Model shown: Corolla Lounge

The world's best-selling car deserves a prestigious look to match its impressive status. The futuristic new design seamlessly blends a sleek chrome front grille with

striking LED headlamps, while rear lights with signature LED guides and 16" alloys complete a sophisticated, contemporary design that looks great in every environment.

DESIRABLE DESIGN

“GREAT DESIGN IS NATURAL,
THOUGHT-PROVOKING,
INSPIRING AND TIMELESS”

Matthias
Architect

The key to designing a building is understanding who'll be using it. Every part of the Corolla's prestigious design feels as if it's made just for me.

INTERIOR TECHNOLOGY

“THE BEST CONTEMPORARY DESIGN
SEAMLESSLY BLENDS ELEGANT ENVIRONMENTS
WITH CUTTING-EDGE TECHNOLOGY”

Model shown: Corolla Lounge

Full map navigation Provides stress-free navigation with a clear visual display of signposts, junctions and lane guidance to simplify your journey.

Rear-view camera Helping to take the stress out of parking, the rear-view monitor identifies any hidden dangers, allowing you to park easily and safely.

MP3 & iPod® connectivity Enjoy rich sound quality from an audio system that allows you to connect your devices, remotely via Bluetooth®, or through a USB connection. Album, artist and track information are displayed on screen for your convenience.

Parking information Keeping you informed with parking information in your local area, helping you take the stress out of everyday journeys.

Axel
Software developer

An easy user experience is really important and the intuitive human interface and easy-to-use menus of the Corolla's touch screen really impress.

Climb inside the new Corolla and you'll discover a functional interior that's crafted to make you feel special. The new dashboard design features a restyled instrument panel, 4.2" TFT display and elegant satin chrome and piano black trims. Showcasing an easy-

to-use and intuitive interface, real-time connected services and a range of apps, the new 7" Toyota Touch® 2 with Go multimedia system completes the redesigned, high-quality centre control panel.

A wide-angle photograph of the front interior of a Toyota Corolla Lounge. The image shows the driver's seat and the front passenger seat, both upholstered in a light beige leather with a textured pattern on the seat cushions and backrests. The seats are positioned in a way that shows the ample legroom. In the background, the center console and the dashboard with a large infotainment screen are visible. The car is parked in front of a modern building with a glass facade, which is reflected in the side window.

The Corolla's interior combines intelligent design with exceptional comfort to ensure drivers and passengers enjoy effortless long-distance comfort, thanks to thoughtful ergonomics, supportive seats and class-leading legroom. Three full-size bench seats, a flat floor and a contoured centre console ensure best-in-class legroom for rear seat passengers too. Handy storage areas – such as the rubber-lined front console box, cup holders and large glove box – also provide ample space for life's accessories.

Model shown: Corolla Lounge

INTELLIGENT COMFORT

“SUCCESSFUL INTERIOR SPACES
INSPIRE, RELAX AND SURPRISE
USERS WITH THEIR INGENUITY”

Matthias
Architect

Like a well-designed building,
the more time I spend
inside the Corolla the more
it surprises me with its
airy, intelligently crafted
and spacious interior.

DYNAMIC EFFICIENCY

“WHEN YOU ENJOY CUTTING-EDGE
EFFICIENCY AND A REWARDING DRIVING
EXPERIENCE, YOUR JOURNEYS NEVER
HAVE TO BE A COMPROMISE”

Sofia
Sales Director

Just as I've challenged myself
to progress in my own career,
the Corolla remains top of its
game by continually pushing the
boundaries of driving efficiency
and reliability.

Combining cutting-edge engine technology with an even more rewarding drive means the new Corolla strikes the perfect balance between efficiency, entertainment and peace of mind. Suspension enhancements offer

improved comfort and more responsive handling, while a range of efficient engines – featuring Valvematic technology and Toyota Optimal Drive – ensure great response with low fuel consumption.

Victor
Pilot

As a pilot, I place enormous importance on my engines giving me reliable and responsive power and fuel-saving efficiency, and the new Corolla finds this balance perfectly.

REASSURING SAFETY

“NOTHING IN LIFE IS MORE IMPORTANT THAN OUR WELLBEING. I EMBRACE ANY NEW TECHNOLOGY THAT CAN HELP TO MAKE US ALL SAFER”

Anti-lock Braking System (ABS) with Electronic Brake force Distribution (EBD)

ABS prevents the wheels from locking while braking. EBD complements this by optimising brake force distribution between wheels to compensate for different loads. Together the two systems help you to maintain steering control when braking heavily.

Vehicle Stability Control (VSC)

VSC automatically activates each individual brake as needed and controls engine output to help maintain stability and prevent skidding when turning sharply or cornering on slippery road surfaces.

