a touch screen. And it all works with a simple drag and flick.

TFT screen

Viewing all the information you need, couldn't be more convenient. The highly visible 4.2" new TFT screen displays useful information such as distance covered, average speed, as well as fuel consumption, all right in front of you. Designed to reflect Toyota Touch® 2, the new TFT screen shares the same colour-rich graphics. It mirrors the multimedia system with information on navigation, telephone, music settings and also displays the latest Toyota Safety Sense functions.

TFT screen

HELPFUL, FLEXIBLE, GENEROUS

ALL THE TRAITS YOU LOVE

Business trip or family outing – new Avensis accommodates your life effortlessly.

The interior feels exceptionally spacious with plenty of legroom and head space for everyone. For added flexibility, the rear seats split 60/40 on both Avensis Sedan and Avensis Touring Sports. The spacious Avensis boot has a capacity of 509 litres. You can increase this to 543 litres in the generous Avensis Touring Sports. Whatever you have planned, the new Avensis is designed to work around you.

1. Flat loading space

Creating this much room – 1609* litres to be precise – couldn't be easier. The cargo area simply folds flat for effortless loading.

2. 60/40 split folding rear seats

This perfect seat arrangement for flexible loading also comes in handy for carrying long items.

3. Boot capacity

Up to 543[§] litres of luggage volume, convenient luggage partition net and boot rails with movable hooks, everything to make transporting your items that little bit more effortless.

* Avensis Touring Sports – VDA luggage capacity, rear seat down.

PERFORMANCE OR EFFICIENCY?

BE A WINNER IN BOTH

Avensis' new fuel-efficient, low-emission power trains are designed to meet all your needs.

It's a powerful performer for long-distance journeys, the quick commute and anything in between. All combined with low running costs. In fact, the diesel engines now feature Stop & Start technology to reduce emissions and fuel consumption even further. All the while, the finely tuned suspension and steering ensure responsive handling and excellent ride comfort.

Engine	Power	Fuel consumption*	CO ₂ emissions*	Acceleration	Available on

TOYOTA SAFETY SENSE

KEEPING YOU IN SAFE HANDS

1.

2.

3.

4.

In the new Avensis, you're better protected than ever. Toyota Safety Sense adds advanced active safety systems for an even safer and more relaxed drive.

Four active safety technologies, Pre-Collision System*, Lane Departure Alert, Automatic High Beam and Road Sign Assist are at the heart of Toyota Safety Sense. On top of that, there are of course a wide range of innovative safety systems as standard. For more information on Avensis safety technologies, please refer to pages 50/51 or scan the QR code® on the page opposite.

1. Road Sign Assist

Toyota Safety Sense's Road Sign Assist monitors the road signs ahead, displaying useful information such as the current speed limit or overtaking restrictions in clear view on the new colour TFT cockpit display. The system also provides a visual and acoustic warning if you are not following the road sign indication.

2. Lane Departure Alert

Using a camera to detect the lane markings in the road ahead, Toyota Safety Sense's Lane Departure Alert will alert the driver with audible and visual warnings if the vehicle starts to deviate from its lane without the turn indicator being applied – the driver can then take corrective action.

3. Pre-Collision System*

Toyota Safety Sense's Pre-Collision System uses a camera and laser to detect other vehicles in the road ahead. When the possibility of collision is detected the driver is alerted with audio and visual warnings and brake assistance is activated. If the driver fails to brake in time the brakes automatically engage to prevent or mitigate a collision.

4. Automatic High Beam

Toyota Safety Sense's Automatic High Beam is designed to optimise visibility during night driving for all road users. A camera detects the lights of oncoming vehicles and leading traffic whilst also monitoring the brightness of street lights. It switches automatically between high and low beam for safer night-time driving.

* Technical name: Pre-Crash Safety System.

ENTRY

An impressive array of premium features are part and parcel of Entry grade: it includes 16" steel wheels and halogen headlamps. Inside, you'll enjoy the comfort of a steering wheel with integrated controls and the newly designed gear shift.

