## THE SPECIAL EDITION ŠKODA BOHEMIA

One look tells you the Special Edition Škoda Bohemia has that something extra. And it's not just the deep polish of the paintwork.

It's all the extra special equipment that comes as standard.

From the ground up, the list reads like this. Alloy wheels that add a touch of verve and dash and are fitted with locking wheel nuts to ensure envious eyes remain just that.

Colour-matched front and rear bumpers and door mirrors to emphasise the sleek lines of the car. Whilst a colour-matched rear spoiler with integral additional brake light adds to the dynamic look and brings extra safety.

Under the bonnet there's the 1.3 litre 68 bhp engine with 5 speed gearbox. It ensures optimum performance on the road and in your wallet.

Electric front windows complete an already luxurious cabin. And to keep the whole package safer and more secure, we've fitted an ultrasonic alarm with remote control central locking. Together with the added protection of an engine immobilizer.

At just **£8,399** on the road for the Hatch and **£9,399** for the Estate, the Bohemia is very special indeed.

But even at this price, not everyone can have one. Because apart from being a special edition, it's a limited edition.

Collaboration between Volkswagen and Škoda engineers has produced a highly advanced transverse engine.

Made from aluminium it's 25% lighter than conventional power plants, warms up quicker, and therefore saves on fuel.

| FUEL CONSUMPTION<br>(Official UK Govt.) mpg (l/100km/h) | HATCH      | ESTATE     |
|---|------------|------------|
| at 56 mph (90 km/h)                                     | 51.4 (5.5) | 53.3 (5.3) |
| at 75 mph (120 km/h)                                    | 37.7 (7.5) | 39.2 (7.2) |
| in urban traffic  | 38.2 (7.4) | 39.8 (7.1) |

It helps save the environment too, because it's fitted with a catalytic converter that reduces exhaust pollution by up to 90%.

Housing this advanced engine is an equally advanced chassis, complete with all round safety cell with additional side impact protection.

Protection from the ravages of time comes in the form of galvanised doors and wings, a multi coat paint finish and wax injection into body cavities.

### A special class of comfort.

On the interior the Škoda Bohemia is as swish and classy as the exterior.

Ergonomic cloth-covered seats ease you into a totally pampered environment.

The impression is one of space, and indeed, the Bohemia hatch will comfortably carry five grown adults.

In the Estate, the space has to be seen to be believed. Even carrying its full complement of adults there's still 15.6 cu.ft. of boot space. With the rear seats down that increases to a massive 47.8 cu.ft.

Both versions have see-at-a-glance dashboards with all controls readily at hand, allowing you to be both totally relaxed and totally in control.

A Blaupunkt stereo radio cassette is fitted as standard.

The Škoda Bohemia comes in five great colours: Romantic Red, Royal Blue, Pearl White, Arctic Blue and Atlantic Green.
