

# The new Tiguan Allspace7

The new large 7 seat Volkswagen SUV

Volkswagen

---

# The new Tiguan Allspace7. Lots of room for adventure.

Whatever you plan to do, family holidays, sightseeing trips or days out, the new Tiguan Allspace7 provides all the space you'll ever need. With its generous passenger compartment and third row seats, it has room for everyone and everything. The longer wheelbase not only creates more space and more flexibility, it also accentuates its dynamic shape. The higher bonnet, distinctive front grille, striking lights, longer rear doors and roof rails as standard create a sharp new look, innovative technology and the latest assistance systems ensure it's equipped for every adventure.

# 7 seats. More rear legroom. Sliding rear seat.

Thanks to the new Tiguan Allspace7's ergonomic design, roomy interior and exceptional build quality, you cannot only see the space, but feel it too. There's as much luggage and legroom as you could wish for, and the flexible passenger compartment and third row seating\* gives you the freedom to spontaneously change plans, as you wish.

**01 – 02** The generous cabin space ensures plenty of rear legroom, ideal for those with longer legs or perfect for carrying larger items of luggage. The second row can be adjusted by up to 18cm or symmetrically divided and folded, providing exceptional flexibility. The folding centre armrest with two integrated cup holders offers additional comfort.

**03 – 04** The third row seats\* provides space for two further passengers. The outer seats in the second row fold down and push forwards providing easy access, and the third row seats also partially or completely fold down, increasing the load volume of the boot correspondingly. Versatile, flexible and immensely practical, the new Tiguan Allspace7 is a real all rounder.

\* Recommended for passengers up to maximum height of 1.60 m.

# Mobility. On road. Off-road. Online.

In your Volkswagen, you decide what's on. Tiguan Allspace7 280 TSI Street and Tiguan Allspace7 330 TSI Trail come standard 'Composition Media' with intuitive controls and plenty of connection options.

The "Composition Media" radio comes with eight loudspeakers. It includes all the functions and connection options of the model listed above, plus a USB port and Bluetooth connection for mobile telephones. Its 20.3 cm (8 inch) colour touchscreen also makes it especially convenient to use.

The "Discover Media" navigation function on Tiguan Allspace7 380 TSI R-Line comes with a 20.3 cm (8 inch) colour touchscreen display. It also boasts eight loudspeakers, FM radio, a CD drive that can also play music in MP3, AAC and WMA formats, two SD card slots, AUX-IN and USB ports and a Bluetooth connection for mobile telephones.

All of the systems mentioned above are also equipped with a diversity aerial, which ensures good reception even under difficult conditions.

# Comfort and convenience with a larger boot.

With its generous new boot, the Tiguan Allspace7 provides a wide range of flexible solutions, preparing you for every adventure. The boot floor, for example, can be adjusted to two heights, depending on the amount of luggage you wish to carry.

Travelling with lots of luggage? No problem for the new Tiguan Allspace7. In this seven-seater, there's a 230 litre boot behind the third row. Fold the third row seats flat and the boot space increases to 700 litres, fold the second row flat and you have 1,775 litres of boot space.

# R-Line power and dynamics.

It's up to you to decide how dynamic you want your new Tiguan Allspace7. R-Line powered by the award-winning GTI 220ps 2 litre turbo, the R-Line model features lowered sports suspension meaning great cornering, or for even more control over your drive you can specify the Dynamic Chassis Control for a choice of Sport, Comfort or Normal suspension settings. Distinctive R-Line styling includes 19 inch 'Sebring' alloy wheels, uniquely shaped body-coloured front and rear bumpers, 'C' signature 'Gloss Black' front air intakes and body-coloured side skirts. Inside, the sporty refinement continues.

Black rooflining, aluminium-look decorative inserts and a leather-trimmed multifunction steering wheel create a dynamic interior, while sports seats upholstered in leather together with the characteristic 'R-Line' logo on the front seat backrests, add an elegant touch and provide maximum support.

## Paint.

01 Pure White Non-Metallic 0Q

02 White Silver Metallic K8

03 Blue Silk Metallic 2B

04 Platinum Grey Metallic 2R

05 Deep Black Pearl Effect 2T

06 Dark Bronze Metallic 2J

07 Ruby Red Metallic 7H

08 Habanero Orange Premium Signature V9

## Alloy wheels.

01 'Nizza' 18 alloy wheels (280)

02 'Auckland' 19 alloy wheels (330)

03 'Sebring' 19 alloy wheels (380)

## Upholstery.

04 Cloth with Art Velours microfleece Titanium Black

05 Cloth with Art Velours microfleece Storm Grey

06 'Vienna' leather Titanium Black

07 'Vienna' leather Storm Grey

## Dimensions.

### Exterior dimensions

Length – min., mm	4701
Width – inc. door mirrors, mm	2099
Height – max., mm	1674
Height – opened tailgate/floor, mm	2097
Wheelbase, mm	2787
Turning circle, m	11.9

### Interior dimensions

Effective headroom – front max., mm (with sunroof)	1054 (1008)
Effective headroom – rear, mm (with sunroof)	1002 (958)
Interior width – front, mm	1503
Interior width – 2nd row rear, mm	1503

### Maximum luggage capacity, litres VDA measuring method using 200 x 100 x 50mm blocks

With 2nd and 3rd row rear seats upright	230
With 3rd row rear seats folded	700
With 2nd and 3rd row rear seats folded	1775

Figures shown are for standard specification 2 wheel drive models. The addition of certain factory-fitted options and/or accessories may affect some of the dimensions shown.

### Technical specification notes

- The maximum power output figures are quoted in PS (or Pferdestärke, which is the metric equivalent of horsepower). To convert from metric to imperial horsepower, divide the PS figure by 1.0139.
- Figures are calculated in accordance with manufacturer's criteria. The individual unladen weight depends on the specification of the vehicle, this then reduces the possible payload accordingly. The unladen weight and payload both include the fuel tank 90% full, driver (68 kg) and luggage (7 kg) in line with EU directive 95/48. Unladen weight shown refers to 3-door models. The unladen weight of 5-door models will increase by 30kg. Vehicles with higher levels of specification and factory-fitted options may result in higher weight figures.
- With increasing altitude the engine performance diminishes. From 1,000 m above sea level and for every 1,000 m thereafter 10% of the vehicle / trailer weight (trailer weight + gross vehicle weight) must be deducted. The figures may not represent the actual performance figures achieved in 'real world' driving conditions which may be affected by factors such as environmental condition and vehicle condition.
- The size of the fuel tank is approximate and therefore it may be possible to add a greater amount of fuel than the size of the tank specified, due to the space in the filler neck.
- Official fuel consumption according to EU Directive 99/94. Fuel consumption and CO<sub>2</sub> are obtained under standardised EU test conditions (Directive 93/116/EEC). This allows a direct comparison between different manufacturer models but may not represent the actual fuel consumption achieved in 'real world' driving conditions. Additional specifications can lead to a higher weight class and hence to consumption figures of this higher weight class. The driving style, road and traffic conditions, environmental influences and vehicle condition can in practice lead to consumption figures, which may differ from those calculated with this standard.
- The weight of a vehicle will influence the level of CO<sub>2</sub> emission it produces; as a result, vehicles with higher levels of specification and factory-fitted options may emit higher levels of CO<sub>2</sub>.