Main features

- 16" machined-face alloy wheels (15-spoke)
- Piano Black upper front grille
- Chrome insert on upper front grille
- LED front light guide
- LED rear light guide
- Chrome window frame
- Shark-fin antenna
- Follow-me-home headlights
- Power adjustable door mirrors
- Heated door mirrors
- Projector halogen headlamps
- Daytime running lights (LED type)
- Cruise Control
- Dark Grey roof rails
- Black/grey fabric
- 3-spoke leather steering wheel
- Lunar Grey stitching on front console box
- Satin chrome center air vent surrounds
- Satin chrome side air vent surrounds
- Fabric door trim
- Electric Power Steering (EPS)
- Electrochromatic rear-view mirror
- Manual air conditioning
- 60:40 split-folding (2nd row) rear seats
- Full-flat loading
- Boot underfloor storage
- Radio and CD player with WMA and MP3
- 6 speakers
- Aux-in connector
- Bluetooth® hands-free system

Scan this QR code®.
Configure your
Avensis.

MID

Mid grade gives you a choice between black fabric seat trims with Lunar Grey or Golden Copper Alcantara® inserts. You will also enjoy a world of information and entertainment with Toyota Touch® 2. It features an intuitive 8" display and reversing camera for easy parking.

Main features (additional to Entry)

- 17" machined-face alloy wheels (15-spoke)
- Privacy glass on rear windows
- Dusk sensor
- Rain sensor
- Power retractable door mirrors
- Smart Entry & Start System
- Black fabric/Lunar Grey Alcantara® inserts
- Partial leather door trim
- Lunar Grey stitching on front door armrests
- Lunar Grey stitching on rear door armrests
- Lunar Grey stitching on front seats

- Lunar Grey stitching on rear seats
- Push-button start
- Rear-view camera display
- Static guide lines on rear-view camera display
- Dual-zone automatic air conditioning
- Power adjustable lumbar support on driver seat
- Heated driver & front passenger seats
- Windshield de-icer
- Coloured TFT multi-information display
- 8" multimedia display
- Toyota Touch® 2 multimedia system

Optional features

- Black fabric/Golden Copper Alcantara® inserts
- Golden Copper stitching on front console box
- Golden Copper stitching on front door armrests
- Golden Copper stitching on rear door armrests
- Golden Copper stitching on front seats
- Golden Copper stitching on rear seats
- Toyota Touch® 2 with Go navigation system
- Wi-Fi connectivity

MID+

Mid+ grade offers a refined interior available in black leather with Luna Grey or Golden Copper Alcantara® inserts. On the exterior, you'll notice stylish design elements like the full LED headlamps with light guides and cornering function, 17" machined alloys as well as privacy glass.

Main features (additional to Entry)

- 17" machined-face alloy wheels (15-spoke)
- Privacy glass on rear windows
- Dusk sensor
- Rain sensor
- Power retractable door mirrors
- Smart Entry & Start System
- Black leather/Lunar Grey Alcantara® inserts
- Partial leather door trim
- Lunar Grey stitching on front door armrests
- Lunar Grey stitching on rear door armrests

- Lunar Grey stitching on front seats
- Lunar Grey stitching on rear seats
- Push-button start
- Rear-view camera display
- Static guide lines on rear-view camera display
- Dual-zone automatic air conditioning
- Power adjustable lumbar support on driver seat
- Heated driver & front passenger seats
- Windshield de-icer
- Coloured TFT multi-information display
- 8" multimedia display
- Toyota Touch® 2 multimedia system

Optional features

- Black fabric/Golden Copper Alcantara® inserts
- Golden Copper stitching on front console box
- Golden Copper stitching on front door armrests
- Golden Copper stitching on rear door armrests
- Golden Copper stitching on front seats
- Golden Copper stitching on rear seats
- Toyota Touch® 2 with Go navigation system
- Wi-Fi connectivity

PREMIUM

Our top grade combines premium comfort features with the highest level of smart technology. Smart Entry & Start System allows you to open the door without unlocking it with your key. The sumptuous leather seats can be heated and electrically adjusted with the memory function*. A 10-speaker audio system is also standard, while the Avensis Touring Sports adds Toyota Skyview® to this extensive equipment list.

