

Prius Plug-in Hybrid

TOYOTA

ALWAYS A
BETTER WAY

Prius Plug-in Hybrid. The best of both worlds. Introducing the electric and hybrid car that delivers unbelievable fuel economy and ultra low CO₂ emissions.

And thanks to the cutting-edge Lithium-ion batteries, Prius Plug-in Hybrid can travel up to 25 km on electric power alone.

Plug-in technology

Equipped with state-of-the-art Lithium-ion batteries, Prius Plug-in Hybrid can be driven electrically for up to 25 km – perfect for your daily commute.

City friendly

Zero emissions in electric driving mode (EV). Ultra-low emissions in hybrid driving mode (HV) with a total range of more than 1200 km.

Innovative technology

Designed for the way you live your life – responsive when you want it, frugal when you need it.

Everything you love in a Prius, but with more driving diversity.

The diverse Prius Plug-in Hybrid really does deliver. Not only is it technologically advanced but also environmentally friendly.

You can choose from four driving modes for ultimate control:

EV mode – the default mode that utilises the battery first and then controls the power sources to achieve maximum energy efficiency.

HV mode – delivers the same Hybrid Synergy Drive® experience as Prius and keeps the battery charged up, ready for urban areas.

Eco mode – great for most everyday driving; slightly reduces pedal response time, which lowers your fuel consumption.

EV-city mode – electric-only driving, forcing the use of the battery independently of the accelerator pedal and producing zero emissions for up to 25 km.

When the battery power has been used up, the car switches to its petrol-hybrid engine automatically – meaning no restrictions on where your Prius Plug-in Hybrid can take you.

Luggage space isn't compromised either. Thanks to an underfloor area for the charging cable there's plenty of room, enough for three golf bags. Isn't it great when something you love just gets better?

The Prius Plug-in Hybrid range

Prius Entry

Main features

- 15" alloy wheels with aero covers (5-spoke)
- Retractable door mirrors
- Daytime running lights (LED type)
- Front fog lamps
- Rear-view camera
- Aqua or black fabric
- Smart Entry & Start System (driver only)
- Cruise control
- Driver and passenger heated seats
- Toyota Touch
- Bluetooth® hands-free system
- Rear-view camera display
- Head Up Display
- 6 speakers
- Aux-in connector
- USB connector

Black fabric

Standard on Entry

Aqua fabric

Standard on Entry

Prius Premium

Main features (additional to Entry grade)

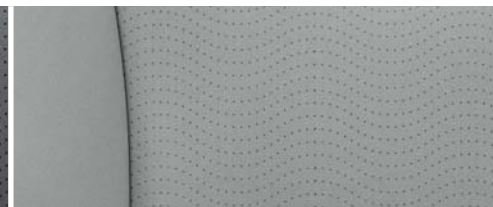

- LED headlamps
- Headlamp cleaners
- Rain sensor
- Intelligent Parking Assist (IPA)
- Aqua or black leather
- Smart Entry & Start System (driver, passenger and boot)
- Adaptive Cruise Control (ACC)
- Automatic headlamp levelling
- Electrochromatic rear-view mirror
- Toyota Touch Pro
- Dynamic lines on rear-view camera display
- Navigation indications in Head Up Display
- 8 speakers
- JBL premium sound system
- Pre-Crash Safety (PCS) system

ENVIRONMENTAL PERFORMANCE

1.8 I Plug-in Hybrid
e-CVT

Fuel consumption (applicable legislation)

Fuel consumption weighted & combined (l/100km)	2.1
Recommended fuel grade	95 unleaded petrol or higher
Fuel tank capacity (litres)	45

Carbon dioxide, CO₂ (applicable legislation)

CO ₂ weighted & combined (g/km)	49
--	----

Exhaust emissions (EU directive EC 715/2007 as last modified by directive EC 566/2011F)

Euro class	EURO 5 F
Carbon monoxide, CO (mg/km)	118.4
Hydrocarbons, THC (mg/km)	25.4
Hydrocarbons, NMHC (mg/km)	22.7
Nitrogen oxides, NO _x (mg/km)	0.9

Noise, drive-by (applicable legislation)

Sound level drive by (dB(A))	69
------------------------------	----

The fuel consumption, CO₂ and noise values are measured in a controlled environment on a basic production vehicle, in accordance with the requirements of European law published by the European Commission. For further information, or if you are interested in buying a basic production vehicle, please contact Toyota Motor Europe NV/SA. The fuel consumption and CO₂ values of your vehicle may vary from those measured. Driving behaviour as well as other factors (such as road conditions, traffic, vehicle condition, installed equipment, load, number of passengers, ...) play a role in determining a car's fuel consumption and CO₂ emissions.

ENGINE

1.8 I Plug-in Hybrid
e-CVT

Engine code	2ZR-FXE
Number of cylinders	4 cylinders in line
Valve mechanism	16-valve DOHC with VVT-i
Fuel system	Electronic fuel injection
Displacement (cc)	1798
Bore x stroke (mm x mm)	80.5 x 88.3

ENGINE

1.8 I Plug-in Hybrid
e-CVT

Compression ratio	13.0 : 1
Maximum power output (DIN hp)	99
Maximum power output (kW/rpm)	73/5200
Maximum torque (Nm/rpm)	142/4000
Total hybrid system combined output (DIN hp)	136
Total hybrid system combined output (kW)	100
Electric front motor: type	Permanent magnet synchronous motor
Electric front motor: maximum output (kW)	18
Electric front motor: maximum voltage (V)	650
Hybrid vehicle battery: type	Lithium-ion battery
Hybrid vehicle battery: nominal voltage (V)	207
Hybrid vehicle battery: battery capacity (3HR) Amp.hr.	21.5

PERFORMANCE

1.8 I Plug-in Hybrid
e-CVT

Maximum speed (km/h)	180
0-100 km/h (secs)	11.4
Drag coefficient	0.25

BRAKES

1.8 I Plug-in Hybrid
e-CVT

Front brakes	Ventilated disc
Rear brakes	Disc

SUSPENSION

1.8 I Plug-in Hybrid
e-CVT

Front suspension	MacPherson strut
Rear suspension	Torsion beam

DIMENSIONS AND WEIGHTS

1.8 l Plug-in Hybrid e-CVT

Exterior length (mm)	4480
Exterior width (mm)	1745
Exterior height (mm)	1490
Front tread (mm)	1525
Rear tread (mm)	1520
Front overhang (mm)	925
Rear overhang (mm)	855
Wheelbase (mm)	2700
Turning circle – tyre (m)	5.2
Interior length (mm)	1905
Interior width (mm)	1470
Interior height (mm)	1225

DIMENSIONS AND WEIGHTS

1.8 l Plug-in Hybrid e-CVT

Luggage overall length, rear seat up (mm)	880
Luggage overall width (mm)	1555
Luggage overall height (mm)	601
Luggage overall length, rear seat down (mm)	1830
Luggage capacity, up to roof, rear seat up (litres)	443
Luggage capacity, up to roof, rear seat down (litres)	1118
Gross vehicle weight (kg)	1840
Kerb weight (kg)	1425–1450
