O : Optional | S: Standard | -: Not Available Note: *RRP From is based on the lowest available VRT rate for that model range, adding options to vehicles with higher VRT rates will cause options to increase in cost. The addition of optional extras may result in the vehicle increasing in Co2 g/km and therefore, attracting a higher rate of VRT than described in this product guide. For your exact configuration value, both Co2 g/km and RRP, please visit the seat.ie configurator
