

Q3

Product and Price Guide

Model Year 2020 - Released January 2020

Four rings. A clear line.

Distinctive, unmistakable, the new Audi Q3. From its sharp lights, with distinctive light signature and its coupé-like silhouette, the new Audi Q3 is an ambassador of a revolutionary language of design, carrying classic quattro genes at the same time. Proof that one can remain true to oneself through reinvention.

A blue Audi Q3 Sportback is shown from a front-three-quarter view, driving on a gravel road that winds through a rugged, mountainous landscape. The car is positioned on the left side of the frame, moving towards the right. The background features rolling hills and mountains under a sky filled with large, white, fluffy clouds. The overall scene conveys a sense of adventure and outdoor exploration.

Powerful Elegance: The Audi Q3 Sportback

The new model combines the strong presence and versatile everyday convenience of an SUV with the sporty elegance and agile handling of a coupé. This makes it the first compact crossover of the Audi brand. The black grille of the octagonal Singleframe is strongly three-dimensional in design, and this makes it particularly sporty. The same applies for the trapezoidal air inlets and the expressive bumper with its flat blade. The coupé-like passenger cabin acts as a contrast to the distinctive attachments, which are painted in contrasting colors and thus emphasize the SUV character.

The new freedom.

Experience a sense of space with new quality: the optional panoramic glass roof allows the horizon to accompany you and provides for a bright interior bathed in light. The Audi Q3 holds a strong road presence via its upstanding front end with a single wide frame grille and its sculptured rear end.

Power that impresses.

Passion at the very first glance. The new Audi Q3 and Audi Q3 Sportback. Specially designed headlights beam out from underneath the impressive bonnet, flanked at the sides by powerful sills. The result is a look that promises pure dynamics. Rounded off with breathtaking performance. Enjoy uncompromising sportiness, without sacrificing comfort or efficiency.

The advantage of quattro®

It's the technology that has given Audi the edge on the racetrack ever since it was first introduced over 30 years ago – a technology that delivers ultimate control whilst enhancing the sporty characteristics which make the A6 so thrilling to drive.

It's called quattro® permanent all-wheel drive. The principle is simple: in the same way that four brakes ensure better deceleration, four permanently-driven wheels deliver better acceleration and road-holding, pushing or pulling the car as needed, for a driving experience that's both dynamic and safe. In the A6, asymmetric dynamic torque distribution continuously distributes drive power between the front and rear axles, depending on weather conditions, road surface and gradient. This leads to greater flexibility and an enhanced, sportier drive.

quattro® with Sports differential

The optional electronically regulated Sports differential distributes variable amounts of drive force to each rear wheel, ensuring outstanding acceleration performance in corners and stabilising the vehicle's response to load change. It also brings better direct steering characteristics and, as it requires less steering effort, more agile handling.