Main features (additional to Mid)

- 18" bi-tone dark grey & machined-face alloy wheels (20-spoke)
- Aluminium door scuff plates
- Black leather
- Dark beige stitching on front console box
- Dark beige stitching on front door armrests
- Dark beige stitching on rear door armrests
- Dark beige stitching on front seats
- Power sliding driver seat
- Power sliding front passenger seat
- Power reclining driver seat
- Power reclining front passenger seat
- Power height-adjustable driver seat
- Power height-adjustable front passenger seat
- Memory function on driver seat
- Power tilting cushion on driver seat
- Luggage partition net
- Toyota Touch® 2 with Go navigation system
- 10 speakers
- Wi-Fi connectivity
- Voice recognition

* Driver's seat only.

ACCESSORY PACKS

Toyota accessory packs offer a great value way of customising your Avensis. Each pack is themed around a carefully chosen range of complementary accessories.

Value protection pack

All the accessories in the pack help maintain the residual value of your car by providing an extra layer of protection to keep it looking as good as new for longer.

To assist you in avoiding accidental scrapes, the Toyota parking aid system has in-car warning beepers that make parking even easier. The pack also includes door handle protection film and a stylish metal rear bumper protection plate to guard against paintwork scratching and, for the interior, a reversible trunk mat* to protect the trunk carpets.

Chrome pack

With the chrome pack you make a statement about individual style and personality. It adds those extra touches that give your Avensis even more appeal.

The chrome pack introduces customised styling details all around your car. There's a chrome garnish for the front bumper, chrome

Pack accessories are available individually. Please contact your Toyota retailer for details.

sills to emphasise the lower side contours, a chrome garnish for the lower trunk edge, and a chrome finisher that turns the exhaust pipe into an eye-catching design feature.

Business pack

The Avensis business pack gives you higher levels of communication productivity and flexibility with its combination of navigation and mobile WiFi.

Toyota Touch® 2 with Go Plus enhances the Toyota Touch® 2 media system already fitted in your car by adding pan-European navigation, extra travel features and the facility to download apps such as TomTom real-time traffic, fuel costs, parking spaces, AUPEO!, Coyote and on-line search. The Toyota Hotspot® provides mobile connectivity for Toyota Touch® 2 with Go Plus and up to four other WiFi devices simultaneously, including phones, tablets and laptops.

* Avensis Touring Sports only.

§ Toyota Hotspot will be available as of April 2017.

ACCESSORIES

Genuine Toyota accessories are about individuality. With choices for extra style, practicality and innovation, they give you freedom to tailor your Avensis for your way of living.

Cargo net, horizontal

Clips onto hooks in the trunk and is ideal for preventing briefcases or bags sliding around.

Cargo net, vertical

Attaches to the trunk sides and has pockets to store smaller items while keeping them easily accessible.

Cargo manager

Slots into your car's trunk floor rails to help secure cargo. For the Avensis Touring Sports with trunk rails only.

Foldable storage box

Folds flat when not in use, but opens out to provide tidy storage for picnic or travel essentials.

Visit www.toyota-europe.com or pick up a brochure at your local Toyota retailer for details of the full accessories range.

Scan this QR code®.
Personalise your
Avensis.

Moving load floor

Glides along your car's trunk floor rails to help you move heavier loads into the trunk space. For the Avensis Touring Sports with trunk rails only.

Trunk liner

Made of tough flexible black plastic with raised edges to protect the trunk carpet against mud, sand and dirt.

Toyota parking aid

To make parking even easier, sensors in the front and/or rear bumpers link with in-car beepers to warn of obstacles in your way. Cancellation switches allow the beepers to be turned off when not required.

