

The Morning

Movement that inspires

Always in style

Where is the latest hot spot? Chances are, it's not far from where the Morning is headed. Enjoy stealing the spotlight with its stylish contours and bold charisma.

True style lies within

The Morning's stylish dashboard groups driving, entertainment and climate controls with logical ingenuity. It feels spacious, wide-open and impressively modern.

(Photo is for reference only)

8" color touchscreen audio

A vivid 8" color LCD screen is shared by the rear view camera and the audio system. The large screen makes it simple to select radio stations and operate other audio system controls with the touch of a finger.

Ready for modern life

Getting through a typical day of finding your way, staying informed, meeting people, and staying connected takes a certain level of skill and ingenuity. The Morning helps you handle all the demands of urban living.

Rear view camera with dynamic guidelines Using a waterproof rear camera and the 8-inch dash display, the rear view camera projects dynamic guidelines onto the image to recommend a path as the driver reverses.

4.2-inch Supervision Cluster Get tire pressure alerts and other essential vehicle and trip information at a glance with the mono LCD located between the instrument dials.

Bluetooth Handsfree Built-in Bluetooth® connects paired, compatible mobile devices seamlessly, giving you easy access to music streaming and hands-free calls.

(Photo is for reference only)

Give yourself room to breathe

It's a small car, but you get it all: headroom, shoulder room, plenty of legroom, and even a comfy front center-console armrest.

City life requires real flexibility

You always have choices with the Morning, whether moving people, cargo, or a mix of the two. Enjoy a day out shopping, a road trip, or have the space all to yourself.

60:40 split folding rear seats For maximum flexibility, the rear seatbacks split 60:40 and fold flat, allowing several combinations of people and cargo.

Double tray Located just below the temperature controls, the double tray provides a convenient space for sunglasses, smart phones or audio devices.

255^l cargo capacity

Glove box With separate sections to keep all your favorite accessories organized, the glove box stores items out of sight yet easily within reach.

Front cup holder At the front of the console, dual cup holders keep drinks secure and close at hand.

Center console armrest* The floor-mounted center console offers convenient storage and a place to rest your arm.

*Only available in specific trims.

Truly reliable performance

Reliable, efficient and fun when you need them to be, the Morning's engine and transmission offers you a boost of confidence as you drive through life.

Kappa 1.2 MPI Engine The 84ps, 1.2-liter dual-CVVT MPI engine with piston-cooling jets and coated piston rings is feisty and capable, yet also quiet and efficient.

5-Speed Automatic Transmission with Manual Mode (AMT) It is an exciting, new and easy way to drive, and works just like any other automatic transmission - except when you fancy some old school "hands-on gear changing" fun you can switch to manual mode.

Obsessed with peace of mind

From its sturdy frame to the latest in sensor technology, the Morning is dedicated to protecting you when trouble happens and helping you avoid tricky situations in the first place.

Front / side / side curtain airbags

To help protect occupants and potentially reduce injuries in the event of a collision, the Morning offers driver and front passenger airbags, two front-side airbags and two side-curtain airbags.

Braking system The brakes are tuned to work with the ABS and tires to reduce stopping distance, while maximizing stopping power and directional control while braking.

Advanced
High-Strength Steel

Advanced High-Strength Steel (AHSS) and Hot-Stamped Steel

The Morning uses more than 44% Advanced High Strength Steel (AHSS), resulting in phenomenal rigidity. And hot-stamping of components is employed in core stress areas. These measures greatly improve average body tensile strength, enhancing cabin protection and improving dynamic performance.

HAC (Hill-start Assist Control) At a standstill on an incline, HAC prevents you from rolling backward by gently applying the brakes, for up to two seconds, from the time you lift your foot from the brake pedal, giving you time to switch your foot smoothly to the accelerator.

ESC (Electronic Stability Control) ESC ensures optimal braking performance and directional control by automatically delivering the right amount of braking force to each wheel based on engine torque and driving circumstances.

PDW-R (Parking Distance Warning - Reverse) You're lucky to find a parking spot in the city, and PDW-R can help you back in with confidence. Using sensors, it beeps faster, then continuously, as you get closer to an obstruction.

It's wise to personalize

Morning comes with great standard features, but you can make it your very own by choosing from numerous comfort and convenience features.

Audio remote controls Buttons mounted on the steering wheel let you adjust audio functions while your eyes stay on the road.

Apple CarPlay Bring the best of your smartphone devices in the car while driving. Every Morning with 8" display supports Apple CarPlay.

Auto temperature control Enjoy one-touch comfort simply by setting your preferred temperature, and the automatic system will monitor and maintain it until you change or cancel it. (GT-Line only)

TPMS (Tyre Pressure Monitoring System) TPMS alerts you when a tyre needs pressure adjustment, by displaying the information on the cluster screen.

Manual temperature control Simple graphics let you choose your temperature and airflow preferences and you can adjust them quickly whenever you like. Illuminated icons clearly display the current settings when it's dark.

Smart key The smart key remote lets you unlock or lock the doors without inserting the key, and you can start the car by simply pressing a button.

MDPS with tilt steering wheel Motor-driven power steering simplifies turning, while a tilt steering column lets you find the most comfortable driving position.

USB port Connectivity to virtually any portable music storage device means that you can enjoy your entire digital music collection while on the road.

Auto light control Set the stalk ring to 'Auto' and the front and rear lights will turn on or off automatically depending on lighting conditions.

Alloy pedals* Racing-inspired alloy pedals add to the fun of driving. Raised rubber grips help ensure confident footwork.

Electric outside mirrors In extremely tight situations, a handy one-touch mechanism folds and unfolds mirrors to facilitate safe passage.

High-mounted stop lamp Located on the subtle spoiler above the rear window, the lamp safely alerts drivers behind you when you're braking.

*Only available in specific trims.

Even more choices

The Morning gives you attractive body colors that range from subtle shades to bright tones that truly stand out.
