Get more out of life

Why not? Don't you deserve it?

More room to breathe, more control, more freedom. More ways to create moments with the people that really matter.

Sometimes it's only when you get away from the world that you can focus on the important things.

That's why the MG HS Plug-in Hybrid isn't just an SUV.

It's an escape, a haven, a chance to reconnect.

A world of opportunity that doesn't cost the earth.

It's time to get more out of life.

MG HS Plug-in Hybrid

Real world efficiency, complete performance

MG HS Plug-in Hybrid gives you the best of both worlds: efficiency and performance. You can drive for up to 52 km* on the electric motor alone, all while your CO₂ emissions are reduced to just 43g/km. Shrinking your carbon footprint and your fuel bills.

There's also plenty of power, with a combined output of 258PS that takes you to 100 km/h in just 7.1 seconds.

Plus, you can always look forward to a smooth ride, as our innovative 10-speed transmission optimises power delivery and efficiency in both hybrid and electric only mode.

Innovation at your fingertips

Your favourite music, useful driver information, comfort controls... the smart tech in your MG HS Plug-in Hybrid puts all this and more within easy reach.

There's Apple CarPlay™ and Android Auto™ to keep you fully connected to your media and messages. As well as a 360° parking camera to give you a clear view in even the tightest parking spots.

You'll also make every trip safer and simpler with our MG Pilot advanced driver assistance technology. It's a comprehensive suite of warning and alert features designed to give you complete confidence on the road.

Actual Irish specification may vary from vehicle shown.

Clever comfort

Slip into the soft touch seats of the MG HS Plug-in Hybrid and you'll find yourself surrounded by comfort. And with all that space comes intelligent features to make everyone's life easier - such as reclining rear seats, clever storage, folding cup holders and more.

Soft touch interior

Everything you touch from the dashboard and interior door trim to the leather seats, is created in rich, soft touch materials, in optional Black or Red/Black*.

Superior seating

The carefully designed leather seats provide comfort and support in all the right places. With a one piece back, the sports seats are heated with electric six-way adjustment.*

Ambient lighting

Set a softer mood or create a sportier feel with the ambient lighting options*.

Intuitive dashboard

Designed with style and simplicity, the MG HS Plug-in Hybrid dashboard is focused around a bold 10.1" colour infotainment touchscreen, compatible with Apple CarPlay™ and Android Auto™.

*Exclusive only.

Stay better connected

Your MG HS Plug-in Hybrid is alive with user-friendly tech touches. From the colour touchscreen to the integrated speaker system, this SUV is bristling with intelligent features to keep you comfortable, connected and in complete control.

Key features

- 10.1" colour touchscreen
- DAB audio
- Satellite navigation
- Apple CarPlay™
- 6-speaker audio system
- USB mobile phone charging function
- Bluetooth connectivity
- Android Auto™

Actual Irish specification may vary from vehicle shown.

MG Pilot

Adaptive
Cruise Control
(ACC)

The MG Pilot suite of high-tech driver assistance technology gives you added confidence on the road. A selection of warning and alert features assist the driver, maintaining safety and simplifying everyday driving.

Adaptive Cruise Control (ACC)

Adaptive Cruise Control monitors the road ahead. As long as the road ahead is clear, ACC maintains the speed set by the driver. If the system spots a slower vehicle within its detection range, it gently reduces speed by releasing the accelerator or actively engaging the brake control system. If the vehicle ahead speeds up or changes lanes, ACC automatically accelerates back to the driver's desired speed.

Intelligent speed limit assist

The car will actively detect speed limit signs and alert the driver of the current speed limit by way of a symbol on the driver's instrument cluster. The symbol acts as a reminder to the driver, reducing the risk of exceeding the speed limit.

Blind Spot Detection (BSD)

This system keeps a lookout to help you change lanes safely. A radar sensor serves as BSD's electronic eye, registering objects in hard-to-see areas. Whenever there is a vehicle in the driver's blind spot, a visual signal will show next to the door mirror.

Intelligent high beam assist

When the headlight high beam is set to the AUTO position, the system automatically switches to low beam when it detects a vehicle ahead. This enables drivers to maximise the use of high beam, making night-time driving safer, without the risk of dazzling oncoming traffic.

Active Emergency Braking (AEB)

At speeds below 19 km/h, the car will automatically apply its brakes to avoid a collision with a vehicle, bicycle or pedestrian. At speeds above 19 km/h, AEB will reduce the likelihood or mitigate the severity of an accident.

Lane Keep Assist (LKA)

Lane Keep Assist uses a camera to detect lane markings ahead and monitors the vehicle's position in its lane. When the function detects the vehicle is about to unintentionally move out of its lane, it warns the driver by means of a visual, audible and steering wheel vibration. The car will also control the steering to keep within its lane.

Traffic Jam Assist (TJA)

When Adaptive Cruise Control is turned on, Traffic Jam Assist continuously analyses the speed of the surrounding vehicles and compares it with its own driving speed. If the system detects dense traffic or a traffic jam at speeds below 56 km/h, the driver can activate TJA. The car will automatically follow the vehicle in front, controlling its acceleration, braking and steering within the same lane.

MG HS Plug-in Hybrid has achieved the maximum five star rating from Euro NCAP, the world's leading road safety agency. Designed and engineered with a range of active and passive safety systems as standard, MG HS Plug-in Hybrid excelled in Euro NCAP's collision protection and avoidance tests which are the most stringent tests ever conducted.
