Astra

ASTRA

THE BENCHMARK IN GERMAN ENGINEERING.

The Astra, Hatchback and Sports Tourer, each one a masterpiece of German engineering and iconic design.

Lightweight, spacious and compact, each and every Astra brings together real world innovation with premium design features.

Powered by a range of ultra-efficient engines, on the road, the Astra is a seriously addictive drive too.

The Astra from Opel, the benchmark in the compact class.

Astra SRi

FORM FOLLOWS DESIRE.

Outstanding cars call for stand out design. The Astra's flowing lines and sculpted body, along with the rising curve of its floating roof all come together to give it serious presence, whichever way you look at it.

A close-up photograph of a car's interior door panel, showing the door handle and speaker grille. A bright yellow diagonal line runs from the top left towards the bottom right, crossing the image. The background is dark, and the text is white.

MADE- TO- MEASURE.

Sit inside and take it all in. Every interior for the Astra is made using high quality materials that go beyond what you might expect in this class.

ENGINEERED TO EXCITE.

The Astra is powered by a series of lightweight ECOTEC petrol, diesel and turbo engines that are efficient in every way. They deliver smooth, ample power in combination with Astra's lightweight body for an agile and responsive drive.

This is especially true of the ecoFLEX engines. All turbo-charged, strong and powerful, they deliver exceptional fuel economy and emissions levels for maximum efficiency with an equally impressive dynamic driving experience.

- Cutting-edge engineering delivers agility and performance
- Lightweight design ensures improved economy
- A range of new generation ECOTEC engines give you unrivalled efficiency
- Experience Astra agility. Up to 150PS and a chassis to handle it.

- 1. Cheers for gears.** Five or six gears, automatic or manual, with Start/Stop engine systems or without – all Astra transmissions are smooth and precise. There's even the choice of an Easytronic transmission for faster and smoother gear changes.
- 2. Switch to sporty.** You can change Astra's steering feel and throttle response to sporty at the touch of a button – it's a standard feature on Astra SRi.
- 3. Clean yet mean.** Astra ecoFLEX engines are uncompromisingly powerful yet super efficient. For instance, the responsive 1.0 Turbo ecoFLEX petrol engine with Easytronic transmission emits just 96g/km CO₂.

Find out more about Opel's exciting engines at www.opel.ie/Astra

INNOVATIVE BY DESIGN.

Where the Astra leads, others are bound to follow.

Everywhere you look you'll find premium class innovations that are designed to make driving easier, safer and more fun than ever. It's future thinking we're proud to lead.

1. **IntelliLux LED Matrix headlights***. This super smart LED headlight system automatically adjusts your high beam to dip around other vehicles for a wider, perfectly lit view ahead for safer night driving.
2. **Opel Eye Driving Assistance Pack****. This front camera safety system gives you intelligent assistance like lane departure warning, traffic sign recognition, following distance indication and forward collision alert with automatic city emergency braking.
3. **IntelliLink infotainment system**. Standard on Astra SC and above, you can stay updated and entertained every journey with seamless Bluetooth® integration for Apple and Android devices†.
4. **Luxurious seating**. Relax in stress-relieving comfort with optional in-seat ventilation and massage function to keep you alert and refreshed on the road.
5. **Advanced park assist***. Parking is quicker and easier with advanced park assist, which not only finds you a good parking space, but also steers you precisely into the slot – all hands free.

*Optional at extra cost on SRi and Elite models only.
 **Standard on SRi, optional at extra cost on all other models except Astra S.
 †Compatibility and certain functions might be a bit different depending on the type of smartphone and operating system you're using.

PUT OTHER LIGHTS **IN THE SHADE.**

The Astra comes with premium class features and innovative ideas like IntelliLux LED Matrix headlights that automatically avoid dazzling other drivers. In fact, it's the first time this technology has featured in any car in Astra's class.

HIGH BEAM GOES **DAZZLE-FREE.** SO YOU HAVE **MORE TIME TO REACT.**

The LED Matrix headlights automatically adjust the shape of your high beam headlights to avoid dazzling other drivers. With this technology on board you'll never have to switch between high and low beam again. It also gives you more time to react to potential hazards, making for safer driving.

Before. With standard halogen headlights, you have to switch between low and high beam to avoid dazzling drivers in oncoming cars.

