MITSUBISHI COMMERCIAL VEHICLES

L200

Feel the power. Feel the handling.

Feel a new level of comfort in an entirely new class of vehicle.

The L200 is all truck and all car and will change the way you think about getting from one place to another.

Function meets comfort

Travel comfortably in the L200 Double Cab, which offers class-leading space and leg-stretching relaxation.

Travel comfortably in the L200 Double Cab, which offers class-leading space and leg-stretching relaxation. Enhanced high-quality seating, including newly designed front seats, raises driving pleasure for all occupants. Strategically placed sound insulation and vibration damping material further contribute to a quiet, comfortable ride. Everything you need, including convenient storage features, is here to ensure a pleasurable journey.

Note: Model shown is Executive. Leather seats & Sat Nav available for Executive model only.

Functional features - standard

Rear View Camera & Touch Screen Audio Display (Intense & Executive models only)

USB Connectivity

Sat Nav & Premium Audio System (Executive model only)

Tilt and Telescopic Steering (Intense & Executive models only)

Electric Folding Door Mirrors (Intense & Executive models only)

Cruise Control & Bluetooth Connectivity

Class-leading space and comfort

Re-designed front seats

Wide Shoulder Support

Stable Body Hugging Fit

Greater Side Support

Enhanced Leg Support

Deep Centre Trim

Class-leading cabin length

1745 mm

Best in class technology

430 Nm

2.4-litre MIVEC* 16-valve Intercooled Turbocharged DOHC Common Rail DI-D High Power

The new MIVEC diesel engine dramatically raises fuel efficiency and lowers CO₂ emissions while delivering powerful response with 133kW (3500rpm) output and 430Nm (2500rpm) of torque.

2.4-litre turbo diesel engine

Thanks to a lightweight all-aluminium alloy engine block and precision common rail direct injection system, this engine delivers remarkable fuel efficiency, low CO₂ emissions and powerful response with the spirited output and robust torque you need for serious work and play.

The variable-geometry turbocharger features less rotational moment of inertia of the compressor and turbine to produce gutsier low-rev torque and smoother high-rev response. An intercooler optimally cools the air to further improve combustion efficiency.

* MIVEC (Mitsubishi Innovative Valve timing Electronic Control system)

2.4-litre MIVEC Turbocharged DOHC DI-D High power (133kW/3500rpm, 430 Nm/2500rpm)

Note: 2.4-litre High Power Engine available for Intense & Executive models only.

6-speed manual transmission

Six manual speeds give you total control of power delivery to match driving conditions. The solid stick shift with shorter, more satisfying shift stroke combines with somewhat lighter clutch control for easier operation. An overall wide ratio also enhances fuel efficiency.

5-speed automatic transmission with Sports Mode

To enjoy driving ease without sacrificing sportiness, choose the smooth-shifting 5-speed automatic transmission. Its Sports Mode lets you shift up or down with a flick of the lever for sporty, manual-like driving pleasure. (Intense model only)

Paddle shifters

Sporty paddle shifters let you shift gears with a press - without removing your hand from the steering wheel. Paddle shifters available on A/T model only.

Rigid lightweight body

- 980 Mpa Class
- 590 Mpa Class
- 440 Mpa Class

The body is extremely sturdy and lightweight, thanks to the generous use of high tensile strength steel plates that also contribute to a high level of collision safety.

ETACS (Electronic Time & Alarm Control System)

Power window timer

Even after shutting off the engine, the power windows can be opened or closed for 30 seconds before opening the door.

Auto door relock system

Within 30 seconds of pressing the unlock button from outside the car, this system will automatically relock all the doors if none have been opened.

Headlamp auto off function

After switching off the ignition and stepping out of the car, the headlamps automatically turn off to help conserve battery power.

Auto speed adjustable wipers

In the Timing mode, the window wipers operate faster at higher vehicle speeds.

Robust handling

The L200 is built for maximum stability and traction. Its rugged frame contributes to solid handling and its body is aerodynamically contoured for stable motorway performance. Reliable 4WD traction combines with an advanced suspension to keep you in touch with surface conditions so you stay in firm control.

Tough suspension

The rugged suspension features double wishbones with coil springs and a stabiliser bar in front, plus no-nonsense above-the-axle leaf springs in the rear for outstanding traction. The ride is stable and comfortable for all occupants. Equipment may vary by model.

Durable design & robust construction

In front, a more rigid engine compartment and double striker in the hood safety mechanism contribute to enhanced durability and safety. In the cargo bed, the rear corners are specially reinforced to disperse the force of impact when cargo shifts and prevent damage such as cracks in the side panels.

Class-leading 5.9m turning radius

The turning radius is surprisingly small for a vehicle of this size, making the L200 especially easy to park and manoeuvre.

Quick, responsive handling

Steering is sporty and responsive, requiring less effort to turn.

All-terrain confidence

Because challenges come in all shapes and sizes, the L200 is designed to climb up, over, around and through the toughest terrain.

Drivability is improved both on and off the road.

Forward visibility has also been improved through refinements to the hood and wipers.

- Indicated angles are valid when 245/65R17 tyres, tube-type side steps and stylish-type rear step bumper are mounted.

- Departure angle is 25° without stylish-type rear step bumper.

- Indicated angles are also valid when 205R16C tyres are mounted without side steps (ramp break-over angle is 23° with side steps).

Super Select 4WD-II

Using the drive mode selector dial, you can switch from 2WD (2H) to 4WD (4H) with shift-on-the-fly convenience at up to 100km/h. When the going gets rough, lock the centre differential by entering the 4HLc setting for rugged terrain or the 4LLc setting for inclines, mud and snow. (Intense & Executive models only)

4HLc For rugged terrain with low-grip surfaces

4LLc For steep hills, mud, sand, deep snow, etc.

