NEW NISSAN LEAF

Zero Emission™

New Nissan LEAF. Simply amazing.

Ready to make every day simply amazing? After covering over 3.4 Billion Kilometers as the world's best-selling electric vehicle, the 100% electric all-new Nissan LEAF is taking things to the next level, with zero emissions. It's a whole new way to drive, where the everyday is exhilarating.

Go Everywhere

Zero congestion charge and zero pollution mean no zone is off limits.

Go Further with the all-new 40kWh battery giving a 270 km* autonomy

With this extended range, the road is stretching out in front of you.**

Go with everything you need

5 seats, a 435l boot, e-Pedal, The world's first true one-pedal vehicle operation, instant torque, Nissan ProPILOT and Nissan ProPILOT Park: LEAF is a car like no other.

Go with style and efficiency

LEAF reveals a bold new sleek look, sharp lines, a dynamic front end and a signature floating roof. Features such as rear spoiler, sleeker hood seam, crisp cut corners with aero fins as well as aero design wheels all contribute to improved aerodynamics.

* WLTP (Worldwide harmonized Light vehicles Test Procedure)

*Driving range assumption in moderate driving conditions. Various factors can affect driving range including driving style, road conditions, outside temperature, air conditioning.

**Pending final homologation

Prepare your senses
for an experience like no other and enjoy a new way of
driving that pushes all the right buttons.

With Nissan Intelligent Mobility, you're connected to your LEAF like never before. See more around you, sense more, and do everything with more confidence. This is what driving was always supposed to be.

Have a blast at the drop of e-Pedal

It's a completely new way to drive, and a whole lot of fun. Imagine having the option to drive with one pedal. Just press down for an instant rush and ease off to slow down. You can even hold the vehicle on a hill without ever touching the brake. Of course, going back to driving with two pedals is as easy as flipping a switch, but where's the fun in that?

e-Pedal. Speed up, slow down and brake with just the accelerator pedal, making for a smoother drive.

Of course, e-Pedal is more than just a thrilling new way to drive. It also helps reduce fatigue, so you can enjoy every second behind the wheel.

NISSAN  INTELLIGENT MOBILITY

So smart it can step in when you need it most

You may not even know why traffic suddenly slows down. But Intelligent Emergency Braking with Pedestrian Detection is keeping an eye out and ready to apply the brakes. Of course, that's not the only way LEAF can step in to help keep you out of trouble.

Imagine driving with a suite of Nissan Intelligent Mobility features backing you up that includes:

ProPILOT:

set your speed & keep LEAF centered in the lane, maintains your preset speed and distance, can even come to a complete stop.

ProPILOT Park:

no hands, no feet, just an easier way to park using only one finger. That's what you'll experience with a Nissan intelligent mobility feature so advanced, it turns parking into a spectator sport.

Intelligent Cruise Control:

watches the flow of traffic to take the tedium out of highway driving.

Intelligent Lane Intervention:

helps keep you where you want to be. It taps the brakes to help gently guide you back if it detects that you're unintentionally straying out of your lane for too long.

Intelligent Auto Headlights with full LED:

headlamps light your way by automatically turning on when it gets dark and dip temporarily when an oncoming vehicle is detected.

* Features vary by grade

Charging has never

With an innovative charging system, it's never been easier or quicker to get moving. And with a newly enhanced app that gives you access to your vehicle, getting a head start is just a tap away.

SEAMLESS MOBILE INTEGRATION

Apple CarPlay** and Android Auto*** are the safer, smarter ways to enjoy the things you love on your phone. Access music, maps, make calls, send and receive messages – all hands-free. Just plug in your phone and go.

android
auto

YOUR MUSIC. YOUR WAY Use Bluetooth streaming audio or the USB input to play music directly from your smartphone.

**Apple CarPlay is a trademark of Apple Inc. Apple CarPlay device requirements: iPad2, iPhone 5 or later (lightning connector) and iOS 8.3 or later and needs to be connected via USB. Apple Carplay availability depending on market.

