

LS

BY LEXUS

THE EVOLUTION OF A MASTERPIECE

THE EXECUTIVE

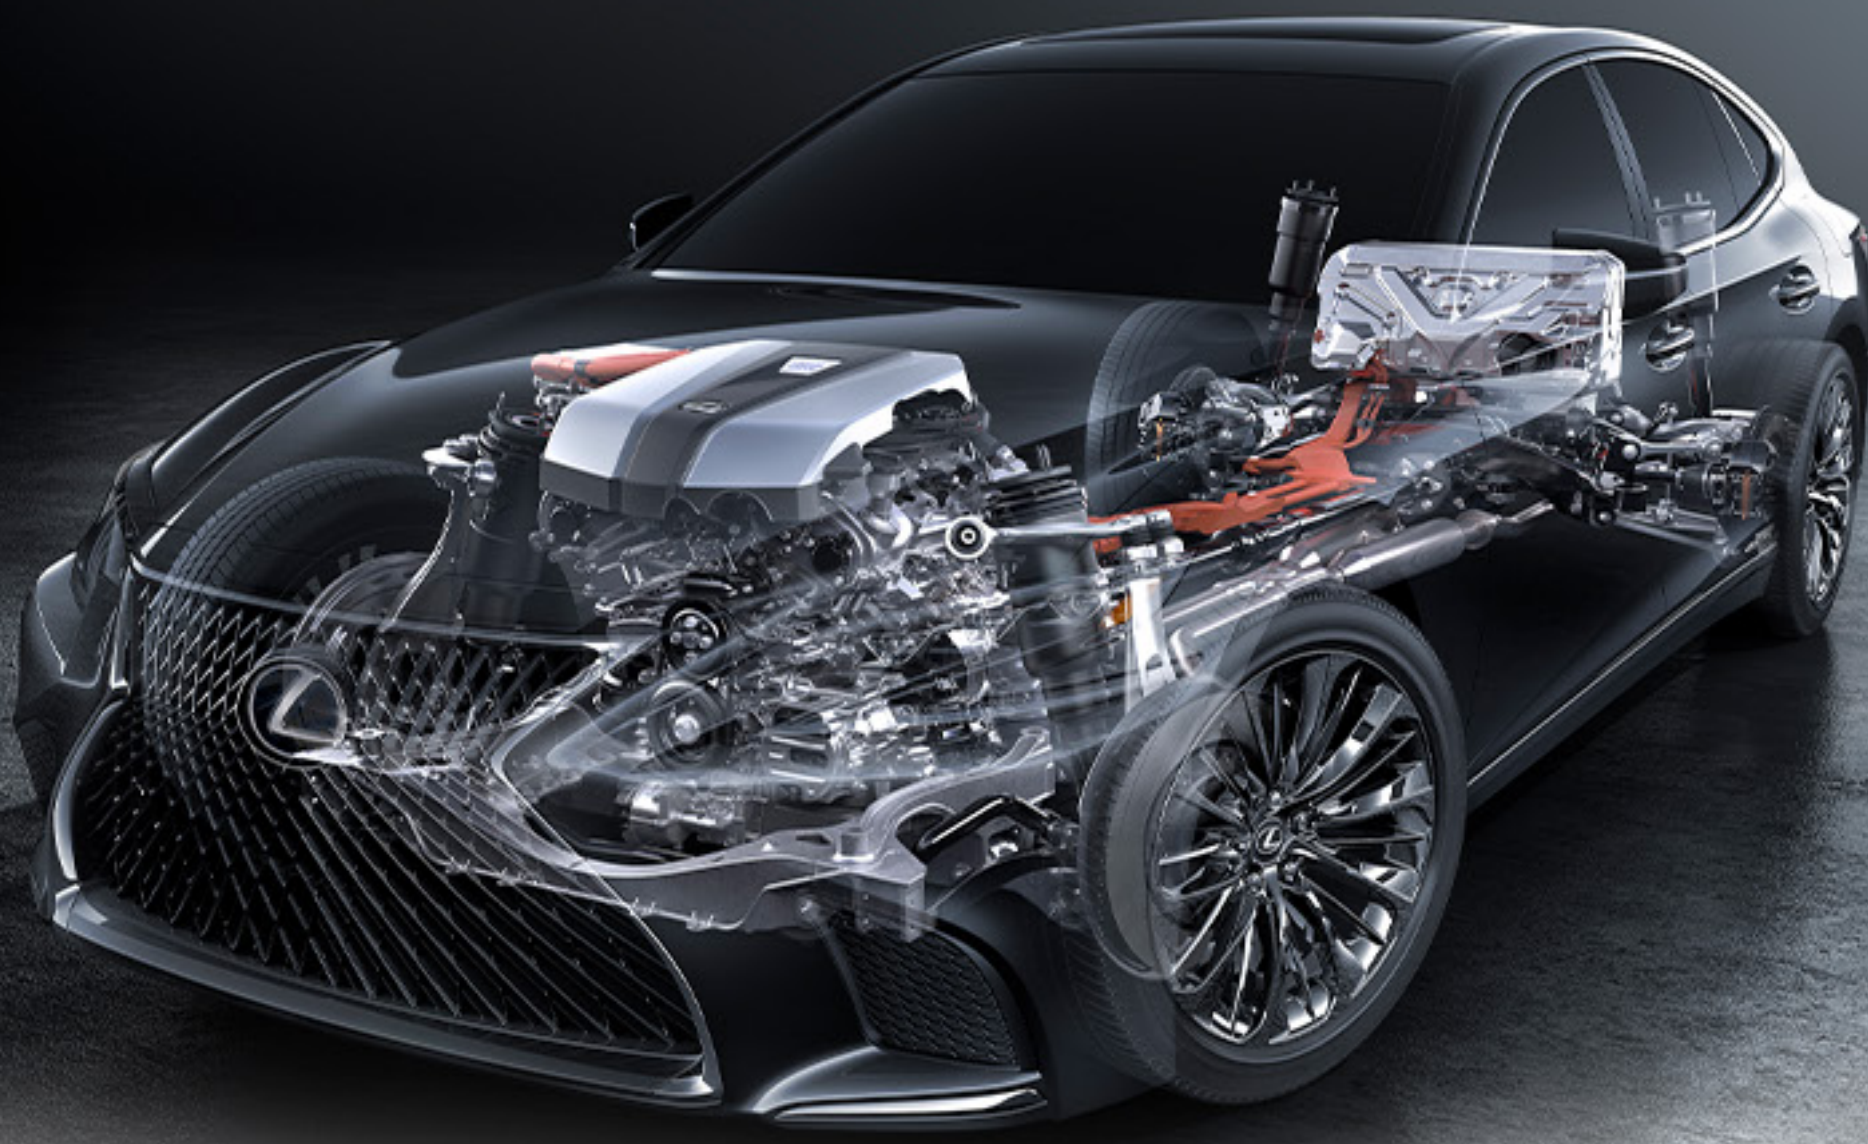

Standing at the pinnacle of the Lexus range, this hybrid flagship sedan combines the spaciousness of a long wheelbase four-door sedan with the seductive appeal of a low, coupé-like profile.

THE F SPORT

Featuring an iconic F Sport spindle grille, distinctive wheels, and sleek interior design, the Lexus LS Hybrid F Sport will add more dynamic luxury driving experience.

