

IRRESISTIBLE. INTELLIGENT.

— THE ALL-NEW —
C A M R Y
HYBRID ELECTRIC VEHICLE

MEET THE ALL-NEW TOYOTA CAMRY HYBRID ELECTRIC VEHICLE

Discover unprecedented beauty, performance and intelligence. Only in the new Toyota Camry Hybrid Electric Vehicle. Experience a world built on Toyota New Global Architecture platform, where cutting-edge style meets an unparalleled driving experience powered by our 4th generation Hybrid Electric engine, smart intuitive features, and sophisticated comfort enriched by the quietest cabin in its class.

CARES FOR YOU.
AND THE PLANET.

As pioneers and world leaders in hybrid electric technology, Toyota proudly introduces its state-of-the-art 4th generation Hybrid Electric engine. Technology that makes the all-new Toyota Camry Hybrid Electric Vehicle a pleasure for the senses, as well as, eco-sensitive. With over 10 million hybrid electric vehicles worldwide, Toyota invites you to join the future of mobility, and help make a difference to the world.

DISCOVER THE
HYBRID ELECTRIC
ADVANTAGE

PERFORMANCE & COMFORT

Responsive Power

The new Camry's Hybrid Electric technology doesn't just help the environment. It also works in total synergy to deliver a smoother, more powerful acceleration and a more responsive torque, exactly when you need it.

Quieter Drive

Compared to conventional cars, the Toyota Camry Hybrid Electric Vehicle can run on its electric motor alone, giving you a near-silent driving experience and an absolutely tranquil cabin ambience.

ECO-CONSCIOUS & ECONOMICAL

Lower Emissions

Like every Toyota hybrid electric car, the Camry Hybrid Electric Vehicle produces up to 2 tons less CO₂ per

year than an equivalent car in the same class. This will have significant long-term positive effects on the environment, so you can be sure we're headed to a better future.

Unmatched Fuel Efficiency

Intelligently designed with two engines, one fuel and one self-charging electric. Both work in harmony to deliver unmatched fuel efficiency.

No Charging Required

Being able to switch engine modes means distances are never a worry. When the battery does run low, excess power from the engine charges it back up again, keeping you going. Plus, the action of braking recycles energy to charge the battery, wasting nothing.

TINGA

EXPERIENCE TOYOTA
NEW GLOBAL
ARCHITECTURE

Exceptional Driving Quality

Delivers an exceptionally smooth and responsive ride quality.

Enhanced Comfort

Imparts a sensorial experience through spacious and thoughtful interior design.

Intelligent & User-friendly

Smart technology to enrich the everyday driving and cabin experience.

Pride of Ownership

Imbibes a sense of accomplishment through eco-consciousness and quality of workmanship.

Comprehensive Security

World-class safety features and technology to put you completely at ease.

IRRESISTIBLE IN EVERY WAY

Behold the all-new Toyota Camry Hybrid Electric Vehicle in all its stunning glory. With a new-age dynamic appearance and demeanour.

GORGEOUS EXTERIOR DESIGN

New Bold Front Grille

A new design language gives the Camry Hybrid Electric Vehicle an eye-catching presence and powerful stance.

18" Alloy Wheels

Enhances the sportiness of the Camry Hybrid Electric Vehicle while offering superior ride comfort.

LED Headlamps

Stylish yet economical, the Daytime Running Lamps ensure better visibility while still looking elegant.

ELEGANT INTERIORS

Seamless Front Dashboard

A new-age Y design harmoniously blends thoughtful functionality with contemporary looks.

Tilt & Slide Moon Roof

A retractable sunshade and a front power tilt to light up your drive.

Onyx Luxury Garnish

An elegant stone grain and metallic texture finish on the dashboard and gear shifter adds a sheen of luxury to the interiors.

A CABIN AT YOUR COMMAND

UNPARALLELED REAR COMFORT

3-zone Personal Air-conditioning
Releases refreshing nanoe™ positive ions that moisturize your skin and hair while deodorizing the cabin.

Rear Power Sunshade
Control the sunshade conveniently from the rear seat with the touch of a button on the armrest.

Leather Upholstery
Ultra-luxurious seats crafted with a plush leather trim and finely detailed contrast stitching.

Adjustable Rear Seat
An extraordinarily comfortable rear seat that can be effortlessly adjusted to suit your posture.

Touch Controls on Armrest
Control just the way you like it. At your fingertips, with intuitive touch screen controls on the rear armrest.

ENHANCED FRONT COMFORT

Discover a host of finer touches and state-of-the-art features crafted in the all-new Toyota Camry Hybrid Electric Vehicle, for an exquisite, enriched cabin experience.

Power Front Seats
Both driver and passenger seats come with 8-way Power Adjust, as well as, ergonomic Lumbar Support and Memory for the driver's seat.

Infotainment System
Enjoy rich, clear audio with a state-of-the-art 9-speaker Premium Audio JBL® w/Clari-Fi™

Touchscreen Navigation
An 8" multimedia touchscreen with intuitive pinch-and-zoom navigation.

Head-Up Display (HUD)
Projects vehicle speed and other details at eye level on the windscreen, so you can always pay attention to the road.

Operator Service
Set a navigation destination of your choice through our exclusive call centre.

Sequential Shiftmatic with Paddle Shifters
Switch to a more agile and responsive driving experience with steering-mounted transmission controls.

SAFETY OF THE HIGHEST ORDER

Impact Absorbing Body

A safety design that minimizes impact from any direction, by effectively absorbing and dispersing collision energy throughout the vehicle's body structure.

Advanced Airbag System

The Camry Hybrid Electric Vehicle comes standard with 9 airbags: dual-stage SRS driver and front passenger airbags, as well as, front and rear side curtain airbags.

In-built Safety System

Engineered with advanced comprehensive safety measures that work in sync to protect all occupants. This includes Vehicle

Stability Control (VSC), Traction Control (TCS), Anti-lock Brake System (ABS), Electronic Brake-force Distribution (EBD) and Brake Assist (BA).

Rear Monitor with Sensors & Dynamic Guidelines

A rear camera display offers a clear view behind the vehicle. Sensors notify the driver of any obstacle near the corner bumpers.

E-Parking brake + Brake Hold

Get the convenience of a parking-brake operation with just the push of a button. Additionally, the Brake Hold function makes driving in city conditions much easier.

PERFORMS THE WAY YOU WANT

4th Generation Hybrid Electric Engine

Experience more power from a hybrid electric engine than ever before. The Toyota Camry Hybrid Electric Vehicle comes with our latest 4th generation hybrid electric engine. A powerful 2.5L petrol engine with Dynamic Force 4-cylinder meets a self-charging electric motor that purrs with utmost silence. This delivers an optimum blend of improved output, fuel efficiency and emission performance.

Driving Modes (Sport, Eco, Normal)

Take your pick from distinct modes, each designed to deliver a tailor-made drive at the push of a button.

EXCLUSIVE ACCESSORIES

- Protective Car Cover
- Convenient Luggage Tray
- Front Sunshade
- Welcome Door Lamp
