

OPEL ASTRA OPC

Wir leben Autos.

SHORTENS STRAIGHTS AND STRAIGHTENS CORNERS.

The new Opel Astra OPC is the ultimate Astra and a thoroughbred sports car. Fitted with a 2.0 turbo engine for power galore, the Opel Astra OPC delivers up to 400 Nm of torque as a matter of course. The fine-tuned, lowered performance chassis, HiPerStrut front and Watt's link semi-independent rear suspensions provide a thrilling driving experience. FlexRide with optimised Continuous Damping Control and speed-sensitive power steering allow you to change driving characteristics at the push of a button.

For those who prefer an even bolder look, the optional OPC Appearance Pack shown opposite provides added emphasis to the already expressive roof spoiler and rocker mouldings.

➤ WELCOME TO POLE POSITION.

The interior of the Opel Astra OPC is made to fit like a motorist's glove. The Performance 6-way seats, enhanced driving position and optional adjustable side bolsters allow you to practically become one with the car. The stainless steel pedal covers, flat-bottom steering wheel and exclusive instrument graphics create the perfect environment for outstanding driving dynamics.

1. OPC performance seats. Optional super light high-tech AGR certified bucket seats with up to 18 adjustment possibilities and push-button inflatable side bolster cushions give race-type support with streetwise comfort.

2. PowerApp. If you'd like to know more about your car and the way you drive, you'll love the special PowerApp for your iPhone or iPod that is enabled by the optional smartphone interface¹. You can choose between seven different screens, displaying additional performance data like g-force, over/understeer and engine torque graphs.

3. Where man meets machine. The 360 mm diameter flat-bottom leather steering wheel with OPC detail matches the sporty interior and offers you optimum grip.

¹ Available also as accessory.

> TACTILE, TAILORED AND SUPERBLY SUPPORTIVE.

High-tech Jet Black fabric or smooth, supple leather? The choice is yours. Naturally the leather is perforated for superior comfort. Dynamic stripes and saddle stitching add the perfect finishing touches.

HEAD-TURNING STYLE. <

No one could imagine an F1 car without stylish wheels. So why should the street be any less discerning? With both the standard Opel Astra OPC 19-inch or the optional 20-inch alloy wheels the charisma of competition is ready and waiting every time you drive.

TYRE LABELLING

Alloy wheel. 8 J x 19", OPC, tyres 245/40 R 19 (RQ_N, standard).

Alloy wheel. 8.5 J x 20", OPC, weight-optimised, tyres 245/35 R 20 (R01, optional).

THE PINNACLE OF POWER.

With 206 kW (280 hp) and 400 Nm of torque the OPC is the most powerful Opel Astra ever. In real terms, that means sophisticated direct injection twin-turbo technology working to provide seemingly never ending, super smooth power. Turbo lag? Forget it. The new Opel Astra OPC sets standards in power, control and civilised response.

CONSUMPTION AND EMISSIONS

Engine 2.0 Turbo ECOTEC®
with Start/Stop System
(206 kW/280 hp)

Emission standard	Euro 5
Transmission	MT-6
Fuel	Petrol
Fuel consumption in l/100 km ¹	
Urban	10.8
Extra-urban	6.5
Combined	8.1
CO ₂ emission combined in g/km ¹	189

MT-6 = 6-speed manual transmission

All information was accurate and up to date at the time of going to print. The company reserves the right to alter engine specifications at any time, which may influence the content of the shown data. Please consult your Opel dealer for the latest information. All figures quoted relate to the EU base model with standard equipment. Fuel consumption data and CO₂ emission data are determined according to regulation R (EC) No. 715/2007 (in the version respectively applicable), taking into consideration the vehicle weight in running order, as specified by the regulation. Additional equipment may lead to slightly higher results than the stated consumption and CO₂ figures. The figures for fuel consumption and CO₂ emissions do not relate to a specific vehicle and are not part of an offer. They are provided only for the purpose of comparison between different vehicle variants. Additional equipment may increase the weight of the vehicle when empty and in some cases the permissible axle weights as well as the permissible total weight of the vehicle and reduce the permissible towing weights. This may lead to a reduction in top speed and increased acceleration time. Driving performance figures assume a 75 kg driver plus a 125 kg load.

¹ In acc. with regulation R (EC) No. 715/2007 (in the version respectively applicable).

OPEL SERVICE. <

Quality at Opel means much more than automobiles with superior engineering. With our comprehensive service programme we also guarantee our customers our high quality standards after they have bought their car.

2-year new vehicle warranty. This warranty applies to any new Opel car for a period of 24 months without any mileage restrictions, as from the day on which it was delivered to the customer by the selling Opel dealer.

Parts and accessories service. Opel parts and accessories are available at your local Opel Shop, where you'll find everything to make your vehicle more comfortable or to meet your individual needs, as well as expert advice.

12-year warranty against corrosion. Opel provides you with a reliable long-term warranty against perforation, provided you have your vehicle serviced and all necessary inspections performed according to the service booklet.

3-year warranty for Opel batteries. With a 3-year warranty for service-installed Opel original batteries your starting problems are over – even in the coldest winter.