Supplemental Restraint System (SRS)

This model is fitted with seven airbags. They include driver's knee airbag, SRS airbags for both driver and passenger, side airbags for the front seats, and SRS curtain shield airbags covering both the front and rear seat passengers.

Hill-start Assist Control (HAC)

HAC helps to ensure a smooth start on steep inclines by applying the brakes for up to 2 seconds after the brake pedal is released. This prevents the vehicle from rolling back. It is activated by pushing the brake pedal harder after stopping as long as the transmission shift lever is in any forward gear position.

Victor Pilot

As a pilot, safety is paramount and the Corolla's advanced safety technologies and reassuring build quality give me, and my passengers, complete peace of mind.

LIVE GRADE

Corolla Live grade provides the perfect blend of style, features and value. Eye-catching LED daytime running lights and smart 16" steel wheels, with wheel covers, feature on the outside. Inside you'll relax in style and quality thanks to manual air conditioning and satin chrome details.

MAIN FEATURES

- Available in all colours
- 16" steel wheels with wheel caps (4-double-spoke)
- Chrome upper front grille
- Body-coloured door mirrors
- Heated door mirrors
- Follow-me-home headlights
- High-mounted stop lamp (LED type)
- Daytime running lights (LED type)
- Hill-start Assist Control (HAC)
- Flaxen or black fabric
- 3-spoke urethane steering wheel
- Satin chrome insert on steering wheel
- Fabric armrest on front console box
- Black centre air vents
- Manual day/night rear-view mirror
- Manual air conditioning
- Front power windows
- Noise reduction layer on windshield
- Rear power windows
- Glovebox lamp
- 6 speakers

Corolla.

ACTIVE GRADE

Corolla Active grade has all the ingredients you need to stand out. Striking 16" alloys, stylish fog lamps and smoked rear lights, with chrome details, are designed to impress. While in the modern interior you'll also enjoy a 7" Toyota Touch® 2 multimedia system and automatic air conditioning.

MAIN FEATURES (ADDITIONAL TO LIVE)

- Available in all colours
- LED rear light guide
- Rear combination lamps (LED type)
- Rear-view camera
- Flaxen or black fabric
- 3-spoke leather steering wheel
- Piano Black insert on gear shift knob
- Black insert on upper dashboard
- Chrome-plated centre air vents
- Silver stitching on front seats
- Dual-zone automatic air conditioning
- Coloured TFT multi-information display

- 7" multimedia display
- Toyota Touch® 2 multimedia system

OPTIONAL FEATURES

- 16" alloy wheels (5-double-spoke)

Model shown: Corolla Active

ACTIVE+ GRADE

Corolla Active+ grade offers a wealth of technology with cruise control for a rewarding drive, privacy glass and smart entry. Striking 16" alloys complete the look to give the grade a premium finish.

MAIN FEATURES (ADDITIONAL TO ACTIVE)

- Available in all colours
- 16" alloy wheels (5-double-spoke)
- Chrome decoration on door handles
- Privacy glass on rear windows
- Smart Entry & Start System
- Cruise Control
- Flaxen or black fabric
- Push-button start

Model shown: Corolla Active+

LOUNGE GRADE

With luxury features and a premium finish, the Corolla Lounge grade has the quality to match its sleek looks. Sophisticated Bi-LED headlights, dynamic 17" machined alloys and privacy glass make a powerful statement; and inside, partial leather seats ensure you arrive in style.

MAIN FEATURES (ADDITIONAL TO ACTIVE+)

- Available in all colours
- Night Sky Black lower front grille
- LED front light guide
- Rain sensor
- Dusk sensor
- LED headlamps
- Headlamp cleaners
- Front parking sensors
- Rear parking sensors
- Flaxen or black fabric with leather bolsters
- Leather-like armrest on front console box
- Silver stitching on front console box
- Leather front door trim
- Leather-like front door armrests
- Silver double stitching on front seats
- Electrochromatic rear-view mirror

ACCESSORY PACKS

Toyota accessory packs make it easy to personalise your Corolla. Each pack is themed and combines carefully chosen accessories to offer a great value way of tailoring your car to the life you lead.

1. Chrome pack

Custom designed for those extra touches of style and sophistication.

Side door chrome garnish.

Lower trunk chrome garnish.

2. Style pack

Adding to the Corolla's elegance with a look that's sporty yet refined.

Rear spoiler

Aluminium scuff plates, front and rear

16" Black machined alloy wheels

Side door chrome garnish

3. S pack

Unique combination of stylish accents to further fine-tune your Corolla design.

S badge

Rear spoiler

Side door chrome garnish

4. Protection pack

Providing additional protection where it's needed most.

