#CHANGEWHATYOUCAN

The world may be too big
for us to change.

But what we can change,
is change our world.
The space and the people around us.
The environment we live in.
It is what we can do. And must do.

Often, all it takes is a simple idea.
Though at first only a few see its
potential, and others doubt it.
Only a few applaud its intention,
and others question it.

But these few eventually end up
changing the world.
One person at a time.

These are the ones who will
drive the MG ZS EV.
And change their environment.
And eventually, the world.
One car at a time.

TAKING ELECTRIC TO A WHOLE NEW DIMENSION

The New MG ZS EV with its enhanced and distinctive features is more dynamic and path breaking than ever. It puts unparalleled comfort and convenience at the forefront while adapting to your needs and preferences everyday.

44.5 kWh HI-TECH BATTERY

For the varied weather conditions in India, the new ZS EV now has an evolved hi-tech battery, making its performance on-road even more robust and dominant.