The fuel consumption, CO₂ and noise values are measured in a controlled environment on a basic production vehicle, in accordance with the requirements of European law published by the European Commission. For further information, or if you are interested in buying a basic production vehicle, please contact Toyota Motor Europe NV/SA. The fuel consumption and CO₂ values of your vehicle may vary from those measured. Driving behaviour as well as other factors (such as road conditions, traffic, vehicle condition, installed equipment, load, number of passengers, ...) play a role in determining a car's fuel consumption and CO₂ emissions.

GLOSSARY

Discover more about the Avensis technology.

Vehicle Stability Control Plus (VSC+)

VSC+ helps to maintain stability and prevent skidding when turning sharply or cornering on slippery surfaces. Whenever the start of a skid is detected, it automatically activates individual brakes and controls engine output. In addition, it applies steering assistance to make it easier to get back on course.

Hill-start Assist Control (HAC)

HAC helps to ensure a smooth start on steep inclines by applying the brakes for up to 2 seconds after the brake pedal is released. This prevents the vehicle from rolling back. It is activated by pushing the brake pedal harder after stopping as long as the transmission shift lever is in any forward gear position.

Traction Control (TRC)

If you accelerate too hard and cause the drive wheels to lose grip and begin spinning, TRC will automatically reduce engine power and control brake force to help restore traction.

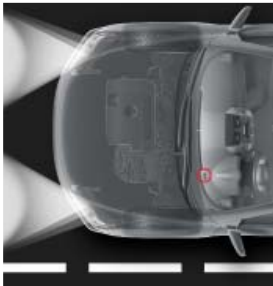

Rain sensor

The automatic rain sensor instantly sets the appropriate wiper speed and intervals.

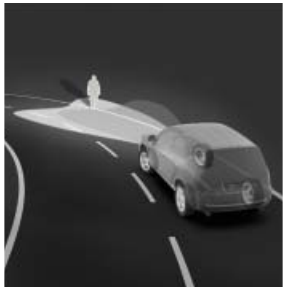

Tyre Pressure Warning System (TPWS)

The system features a sensor valve within each wheel to constantly monitor tyre air pressure. These sensors link with a dashboard indicator that illuminates to warn you if the pressure falls below the recommended level. By doing so, the system contributes to safer driving, better tyre wear and greater fuel efficiency.

Dusk sensor

The dusk sensor monitors light levels and automatically switches on the headlights when the light is low.

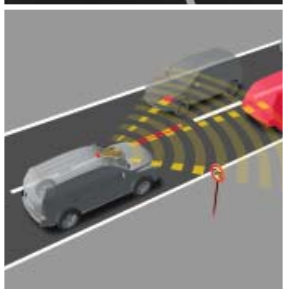

Adaptive Front light System (AFS)

AFS adjusts the direction of the headlights when approaching a bend in the road, pre-empting the vehicle's path by three seconds.

Smart Entry & Start System

Instead of a conventional key, the Smart Entry & Start System features a transmitter that allows you to unlock the doors by pulling the handle and lock them again by pressing a button. To start or stop the engine, simply press the Start/Stop button. All you need to do is carry the Smart Entry key in your pocket or handbag.

Toyota Safety Sense

Toyota Safety Sense adds advanced active safety systems for an even safer and more relaxed drive. Four active technologies – Pre-Collision System*, Lane Departure Alert, Automatic High Beam and Road Sign Assist are at the heart of Toyota Safety Sense.

* Technical name: Pre-Crash Safety System.

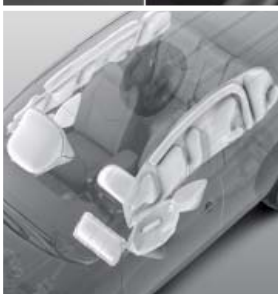

Multidrive S

Continuously Variable Transmission (CVT) combines the smoothness of an automatic transmission gearbox with the fuel economy of a manual transmission. By seamlessly adjusting the pulley ratio, Multidrive S delivers the most fuel-efficient performance. It also offers an additional sport option. This engaging experience is delivered through a simulated sequential 7-speed manual mode; change gears using the steering wheel-mounted paddle shifts.

