NEW NISSAN ELGRAND

NEW NISSAN ELGRAND

The True Definition of Premium MPV

The alluring and elegant appearance of New Nissan Elgrand promises a sense of supreme satisfaction and a great feeling when you unwind inside its luxurious cabin.

Are you looking for more comfort while driving? New Nissan Elgrand is the answer. It redefines the concepts of excellent driving performance and comfort. While premium MPV are generally associated with passenger travel amenities, New Nissan Elgrand renders this notion obsolete by offering equally superior levels of comfort for its driver.

Dubbed as the king of MPV, New Nissan Elgrand redefines and sets the bar higher for the premium MPV class.

Long Wheelbase

Newly-designed Multi-link Suspension

A Different Framework

New Nissan Elgrand employs a new FF (Front Engine, Front-Wheel-Drive) system. The engine is placed at the lowest possible level, equipped with large-capacity and thin fuel tank, to increase stability. New Nissan Elgrand also features a newly designed front strut suspension and rear multi-link suspension.

- 1. Suspension :** The front and rear suspension feature aluminium links and latest shock absorbers coupled with a recoil spring to provide superior driving stability and flexibility.
- 2. Turning Radius :** The turning radius for New Nissan Elgrand is 5.7 meters which enables you to maneuver easily through the crowded city.
- 3. Tires & Wheels :** New Nissan Elgrand is equipped with 255/55R18 tires with 18-inch wheels.

RELAXING COMFORT

New Nissan Elgrand's feature are reliable for your exceptional comfort throughout the entire cabin. New Nissan Elgrand offers a cozy seven-seat layout with Triple Ottoman Seats (sofa for one person equipped with footrest).

1. Triple Ottoman Seats

The Ottoman Seats for the front and 2nd row passengers are especially engineered and crafted for relaxation on the move.

2. Ottoman / Foldable Back Seat

Large-sized Ottoman Seat with enlarged body section, high hip point and foldable footrest provides firm yet supremely comfortable support. Giving Passengers a relaxing experience, even during long-distance travel.

ENGINE AND TRANSMISSION

New Nissan Elgrand has setting the new standard of luxury MPV performance with the high quality engine which the transmission can be realized your exciting feeling for run.

POWERFUL LUXURY WITH VQ35DE ENGINE

It is designed to achieve more torque, horse power, smoothness and quietness. It brings the ability rotate smoothly both low speed and high speed rotation. The Valve Control enables its fantastic accelerate sound gentle when it's spinning low rotation and sporty when it's spinning high rotation.

VQ35DE Engine

Max power : 206kW(280PS)/6400rpm
Max torque : 344N•m(35.1kg•m)/4400rpm

VQ35DE

QR25DE

XTRONIC CVT

HIGH PRACTICAL QR25DE ENGINE

Experience confident and effortless performance with the New Nissan Elgrand's responsive 2.5L QR25DE engine, paired with the XTRONIC CVT transmission. Providing responsive acceleration from low speeds and high torque giving the vehicle response and a strong driving feel.

QR25DE Engine

Max power : 125kW(170PS)/5600rpm
Max torque : 245N•m(25.0kg•m)/3900rpm

XTRONIC CVT

The combination of VQ35DE engine and QR25DE engine are one of the best things that have been made. New Nissan Elgrand's XTRONIC CVT transmission boasts significantly improved accomplishment of excellent running performance and cutting fuel consumption. The driver's driving and acceleration control is automatically detected by the Adaptive Shift Control (ASC) system to provide an optimized driving condition, combining superior driving performance and fuel efficiency.

NEW AROUND VIEW MONITOR

New Around View Monitor is a revolutionary system which gives you the visual information from around the car that is difficult to see. It allows you to see around the car from the monitor even when you park in a narrow place or drive in a small road that does not allow you to have a wide view.

