JUKE GETS THE NISMO TREATMENT

ENGINEERED FOR EXCITEMENT. Enhanced agility, better cornering, improved traction, a more direct steering sensation...the innovation experts at Nissan's NISMO legendary motorsport division have given the world's favourite compact crossover a race-winning edge.

With a new aerodynamic body kit, refined 200hp turbo engine and sporty interior to intensify the thrill of driving, advanced supercar design and technology meets the ultimate urban performer in JUKE NISMO.

AERODYNAMIC DESIGN

Directly inspired by motorsports, JUKE NISMO's aero kit includes new, lower front and rear bumpers, wider wings and side sills, a roof spoiler and a predator-style front grille which all control airflow for a more dynamic and efficient drive. Set off by sharp LED lights and a red racing trim, it's a package that's hard to beat.

ENHANCED THRILLS With a new 1.61L DIG-T engine for more power and torque, 18" alloy wheels with wider tyres for a stronger grip and sport-tuned suspension for increased stability at high speeds, JUKE NISMO has outstanding presence on the road. With new steering settings for more direct handling, you'll never see driving the same way again.

DIMENSIONS

- A: Overall length: 4,165MM
- B: Overall width: 1,770MM
- C: Overall height: 1,565MM
- D: Wheelbase: 2,530MM
