

Innovation
that excites

NISSAN NV200

LOOK ONCE, THINK TWICE

NEAT & DISCREET. Despite NV200's class-leading 4.2m³ capacity, its compact dimensions make it easy to manoeuvre through traffic and negotiate parking spaces. A smart design - the best in town.

TAKE A HANDS-ON APPROACH

DRIVER FOCUSED. Inside NV200's spacious cabin, the solid quality of the materials, thoughtful, functional design details, numerous storage spaces and a raised, multiple adjustable driving seat create a comfortable mobile office.

OUTSTANDING CARGO CAPACITY

NV200 PROVIDES YOU with an outstanding cargo space, the biggest in its category. NV200 has been designed to maximise cargo space by optimising internal dimensions. With 4.2m³ cargo volume and 793kg payload, NV200 is ready for any unexpected jobs.

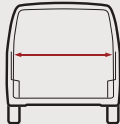

2.04M

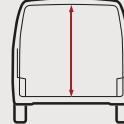

NV200 has a load space long enough for two Euro pallets.

1.50M

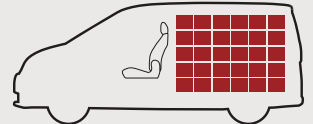

With more space between walls, wider loads are easy too.

1.36M

A low floor and tall roof means more height to cope with bulky loads.

4.2M³

Class leading cargo volume.

4.2M³
CARGO VOLUME

4.40M
OVERALL LENGTH

COMPACT BODY WITH UNLIMITED POSSIBILITIES

INTELLIGENT DESIGN MEANS NV200 packs remarkable cargo space into its external dimensions. With an overall length of just 4.40m and an overall width of 1.69m, NV200's compactness will surprise you, making it easy to weave through the most challenging of urban environments.

From baguettes to building materials, NV200 carries the maximum possible in its category.

CLEVER MULTIPURPOSE SPACE

NV200'S HUGE CARGO SPACE has been shrewdly designed to maximise internal dimensions and facilitate your everyday work. With an interior length of 2.04m and wheelarch of 1.22m two Euro pallets can fit in easily. The cargo floor is only 524mm from ground level, so loading NV200 is quicker and easier. Standard floor hooks help keep your deliveries secure. You can configure NV200 to meet your needs, thanks to a large choice of partition walls, one or two sliding side doors and optional rear windows.

Space for a long ladder (with optional folding partition).

2 EURO PALLETS

OUTSTANDING VERSATILITY

BEYOND ITS DISTINCTIVE STYLING, NV200 is exceptionally versatile. Adapted to all your activities, it combines the most flexible moving space with almost unlimited carrying capabilities. It is the ideal vehicle for both work and leisure.

3.1M³

Up to 3.1m³ trunk volume when second row folded.

2.3M³

Up to 2.3m³ trunk volume with two rows - 5 passengers.

7 SEATS

More seats, more knee room, more headroom.

2 SEATS

In two-seat configuration, NV200 Combi can take three mountain bikes with front wheels still attached. That's 3.1m³ of load space (2.9m³ with the optional 3rd row folded).

5 SEATS

Even with five people on board, NV200 Combi can still take on board a large size suitcase for each of them, representing 2.3m³ of load space (2.1m³ with the optional 3rd row folded).

7 SEATS

When its nearest rivals have run out of luggage space, but NV200 Combi can easily accommodate at least two large size suitcases with 7 seats down.

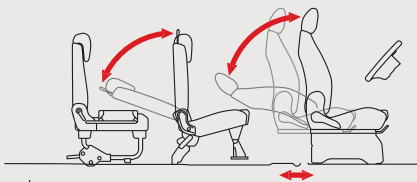

COMFORTABLE AND ADAPTABLE

NV200 COMBI gives you more space inside and its adaptable, modular seating creates a wealth of configuration possibilities. Whether you're carrying two, five or seven passengers, NV200 Combi still offers surprising room for luggage.

Intelligent storage spaces, cargo hooks and the smart, business-like cabin all create a good impression and make life a lot easier for you too.

Both the 2nd and optional 3rd row seats fold out of the way to leave a clear, low floor, so it's easy to get everyone and everything on board.

ADAPTABLE SPACE

All seats fold away to increase load space.