Bumper corner protectors

Mud flaps for the front and rear

Trunk liner

Rubber floor mats

Fog lamps

Accessory pack products are available individually. Please ask your Toyota retailer for details.

ACCESSORIES

For you, for your family, for the sheer pleasure of driving. Genuine Toyota accessories offer choices for your way of doing things and so add an extra dimension of individuality to the Corolla experience.

1. Rear spoiler

Aerodynamically shaped to complement the Corolla's streamlined contours with a look of sporty performance.

2. Lower trunk chrome garnish

Enhances the Corolla's distinctive rear design by creating extra visual interest along the trunk edge.

3. Aluminium scuff plates

Protects the door sills against scratching while also adding a compelling style detail to your car's interior.

4. Bumper corner protectors

Ideally positioned to guard against accidental scrapes. For the front and rear.

5. Mud flaps

Designed to minimise water, mud and stones spraying onto your car's body. For the front and rear.

6. S badge

Wear it with pride. 'S' is for style, for sport, for that extra something that says your Corolla is special.

7. Side door chrome garnish

A dash of chrome along the lower side contours to emphasise your car's sculptured styling.

8. Trunk liner

Made of tough black plastic and with raised edges to shield the trunk carpet against water, mud, sand and dirt.

Please contact your local Toyota retailer for details of the full accessory range.

The fuel consumption, CO₂ and noise values are measured in a controlled environment on a basic production vehicle, in accordance with the requirements of European law published by the European Commission. For further information, or if you are interested in buying a basic production vehicle, please contact Toyota Motor Europe NV/SA. The fuel consumption and CO₂ values of your vehicle may vary from those measured. Driving behaviour as well as other factors (such as road conditions, traffic, vehicle condition, installed equipment, load, number of passengers, ...) play a role in determining a car's fuel consumption and CO₂ emissions.

GLOSSARY

Discover more about Corolla technology.

Rain sensor

The automatic rain sensor instantly sets the appropriate wiper speed and intervals.

Dusk sensor

The dusk sensor monitors light levels and automatically switches on the headlights when the light is low.

Follow-me-home headlights

Activated by the driver for added safety and practicality at night, the headlights remain lit for 30 seconds after parking your car to illuminate your path to the front door.

Smart Entry & Start System

Instead of a conventional key, the Smart Entry & Start System features a transmitter that allows you to unlock the doors by pulling the handle and lock them again by pressing a button. To start or stop the engine, simply press the Start/Stop button. All you need to do is carry the Smart Entry key in your pocket or handbag.

Brake Assist (BA)

If you attempt an emergency stop, BA will detect this and apply additional brake pressure. This enables ABS to work to its maximum potential.

Simple Intelligent Parking Assist (Simple IPA)

Simple IPA automatically manoeuvres you into your chosen parking spot whether between two vehicles or behind one. Using ultrasonic sensors on the front side-bumper to identify a suitable parking space, once engaged, the system automatically performs the steering operations. You simply have to control the reversing speed and let the Simple IPA park your vehicle.

Supplemental Restraint System (SRS) – 7 airbags

This model is fitted with seven airbags. They include driver's knee airbag, SRS airbags for both driver and front passenger, side airbags for the front seats, and SRS curtain shield airbags covering both the front and rear seat passengers.

ISOFIX seat fixing

Seats incorporate special anchor points, including a top tether that helps prevent the seat tipping forward. These provide a safe and convenient way of correctly securing ISOFIX child seats (available from your Toyota dealer).

Rear-view camera

Reverse more safely using the rear-view camera. The clear colour image displayed on screen helps you spot hidden hazards and park with ease.

Multidrive S

Continuously Variable Transmission (CVT) combines the smoothness of an automatic transmission gearbox with the fuel economy of a manual transmission. By seamlessly adjusting the pulley ratio, Multidrive S delivers the most fuel-efficient performance. It also offers an additional sport option. This engaging experience is delivered through a simulated sequential 7-speed manual mode; change gears using the steering wheel-mounted paddle shifts.

Pre-tensioners and force limiters

Integral to the front 3-point ELR seat belts, pre-tensioners and force limiters are designed to help avoid injuries to the chest area.

1.6 l Valvematic

The 1.6 litre Valvematic petrol engine includes the next generation of Toyota's successful VVT-i system. Valvematic varies the timing and lift of the engine's valves to suit your driving requirements. The result is improved responsiveness, better fuel economy and lower CO₂ emissions.

COMPLETE PEACE OF MIND WITH TOYOTA

Toyota Quality Service

Your Toyota retailer will advise you on your car's service requirements. It will need a Health & Safety check at least once every 2 years/30,000 km (whichever comes sooner). An intermediate check is necessary every year or 15,000 km.