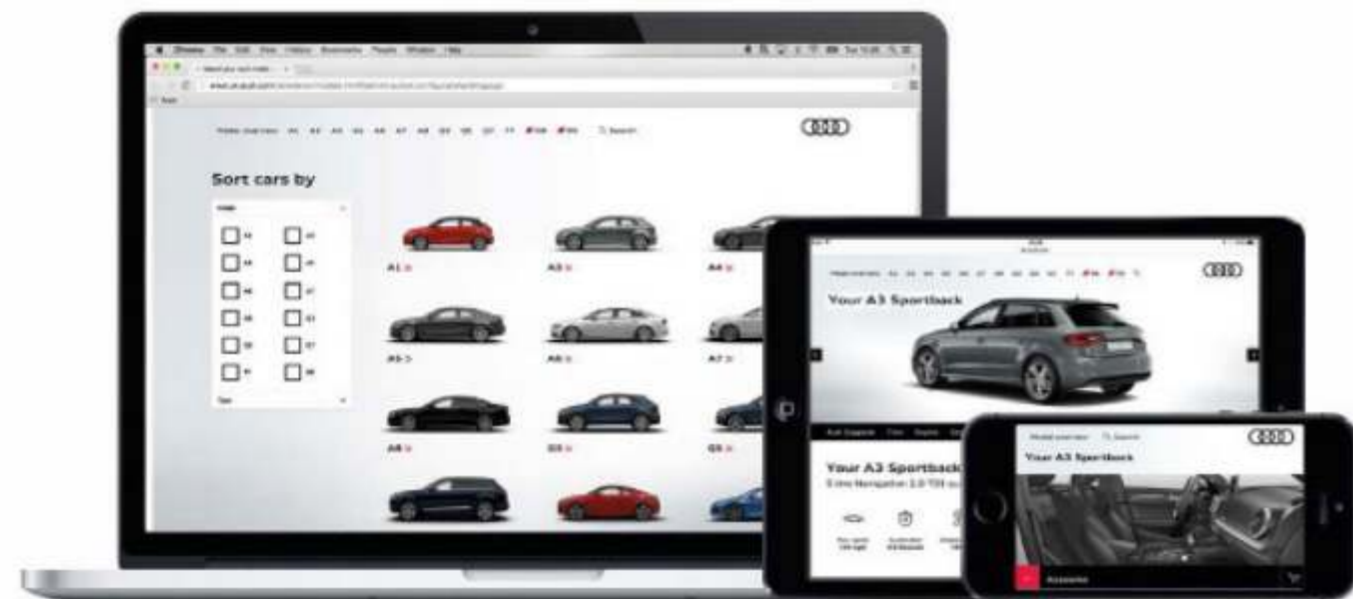

Getting Feedback can be a step forward.

A revolutionary operating concept awaits you in the new Audi Q3: MMI touch response. Fewer buttons, more convenience. An easy and intuitive way to control infotainment and convenience functions. The optional MMI navigation plus shows a wealth of key vehicle information and functions displayed on a 10.1-inch touchscreen, coupled with the standard Audi virtual cockpit with high-resolution 3D map representation on a brilliant 10.25-inch display.

Audi Configurator

The easy way to build your Audi

Our online configurator makes it simple to create your ideal Audi, using all your favourite options from this pricelist.

Scan your mobile device to build your own personalised Audi

Q3 Standard Equipment (SE)

Safety and Security

- ▶ 16" disc brakes in rear
- ▶ Disc brakes in front
- ▶ Electronic stability control (ESC)
- ▶ Progressive Steering
- ▶ 3-point seat belts, outer rear with ECE label
- ▶ Driver and front passenger airbag with front passenger airbag detection
- ▶ First aid kit and warning triangle
- ▶ Side airbag in front, with curtain airbag
- ▶ Child proof lock, electrically operated
- ▶ Electric engine immobilizer
- ▶ Remote control key (without safelock)

Seats

- ▶ Standard seats in front
- ▶ 'Argument' cloth seat upholstery
- ▶ 4-way lumbar support
- ▶ Centre armrest in front
- ▶ Child seat anchor for child seat system ISOFIX
- ▶ Front head restraints
- ▶ Front seats, manually adjustable
- ▶ ISOFIX child seat mounting for the front passenger seat
- ▶ Three rear head restraints
- ▶ Rear seat bench/backrest, split folding
- ▶ Standard rear seat release

Interior

- ▶ 3-spoke multifunction leather steering wheel
- ▶ Interior lighting (Halogen)
- ▶ Dimming breakaway interior rearview mirror
- ▶ 2-zone deluxe automatic air conditioning
- ▶ Non-smoker's package
- ▶ Detail in dashboard in black glass look
- ▶ Silver metallic inlays
- ▶ Aluminium inserts in door sill trims (illuminated on Q3 SB*)
- ▶ Floor mats in front and rear
- ▶ Aluminium finish on interior elements (switches & buttons)

Audio & Communication

- ▶ 10.1" MMI display
- ▶ Audi virtual cockpit
- ▶ Preparation for navigation plus
- ▶ 6 speaker sound system
- ▶ Audi smartphone interface
- ▶ Audi connect emergency call and service including security and convenience
- ▶ Audi connect navigation & infotainment
- ▶ Bluetooth interface
- ▶ Voice control

Technical, Wheels, Tyres and suspension

- ▶ 18" 5-arm alloy wheels (C3I on Q3 SUV, C2I on Q3 SB*)
- ▶ Tyres 235/55 R18 100V
- ▶ Tyre pressure loss indicator
- ▶ Tyre repair kit
- ▶ Vehicle tool kit
- ▶ Wheel bolts with anti-theft protection (unlockable)
- ▶ Audi drive select with four pre-configured modes (Efficiency, Comfort, Auto & Dynamic)
- ▶ Start-stop with recuperation
- ▶ Speed limiter
- ▶ Standard suspension

Exterior Equipment

- ▶ Electrically opening and closing luggage compartment lid
- ▶ LED headlights (low)
- ▶ Advanced bumpers in contrasting paint finish
- ▶ Rear spoiler
- ▶ Anodized aluminium roof rails (Q3 SUV only*)
- ▶ Rear spoiler
- ▶ Light/rain sensor

Assistance systems

- ▶ Audi pre sense front
- ▶ Cruise control
- ▶ Hill descent control
- ▶ Hold assist
- ▶ Lane departure warning
- ▶ Front and rear parking sensors

*Q3 SUV and Q3 SB will have the same equipment level except the differences marked.