After. With IntelliLux LED Matrix headlights, your high beam automatically dips around other vehicles so you enjoy a wider, perfectly lit field of view.

Opel puts intelligent technology to work where it counts:

- IntelliLux LED Matrix headlights* comprise 16 separate LED elements
- They react to other vehicles by cutting out single LEDs
- Your high beam is glare-free all the time
- The beam is wider and longer for maximum visibility
- Driving at night is safer and much more relaxed
- Outstanding reliability ensures maximum longevity

The IntelliLux LED Matrix system includes more advanced lighting options:

- Cornering lights further enhance safety
- Country lights adjust automatically for better visibility on dark roads
- Town lights perfectly complement better lit conditions
- Motorway mode guarantees safe, glare-free travelling at high speeds

See IntelliLux in action at www.opel.ie/Astra

*Optional at extra cost on SRi and Elite models only.

DELEGATE ON DEMAND.

The Opel eye safety camera supports your own road sense to help prevent collisions, keep track of speed limits and make life safer for you and your passengers.

It's an advanced driver assistance system that senses hazards in advance and only gives safety warnings when you need them, while keeping you in full control at the wheel of your Astra.

Standard with the Opel Eye Driving Assistance Pack on Astra SRi models, the safety camera system is more than a first in a car of this class – it's one of the most sophisticated driver assistance systems ever engineered in a car. Optional on SC and Elite models.

- 1. Forward Collision Alert.** Gives you an audible and visible signal if you approach slower vehicles too fast from behind. The system will also help avoid low-speed rear-end collisions by automatically braking if it senses a potential impact. The Reflective LED windscreen display provides an extra level of safety to give additional warning in the driver's field of view.
- 2. Lane departure warning with lane assist.** Warning signals protect against unintentional gradual drifting – and the steering wheel even nudges gently if you move out of your lane without signalling. The real genius? It won't sound an alarm when you don't need one. For example, if you need to swerve hard to avoid an obstacle.
- 3. Traffic sign recognition.** This advanced sign-detection system picks up and displays speed limits and other important traffic signs and even recognises temporary electronic signage.

For more on Opel Eye safety technology, go to www.opel.ie/Astra

SIT DOWN **STRETCH OUT...**

Space and comfort was a top priority when we designed the Astra's interior. You'll notice higher quality materials, sophisticated colour choices and calm ambient lighting that make the Astra a very nice place to be indeed. And there's extra room in the back as well as a generous boot for whatever you get up to.

Plenty of room in the back.
Spacious and flexible with a low sill for easy loading.

...AND RELAX.

Astra is all about setting new standards for comfort and technology. Why? Simply to make life on the road easier, fun and more enjoyable for you and everyone on board.

An electrically adjustable leather front driver's seat memorise's your personal settings, with integral massaging and ventilation to keep you relaxed and cool.¹

Heated front and rear seats² are a cosy treat in the chilly months, and the advanced Electronic Climate Control (ECC)³, lets you set different temperatures for areas of the car – handy when you're travelling with friends and family.

You can also choose the AirWellness system⁴ that airs the cabin with two subtly different herbal scents – Energising Dark Wood or Balancing Green Tea.

1. Power front driver's seat¹. This category-first driver's front seat option features electric adjustment and is ergonomically certified to help promote a healthy back. It massages, ventilates and memorises personal settings to keep you cool and relaxed.

2. Power tilt and slide sunroof⁵. Open up a window on the world at the touch of a button.

3. The adjustable AirWellness scent diffuser. Freshen up with Energising Dark Wood or Balancing Green Tea.

1. Optional on Elite models only in conjunction with ergonomic sport-style front seats. Includes a driver's seat massage function, electrically operated adjustment with seat memory function and pneumatically adjustable backrest side bolsters. Both front seats feature active ventilation for the seat rest and seat cushion. 2. Heated front seats come with the Winter Pack, which is optional on SC, SRI and SE models. Heated front and outer rear seats are standard on Elite models. 3. ECC is standard on Elite models, optional on SRI. 4. AirWellness scent diffuser optional in conjunction with the PowerFlex bar on all models except Astra S. 5. Optional on all models except Astra S.

LIVE LARGER.