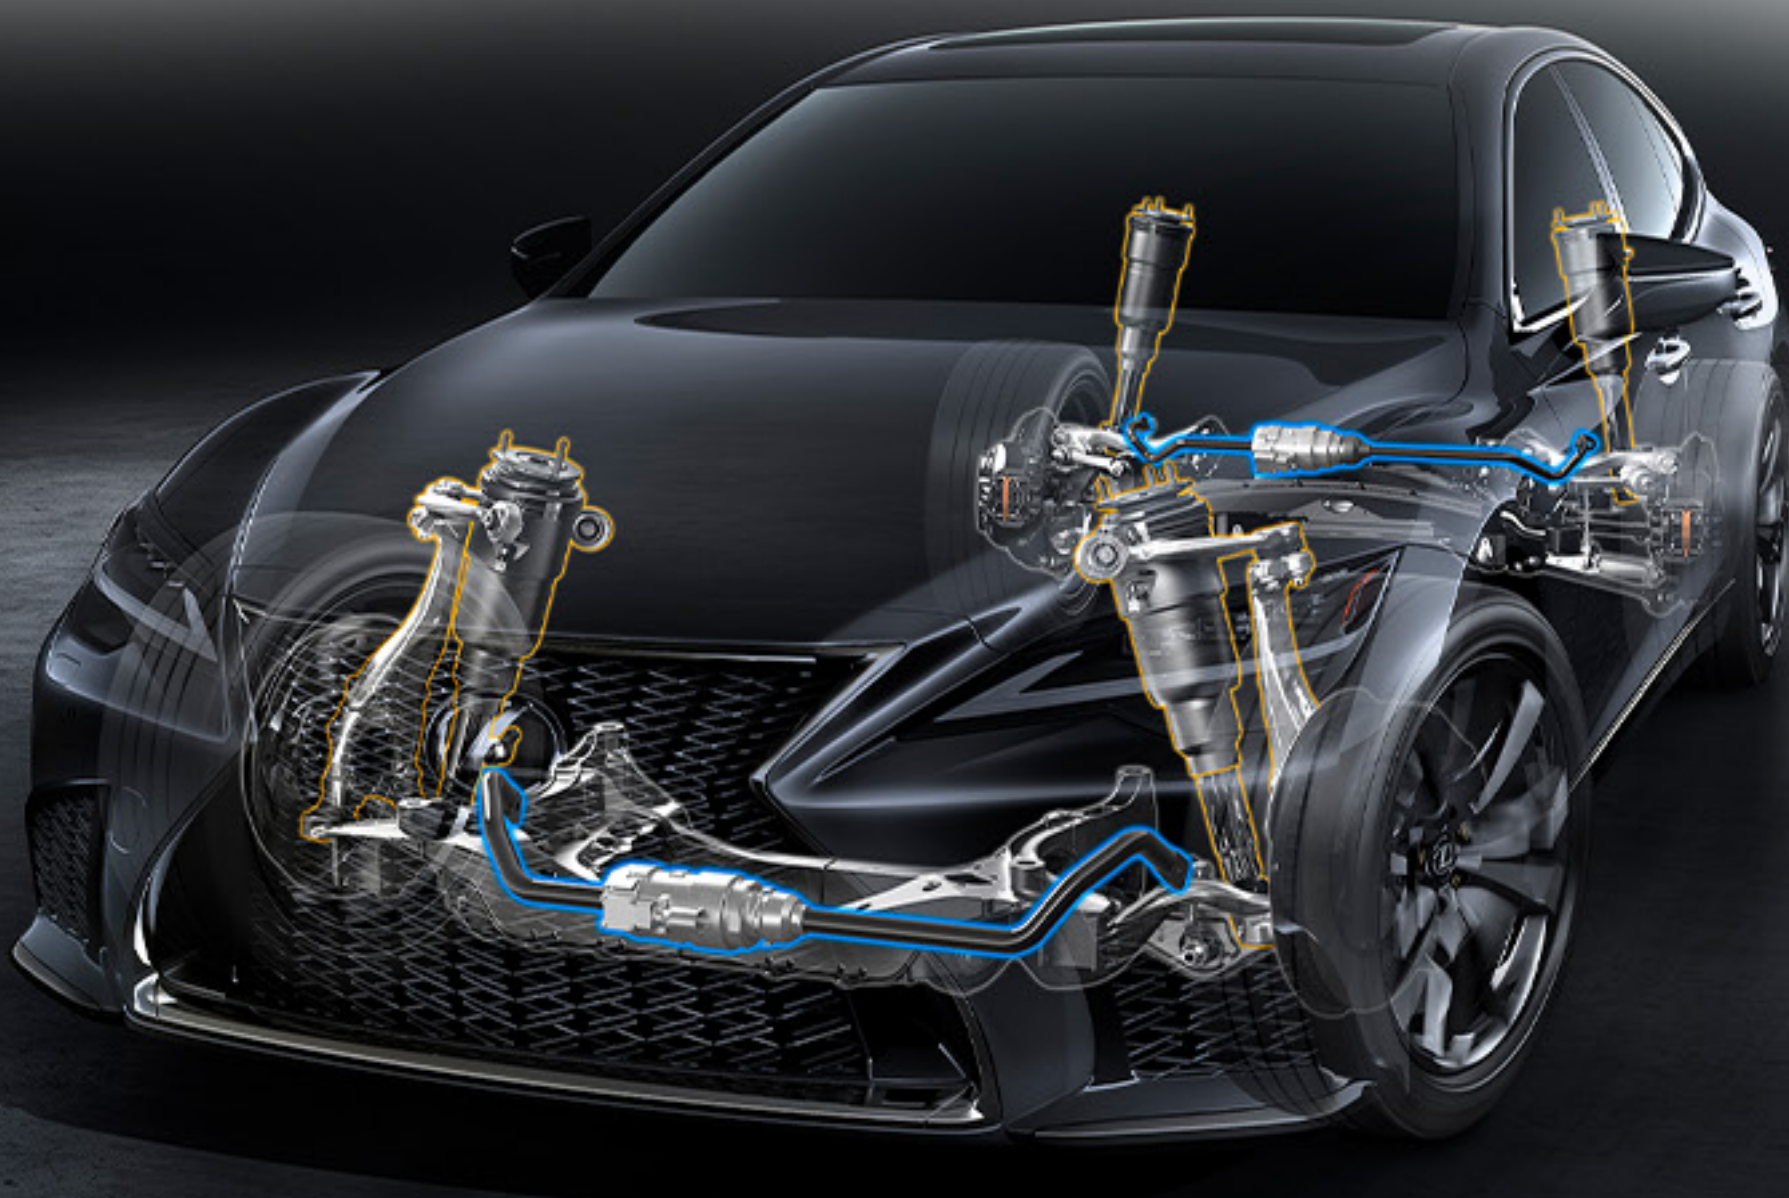

MULTI-STAGE HYBRID SYSTEM

The System uses additional four-speed automatic gearbox mounted at the rear of the hybrid transmission to generate better acceleration allowing for engine revs to closely match the driver's use of the accelerator.

F SPORT AGILITY

Experience the sports-tuned suspension that gives you better handling and a sportier drive. LSh F Sport is also completed with DRS (Dynamic Rear Steering) for controlling the rear-wheel steering angle and the conventional VGRS (Variable Gear Ratio Steering) system for the front-wheel angle.

THE EXTERIOR

*Specifications may vary. Please consult with Brand Associate for more information.

A UNIQUE SILHOUETTE

The new LS creates new values befitting its role as a new-generation luxury car, and provides an emotional world view that tucks deeply at heart. While providing ample space in the rear, a six-light cabin design has been adopted to create a sense of unity with the body and a sleek silhouette. The slim front and rear pillars taper from the central position of the occupants, giving the cabin an elegant form.

**Exclusive to LSh F Sport*

F SPORT SPINDLE GRILLE

The exclusive F Sport L-Mesh grille design sets this car apart. Finished in black, with the complex mesh formed of thousands of L-shaped design elements.

**Exclusive to LSh F Sport*

F SPORT JET BLACK MOULDING

The exclusive jet black plating has been applied to certain parts of the exterior to enhance the sporting appearance of the car.

20-INCH F SPORT WHEEL

The LS demands attention at every turn with 20-inch wheel with Dark Vapor Chrome finish. This split-10-spoke alloy wheel enhances the LS's dynamic and powerful stance.

**Exclusive to LSh F Sport*

20-INCH RESONATOR WHEEL

The 20-inch premium wheel feature a brilliant design created using an electroplating technique known as spattering. A resonator structure has been adopted to the inner void structure to reduce tire-specific resonance that occurs during driving.

**Exclusive to LSh Executive*

POWER TRUNK WITH KICK SENSOR

The Power Trunk with Kick Sensor provides ease as you approach the Lexus LS with your hands full. With the remote key in your pocket or bag, simply swing your foot under the rear bumper and the trunk will automatically open.

VEHICLE HEIGHT CONTROL

Convenience has no compromise in the Lexus LS. As you open the door to enter, the Air Suspension lifts the LS for ease of entry and also as you exit. When you begin driving, the vehicle height will return to normal.

