

Das Auto.

The Volkswagen CC

Elegant and exciting, there's no mistaking the stylish coupé silhouette of the Volkswagen CC. The sloping roofline, sculpted sills, sleek bonnet, and streamlined bumpers all define its distinctive character, enhanced by such details as frameless doors that simply flow into the body, chrome side window surrounds, door and rear bumper trims.

INTRODUCING THE VOLKSWAGEN CC. THE SILHOUETTE SAYS IT ALL.

A STORY OF ADVANCED TECHNOLOGY.

04 Model shown features optional Dynamic gas discharge (Bi-xenon) headlights with LED daytime running lights and metallic paint.

The Volkswagen CC blends four-door practicality with sleek coupé-like styling. Bi-xenon headlights with automatic range adjustment and headlight washers enhance the black gloss radiator with chrome trimmed radiator grille, creating a look that is refined and strong, characterised by horizontal lines. The front air intake, stylish bonnet and eye-catching alloy wheels add a dynamic, sporty touch.

AND CONTEMPORARY DESIGN.

The rear of the Volkswagen CC features stylish LED rear tail lights and rear number plate lights, giving a distinctive look that is unmistakably Volkswagen.

05

DYNAMIC PERFORMANCE.

PURE DRIVING

ENJOYMENT.

When it comes to comfort and wellbeing, the Volkswagen CC excels, offering the style and refinement of a coupé along with the elegance and interior space of a classic saloon, with seating for up to five occupants. A wealth of optional equipment provides even greater functionality, such as keyless entry with hands free boot opening, enabling you to open the boot without using your hands via a sensor in the rear bumper – extremely useful when loading luggage.

Fitted as standard, the 2Zone climatronic air conditioning with automatic air recirculation regulates air humidity and maintains your desired interior temperature, while the RCD 310 radio/MP3 compatible CD player features eight speakers and exceptional acoustics. There's also the option to upgrade your radio system with the RNS 315/RNS 510 DVD touch-screen navigation/radio systems, while the heat insulating green tinted glass provides a totally sound insulated environment in which to enjoy it.

01 The RNS 315 TOUCH-SCREEN NAVIGATION/RADIO SYSTEM WITH MP3 COMPATIBLE CD PLAYER features eight speakers, a 5 inch colour display with clearly arranged map navigation, as well as an SD card reader and practical AUX-in socket for connecting external audio devices such as an iPod or MP3 player. Optional on all models. // 02 The 2ZONE CLIMATRONIC AIR CONDITIONING with automatic air recirculation features dual zone temperature control for the driver and front passenger, allowing each to select their individual preferred temperature. Standard on all models.

THE LATEST DRIVER ASSISTANCE SYSTEMS.

DESIGNED TO HELP KEEP YOU SAFE.

01 DYNAMIC LIGHT ASSIST senses the lights from oncoming vehicles and switches between main and dipped beam accordingly. It also senses vehicles you are approaching from the rear and ensures dipped beam is selected in order not to dazzle vehicles in front. Optional on all models. Only in conjunction with optional Dynamic gas discharge (Bi-xenon) headlights.

// *02* ADAPTIVE CRUISE CONTROL (ACC) adapts your speed to that of the vehicle ahead, using radar sensors, and maintains a constant distance, even round town or in slow moving traffic. If the Front Assist system detects the vehicle ahead is getting too close, it warns you in two stages: firstly with visual and acoustic signals, and then with a short braking movement, bringing your vehicle to a complete standstill if necessary. Optional on Volkswagen CC Sport models.

// *03/04* ‘LANE ASSIST’ INCLUDING ‘SIDE ASSIST’ are lane departure assistants. ‘Lane Assist’ is a camera controlled lane tracking aid that countersteers your vehicle if it drifts from your

chosen lane, and gives an audible warning should you remove your hands from the steering wheel. Whilst ‘Side Assist’ makes motorway driving safer by helping to prevent accidents when you want to change lanes. The radar system monitors the areas to the left and right of the car and up to 50 metres behind it, and should it detect a potentially hazardous situation, it warns you by means of flashing warning lights in the door mirrors. Optional on Volkswagen CC Sport models.