The sleek lines of the Sports Tourer belies its generous rear space. Made for easy loading, the luggage area has a nice flat floor (with storage space underneath) and a practical rectangular-shaped footprint, with all these features:

- Up to 1,630 litres of space with the rear seats folded down, and 540 litres if there's five on board
- 12-volt socket in the luggage area (ideal for those electrical accessories)
- FlexFold rear seats are a quick and easy way to release and fold the rear seats when you need that extra space*
- Optional Flex Organiser® rails support a range of tailored storage solutions
- Hands-free power tailgate system so you can open and close the tailgate with just a swipe of your foot**

How do you want to split it?

Get the space you want with two split-folding rear seat solutions†

1. Use the 60/40 fold when you need more space for large or awkward loads.
2. On Elite models use the 40/20/40 facility for greater flexibility†. The centre folding section creates a useful opening for longer loads while keeping two full-size rear seats.

*Standard on leather-trimmed Elite Sports Tourer models only.

**Optional on SRi and Elite Sports Tourer models and only available in conjunction with optional keyless entry and start.

†Flexible 40/20/40 split-folding rear seats are standard on leather-trimmed Elite models only.

All other models feature a conventional 60/40 split-folding rear seat arrangement.

INTELLILINK.

BECAUSE NOTHING BEATS GOOD CONNECTIONS.

Wherever you go, now there's no excuse not to call home. Every Astra features Bluetooth® connectivity for hands-free phoning and audio streaming so you'll stay entertained while on the move too.

Radio 300 BT radio, standard on S models:

- FM and AM radio
- Bluetooth® phone and music streaming,
- USB connection for smartphone/MP3 music connectivity
- Steering wheel controls for phone and music
- Graphic information display

1.

Our IntelliLink infotainment systems feature colour touchscreen technology for all Android or Apple iOS smartphones and tablets*. Once it's connected to your device, IntelliLink lets you project your smartphone to the large colour touchscreen display 1. Digital radio comes as standard too, and on SRi and Elite models you find sat nav with voice control.

2. **Radio 4.0 IntelliLink**, standard on SC models and adds:

- DAB radio
- Smartphone connectivity for your phone, messaging, music, maps and apps
- 7-inch colour touchscreen
- Apple CarPlay™ and Android Auto™ smartphone app projection
- Siri/Google Now voice command for phone, messaging, music, maps and calendar
- Bluetooth® phone, messaging and music streaming

2.

3. **Navi 900 IntelliLink system**, standard on SRi and Elite models, gives you a slightly larger touchscreen, and also includes sat nav, voice control and a sleek, shark-fin antenna:

- Integrated satellite navigation system
- 8-inch colour touchscreen
- Voice command for audio and integrated navigation
- Shark-fin antenna

3.

*Please note that compatibility and certain functions may be different depending on the type of device and operating system you're using with the IntelliLink systems. Apple and iPhone are trademarks of Apple Inc., registered in the U.S. and other countries. Android is a trademark of Google Inc, also registered in the U.S. and other countries.

YOUR PERSONAL CONNECTIVITY AND SERVICE ASSISTANT.

Opel OnStar¹ gives you an incomparable feeling of safety, 24/7, 365 days a year. You can access our unique services at the touch of a button, nearly anywhere in Europe.

Best of all, it's free of charge for the first 12 months on Astra SRi and Elite models². Even for your Wi-Fi Hotspot³ you will get a free data trial period⁴.

Driving will never be the same again.

WHAT ONSTAR CAN DO FOR YOU.

Automatic Crash Response.

In the event of a crash, built-in vehicle sensors automatically alert an OnStar advisor, who will be immediately connected to your car. The advisor will assess the situation and if needed notify the emergency services and provide them with your exact GPS location¹.

Wi-Fi Hotspot³.

Your car is online! The extra-powerful OnStar roof antenna gives you a stable and quick Internet connection and creates a Wi-Fi Hotspot³ for up to seven devices¹.

Smartphone App.

At the touch of a button, remotely lock/unlock your doors, check your oil life or sound the horn and flash the lights¹.

Stolen Vehicle Assistance.

If someone steals your car, call our OnStar advisors and give them the reference number the Garda Síochána give you. The advisor will then provide the Garda Síochána with the location and prevent your car from being restarted so it can be recovered¹.