THE INTERIOR

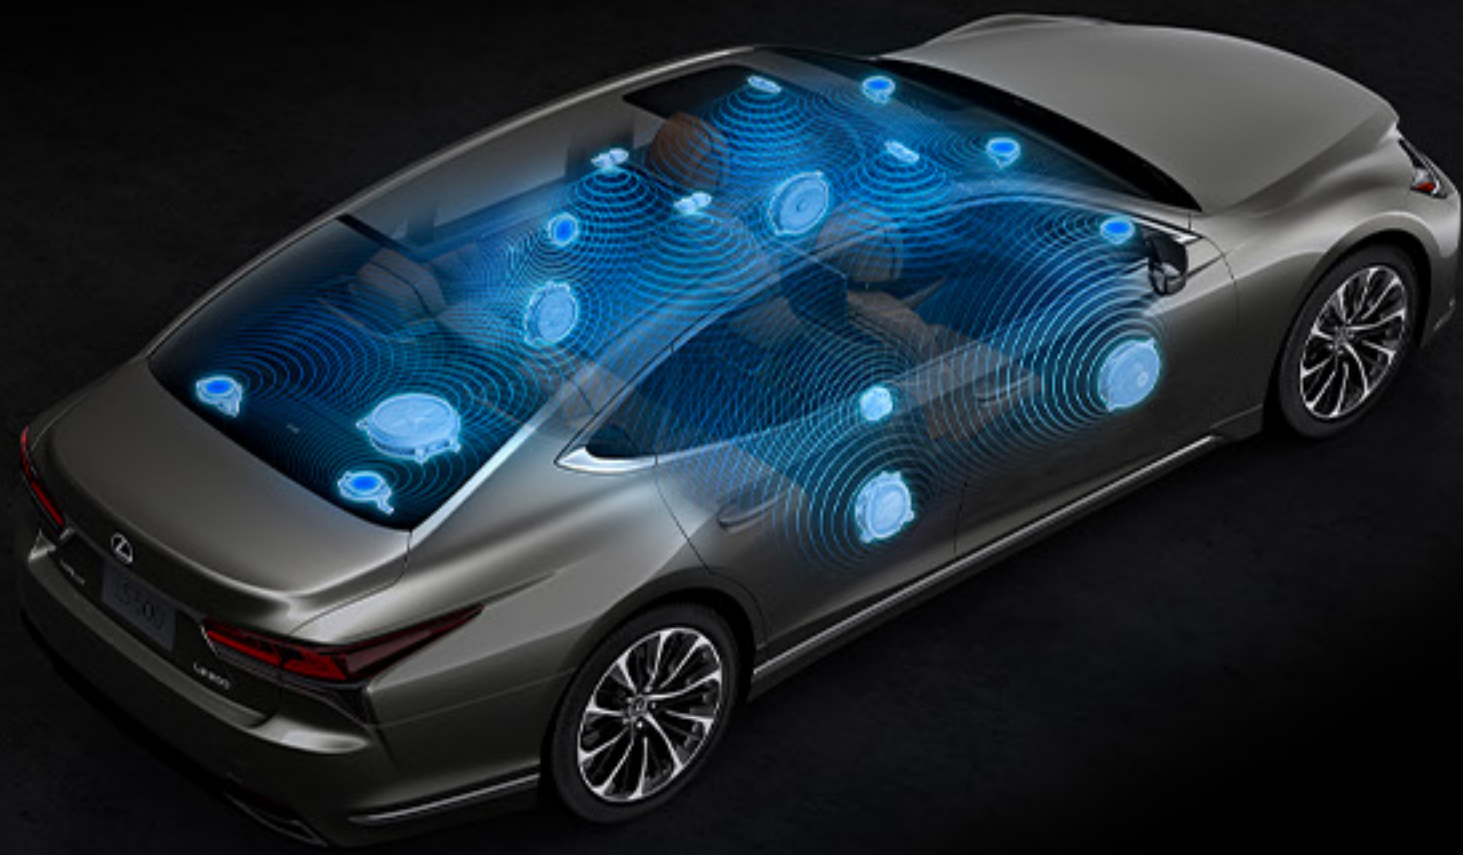

*Specifications may vary. Please consult with Brand Associate for more information.

12.3" TOUCH EMV SCREEN

Lexus has aimed to provide the comfortable and relaxing atmosphere, as well as the unparalleled mobility experience, of a true brand flagship. Convenience has been greatly with the 12.3-inch touch-operated wide display. Additional compatibility with Apple CarPlay, and Android Auto further emphasizes driver connectivity and driving safety.

MARK LEVINSON QI REFERENCE SOUND SYSTEM

A 24-speaker system that includes speakers in the ceiling ensures unprecedented sonic quality in an accurate and enveloping soundstage.

DIGITAL INNER REAR VIEW MIRROR

Through integrated cameras and ultrasonic sensors, the latest advanced parking assist technologies support the driver in recognition, judgement, and operation. The digital rear view mirror features a larger high-resolution display for improved visibility of the area behind the vehicle. With its ultra-wide display, a view of the rear has never looked better.

*Exclusive to LSh Executive

REAR SEAT ENTERTAINMENT SYSTEM

A dual-screen Rear Seat Entertainment System is available with a large 11.6-inch LCD display and a tilt mechanism that enables the angle to be adjusted between 0 and 50 degree.
