

The new Golf Sportsvan

The Golf +

Volkswagen

EXTERIOR AND INTERIOR HIGHLIGHTS.

**The new Golf Sportsvan.
More style, more space, more options.**

The new Golf Sportsvan is the vehicle of choice for those who are loyal to the Golf, yet want more flexibility and space. The dynamic silhouette and elegantly elongated bonnet highlight its sporty appeal, underlined by newly designed bumpers, larger headlights with LED daytime running lights, bumper and front air intake. New LED rear lights, a choice of sporty new alloy wheels and exciting new paint colours, like Cranberry Red, complete its powerful new look. Quite simply, it's all you'd expect from a Golf. And more.

01 New LED headlights give the new Golf Sportsvan a self-assured look, highlighting its dynamic appearance.

**Made for adventure.
Sporty, comfortable, safe.**

Contemporary fabrics and decorative trims combined with an elevated seating position, ergonomic design and a host of refinements creates a luxurious interior that's as dynamic as it's peaceful. Never has it been so easy to relax while enjoying the spirit of adventure. Relax while you have fun. That's the message from the new Golf Sportsvan.

INTERIOR AND COMFORT.

As practical, flexible and versatile as you could wish for.

Whatever your plans and however quickly they change, the new Golf Sportsvan adapts with ease. The Driver Personalisation profile can be set to your individual radio, temperature, phone and driving settings ensuring optimum comfort, while the variable rear seats offer a wealth of options, giving you as much space as you need, and a selection of storage compartments keeps the interior tidy. Practical, flexible and versatile, the new Golf Sportsvan is literally ready for anything.

01 The flexible rear seats ensure there's plenty of space, whatever your requirements. The **split-folding 60:40 rear backrest** moves backwards and forwards, depending whether you need more space for passengers or luggage. You can also fold it flat to create a larger cargo area if you're carrying bulkier items. The central armrest features a useful load-through provision, ideal if you want to transport long objects without folding away the rear seats.

02 The practical **storage compartment** on the dashboard provides a useful space, allowing you to stow away items such as sunglasses, documents and wallets easily and quickly.

03 Easily accessible **storage compartments in the doors** ensure anything you need on your journey is easily within reach, keeping the interior clutter-free and well organised.

04 **Folding tables** on the rear of the front seats, along with practical pockets, make the journey even more comfortable for rear seat passengers.

COMFORT AND INFOTAINMENT.

**Leave everyday life behind you.
Here comes the sun!**

What better way to enjoy the sunshine or the evening sky? And what better way to view the night stars? The panoramic sunroof introduces a new dimension of light and space, flooding the interior with fresh air on a warm day or ambient light on a cool day. If the sunshine gets too strong, tinted glass and an integrated roller blind offer protection, all at the push of a button. Make the most of the great outdoors – from the inside. Panoramic sunroof is a standard item.

**Stay informed with your
digital touchscreen.**

The new Golf Sportsvan is all about freedom. With advanced technology and 8" Composition Media enables you to make the most of every journey.

The **Composition Media infotainment system** is equipped with an 8" colour touch-screen, SD card reader and USB connection. It allows music playback from MP3, WMA and AAC files, Bluetooth telephone and audio functionality¹. Eight speakers, situated to the front and rear, deliver 4 x 20 watt output.

¹ Devices must be Bluetooth HFP (Hands Free Profile) compatible, please contact your authorised Volkswagen retailer for specific phone compatibility.

TECHNICAL SPECIFICATIONS AND DIMENSIONS.

TECHNICAL SPECIFICATIONS.

Engine, gearbox	Engine type / valves per cylinder	Golf 230 TSI Sportsvan Luxury
	Injection method / turbocharger	4-cylinder petrol engine / 4
	Cubic capacity, litres / cm ³	Direct injection / Turbocharger
	Max. output, PS (kW) / rpm	1.4 / 1,395
	Max. torque, Nm / rpm	125 (92) / 5,000-6,000
	Emission category	200 / 1,400-4,000
Weights, kg	Gearbox version	Euro 6
	Unladen weight	7-speed DSG dual clutch automatic gearbox
	Gross vehicle weight	1,395 kg
	Payload	1,900 kg
Performance	Front / rear axle load limit	505 kg
	Top speed, kph	940-990 kg / 910-960 kg
Fuel consumption, litres/100km	EU Urban / Extra-urban / Combined	205 km/h
		6.1 / 5.1 / 5.7
Fuel tank capacity, litres		Approx. 50
CO ₂ emissions combined, g/km		131 g/km

