

# HILUX SPECIAL EDITION

**TOYOTA**

ALWAYS A  
**BETTER** WAY

**SPECIAL  
EDITION**

**HILUX**

**SPECIAL EDITION**  
**SMOKING HOT DESIGN**  
**STRONG LOOKS, WHATEVER**  
**THE ENVIRONMENT**

Some vehicles make a strong statement. But nothing says 'raw power' like the new Toyota Hilux Special Edition. With searing new Orange Spice metallic paint, a sleek new front bumper and an integrated 3D grille, it looks like no other pick-up. Even the rear bumper has been redesigned, to include a step for access to the cargo deck. And with 18" 6-spoke, bi-tone machined-face and grey alloy wheels, it's one of the toughest vehicles on the planet. Whatever the conditions, this is a pick-up that doesn't just mean business – it looks hot, wherever you drive it.

**New rear bumper design**

Designed with function in mind. A simple insert protects the bumper so you can get a foot-up in any conditions without worrying about scuffing your new Hilux.

# TORQUE TIME

## ROCK-SOLID RELIABILITY BUILT TO PERFORM

Even on the toughest terrain, you can count on the famously reliable Hilux Special Edition to push, pull and go almost anywhere. Featuring the latest in 4x4 powertrain technology – including Hill-start Assist Control and Downhill Assist Control – you can drive wherever you need to drive, in total confidence. The 2.4 litre D-4D diesel engine demonstrates excellent performance, including outstanding acceleration, fuel efficiency and minimal noise levels. With an updated frame, underbody and suspension system, the strength and stability that made the Hilux famous have now reached new levels. So expect handling you can trust and the power to deliver.

### Diesel!

**2.4 litre D-4D 6 M/T**

Power **150 DIN hp**

Fuel consumption\* **7.0 l/100 km**

CO<sub>2</sub> emissions\* **185 g/km**

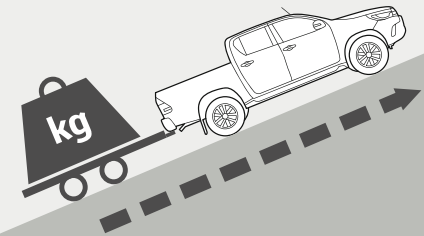

Acceleration 0–100 km/h **13.23 seconds**

\* Combined cycle.

### Engine torque

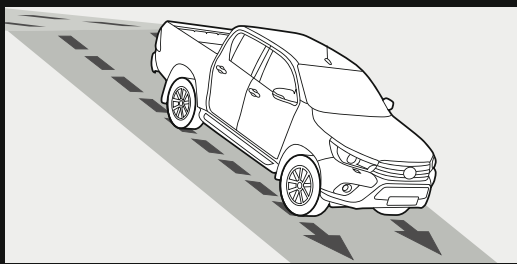

With increased engine torque and up to 3.5 tonnes towing capacity, the Hilux tows the toughest load effortlessly.

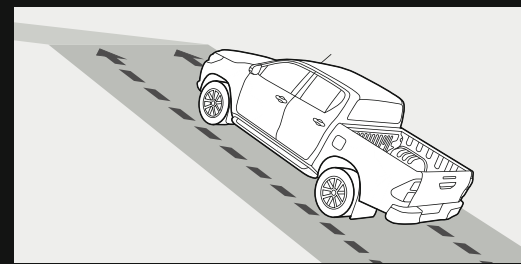

#### Downhill Assist Control (DAC)

Helps you tackle a steep descent with confidence. It applies individual brakes to maintain its low speed and to keep the vehicle stable, so you can focus on steering and avoiding any obstacles.

#### Hill-start Assist Control (HAC)

HAC maintains the brake force for up to five seconds after the brake pedal is released to give you a smooth start on steep inclines – without rolling back.

**Toyota Touch® 2**

This multimedia system will allow you to experience a world of information and entertainment in a stylish tablet-style 7" display.

## CONTROL CENTRE

### TOUGH OUTSIDE, COMFORTABLE INSIDE COMFORT WITHOUT COMPROMISE

Wherever you're headed, you'll get there in style in the new Hilux Special Edition. A brooding new interior includes black perforated leather, a black headliner and Piano Black inserts throughout. A new TFT instrument panel welcomes you with smooth new animation, while the 7" Toyota Touch® 2 screen gives you fingertip access to music and multimedia features. In fact, everything about the Hilux Special Edition is designed for the demands of real life – because no matter how tough the job, in a pick-up as well-equipped as this, you'll make it look easy.

#### Information display

The new colour information display for easy access to essential journey information.

#### Smart Entry & Start System

This allows you to unlock the car simply by pressing a button on the door handle. The start/stop button starts the engine. All you need to do is carry the Smart Entry key with you.

## IN SAFE HANDS

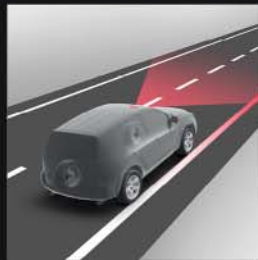

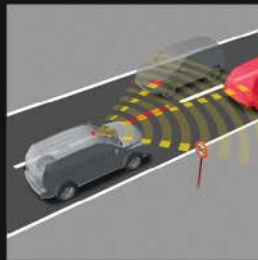

### SET FOR ANY CHALLENGE EVERY INCH A HILUX

The Hilux Special Edition is a pick-up with brains to match its muscle – with Vehicle Stability Control (VSC) and class-leading Toyota Safety Sense, comprising three separate active safety systems: Pre-Collision System\* with Pedestrian Detection, Lane Departure Alert and Road Sign Assist. Consider it seriously safe for work and play. And with a redesigned body structure made of HTSS (High-Tensile Strength Steel), the Hilux Special Edition is as tough as it looks. To ensure all cabin occupants are protected, it features seven SRS airbags, while the side rails and the cross members (the steel beams in the chassis frame) have been reinforced and enlarged, to absorb even more energy from impacts.

#### Toyota Safety Sense

Toyota Safety Sense adds advanced active safety systems for an even safer and more relaxed drive. Three active technologies – Pre-Collision System\* with Pedestrian Detection, Lane Departure Alert and Road Sign Assist are at the heart of Toyota Safety Sense.

Black perforated leather

18" bi-tone grey & machined-face alloy wheels (6-spoke)

Unique key fob design

## **HILUX SPECIAL EDITION** EQUIPPED AND READY TO GO

THE HILUX IS DESERVEDLY PROUD OF ITS LONG HISTORY OF RESILIENCE. EVER SINCE ITS LAUNCH IN 1968, THIS ICONIC PICK-UP HAS LEFT ITS MARK WHEREVER IT GOES. NO WONDER IT'S THE MOST SOLD PICK-UP IN THE WORLD.

The fuel consumption, CO<sub>2</sub> and noise values are measured in a controlled environment on a basic production vehicle, in accordance with the requirements of European law published by the European Commission. For further information, or if you are interested in buying a basic production vehicle, please contact Toyota Motor Europe NV/SA. The fuel consumption and CO<sub>2</sub> values of your vehicle may vary from those measured. Driving behaviour as well as other factors (such as road conditions, traffic, vehicle condition, installed equipment, load, number of passengers, ...) play a role in determining a car's fuel consumption and CO<sub>2</sub> emissions.