Vehicle Diagnostics.

Whenever you want, you can ask OnStar to remotely check some of the key systems of your car like engine, transmission, emissions or airbags. If you wish, OnStar can also send you a monthly e-mail with this key data.

Destination Download.

Searching for an alternative route, a restaurant, a petrol station or anywhere else you might need? Just press the Service Button! Our advisors will provide you with the address. They can automatically download the location to your Opel's navigation system, too.⁵

¹ The OnStar Services require activation and are subject to mobile network coverage and availability. Wi-Fi Hotspot service requires account with nominated network operator.

² Optional at extra cost on Astra S and SC models.

³ Wi-Fi is subject to mobile network coverage and availability. Charges apply after the free trial period. The OnStar subscription packages could be different from the services included in the free trial package. Check www.opel.ie/onstar for terms and conditions, details of availability, coverage and charges.

⁴ For details please check www.opel.ie

⁵ An embedded Opel navigation unit and map data are requirements for this service.

⁶ In events such as a crash or if your vehicle is stolen.

YOUR PRIVACY. YOUR CALL

YOU are in control of what OnStar can and cannot do!

- Once you've registered and activated OnStar, you can access every OnStar service on the Astra. To ensure security, several services will ask for your PIN.
- Press and hold the Privacy Button for approximately five seconds to mask your car's location at any time. If you change your mind, press the Privacy Button again for approximately five seconds to reveal your location. Only in emergencies⁶ can OnStar override this.
- OnStar will never sell your information on. Your information will only be disclosed to OnStar and GM Holdings LLC (USA), its affiliate companies (e.g. Adam Opel AG and General Motors Ireland Limited), your selected/preferred dealers, companies involved in providing or carrying out the OnStar Services and, at your request, to other service companies.

HOW CAN I GET ONSTAR?

Opel OnStar is standard on SRi and Elite and is available as an extra cost option on S and SC models.

To get it:

1. Request OnStar when you order your Opel Astra.
2. OnStar will send you an e-mail invitation so you can activate your account.
3. Complete your registration and set up your preferences.
4. OnStar is ready to go!

After the 12-month free trial period, you can decide to order a continuation of the OnStar services. This will be subject to a fee.

You can purchase Wi-Fi Hotspot¹ data packages separately from the network provider by following the instructions on www.opel.ie/onstar/aftermytrial

1 Wi-Fi is subject to mobile network coverage and availability.

HOW MYOPEL SERVICES DO MORE FOR YOU.

myOpel is your one-stop shop to manage everything to do with your Opel – from your Opel OnStar account to organising your vehicle’s next service to rewards and exclusive offers. Everything is targeted to you and the Opel you drive.

- Manage your Opel – take care of your Opel online, book a service.
- Access your OnStar Services – get diagnostics reports, manage your subscription and more.
- Exclusive offers – stay up to date on special offers, latest news and current events.
- Dealer locator – find your nearest Opel dealer.

If you are already an Opel OnStar customer, you can access all the myOpel services. Otherwise, you can register for myOpel by following these easy steps:

1. When you order your car, your dealer will go through a simple pre-registration with you.
2. We will send you an e-mail invitation so you can activate your account.
3. Complete your registration.
4. myOpel anytime anywhere!

To easily access myOpel from your smartphone, just download the app from the Google Play Store or from the Apple App Store.

ASTRA S. MAKE IT YOURS.

Well-equipped and affordable to run. A perfect start for just about everyone, and great for company car drivers, as it'll save on your tax too.

1. **Astra S/SC.** Black Talino seat fabric and Atlantis bolster fabric. Décor mouldings in Antelao Sand with Satin Chrome inlays (SC model illustrated).
2. **Astra SRi.** Black Formula seat fabric and Atlantis bolster fabric. Décor mouldings in Piano Black with Satin Chrome inlays.
3. **Astra Elite.** Black leather seat inserts and Morrocana bolsters. Décor mouldings in Piano Black with Satin Chrome inlays.
4. **Astra Elite (optional two-tone)*.** Athena seat fabric with Morrocana bolsters in Light Neutral. Décor mouldings in Coronado Brown with Satin Chrome inlays (no-cost option).