S Line

S line models add the following equipment in addition to SE equipment

- ▶ 19" 5-double spoke dynamic alloy wheels
- ▶ S Line exterior
- ▶ S Line interior
 - Sport seats in front in cloth leather combination
 - Stainless steel pedals
 - Matt brushed aluminium inlays
 - Black headlining
 - Sports suspension
- ▶ Full LED Headlamps with Dynamic rear indicators
- ▶ LED Interior Pack

*Q3 SUV and Q3 SB will have the same equipment level except the differences marked.

*picture shows an optional 21" wheel

SE Comfort Pack

- ▶ Leather seats
- ▶ Reversing camera
- ▶ Heated front seats
- ▶ Comfort key with sensor controlled boot
- ▶ Rear seat bench plus with cup holders

Offer price starting from:
€1,582

51% customer saving

Q3 Optional Equipment

Safety & Technology

		Pricing from	
		SE	S line
1JC	Sport suspension , sporty suspension with a stiffer spring/damper setting; at the front with a MacPherson strut axle with lower wishbones, subframe and tubular stabiliser; at the rear with a 4-link rear axle with separate spring/damper arrangement, subframe and tubular stabiliser	€316	Standard
1G8	Tyre repair kit - with 12V compressor and tyre sealant, top speed 80 km/h	Standard	Standard
1S1	Vehicle tool kit and vehicle jack , in the luggage compartment	€36	€36
7K1	Tyre pressure loss indicator , visual and acoustic warning in the event of pressure loss on one or more tyres; display in driver information system	Standard	Standard
1G9	Spare wheel, space saving , permissible top speed 80 km/h	€180	€180
8G1	High-Beam Assist , Working within system limits, high-beam assist automatically detects the headlights of oncoming traffic, the rear lights of other road users and light sources in built-up areas. Depending on the traffic situation, the high beam is automatically switched on or off. The system improves the driver's visibility and enhances comfort and convenience.	€194	€194
4E7	Luggage compartment lid, electrically opening and closing , By pressing the button on the vehicle key, the button in the driver's door or the soft-touch button on the luggage compartment lid handle, the luggage compartment lid can be electrically opened. Closing the luggage compartment lid is just as easy and convenient as opening it: simply press the button on the inside of the luggage compartment lid, the button in the driver's door or the button on the vehicle key. Closing assistance makes manual closing easier, if required.	Standard	Standard

Audio & Communications options

MMI navigation plus with MMI touch response - PNR

- In addition to features of MMI Navigation with MMI touch response includes:
- navigation system shown on the high-resolution 10.1-inch colour display (1,540 × 720)
 - 3D map representation with display of many points of interest and city models
 - MMI search: free text search with intelligent designation suggestions during entry
 - MMI touch for fast, intuitive operation - e.g. destination entry using handwriting recognition function as well as ability to move and zoom freely on the map
 - Use of navigation data for anticipatory and efficient driving e.g. speed limits and gradients
 - Input of up to 10 stops along the route
 - Navigation system is also displayed behind the steering wheel, via the Q3's standard 10.25" virtual cockpit
 - Camera-based traffic sign recognition (QR9)

Pricing from: | SE: €2,050 | S line: €2,050

Audi Virtual Cockpit Plus - 9S9

- Large-scale, fully digital 12.3-inch instrument cluster with additional graphic display options "dynamic", and "sport" in addition to the "classic" display. Furthermore, multiple additional functions and more content in comparison with the digital instrument cluster:
- large-scale display, flexible display of information tailored to the driver's needs such as: vehicle speed/ engine speed, map representation, Audi connect services, radio/media information, play time for media titles, and album cover display
 - integration of MMI functions in the instrument cluster

Pricing from: | SE: €344 | S line: €344

Audi phone box - 9ZE

features as for Bluetooth interface additional functions: optimised phone calls within the vehicle by placing the mobile phone in the universal mobile phone holder (170 × 87 mm) near the front centre armrest including coupling antenna for connecting the mobile phone to the exterior antenna, which reduces radiation inside the vehicle and improves signal quality; with LTE support charging option via USB-A connection or via wireless charging (Qi standard) where mobile phone is compatible, with charge reminder and charge status display in the MMI. For iPhone 5, 5s, SE, 6, 6s and 7, the inductive charging case from Audi Genuine Accessories is available through your Audi partner or www.AudiShop.ie.