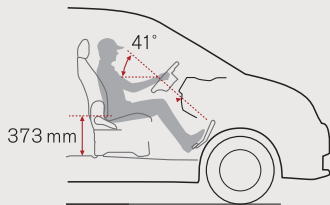

CITY WISE

NV200 THRIVES IN THE CITY. Its unique dimensions make it easier to park and position in traffic than its competitors. Excellent visibility from the high seating position combined with superb agility help you manoeuvre NV200 easily through crowded streets.

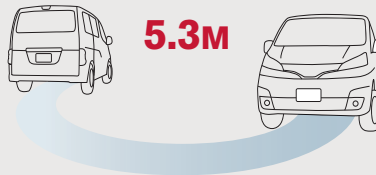

REAR VIEW CAMERA. Squeezing into small parking spaces and loading bays is simple with the rear view camera. The dashboard display gives you a full colour view of the area behind you, and superimposes guidelines to help you position NV200 exactly where you want it.

SEE CLEARLY, SIT COMFORTABLY

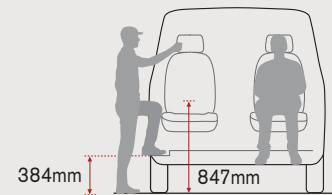

NV200's driving position is higher than its rivals to help you see further ahead, with the dashboard instruments angled to face you, so you can read them with just a quick glance.

NV200's 5.3m turning radius kerb to kerb and compact 4.4m overall length put you streets ahead when you're picking your way through the city's obstacles and challenges.

Low floor facilitates entry and exit.

Van with mesh partition wall

NV200 HAS 12 DIFFERENT STORAGE SPACES. The centre upper tray and glove box are ideal for paperwork. There are storage trays between the seats and in front of the passenger (when no passenger airbag is fitted). Holders for your drinks bottles and cans, between the seats and on the dashboard, are within easy reach. The large door pockets can hold an A4 road map. NV200 has concealed storage too, such as the drawer under the driver's seat, a secret compartment in the glove box and another in the centre console.

SMART AND CONVENIENT

IT'S EASIER to work and relax in NV200's smart interior. There's a solid, quality feel to the materials. Plus many storage spaces, designed for the items you use every day. For example, the passenger seatback folds forward to create a useful flat workspace. See more, hear more, know more with Nissan Connect, your fully-integrated navigation, communication and audio-entertainment system.

LOW COST OF OWNERSHIP

NV200 MAKES GOOD BUSINESS SENSE. From the outset, it's been designed to offer a low total cost of ownership. Not only through minimal everyday running costs, but also through robust construction and durable materials for long life and reliability.

HARD TO BREAK, SIMPLER TO REPAIR

NV200 is tough and durable, to handle the demands of hard work and to keep you well protected. Outside its rigid central structure are effective energy absorbing zones that dissipate impact forces. Though strong, they're also easy to repair.

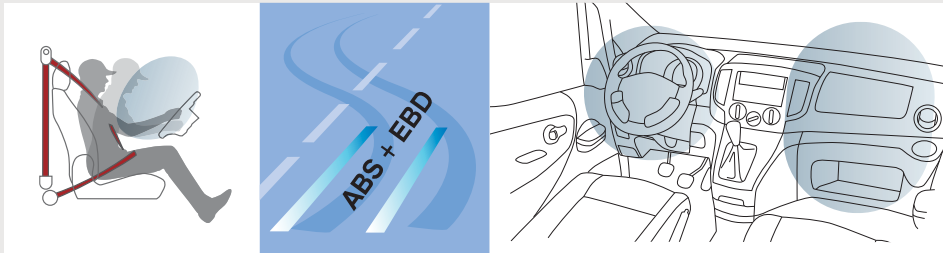

GEAR CHANGE INDICATOR

When the engine reaches the ideal revs to change up, an indicator shows in the multifunctional display the ideal timing to change gear. This helps you drive more economically.

KEEPING YOU INFORMED

NV200 is equipped with a multifunctional display with onboard trip computer that provides all the information you need to help you drive economically. It shows you engine revs, average and real time fuel consumption, and your remaining range. With the rear view camera, the display switches to a full colour picture of what's behind you, the moment you select reverse gear.