*Features regular comfort front seats in lieu of ergonomic sports front seats (deletes sports front seats with extendable seats cushions, tilt and four-way electrical lumbar adjustment and front passenger seat height adjustment).

SEE ANYTHING YOU LIKE?

If you have a taste for fine furnishings, Astra interiors are a special treat.

OK
LET'S ROLL.

Astra's contours and colours are sure to catch the eye, now why not let the wheels do the talking?

Standard wheels

S models – 16-inch steel wheels with 205/55 R16 tyres. **1**

SC models – 16-inch structure wheels with 205/55 R 16 tyres. **2**

SRi models – 17-inch five twin-spoke alloy wheels with 225/45 R 17 tyres. **3**

Elite models – 17-inch multi-spoke alloy wheels with 225/45 R 17 tyres. **4**

Optional wheels

S models – 16-inch structure wheels with 205/55 R 16 tyres. **2**

SC models – 17-inch 10-spoke alloy wheels with 225/45 R 17 tyres. **5**

SRi models – 18-inch five twin-spoke alloy wheels with 225/40 R 18 tyres* **6**

SRi and Elite models – 18-inch 10-spoke bi-colour alloy wheels with 225/40 R 18 tyres* **7**

*Not available with 1.4i (100PS), 1.0i Turbo (105PS) or 1.6CDTi (110PS) ecoFLEX engines.

Please note: An emergency tyre inflation kit is standard on all Astra models in lieu of a spare wheel. An emergency steel spare wheel and tyre is available on all models as an extra-cost option. Fitting this spare wheel and tyre will reduce luggage capacity.

1.

WHATEVER YOU WANT, YOU'VE GOT IT MADE.

There's only one thing more satisfying than a new car that does everything just as you always wanted: customising it with accessories until it matches your personal needs exactly – like a new car always should.

1. - **6. FlexConnect system.** A flexible system of holders that attach to the headrests of the front seats for gripping tablets, shopping bags, jackets and drinks.
2. **Roof base carrier and Thule attachments.** Ideal for carrying big boxes, camping gear and sports equipment like surfboards, skis, bikes and kites.
3. **Reversible hard cargo tray.** A tough, anti-slip tray that's rubberised one side and carpeted the other. Perfect for protecting your loads and keeping your boot clean and tidy whatever you throw in.
4. **Stainless steel sports pedal kit.** For added grip with a stylish sheen.
5. **Branded Opel illuminated sill plates.** Protect the sill point, and give your admirers a tempting glimpse of the premium interior.

= Fuel consumption information is official government environmental data, tested in accordance with the relevant EU directive. Official EU-regulated test data is provided for comparison purposes and actual performance will depend on driving style, road conditions and other non-technical factors.

TRANSMISSION

Five-speed manual gearbox

Standard on: 1.4i (100PS)/1.0i Turbo (105PS)

Six-speed manual gearbox

Petrol engine: 1.4i Turbo (150PS)

Diesel engine: 1.6CDTi (110PS)/(136PS) models

Five-speed Easytronic transmission

The five-speed Easytronic 3.0 transmission is optional on 1.0i Turbo (105PS) engines.

Easytronic is a five-speed manual gearbox with no clutch pedal. In manual mode you simply push the lever forward or back to shift gears up or down, whilst in automatic mode Easytronic takes control. A new electro-hydraulic actuator operates the clutch for faster and smoother gear changes plus increased economy through computer optimised gear changes.

Six-speed automatic transmission with ActiveSelect® function

A six-speed automatic transmission is optional on 1.6CDTi (136PS) model. On the road, a wide selection of shift patterns is adapted to the style and habits of the driver, anticipating when maximum acceleration or maximum efficiency is required. The electronic control will also adapt to the prevailing road conditions, reducing gear shifting when climbing or descending and using engine braking assistance during down changes. The ActiveSelect® manual mode allows the gear lever to be used like a sequential manual gearbox – you simply push the lever forward or back to change up or down the gears. The driver also benefits from a ‘neutral’ gear disengagement at idle, which reduces vibration and contributes to improved fuel consumption.

STEERING

Power-assisted steering

Turning circle (wall-to-wall):
– 11.05m (36.2ft.)

SUSPENSION

Front: Independent. Lightweight MacPherson struts with gas-pressure dampers and coil springs. Anti-roll bar.