Follow-me-home headlights

Activated by the driver for added safety and practicality at night, the headlights remain lit for 30 seconds after parking your car to illuminate your path to the front door.

Supplemental Restraint System (SRS) – 7 airbags

This model is fitted with seven airbags. They include driver's knee airbag, SRS airbags for both driver and passenger, side airbags for the front seats, and SRS curtain shield airbags covering both the front and rear seat passengers.

Complete peace of mind with Toyota

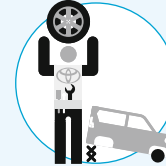

Quality Service

Your Toyota retailer will advise you on your car's service requirements. It will need a Health & Safety check at least once every 2 years/30,000 km (whichever comes sooner). An intermediate check is necessary every year or 15,000 km.

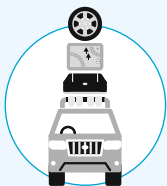

Low Maintenance Costs

All Toyota vehicles are designed and engineered to minimise your maintenance costs. This includes fewer parts that require servicing and, equally important, is that Toyota vehicle technology is made easily accessible so that maintenance labour time is less and pricing is competitive.

Genuine Parts

Providing the reassurance of Toyota quality, only genuine and approved components are used on your vehicle. If the vehicle is damaged, its design helps minimise the cost of repair because the most expensive-to-replace parts are deliberately located away from common damage zones. The result is ultimately less expense for parts and labour.

Genuine Accessories

Toyota genuine accessories are designed and manufactured with the same care, quality and attention to detail as Toyota vehicles. Adding a touch of style, comfort, convenience and practicality, they are tested for exceptional durability to enhance the enjoyment of your new car. All accessories are covered by a 3-year warranty when purchased together with the vehicle*.

Comprehensive Warranty

Every new Toyota comes with a 3-year/100,000 km vehicle warranty, which covers any defect caused by a manufacturing fault. Transport to the nearest authorised Toyota repairer will also be covered. In addition, a 3-year/unlimited mileage paint warranty protects against defects and surface rust caused by a manufacturing fault. Every new Toyota is covered by a 12-year anti-corrosion warranty (not valid for commercial vehicles) against perforation of body panels caused by a manufacturing fault in materials or workmanship.

Toyota Eurocare

Enjoy peace of mind driving with complimentary Toyota Eurocare roadside assistance in 40 European countries for 3 years[§]. If you experience a problem with your vehicle, Toyota Eurocare offers several possibilities to keep you on the road.

Added Security

Toyota's comprehensive security system withstands the insurance industry's rigorous 5-minute attack test. The alarm system and engine immobiliser are approved by all of Europe's major insurance companies.

* Check with your retailer for specific warranty details. [§] Belgium 5 years/Portugal and Denmark 1 year.

Toyota Environmental Challenge 2050

Toyota has set out 6 environmental challenges to be completed by 2050. The objective being to achieve sustainable development together with society.

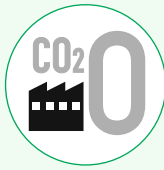

Challenge 1

New Vehicle – Zero CO₂ Emissions Challenge.

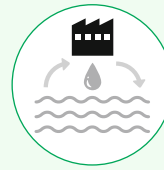

Challenge 2

Life Cycle – Zero CO₂ Emissions Challenge.

Challenge 3

Plant – Zero CO₂ Emissions Challenge.

Challenge 4

Challenge of Minimising and Optimising Water Usage.

Challenge 5

Challenge of Establishing a Recycling-based Society and Systems.