Pricing from: | SE: €575 | S line: €575

Bang & Olufsen Premium Sound System with 3D sound - 9VS

surround sound reproduction via 15 high-performance loudspeakers including subwoofer; 16-channel amplifier with a total output of 680 watts. The new virtual 3D sound effect creates an intensive sound experience. This is created by 4 loudspeakers in the instrument panel, 2 loudspeakers in the C-pillar and Fraunhofer's Symphoria technology.

The 3D sound can be created with many sources. Compared to conventional stereo reproduction, this concept uses reflections on the windscreen to provide an all-around sound and give the feeling of being in the thick of the action. Thanks to intelligent signal processing all occupants enjoy a sound that is tailored to their position in the vehicle. Symphoria adds to the dimensions that are indispensable for natural sound and balanced surround sound: breadth, depth and height. audio material. The exclusive loudspeaker covers with aluminium applications guarantee a perfect design experience. The sound is continuously adapted according to the driving and background noises picked up by the microphone.

Q3 Optional Equipment

Assistance Systems

Pricing from

SE S line

KA2	Reversing camera , Within system limits, the reversing camera monitors the area behind the vehicle and uses dynamic display elements as part of the representation shown on the display. Choice of bay parking mode and, in conjunction with factory-fitted trailer towing hitch, trailer mode. Depending on the mode selected, the driver sees either the calculated parking path or the guideline for attaching a trailer. The reversing camera is discreetly integrated in the handle strip of the luggage compartment lid and is activated when the reverse gear is selected or via a push-button on the centre console.	€589	€589
KA6	360 degree cameras , The 4 wide-angle 360 degree cameras cover the entire area immediately around the vehicle. Including top view, reversing view, panorama view and kerb-side view.	€1,150	€1,150
QR9	Camera-based recognition of traffic signs , Within system limits, camera-based recognition of traffic signs monitors speed limits, no-passing zones and temporary speed limit displays in the view field of the front camera. Within system limits, the system detects the beginnings and ends of motorways, dual carriageways, built-up areas and traffic-calmed areas. In addition, the system carries out a situation-dependent evaluation in wet conditions and fog, speed limits dependent on the time of day, roadworks and when towing a trailer. Additionally, speed limits dependent on the time of day are evaluated by means of navigation data and made available. The currently relevant limit is shown on the display of the digital instrument cluster or Audi virtual cockpit. If required, a personalised speed warning can be activated that visually warns the driver when the currently permissible speed is exceeded.	Pack PNR	Pack PNR
PCG	Adaptive Cruise Control , Within system limits, adaptive cruise control monitors vehicles driving ahead by using a radar sensor and keeps the speed and distance as constant as possible within the control range. The control range is 30 to approximately 200 km/h for manual transmission, and 0 to 200 km/h for S tronic. In stop-and-go traffic, vehicles with S tronic transmission can brake to standstill and start up again automatically under certain conditions. Operated via a separate steering column stalk. The distance is adjustable in 5 steps, the system's dynamics can be set using Audi drive select or the ACC menu. Including Audi pre sense front (see individual description)	€73	€73
7W1	Audi Pre Sense Basic , By networking and comparing different vehicle systems, Audi pre sense basic initiates preventative occupant protection measures within system limits. In the event of an unstable driving situation, the front seat belts are tensioned electronically. Depending on the situation, the windows close and – if available – the sliding roof. The hazard warning system is activated to warn following traffic.	€288	€288
7Y5	Lane departure warning helps within system limits to prevent the driver from inadvertently drifting out of lane. If the system is activated and ready and the driver has not activated an indicator, the lane departure warning will prevent the vehicle from crossing recognised lane boundary lines by means of corrective steering intervention. Additional steering wheel vibration can be adjusted if the driver wishes. Operating range from approximately 60 to maximum 250 km/h lane change assistant , uses 2 radar sensors to measure the distance and speed difference of vehicles approaching from behind. The system warns the driver of a potential hazard when changing lanes via a display in the corresponding exterior mirror. If the driver activates the indicator to change lanes, the display will flash to provide additional warning. The system operates in the range between approximately 15 to to 250 km/h and can be activated via the MMI car menu. In conjunction with parking system plus or park assist including cross traffic assist. This function helps the driver to reverse out of bay parking spaces. The system informs the driver of approaching vehicles by means of a notification in the MMI display and provides an acoustic warning and even a brake jolt if necessary.	€762	€762
7X5	Park Assist , Uses ultrasonic sensors to search for suitable bay and kerb-side parking spaces. Calculates the parking path (forwards and reverse) for bay parking spaces and the entry and exit paths for kerb-side parking spaces. The driver has to accelerate, change gear and brake as well as monitor the parking process. The steering action itself is performed by the system. Within system limits and depending on the driving path, the display of surroundings warns of obstacles around the vehicle. Parking in several moves is supported. Activated via the park assist button on the centre console.	€144	€144