// *05* PARK ASSIST WITH FRONT AND REAR PARKING SENSORS helps you parallel and reverse park, using ultrasonic and audible parking sensors and also sends an optical image via your navigation/radio display. It can assist with bay parking, and also parallel parking in and out of small spaces just 0.8m longer than the vehicle length. All the driver has to do is operate the clutch, accelerator and brake pedal and be vigilant of the surrounding area. Optional on Volkswagen CC Sport models.

// The FATIGUE DETECTION ‘REST ASSIST’ SYSTEM (not shown) uses sensors to detect if the driver is getting tired. The system works by monitoring driver behaviour closely, noting any erratic steering wheel movements and lane deviations. If the system detects an erratic or unusual driving pattern, it will alert you with a visual display on the dashboard and an audible warning sound, and if you haven’t taken a break within 15 minutes, it will repeat the warnings. The system can also be deactivated should the driver require it. Standard on all models.

ADAPTIVE CHASSIS CONTROL (DCC) gives you the choice to select Sport, Comfort or Normal settings for your journey with a touch of a button, and adapts the damping control and shock absorption rate to the road conditions and driving style you require within milliseconds. Standard on 2.0 litre TDI 177 bhp models.

MORE GRIP. MORE CONTROL. MORE ENJOYMENT.

Engine performance requires perfectly matched power transmission to provide the ultimate in ride comfort and enjoyment. To ensure the best possible ride and handling, the Volkswagen CC offers two sophisticated drive systems. Firstly, ADAPTIVE CHASSIS CONTROL (DCC) adjusts damping control and shock absorption rate to the road conditions and driving style you require within milliseconds. At the touch of a button, you can decide how firm or comfortable you wish to set the suspension, with a choice of three settings: Sport, Comfort or Normal. In Sport mode, the vehicle is noticeably more agile, while Comfort mode gives you the driving experience of a luxury saloon. Irrespective of the setting selected, the system will automatically adjust the damping for each individual wheel, using information from the steering, brake and driver assistance systems, to increase driving safety, particularly on uneven roads or when changing lane quickly. Standard on 2.0 litre TDI 177 bhp models.

ELECTRONIC DIFFERENTIAL LOCK (XDS), an extension of the well-known EDL (Electronic Differential Lock) function, is linked to the Electronic Stability Control (ESC) hydraulics and works by applying pressure to the inner front wheel during fast cornering to prevent wheel-spin. The one-sided, precise brake pressure helps to maximise traction, reduce understeer and improve responses, thus making cornering even more sporty, safe and accurate. Standard on 2.0 litre TDI 177 bhp models.

MORE THAN A CONVENTIONAL COUPÉ.

01 The AMBIENCE PACK provides soft, low-level lighting when the headlights are switched on, giving an even greater feeling of spaciousness and relaxation. It comprises two front footwell lights, light strips below the trim in the front doors, warning lights in the front doors and reflectors in the rear doors. Standard on Volkswagen CC Sport models.

10 Interior shown is Volkswagen CC Sport with optional keyless entry, sunroof, RNS 315 touch-screen navigation/radio system and metallic paint.

02 There's a very good reason the Volkswagen CC has four doors. They provide easier access to the luxurious interior, which offers MORE INTERIOR SPACE than a conventional coupé. The optional keyless entry with hands free boot opening is extremely useful when you're loading luggage, enabling you to open the boot without using your hands, via a sensor in the rear bumper. Image shown features 'Nappa' leather* in Truffle/Titan Black. 'Nappa' leather is standard on Volkswagen CC Sport models.

* Some parts of leather interior will contain artificial leather.

ALLOY WHEELS.

01 'SPA' 7 1/2J x 17" with 235/45 R17 self-sealing tyres. Standard on Volkswagen CC models.