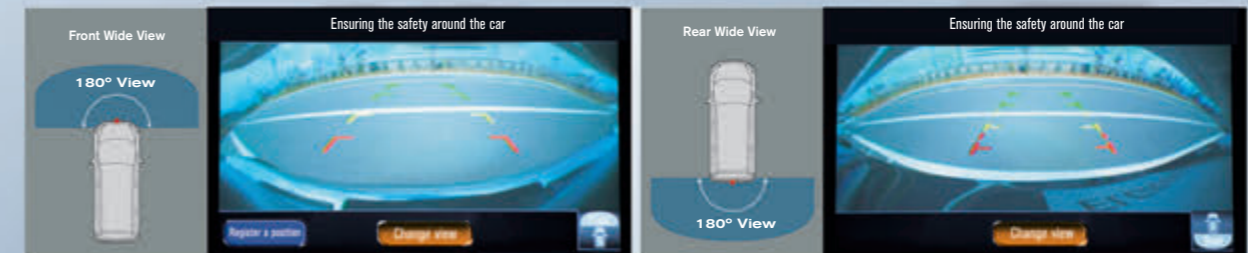

PARKING WILL BE DRASTICALLY EASY WITH THE TOP VIEW AND AN IMAGE OF STEERING ANGLE

The screen display the view from above on the left and a front or rear view on the right. The front and rear view alternates according to the gear shift. This allows the driver a comprehensive view of the vehicle and its surrounding environment from all angles.

The left side-view is offered with the rear view, allowing the driver to more easily observe both the rear and left-front when attempting to parallel-park. The driver has the option to choose between the top view and the left side-view.

IMPROVED WIDE VIEW FUNCTION DRIVING SECURITY

Ultra wide-angle camera installed in both front and back of the vehicle, giving a full 180° view to confirm vehicle's position. Enhance the driver's sense of security when confront with tough to see situations such as intersections or parallel parking.

CONVENIENCE

Ample storage suitable for a premium MPV.

Hospitality that comes from the heart.

New Nissan Elgrand offers ample storage room inside the cabin that has been carefully designed to be easily accessible and spacious enough to stow luggage away neatly.

1. Large capacity luggage under box

New Nissan Elgrand has a spacious storage area equipped with a lid, wide enough to store up to four 9-inch golf bags standing upright or one 9.5-inch golf bag laid down.*

Relax Mode (One to Two Seats)

Relax Mode (Two to Three Seats)

Inside New Nissan Elgrand cabin there is a generous legroom to stretch out comfortably for all passengers.

1. Leather Seat (3.5L)

The high-quality upholstery, exclusive to luxury vehicles, has an appropriate tension level so that it provides passengers with superior comforting touch.

2. 8-way & 4-way Power Seat (3.5L)

The driver's seat features an 8-way customizable adjustment system, while the passenger's seat has a 4-way adjustable system.

3. One-touch Power to Fold & Unfold (3.5L)

The third seat can be folded conveniently just by pressing a single button.

Specifications are subject to change without prior notice and may vary in several countries.

*Not all golf bags may fit inside the luggage space because of size and shape constraints. Customers should check directly with their Nissan Dealers whether certain items can safely be stored inside the cabin.

COMFORTABLE EQUIPMENT

Convenient and practical with one-touch power button amenities and improved user-friendly technologies.

1. One-touch Power Liftgate

The liftgate can be closed automatically with just a press on the button located at the bottom of the liftgate. Opening and closing of the liftgate can also be done remotely using the Intelligent Key (3.5L).

2. Roll Sunshade

New Nissan Elgrand offers a high level of protection from the sun's glare with factory-installed sunshades, which can be unfurled easily.

3. Intelligent Key

This system allows you to lock and unlock all doors, open and close the liftgate, or start and stop the engine without removing the Intelligent Key from your pocket or bag. Also comes equipped with engine immobilizer to deter theft.

2.5L

3.5L

4. Fine Vision Meter

New Nissan Elgrand's meter cluster combines simple gauge layout with futuristic light blue rings and bright illumination to provide aesthetically easy visibility.

5. SRS (Supplemental Restraint System) Airbag

New Nissan Elgrand is equipped with 6 SRS Airbags (front, side & curtain). The SRS front and side airbags reduce shocks applied to the head and chest of the driver or front passenger in the event of a frontal impact collision, while the SRS curtain airbags help reduce the shocks applied to the head of the driver, front passenger, or rear outer passenger in the event of side or rear side impact collision.

Note : Always wear safety belt. The SRS Airbag system serves to reduce the crash impact after the safety belt locks up in the event of a frontal or rear side collision. The SRS side airbag system and SRS curtain airbag system may not deploy in certain crash scenarios. Consult the user's guide for more details.

Specifications are subject to change without prior notice and may vary in several countries.