***Android Auto is designed to work with Android phones running 5.0 (Lollipop) or higher and needs to be connected via USB. Android Auto availability depending on market.

A whole new level of connection

With features like a D-shaped steering wheel, distinctive new centre console, and a floating information screen that puts your phone on centre stage, this interior was designed to provide you the best connected experience.

AT NISSAN,
**WE FOCUS
ON QUALITY.**

MASTERED THROUGH EXPERIENCE

At Nissan, we do everything with the customer in mind. Every action and decision we make, is made with the utmost care, precision and quality because ultimately, it's for you. From conception to car construction, from testing to transparency, from customer service to commitment. Quality is in every fine detail.

360° PROCESS

We build in quality from the outset, meticulously conceiving each car to make them more comfortable and more durable through innovative design, intelligent technology and thoughtful details inspired by you.

SAFETY

We work with our intelligent driving systems to constantly look out for you and help you avoid any mishaps for a bolder, more confident driving experience day after day. Our Around View Monitor uses 4 cameras to give you a virtual birds eye view of your car in its surroundings.

EXTREME RELIABILITY

We push our cars to the limit to guarantee their daily performance and reliability. We travel millions of kilometres in pre-production tests, open and close doors and bonnets thousands of times a day and use real volcanic dust from Japan to test window resistance.

Take the next step choose your perfect LEAF

SERVICE PLAN

Nissan Service Plan is the easiest way to give your Nissan LEAF the maintenance it deserves while you save money in the long run. Nissan Service Plan provides a convenient and easy solution, enabling you to spread the cost of your servicing needs by making low monthly payments rather than having to pay the full amount all at once. Nissan Service Plan also ensures that your Nissan LEAF is serviced in line with manufacturers recommendations/specifications giving you peace of mind motoring. A well maintained vehicle offers Nissan drivers safety, reliability and economy with a "FSH" (Full Service History) also protecting future residual re-sale values. Nissan Service Plan customers can also rest assured that your vehicle is maintained and serviced by qualified Nissan technicians using Genuine Nissan Parts.

EXTENDED WARRANTY

Nissan 5 year Extended Warranty provides you with ongoing protection after the standard warranty ends. Protect your LEAF for longer with our comprehensive Extended Warranty cover to extend your cover to 5 years or 150,000kms whichever comes first. The Nissan Extended Warranty covers the cost of repairing or replacing covered mechanical or electrical components should they breakdown due to warrantable defect of material or workmanship during the period of cover. If you sell your Nissan privately, you can transfer the cover to the new owner adding value to your vehicle when you sell. Transfers are free.

AT NISSAN, YOU BRING OUT THE BEST IN US.

You spark our imagination. You provoke our ingenuity. You inspire us to change the rules and innovate. And at Nissan, innovation is not just about additions and extensions; it's about crossing the line to reinvent the status quo. It's about developing unexpected solutions to satisfy your wildest and most pragmatic desires. At Nissan, we design cars, accessories and services that break the mould - making the practical exciting and the exciting practical to offer you a more exhilarating driving experience everyday.

NISSAN LEAF OFFERS YOU:

**5-YEAR/100,000 KM WARRANTY ON ALL
EV DEDICATED COMPONENTS AND
3-YEAR/100,000 KM FOR STANDARD
COMPONENTS**

**12-YEAR ANTI-CORROSION WARRANTY
30,000 KM SERVICE INTERVAL**

**8-YEAR/ 160,000KM WARRANTY ON 40
kWh BATTERY**

NISSAN INTELLIGENT MOBILITY

Nissan Intelligent Mobility guides everything we do. We're using new technologies to transform cars from mere driving machines into partners. Together the journey is more confident, connected, and exciting. Whether it's cars that share the task of driving with you, or highways that charge your EV as you go along, it's all in the very near future. And it's a future already taking shape in the Nissan you drive today.