02 'ST. LOUIS' 8J x 18" with 235/40 R18 self-sealing tyres. Standard on Volkswagen CC Sport models.

03 'INTERLAGOS' 8J x 18" with 235/40 R18 self-sealing tyres. Optional on all models.

04 'CHICAGO' 8J x 18" Volkswagen Exclusive with 235/40 R18 self-sealing tyres. Optional on all models.

05 'LAKEVILLE' 8J x 18" with 235/40 R18 self-sealing tyres. Optional on all models.

06 'LUGANO' 8J x 19" Volkswagen Exclusive with 235/35 R19 self-sealing tyres. Optional on all models.

TECHNICAL SPECIFICATION.

TECHNICAL SPECIFICATION NOTES

- 01 Figures are calculated in accordance with manufacturer's criteria. The individual unladen weight depends on the specification of the vehicle, this then reduces the possible payload accordingly. The unladen weight and payload both include the fuel tank 90% full, driver (68kg) and luggage (7kg) in line with EU directive 95/48.
- 02 With increasing altitude the engine performance diminishes. From 1,000m above sea level and for every 1,000m thereafter 10% of the vehicle/trailer weight (trailer weight + gross vehicle weight) must be deducted.
- 03 The use of 100% RME and FAME (bio diesel) is not possible.
- 04 The size of the fuel tank is approximate and therefore it may be possible to add a greater amount of fuel than the size of the tank specified, due to the space in the filler neck.
- 05 Official fuel consumption according to EU Directive 99/94. The consumption calculation according to 1999/100/EC is based on the actual unladen weight of the vehicle. Additional specifications can lead to a higher weight class and hence to consumption figures of this higher weight class. The driving style, road and traffic conditions, environmental influences and vehicle condition can in practice lead to consumption figures, which may differ from those calculated with this standard.
- 06 The weight of a vehicle will influence the level of CO₂ emission it produces; as a result, vehicles with higher levels of specification and factory-fitted options may emit higher levels of CO₂.

TECHNOLOGY.

ENGINES

Front transverse-installed engine

2.0 litre/140 bhp ⁽⁰¹⁾ (103 kW) common rail diesel engine: EU5 emissions standard, four cylinder in-line engine, four valves per cylinder, aluminium-silicon alloy cylinder head, reduced piston crown volume (improves swirl generation in the cylinder), toothed backlash compensator, intake manifold with electric continual tumble flap control, electronically controlled common rail direct injection fuel system with Bosch high pressure pump (up to 1800 bar) and 8-hole piezo injector units, pre-supply electronic fuel pump, oil cooler, intercooler, low temperature exhaust gas recirculation, additional coolant pump, turbocharger with variable turbine geometry, catalytic converter and Diesel Particulate Filter (DPF)

2.0 litre/177 bhp ⁽⁰¹⁾ (130 kW) common rail diesel engine: EU5 emissions standard, four cylinder in-line engine, four valves per cylinder, aluminium-silicon alloy cylinder head, reduced piston crown volume (improves swirl generation in the cylinder), toothed backlash compensator, intake manifold with electric continual tumble flap control, electronically controlled common rail direct injection fuel system with Bosch high pressure pump (up to 1800 bar) and 8-hole piezo injector units, pre-supply electronic fuel pump, oil cooler, intercooler, low temperature exhaust gas recirculation, additional coolant pump, turbocharger with variable turbine geometry, catalytic converter and Diesel Particulate Filter (DPF)

BRAKES

- Electronically controlled Anti-lock Braking System (ABS) with Electronic Brake-pressure Distribution (EBD)
- Diagonal twin-circuit brake system with inner-ventilated front disc brakes and rear disc brakes
- Asbestos-free brake pads
- Hydraulic Brake Assist (HBA)
- Electronic parking brake – with auto hold function
- Battery regeneration (recuperation – energy recovery during braking)

STEERING

- Electro-mechanical steering rack
- Collapsible, height and lengthways adjustable safety steering column