Q3 Wheel Options

18"

		Pricing from
C3I	18" cast aluminium wheels in 5-arm design	SE (SUV): Standard S line: N/A

Q3 Technical Data & Dimensions

Model	Petrol	
	35 TFSI	45 TFSI quattro
Engine type	1.5 l petrol engine	2.0 petrol engine
Displacement in cc	1498	1984
Max. output ¹ in BHP at rpm	150/5000-6000	230/5000-6700
Max. torque in Nm at rpm	250/1500-3500	350/1500-4300

Power transmission/wheels		
Type of drive	6 Speed Manual [7 Speed S tronic]	7 Speed S tronic
Transmission	Front wheel drive	All wheel drive

Weights/capacities		
Unladen weight ² in kg	1535	1695
Gross vehicle weight in kg	2045	-
Roof load/trailer nose weight in kg	75/90	75/90
Towing capacity in kg (braked - 8% gradient)	2000	2100
Tank capacity, approx. (l)	60	60

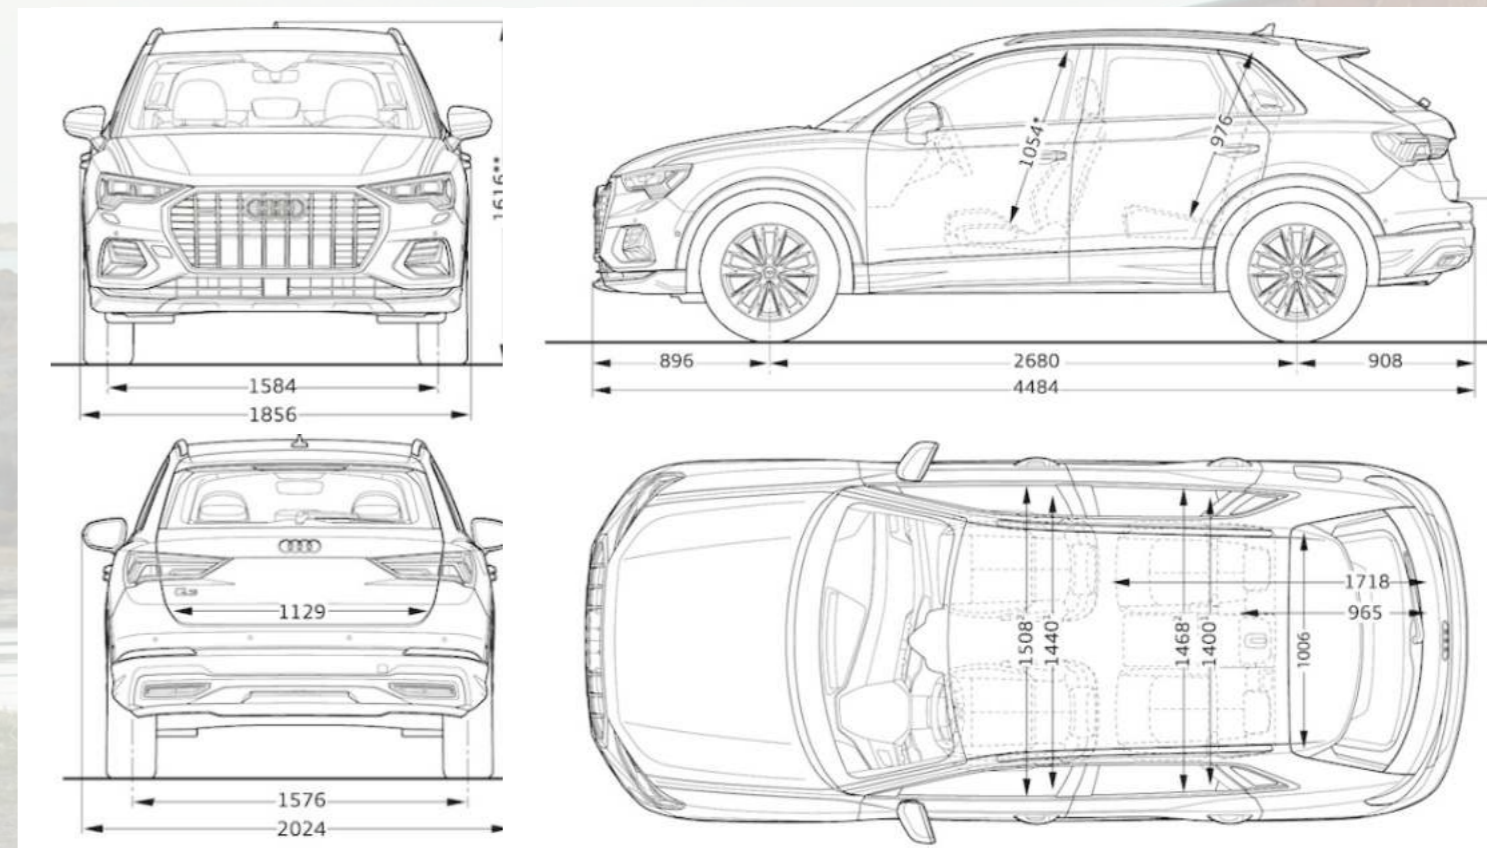

Performance/consumption		
Top speed in km/h	204	233
Acceleration 0-100 km/h in s	9.6	6.3
Fuel grade	Unleaded 95 ROZ	Unleaded 95 ROZ
Fuel consumption in l/100 km NEDC*		
urban	7.3-7.2	9.6-9.5
extra-urban	5.0	6.3-6.2
combined	5.9-5.8	7.6-7.4
CO ₂ emissions combined in g/km NEDC*	134-132	172-168
Fuel consumption in l/100 km WLTP combined*	7.2-6.7	9.1-8.6
CO ₂ emissions combined in g/km WLTP*	164-153	207-194
NOx emissions in mg	49.9	25.0
Emissions standard	EU6	EU6

Model	Diesel	
	35 TDI	
Engine type	2.0 l diesel engine	
Displacement in cc	1968	
Max. output ¹ in BHP at rpm	150/3500-4000	
Max. torque in Nm at rpm	340/1750-3000	

Power transmission/wheels		
Type of drive	6 Speed manual quattro [7 Speed S tronic]	
Transmission	All wheel drive [Front wheel drive]	

Weights/capacities		
Unladen weight ² in kg	1700	[1655]
Gross vehicle weight in kg	2220	[2155]
Roof load/trailer nose weight in kg	75/90	[75/90]
Towing capacity in kg (braked - 8% gradient)	2000	[2000]
Tank capacity, approx. (l)	60	[60]
