

L200

SINGLE CAB / DOUBLE CAB

Drive@earth

TAKE IT WITH YOU

The true measure of a pickup's ability to handle work is its capacity to carry. Mitsubishi's L200 Single Cab not only excels at this but does so while delivering increased power, comfort and sleek new looks.

The L200 Single Cab has a large, rear cargo bed constructed from double galvanised steel and a full one tonne payload, yet it has the tightest turning radius in its class - just 5.9 metres.

Whatever the surface, tight bends become just another part of the road. Six inner-bed hooks keep cargo safely secured and if the job requires more, the L200 will comfortably tow up to 2.7 tonnes (4WD). On top of all this, the L200's powerful, muscular structure has been redesigned in dynamic style with class-leading low levels of drag meaning you're in for one smooth, quiet ride.

FLEXIBLE TAILGATE

The tailgate can be lowered 180 degrees making access with a forklift easy when transferring heavy and awkward objects. To accommodate extra long objects the tailgate can be removed entirely.

WORKS WITH YOU

At the heart of the L200's strength lies Mitsubishi's 2.5 litre Common-Rail, turbocharged DI-D engine, giving increased horsepower, torque and fuel economy. Fuel consumption is reduced, service intervals lengthened, all while achieving Euro-5 regulation.

The L200 is a tougher work truck than ever before. Rigidity and safety are enhanced by the Reinforced Impact Safety Evolution (RISE) ladder frame chassis, which also contributed to the L200's improved passive safety.

A double-wishbone front suspension, and rigid leaf spring design at the rear provide added strength and create improved on- and off-road stability while supporting a heavy payload.

EASY SELECT 4WD

The L200's Easy Select 4WD system allows you to shift from 2WD to 4WD at speeds up to 60km/h, which means you can engage it whenever the going gets rough and always enjoy a secure ride.

LSPV

The L200's Load-Sensing Proportioning Valve* accurately modifies its braking force to prevent the rear breaks from locking, enabling the driver to stop effectively even when carrying heavy cargo loads.

* Not available in combination with ABS.
Photo shown as a reference only. Actual model may vary in appearance.

ABS WITH EBD

The L200's ABS gives you the ability to manoeuvre quickly and safely around obstacles as you slow down. EBD (Electronic Brake-force Distribution) assists by applying additional force to the rear brakes as needed, enabling quicker stops even when carrying passengers and heavy loads.

A Driver only with EBD

B With Passengers and cargo with EBD

C With Passengers and cargo without EBD

RECYCLING OF OLD VEHICLES

It is our duty to protect the environment.

Mitsubishi Motors designs and produces high quality vehicles and components aiming to provide our customers with durable motor vehicles, and excellent services to maintain your vehicle in an optimum running condition. We have the highest respect for the environment and use materials which may be recycled and re-used after your Mitsubishi Motors vehicle has come to the end of its economical life. After a long working life we will take your vehicle back and recycle it in an environmentally friendly manner in accordance with the EU Directive on End-of-Life Vehicles and any applicable national statutory provisions.

All Mitsubishi Motors vehicles (up to 3.5t GVW) sold after 1st July 2002, will be taken back free of charge from the last owner, at one of the designated take back points, provided the vehicle contains all major components and is free of waste. From 1st January 2007, this applies to all Mitsubishi Motors vehicles irrespective of the sold date. A network of collection points is

available to receive Mitsubishi Motors End-of-Life Vehicles, to ensure your vehicle will be recycled in an environmentally friendly manner. At the same time, the possibilities for the recycling of vehicles and vehicle components are continually being evaluated and improved, aiming to the achievement of even higher recycling percentages in the future.

The European End-of-Life Vehicles Directive and the free take back of End-of-Life Vehicles are applicable in all European Union member states. The transposition of the End-of-Life Vehicles Directive into national law in each member state might not have been completed at the time of putting this publication to print.

Please refer to www.mitsubishi-motors-europe.com and select the web site of the Mitsubishi Motors service network in your country of residence, or call the National Mitsubishi Motors Customer Assistance Centre for further details.

OUTSTANDING AFTER SALES FOR CAREFREE MOTORING

Around 2,500 Mitsubishi Motors Authorised Service Points in Europe are committed to helping you wherever you are.

PROFESSIONAL SERVICING

Even new cars require regular maintenance and servicing. Not just to guarantee your mobility, but also for the safety of you and your passengers. Trained professionals using specialist diagnostic equipment and original parts at your Mitsubishi Authorised Service Point are ready to oblige. You'll be advised about the cost beforehand, so there will be no unpleasant surprises when you return to pick up your vehicle.

MITSUBISHI MOTORS GENUINE PARTS

Even the smallest technical faults can lead to accidents. Therefore, all Mitsubishi Motors Genuine Parts have been developed and tested to stringent quality standards. It is recommended to use Mitsubishi Motors Genuine Parts in order to maintain the safety and integrity of your vehicle and that of your passengers. Mitsubishi Motors Genuine Parts are available at all Mitsubishi Authorised Service Points. We are proud to regularly score top in After Sales quality surveys.

COMPREHENSIVE WARRANTY – OBVIOUSLY

All new Mitsubishi vehicles come standard with a comprehensive 3-year warranty or up to a maximum of 100,000 km (61,000 miles), whichever comes first. The anti-corrosion perforation warranty covers rusting through for the first 12 years, depending on the model you purchase. The reliability statistics for Mitsubishi vehicles are impeccable, but in the unlikely event that you do need help, we offer MAP.

MAP - FREE BREAKDOWN ASSISTANCE

In order to demonstrate our commitment to your mobility and the faith we have in the reliability of our vehicles, you will receive a free MAP card valid for three years with your new Mitsubishi. MAP stands for Mitsubishi Motors Assistance Package, and with the MAP card in your pocket, your mobility is guaranteed in more than 30 countries throughout Europe. Should you ever need assistance in the event of breakdown, accident, theft or vandalism – wherever you are, 24 hours a day, 7 days a week – just call the number on your card and the problem will be fixed on the spot. If it's more serious, your car will be taken to the nearest Mitsubishi dealer and you'll be offered services such as a hotel, continuation of journey, a replacement car and vehicle repatriation. And if you continue to have your vehicle serviced at a Mitsubishi Authorised Service Point after the first three years, your mobility will be guaranteed for an additional year or up to the next service interval (whichever comes first) until your vehicle is 10 years old.

DRIVESTYLE

Accessories by Mitsubishi Motors – everything's got "Drivestyle". They are the perfect products for your car's individuality. It's the style that goes with the sensation. Drivestyle is the individual enhancement of your Mitsubishi. It covers all your car care needs: from Wax Shampoo and Polish to Wheel Rim Gel, from Cockpit Lotion to Leather Treatment and from Insect Remover to Screen Wash – all have been produced using new ingredients designed specifically for your new Mitsubishi. They'll ensure it looks, feels and smells brand new for years to come.

Please ask your Mitsubishi Authorised Sales/Service Point for the Drivestyle Car Care brochure containing more detailed information.