TRANSMISSION

- Front wheel drive through asbestos-free single-plate dry clutch. Hydraulic clutch-mechanism. Six speed manual and six speed automatic DSG gearbox with double joint half axles
- Four wheel drive (4MOTION)
- Six speed manual: 2.0 litre TDI 140 bhp, 2.0 litre TDI 4MOTION 140 bhp, 2.0 litre TDI 177 bhp
- Six speed automatic DSG: 2.0 litre TDI 140 bhp, 2.0 litre TDI 177 bhp

RUNNING GEAR

- Adaptive Chassis Control (DCC) (2.0 litre TDI 177 bhp models only)
- Electronic Stability Control (ESC) including Electronic Differential Lock (EDL), Traction Control (ASR) and Countersteer Support
- XDS electronic differential lock (2.0 litre TDI 177 bhp models only)
- Front suspension through coil springs with telescopic shock absorbers, all elements integrated in chassis legs
- Rear suspension with gas pressure shock absorbers and separate springs
- Wheel control: front through chassis legs and (lower) triangular wishbones (directionally stabilising steering roll radius)
- Wheel control: rear through four-link suspension with independent wheel suspension
- Front and rear anti-roll bar

DIMENSIONS.

VOLKSWAGEN SERVICE.

The Volkswagen Warranty.

Three-year Warranty.

All Volkswagen CC models come with a three-year/90,000km warranty which protects your car against the failure of most mechanical and electrical components due to manufacturing defects. This comprises a two-year manufacturer's warranty with unlimited mileage plus a further one-year/90,000km (whichever is soonest) warranty*. Full details of the three-year warranty are available from your authorised Volkswagen dealer.

*All warranty work must be completed by an authorised Volkswagen dealer or repairer.

Three-year Paint Warranty.

The paintwork of the Volkswagen CC is covered against manufacturing defects for a period of three years. Naturally, the Volkswagen CC must be cared for in compliance with the operating instructions which will be found in your vehicle handbook. Please consult your Volkswagen dealer for full warranty details.

12-year Body Protection Warranty.

The internal body sections and panels of the Volkswagen CC are covered against rusting through from the inside for 12 years. Naturally, the Volkswagen CC must be cared for in compliance with the operating instructions. Please consult your Volkswagen dealer for full warranty details.

Service Intervals for Engines.

Full details of what checks and work are recommended at each service are contained in the Service Book and your dealer will be able to advise you of any particular requirements.

Approved Accessories.

A comprehensive range of accessories from alloy wheels to carpet mats is available to complement the factory-fitted option list.

Volkswagen Finance.

Volkswagen Finance offers a dedicated service to meet the needs of both the business user and the private motorist. We can help you choose the right type of finance and will tailor the package to meet your specific requirements. Please consult your Volkswagen dealer for details.

Volkswagen Assistance.

Every new car is registered for Volkswagen Assistance for three years. This provides vehicle recovery in the unlikely event of a breakdown (subject to conditions).

Volkswagen Rental.

For details, please contact your dealer.

CO₂ Emission.

Increased weight of a vehicle, including higher trim levels and the addition of options will have a negative influence on the level of fuel consumption and CO₂ emissions produced.

The CO₂ and fuel consumption figures are obtained from tests on a representative vehicle of the type, conducted and approved in accordance with Council Directive 80/1268/EEC as amended by Directive 1999/100/EC (or later) on the approximation of the laws of the member states relating to the carbon dioxide emissions and the fuel consumption of motor vehicles.

Please Note:

Certain models and items of equipment shown in this publication are not available in Ireland.

Some illustrations in this brochure do not necessarily reflect Irish specifications. Consequently, controls and some items of equipment are positioned differently for Ireland.

The specifications contained in this brochure are for information purposes only as we cannot confirm the exact specifications of the vehicles. If you require any specific feature, you must consult your Volkswagen dealer who is regularly updated with any change in specification. Please check model availability and full specification details with your Volkswagen dealer prior to ordering.