Safety is not an option, it's a given

7 SRS airbags

In the event of a collision, seven SRS airbags help protect you and your passengers by absorbing the force of impact. The system includes front airbags, front side airbags, curtain airbags and a driver's knee airbag.

Active Stability & Traction Control (ASTC)

ASTC independently regulates braking force to the wheels during cornering to help maintain excellent vehicle stability when needed. It also optimises traction to prevent loss of torque whenever wheel spin is detected by controlling engine output and applying brake force to the spinning wheels.

Trailer Stability Assist (TSA)

TSA increases stability when towing. If vehicle swaying is detected, it automatically controls engine power and the braking force at each wheel to stabilise the vehicle and trailer.

Lane Departure Warning System (LDW)

If you start drifting from your lane when travelling over 65km/h, the LDW system detects it via windshield camera and alerts you with an audible alarm and warning light. (Intense & Executive models only)

Hill Start Assist (HSA)

When starting on a steep slope, HSA helps prevent you from rolling backwards while you release the brake by maintaining the braking force for up to two seconds until the accelerator is applied.

L200 Double Cab Executive*

*Limited Edition Model

L200 Double Cab Business

For Fleet & Commercial Use

Luxury Specification

- Leather Seat Upholstery
- 4-way Power Driver Seat
- Heated Front Seats
- Super Select 4WD System
- Plus the full Intense model specification

Sat Nav & Premium Audio System

The multi-functional navigation system clearly displays navigation and music functions on a big touch panel display with easy-to-use interface. Images from the rear view camera can also be displayed to enhance driving safety.

Audio System Control
Various audio system features and controllable on the touch panel display.

3D Map View
Maps can be viewed with 3D landmarks when desired.

Clear Wide Screen
The bright and wide VGA screen displays every detail at high resolution.

2-Screen Viewing
Two screens, such as for navigation and audio, can be displayed at the same time.

Keyless Operation System

While carrying the key, you can press a button on the outside of either front door to lock or unlock all the doors, and press the engine switch in the cockpit to start the engine.

Standard Features

- Multi-function Leather Steering Wheel
- Cruise Control & Bluetooth Connectivity
- Trailer Stability Assist
- Active Stability & Traction Control
- Hill Start Assist
- 7 SRS Airbags

Easy Select 4WD System

Switch from smooth 2WD (2H) highway performance to rugged 4WD (4H) traction while driving at up to 100km/h. Transfer torque to all four wheels with a flick of the drive mode selector dial in the 4H mode or by entering the 4L mode, which provides lower gear ratios and higher torque for slower speed driving in rough terrain.

Rear Differential Lock

Locking the rear differential minimises differences in rotation between the rear wheels to ensure robust traction even on sand, mud and rocky surfaces.

Note: Rear differential lock is available when switching between 4H and 4L modes.

2.4 litre Turbocharged DOHC DI-D Standard Engine
113kW (154PS) / 3,500rpm engine output
380Nm / 1500-2500rpm torque

Rugged Reliability

The L200 is built tough to handle whatever challenges come your way. Its ample storage capacity and durability are matched by handsome styling and spacious comfort that your travelling companions will appreciate. Streamlined styling also contributes to class-leading aerodynamics and a smooth, quiet ride.

OUTSTANDING AFTER SALES FOR CAREFREE MOTORING

PEACE OF MIND AS STANDARD

While our vehicles enjoy a strong reputation for reliability Mitsubishi Motors Ireland proves this by providing a confident 5 Year / 150,000km (whichever comes first) warranty as standard on all light commercial vehicles.

If you sell your Mitsubishi vehicle before the warranty expires, you can even transfer it to the new owner making it even more attractive to buyers and helping you better maintain the car's value.

Warranty terms and conditions apply - see mitsubishi-motors.ie.

FREE ANNUAL VEHICLE HEALTH CHECK

Your Mitsubishi Motors Ireland warranty is strictly subject to the presentation of your vehicle to an authorised Mitsubishi Motors dealer in the Republic of Ireland at least once every year, or every 15,000 Kms / 20,000 Kms, whichever comes first. The dealer must be given the opportunity to complete the mandatory Mitsubishi Motors vehicle health check when your vehicle is presented. The free annual vehicle health check can be completed independently of a service or it can be performed in conjunction with a scheduled service. Free Vehicle Health Check terms and conditions apply.

MITSUBISHI MOTORS GENUINE PARTS

Mitsubishi Motors Genuine Parts have been developed and tested to stringent quality standards. It is recommended to use Mitsubishi Motors Genuine Parts in order to maintain the safety and integrity of your vehicle and that of your passengers. Mitsubishi Motors Genuine Parts are available at all Mitsubishi Authorised Service Points. All Mitsubishi Motors Genuine Parts have a 2 year guarantee. Terms & conditions apply.

MAP – MITSUBISHI ASSISTANCE PACKAGE

In order to demonstrate our commitment to your mobility and the faith we have in the reliability of our vehicles, you will receive a free MAP card valid for 5 years with your new Mitsubishi. With MAP your mobility is guaranteed in more than 30 countries throughout Europe, should you ever need assistance in the event of breakdown, accident, theft or vandalism.

Wherever you are, 24 hours a day, 7 days a week – just call the number on your card and the problem will be fixed on the spot. If it's more serious, your car will be taken to the nearest Mitsubishi dealer and you'll be offered services such as a hotel, continuation of journey, a replacement car and vehicle repatriation.

Around 2,500 Mitsubishi Motors Authorised Service Points in Europe are committed to helping you wherever you are.
