

Dacia Duster

Introducing Dacia Duster

Dacia Duster had a major revamp. A new front grille, alloy wheels, roofbars and a full range of metallic colours give Dacia Duster a modern and dynamic look while remaining true to its rugged and robust roots.

Practicality and functionality are at the heart of Duster's clever design. It can carry up to 5 people and has up to 475 litres of boot space to house their luggage. With the back seats folded down, Duster's load capacity expands up to 1,636 litres. Useful? Thought so.

The design turns heads but there's function behind the form, too. All versions come with ABS and ESC (Electronic Stability Control) as standard. Duster's high ground clearance and wide approach and departure angles are designed to tackle difficult obstacles over tough terrain. Beneath the surface, a selectable 3-mode 4-wheel-drive system, developed using Nissan's expertise, also provides grip where you need it most, off the beaten track or during hazardous road conditions.

Times have changed. Driving a 4x4 used to be the reserve of a privileged few. With Dacia Duster, it's a pleasure more of us can enjoy. Duster offers supermini space for supermini prices. Its economical and ecological dCi 110 diesel engine achieves over 4.4 l/100km on the combined cycle and emits exceptionally low levels of CO₂ for an SUV: just 115 g/km on 4x2 versions and 123 g/km on 4x4 versions.

Because everybody's different, Dacia Duster concentrates on the essentials rather than the unnecessary. With two simple trim levels and a range of accessories, it's easy to choose the Duster to suit you. From the affordable Alternative, to the Luxurious Signature. There's a Dacia Duster for everyone.