- 1) The specified values were obtained using the legally required measurement procedures. These figures do not refer to a particular vehicle and do not constitute part of the offer but are purely for comparison purposes between the various types of vehicle. The fuel consumption and CO₂ emissions of a vehicle not only depend on the efficient use of the fuel by the vehicle but are also influenced by the driving behaviour and other non-technical factors (e.g. environmental conditions). Additional equipment and accessories (add-on parts, tyres etc.) may alter relevant vehicle parameters such as weight, rolling resistance and aerodynamics, thus affecting consumption and driving performance values beyond the effects of weather and traffic conditions. Where ranges are given, the figures for fuel consumption and CO₂ emissions depend on the selected tyre format and optional extras. Note in accordance with the current version of Directive 1999/94/EC: further information regarding official fuel consumption and the official, specific CO₂ emissions for new passenger vehicles can be found in the "Guidelines on fuel consumption, CO₂ emissions and electricity consumption of new cars" which is available free of charge from all points of sale and DAT Deutsche Automobil Treuhand GmbH, Hellmuth-Hirth-Straße 1, 737/60 Ostfildern, Germany, or at www.dat.de.
- 2) Efficiency classes evaluate vehicles on the basis of CO₂ emissions, taking into account the vehicle's unladen weight. Vehicles corresponding with the average are given a D rating. A+, A, B or C ratings are given to vehicles which are better than the present-day average, and E, F or G to those below that average.
- 3) The SCR system contains an additional operating fluid which customers can refill themselves. Further information is available in the technical data and prices.

The details relating to performance and consumption apply to the use of sulphur-free 95 RON premium fuel, in accordance with DIN EN 228. The fuel grade 95 RON unleaded containing a maximum of 10% ethanol (E10) is permitted for use in principle. Detailed information on the compatibility of E10 fuels can be obtained from www.volkswagen.com or at www.dat.de/e10liste/e10vertraeglichkeit.

Exterior dimensions

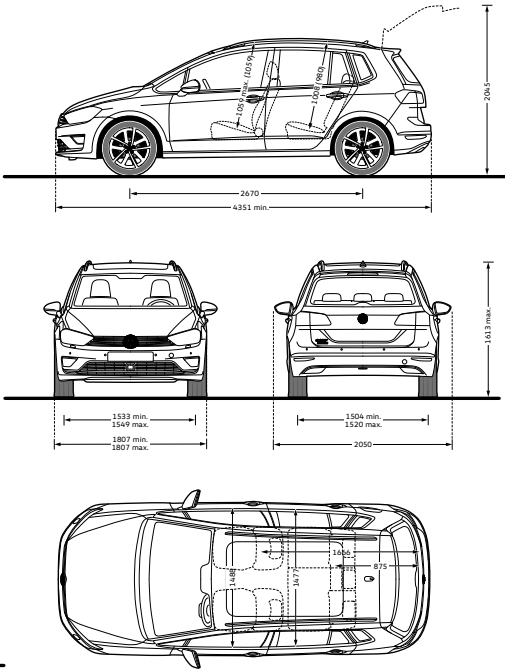

Length, mm	4,351
Width - inc. door mirrors, mm	2,050
Height - max., mm	1,613
Height - opened tailgate/floor, mm	2,045
Wheelbase, mm	2,670
Turning circle, mm	11.1

Interior dimensions

Effective headroom - front max., mm (with sunroof)	1,059 (1,059)
Effective headroom - rear max., mm (with sunroof)	1,008 (980)
Interior width, front, mm	1,488
Interior width, rear, mm	1,477

Maximum luggage capacity, litres VDA measuring method using 200 x 100 x 50mm blocks

With rear seats upright and rear bench forward	500-590
With rear seats folded and rear bench forward	1,520

On illustrations, where arrows and figures are shown inside of the vehicle, the measurements are for interior dimensions. Where arrows and figures are shown outside of the vehicle, the measurements are for exterior dimensions.