AdBlue tank capacity approx. (l)	12	[12]

Performance/consumption		
Top speed in km/h	211	[207]
Acceleration 0-100 km/h in s	9.3	[9.2]
Fuel grade	Diesel sulphur-free	
Fuel consumption in l/100 km NEDC*		
urban	6.6-6.5	[5.4]
extra-urban	5.1-5.0	[4.5-4.3]
combined	5.7-5.5	[4.8-4.7]
CO ₂ emissions combined in g/km NEDC*	149-146	[127-124]
Fuel consumption in l/100 km WLTP combined*	7.2-6.7	[6.4-5.8]
CO ₂ emissions combined in g/km WLTP*	188-175	[167-153]
NOx emissions in mg	56.8	37.5
Emissions standard	EU6	

* The stated fuel consumption and emission values were determined according to the legally prescribed measurement procedures. Since 1 September 2017, certain new cars have already been type-approved under the Worldwide Harmonized Light Vehicles Test Procedure (WLTP), a more realistic test method for measuring fuel consumption and CO₂ emissions. From 1 September 2018, the WLTP will progressively replace the new European Driving Cycle (NEDC). Because of the more realistic test conditions, fuel consumption and CO₂ measured according to the WLTP are in many cases higher than those measured according to the NEDC. As a result, from 1 September 2018, changes in vehicle taxation may result. Values stated above are WLTP values. Irish taxation is based on NEDC2.0 values. Further information on the differences between WLTP and NEDC can be found at www.audi.ie/wltp. All retail prices include both CO₂ and NOx element of VRT. Please note, these values are subject to change based on configuration. WLTP ranges and NOx values shown are accurate at the time of publishing. Please visit our online configurator at www.audi.ie to display the WLTP values & NOx values which are specific to your new Audi's individual specification. Final NOx emission data will be issued on delivery of your vehicle.