SAFETY

AT NISSAN, SAFETY IS A TOP PRIORITY. That's why the new NV200 is equipped with a wide variety of active safety systems including ABS with Electronic Brakeforce Distribution (EBD) and Brake Assist which increases your braking effort and optimises stability control. Like you, we want everyone to feel safe on board the NV200, so as well as the driver's airbag, front seat belt pretensioners are standard on all models. Passenger and side airbags are available as options.

6-speed manual transmission

POWER WITH ECONOMY

NV200 IS AVAILABLE with a powerful yet frugal engine - a high efficient 1.5 dCi turbo diesel engine with 110HP.

This engine offers excellent fuel economy, with an impressive range in everyday driving conditions, so you can also go longer between fill-ups. Low CO₂ emissions also mean less effect on the environment.

Low CO₂ emissions also mean less effect on the environment.

1.5 DCI

DIESEL	OUTPUT (HP)	NORM	CO ₂ EMISSIONS	GEARBOX TYPE	FUEL CONSUMPTION (L/KM)
1.5 dCi	110	Euro 5	from 139g	6-speed manual	from 4.8L/100

IPHONE® APPLICATIONS

DISCOVER the exact location of your NV200 in an instant. Find the precise technical information you need at the swish of a finger... Download the new iPhone apps for your Nissan NV200 and make life simpler.

FIND MY VAN

Have you ever parked in an unfamiliar part of town - or somewhere you've never been before - and then forgotten exactly where you left the vehicle? Then Nissan has the answer. At its most simple level, "Find My Van" allows the driver to register the precise location of a parked van using the phone's inbuilt GPS system and bundled Google Maps software. To find the vehicle again later, all the driver needs to do is call up "Find My Van" and press a compass symbol shown on the screen. A map with precise directions to the parked vehicle will immediately appear.

NV200 MANUAL

Every NV200 comes with a comprehensive operator's manual... which seldom gets read. But now it's available as an iPhone® app, so you can quickly access relevant information, bookmark important pages and even watch 'how to...' demonstrations on video. Clear, user-friendly and engaging, the NV200 operator's manual iPhone® app gives you direct access to any information you may need - any time, anywhere.

NISSANCONNECT

CUSTOMER SERVICES

SPECIALIZED LCV NETWORK

Offering the widest LCV range in Europe, Nissan has, since 2007, a LCV specialized network across most of the European markets. Our dealers are trained to offer you the NV200 variant that suits best your business needs, including competitive financing solutions. We have developed ad-hoc conversions that meet your highest expectations both in terms of quality and competitiveness. Our Aftersales service advisors are available to serve you best, understanding your business constraints and offering extended warranty and roadside assistance programs to secure your business requirements. Discover our NV200 line up, test it and discuss all your needs with our LCV specialized salesman, you will be convinced that Nissan NV200 can contribute to your business development.

AFTERSALES SERVICES

If your car breaks down, it's inconvenient. If your van breaks down, it's a serious blow to your business. Even time allowed for servicing is downtime, when your van isn't earning its keep. At Nissan, we understand these hard business facts. So we do the most to ensure that your van stays where it belongs – working for you, on the road.

PAN EUROPE SERVICE

Buying a new NV200 automatically qualifies you for the benefits of our Pan European 24/7, 365 day roadside assistance. Wherever you are driving in Europe, if you have a breakdown just ring our Emergency Call Centre. You will receive prompt roadside assistance, to help you continue your journey straight away.

If this is not possible and your vehicle is still immobilised after a few hours, we will make sure you are provided with a courtesy vehicle as soon as possible or if necessary, overnight accommodation and travel to your onward destination or back to your base. We will also recover your immobilised vehicle.

3-YEAR WARRANTY

You make commitments to your customers. And you can't afford to let them down. So at Nissan we do all we can to help you meet those commitments with vehicles that will stay where you want them – on the road and on the job. NV200 has been engineered and improved along the years to achieve class leading reliability, with long service intervals and a tried and tested support services such as extended hours servicing, specialist staff, Business Centres, and courtesy vehicles.

AT NISSAN, YOU BRING OUT THE BEST IN US.

You spark our imagination. You provoke our ingenuity. You inspire us to change the rules and innovate. And at Nissan, innovation is not just about additions and extensions; it's about crossing the line to reinvent the status quo. It's about developing unexpected solutions to satisfy your wildest and most pragmatic desires. At Nissan, we design cars, accessories and services that break the mould - making the practical exciting and the exciting practical to offer you a more exhilarating driving experience everyday.