Rear: Lightweight compound crank rear axle with one-piece, hollow cast trailing arms. Built-in anti-roll bar. Progressive-rate double conical mini-block springs and gas-pressure dampers.

BRAKING AND STABILITY

- Electronic Stability Programme (ESP)
- Cornering brake control
- Straight line stability control
- Rollover mitigation
- Drag torque control
- Hill start assist
- Anti-lock Braking System (ABS)
- Emergency brake assist
- Fading brake support
- Electronic brake force distribution
- Adaptive brake lights

1.0i Turbo (105PS)/1.4i (100PS)

Front ventilated discs: 276mm diameter

Rear discs: 264mm diameter

1.4i Turbo (150PS)

Front ventilated discs: 276mm diameter

Rear discs: 264mm diameter

1.6CDTi (110PS)/(136PS)

Front ventilated discs: 300mm diameter

Rear discs: 264mm diameter

1.6CDTi (136PS) auto	1900	1975	1700 (650)	1500 (680)

Gross vehicle weight is the total permissible weight of the vehicle including passengers and their luggage. The **maximum roof rack loading** should not exceed 75kg on all models. The **maximum towing weights** are based on the ability of the car, with two occupants of 75kg each, to restart on a 12% gradient, which is approximately 1 in 8.3, at sea level. The permitted trailer load applies up to the specified incline and up to an altitude of 1000 metres above sea level. The permissible gross train weight decreases by 10% for every 1000 metres of additional altitude. Any extra weight, such as luggage or additional passengers, should be deducted from the maximum towing weight. With a trailer fully loaded, **maximum noseweight** should not exceed 75kg. Always fit Opel towing attachments and accessories available from your Opel Dealer. They are designed specifically for Opel models and carry a 12-month guarantee. During trailer towing do not exceed a maximum speed of 120km/h. This speed limit is also applicable in countries with higher permitted speeds for trailer-vehicle combinations. Pay attention to the local speed limits. For trailers with low driving stability and caravans the use of an oscillation damper is strongly recommended.

TYRE RATING

Opel Service.

Europe-wide Customer Service.

Throughout Europe, more than 6,000 Opel repair workshops are ready to provide professional and punctual service. As you'd expect, they'll repair your vehicle to the highest standards. More unusually, perhaps, they'll tell you exactly what's been done and why, and they will show any costs involved clearly and concisely.

New Vehicle Warranty.

General Motors Ireland Limited (referred to as 'Opel') guarantees for motor vehicles of its manufacture, that each vehicle is free from defects according to the state of the art for a period of: The first 2 years carry an unlimited mileage warranty. The 3rd year of warranty has a mileage limitation of 100,000km for Passenger Cars & Car derived vans, for Combo, Vivaro and Movano the

limitation is 150,000km. The warranty is valid from delivery from the supplying Opel Distributor or from first registration, whichever occurs first (warranty start date).

Opel Roadside Assistance.

This free-of-charge mobility service is valid for all new Opel vehicles during the first year after the date on which they were first registered or delivered to the customer by the dealer, depending on which date comes first. No matter where you are, the Opel Assistance is there to help. In more than 40 European countries – round the clock. Offering services such as breakdown assistance, towing services, rental car, hotel accommodation or the organisation of onward transportation, e.g. via rail or air (please see programme conditions).

12-year Anti-Perforation Warranty.

Opel provides you with a reliable long-term warranty against perforation, provided you have your vehicle serviced and all necessary inspections performed according to the service booklet.

2-year Warranty for Opel Batteries.

With a 2-year warranty for service-installed Opel original batteries your starting problems are over – even in the coldest winter.

Parts and Accessories Service.

Opel parts and accessories are available at your local Opel Shop, where you'll find everything to make your vehicle more comfortable or to meet your individual needs, as well as expert advice.

Opel on the Internet.

Need instant information? At www.opel.ie you can access a wealth of information on all Opel cars, services, and accessories. Get online for Opel news and product updates.

Recycling.

Information about Design for Recycling, Take-Back points for End of Life Vehicles (ELVs) and the recycling of ELVs can be found on the Opel website www.opel.ie

In case of any questions, please ask your Opel dealer. More information can be found at www.opel.ie
