

Volkswagen

The Touran

HIGHLIGHTS

Touran – The 7 Seat Sports Car. The Top Selling MPV in Europe. Very safe and very sporty: the best of both worlds for your family.

01 Our top of the range R-Line is the ultimate in style and quality, with a bespoke R-Line body kit, R-Line logos on the side sections and 17" grey-metallic Salvador alloy wheels. |RS

02 Attractive R-Line design cues are continued inside with bespoke R-Line upholstery* and steering wheel. |RS

03 See for yourself how much more you can see. Thanks to their impressive lighting power, the **LED headlights** illuminate the road better than conventional halogen headlights. A further highlight: the LED headlights may look dazzling but they won't bedazzle other road users. |LU|RS

* R-Line leather trim "Vienna" is available at extra cost.

INTERIOR & COMFORT

01-02 The “Climatronic with 3-zone temperature regulation and anti-allergen filter” provides a fresh supply of air and keeps the temperature inside the vehicle at a healthy level: an air quality sensor fitted with an anti-allergen filter maintains a high quality of air in the cabin. It also prevents harmful particles from entering the vehicle and can even ward off fungal spores and allergens. The 3-zone climate control function and selection of profiles mean that all passengers can select the temperature that best suits them. There is even a gentle air conditioning profile designed especially for smaller children and people with sensitive skin. Sun and moisture sensors use the intensity and direction of the sun’s rays to create the perfect climate and ensure a healthy level of moisture in the vehicle. This also means that you never need to worry about your windows misting over ever again. |LU|RS

03 Count the clouds and reach for the stars – you can do both in the new Touran. After all, the **panorama sliding/tilting sunroof** is not only expansive and allows the car to shine even in the dark, it can also open. What’s more, you can also electrically raise and lower the front of the two glass elements. An electric blind helps to protect all passengers. |LU|RS

04 Forget to bring a cooler? That’s OK, because the new Touran has a glove compartment that can help keep your drinks and snacks away from overheating. Now every road trip will be even cooler.

05 The **ambient lighting** makes sure that the new Touran still turns heads, even when it is dark outside. To ensure that passengers receive a warm welcome when entering the vehicle, elements such as the door handles, door openings, decorative strips and even the footwells feature soft lighting. The brightness of the ambient lighting can be adjusted to suit your tastes. |LU|RS

SAFETY & FUNCTION

Sit back, stretch out, and relax.

With state-of-the-art equipment for your journey down the motorway, the new Touran meets every passenger's needs. Regarding safety, there are a range of features in occupant protection for your family.

Euro NCAP 5-star

The safest in its class

for pedestrian and passenger safety.

01 The Rear View Camera helps the driver when the vehicle is reversing. The camera image in the display of the radio shows the area behind the vehicle. Rear View Camera helps with parking by superimposing guidelines over the camera image. | LU | RS

02 In the new Touran there are ISOFIX preparations in all seats in the second and third row. ISOFIX-compatible child seats are easy to mount and offer optimum safety due to being fixed rigidly to the body.

03 The front passenger seat can be folded flat together with the other passenger seats. Therefore, the volume of the luggage compartment can be extended to 1,857 litres. 3 foldable independent seats in centre row with lengthwise adjustment.

04 The electric luggage compartment can be opened easily using the button on the boot lid or remote control key. It closes automatically at the press of a button located in the boot lid. The opening height can be adjusted in order to avoid the boot lid being damaged, for example in garages with a low roof. | LU | RS

05 In addition to front airbags, there are front side, curtain and driver's knee airbags to optimize protection for all occupants.

PAINT FINISHES, SEAT UPHOLSTERY AND WHEELS

Caribbean Blue "metallic paint", F9F9

TECHNICAL SPECIFICATIONS AND DIMENSIONS

TECHNICAL SPECIFICATIONS.

150PS (110kW) 1.4 TSI		
Engine, gearbox	Engine type / valves per cylinder	4-cylinder petrol engine / 4
	Injection method / turbocharger	Direct injection / Turbocharger
	Cubic capacity, litres / cm ³	1.4 / 1,395
	Max. output, PS (kW) / rpm	150 (110) / 5,000-6,000
	Max. torque, Nm / rpm	250 / 1,500-3,500
	Emission category	Euro 6
	Gearbox version	7-speed DSG dual clutch automatic gearbox
Weights, kg	Unladen weight	1,478
	Gross vehicle weight	2,100
	Payload	468-697
	Front / rear axle load limit	1,080 / 1,070
Performance	Top speed, kph	209
	Acceleration from 0-80 / 0-100 km/h, sec.	6.3 / 8.9
Fuel consumption, litres/100km	EU Urban / Extra-urban / Combined	6.7-6.5 / 5.0-4.8 / 5.6-5.4
Fuel tank capacity, litres		58
CO₂ emissions combined, g/km		129-125

On illustrations, where arrows and figures are shown inside of the vehicle, the measurements are for interior dimensions. Where arrows and figures are shown outside of the vehicle, the measurements are for exterior dimensions.

1) The specified values were obtained using the legally required measurement procedures. These figures do not refer to a particular vehicle and do not constitute part of the offer but are purely for comparison purposes between the various types of vehicle. The fuel consumption and CO₂ emissions of a vehicle not only depend on the efficient use of the fuel by the vehicle but are also influenced by the driving behaviour and other non-technical factors (e.g. environmental conditions). Additional equipment and accessories (add-on parts, tyres etc.) may alter relevant vehicle parameters such as weight, rolling resistance and aerodynamics, thus affecting consumption and driving performance values beyond the effects of weather and traffic conditions. Where ranges are given, the figures for fuel consumption and CO₂ emissions depend on the selected tyre format and optional extras. Note in accordance with the current version of Directive 1999/94/EC: further information regarding official fuel consumption and the official, specific CO₂ emissions for new passenger vehicles can be found in the "Guidelines on fuel consumption, CO₂ emissions and electricity consumption of new cars" which is available free of charge from all points of sale and DAT Deutsche Automobil Treuhand GmbH, Hellmuth-Hirth-Straße 1, 737/60 Ostfildern, Germany, or at www.dat.de.

2) Efficiency classes evaluate vehicles on the basis of CO₂ emissions, taking into account the vehicle's unladen weight. Vehicles corresponding with the average are given a D rating. A+, A, B or C ratings are given to vehicles which are better than the present-day average, and E, F or G to those below that average.

3) The SCR system contains an additional operating fluid which customers can refill themselves. Further information is available in the technical data and prices.

The details relating to performance and consumption apply to the use of sulphur-free 95 RON premium fuel, in accordance with DIN EN 228. The fuel grade 95 RON unleaded containing a maximum of 10% ethanol (E10) is permitted for use in principle. Detailed information on the compatibility of E10 fuels can be obtained from www.volkswagen.com or at www.dat.de/e10liste/e10vertraeglichkeit.