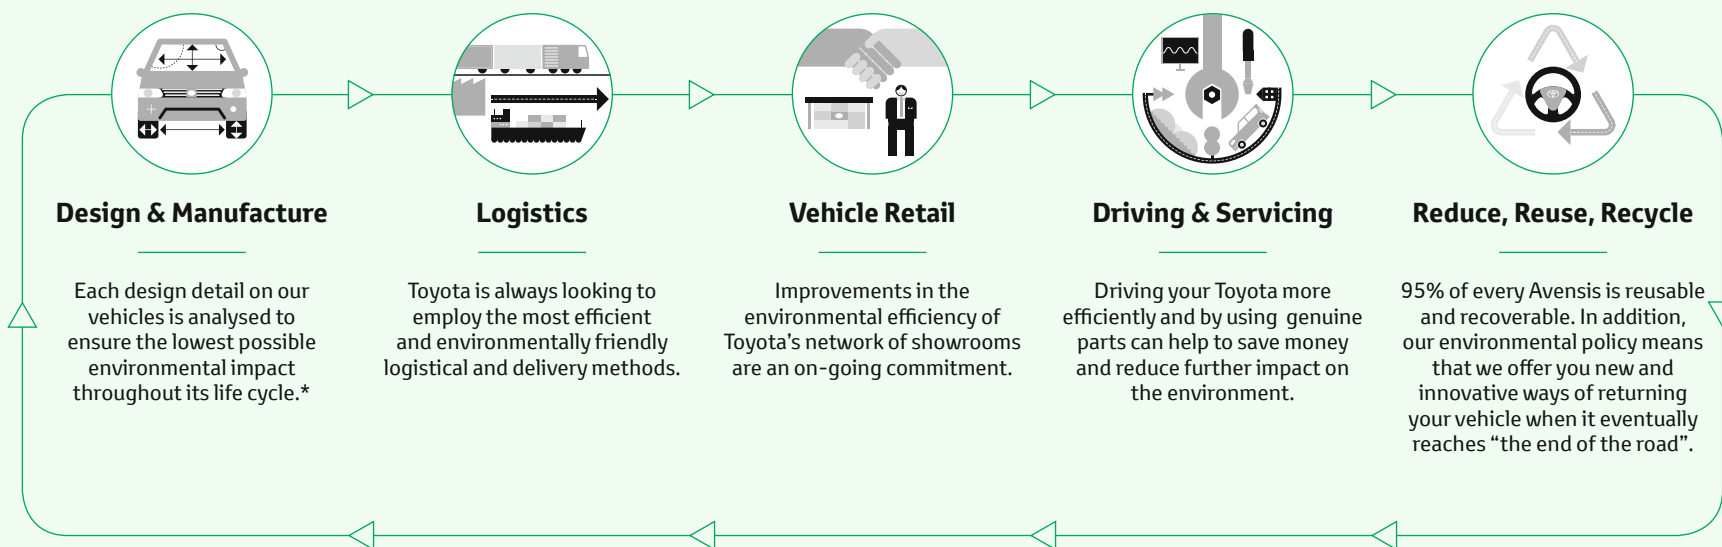

Challenge 6

Challenge of Establishing a Future Society in Harmony with Nature.

Toyota's Lifecycle Approach to Environmental Issues

Toyota has been working on developing sustainable mobility for many years, driven by our vision of zero emissions and zero waste.

* The Life Cycle Analysis for the Toyota Avensis (engine type 1WW) compared to an equivalent model, shows a reduction in emissions of the following pollutants; 23% in CO₂ (Carbon Dioxide), 43% in NO_x (Nitrogen Oxide), 49% in PM (Particulate Matter) and 30% in NMHC (Non-Methane Hydrocarbons).

Toyota's LCA methodology, which is applied to our passenger vehicles was reviewed and approved by TÜV Rheinland and has been certified to comply with ISO14040/14044 standards.

The Toyota Avensis is built to the highest quality standards in Burnaston, United Kingdom.

AVENSIS

CONFIDENCE TO MAKE A SMART CHOICE

To find out how to tailor the new Avensis to your needs, go online at www.toyota-europe.com or visit your local Toyota dealer to arrange a test drive.