Toyota Low Maintenance Costs

All Toyota vehicles are designed and engineered to minimise your maintenance costs. This includes fewer parts that require servicing and, equally important, is that Toyota vehicle technology is made easily accessible so that maintenance labour time is less and pricing is competitive.

Toyota Genuine Parts

Providing the reassurance of Toyota quality, only genuine and approved components are used on your vehicle. If the vehicle is damaged, its design helps minimise the cost of repair because the most expensive-to-replace parts are deliberately located away from common damage zones. The result is ultimately less expense for parts and labour.

Toyota Accessories

Toyota genuine accessories are designed and manufactured with the same care, quality and attention to detail as Toyota vehicles. Adding a touch of style, comfort, convenience or practicality, they are tested for exceptional durability to enhance the enjoyment of your new car. All accessories are covered by a 3-year warranty when purchased together with the vehicle*.

Toyota Comprehensive Warranty

Every new Toyota comes with a 3-year/100,000 km vehicle warranty, which covers any defect caused by a manufacturing fault. Transport to the nearest authorised Toyota repairer will also be covered. In addition, a 3-year/unlimited mileage paint warranty protects against defects and surface rust caused by a manufacturing fault. Every new Toyota is covered by a 12-year/unlimited mileage anti-perforation warranty* against perforation of body panels caused by a manufacturing fault in materials or workmanship.

Toyota Eurocare

Enjoy peace of mind driving with complimentary Toyota Eurocare roadside assistance in 40 European countries for 3 years[§]. If you experience a problem with your vehicle, Toyota Eurocare offers several possibilities to keep you on the road.

* Check with your retailer for specific warranty details.

[§] Belgium 5 years/Portugal and Denmark 1 year.

Toyota Added Security

Toyota's comprehensive security system withstands the insurance industry's rigorous five-minute attack test. The alarm system and engine immobiliser are approved by all of Europe's major insurance companies.

TOYOTA'S LIFECYCLE APPROACH TO ENVIRONMENTAL ISSUES

1

DESIGN AND MANUFACTURE

Each design detail on our vehicles is analysed to ensure the lowest possible environmental impact throughout its life cycle. This meticulous approach has led to an array of innovative features on our cars that contribute to environmental efficiency.

The Life Cycle Analysis for the new Corolla (engine type 1ZR-FAE) compared to the previous model, shows a reduction in emissions of all the main pollutants and considerable reductions of 19% in CO₂ (Carbon Dioxide), 40% in NO_x (Nitrogen Oxide), 11% in SO_x (Sulphur Oxide), 4% in PM (Particulate Matter) and 17% in NMHC (Non-Methane Hydrocarbons).

The Toyota Corolla is built to the highest quality standards at TMMT in Sakarya, Turkey.

5

REDUCE, REUSE, RECYCLE

This is the mantra which has been at the heart of the Toyota business since it began. For example 95% of every Corolla is reusable and recoverable, 100% of the materials are coded for easier dismantling and four heavy metals have been completely eliminated all in accordance with the European Directive 2000/53/EC.

Our environmental policy means that we offer you new and innovative ways of returning your vehicle when it eventually reaches "the end of the road". For more information visit: www.toyota-europe.com or contact your local Toyota retailer.

4

DRIVING AND SERVICING

Driving your Toyota with greater thought could help reduce your fuel bill and CO₂ emissions by up to 30%.

Our sales teams can show you how to get the best out of your new car and maximise its fuel efficiency.

Once out of the showroom let our highly trained aftersales teams take care of your car to ensure its continued performance. The use of genuine and certain remanufactured genuine parts also helps to reduce further our impact on the environment.

3

VEHICLE RETAIL

Improvements in the environmental efficiency of Toyota's network of showrooms are an on-going commitment. Sustainability initiatives such as energy audits, rainwater recovery, improved building insulation and an increased use of renewable energy sources all help to reduce energy and water consumption as well as waste.

* Toyota's LCA methodology, which is applied to our passenger vehicles was reviewed and approved by TÜV Rheinland and has been certified to comply with ISO14040/14044 standards.

ICONIC QUALITY

“WHEN A PRODUCT HAS TOUCHED
SO MANY LIVES OVER 50 YEARS, IT
PROMISES TO ONLY GET BETTER FOR
THE GENERATIONS TO COME”

Since its introduction in 1966, the Corolla has provided reliable and affordable motoring to the masses. Taking its name from the ring of petals around a flower, the Corolla – now in its eleventh generation – continues to exceed expectations through innovative technology, comfort and proven quality. As we celebrate 50 proud years of the Corolla and over 40 million sales, we now look forward to another half-century of innovation with the car that's made for the people.
