11 YEARS OF REDEFINING STYLE, SPACE, SAFETY AND COMFORT

The Innova has been India's favourite ever since it hit the road in 2005. That's why it has been awarded **No.1** in Initial Quality Survey (IQS) by J.D. Power Asia Pacific for **11 years** in a row, for best quality in its segment. Now that's not surprising at all when you break new ground in style, space, safety and comfort, year after year.

TRIGGERED BY IMAGINATION FUELLED BY INNOVATION

Toyota believes the best way to predict the future is to **innovate**. It's what distinguishes the Innova from the bevy of other vehicles in the country. For when you choose the Innova, you choose an innovative blend of elegant design, versatile features, superior performance, excellent drivability and world-class safety.

“IT WAS MY MISSION
TO ENSURE THAT
THE NEW INNOVA
WOULD EXCEED
CUSTOMER EXPECTATIONS.”

Hiroki Nakajima
Innova Executive Chief Engineer

“Development of the new Innova required me to understand how aspects of Innova’s desirability were changing. Customers now demand a stylish Innova that is **safer and more efficient**, apart from the high functionality.

It was my mission to ensure that the new Innova would **exceed customer expectations** throughout its model life. So I decided that the new Innova should have two sides; a side that answers the needs of customers who expect the same values as before, and a side that satisfies customers looking for new values.

Innova’s legendary QDR and toughness was taken to a new level. **‘Tougher Than We Can Imagine’** was the slogan of the development team. The new Innova holds the potential to not only satisfy our most loyal customers but also win over new customers.”

FLAWLESS LUXURY

EFFORTLESS DRIVE

ELEGANCE MEETS ITS MATCH IN LUXURY

Inspired by the grandeur and toughness of crystals, Luxury and Power come together in the **All New Innova Crysta**, a shining example of Toyota's philosophy of Quality, Durability and Reliability. Crafted to luxurious perfection, the all new **Innova Crysta Petrol** is set to pulsate your senses. Toyota Dual Variable Valve Timing with Intelligence (**Dual VVT-i**) enhances the combustion efficiency by reducing friction and noise in the engine which makes your drive smooth and quiet.

The All New Innova Crysta commands a certain powerful presence, thanks to bold exterior silhouettes,

an imposing new grille and muscular wheel arches. What's more, under the hood is a **petrol engine** with which you experience a luxurious drive every time you step on the accelerator pedal, courtesy the **6 speed automatic** and 5 speed manual gearshifts.

Step inside and the new Innova will leave you speechless with its excellent craftsmanship and glorious attention to luxury. Living room like comfort, ambient mood lighting, exceptional quietness and signature third row comfort means plenty of delightful drives and joyful journeys.

COMMANDING PRESENCE

BOLD DESIGN

The All New Innova Crysta's elegant silhouette and powerful design creates a distinct presence in the city and beyond. Its bold and sophisticated styling, expressed through an aerodynamic posture, evokes an amazing sense of stability on the road.

INTELLIGENT DYNAMICS

ENHANCED EFFICIENCY

The All New Innova Crysta’s ample power and smooth drivability makes driving easy while excellent fuel efficiency keeps every drive economical. For the first time, the Innova comes with a choice of 6 speed Automatic Transmission with sequential shift and a 5 speed Manual Transmission.

6 Super ECT with Sequential Shift
6 speed super intelligent electronically controlled automatic transmission that draws out the engine’s maximum potential

ECO & POWER Drive Modes
to choose between 2 distinct driving modes. ECO mode for optimum fuel economy and POWER mode for sharper acceleration response

REFINED PETROL ENGINE

The refined Petrol Engine, delivering a power out of 122 kW (166 PS) puts the Innova Crysta in a league of its own

New Petrol Engine
has relatively low weight that reduces fuel consumption. Toyota Dual Variable Valve Timing with Intelligence (Dual VVT-i) ensures a more efficient and smoother drive. All of this translates to enhanced cabin quietness, lesser vibrations, faster acceleration and a luxurious drive

Improved Suspension
keeps cabin movement to minimum and maintains smooth ride on rough roads

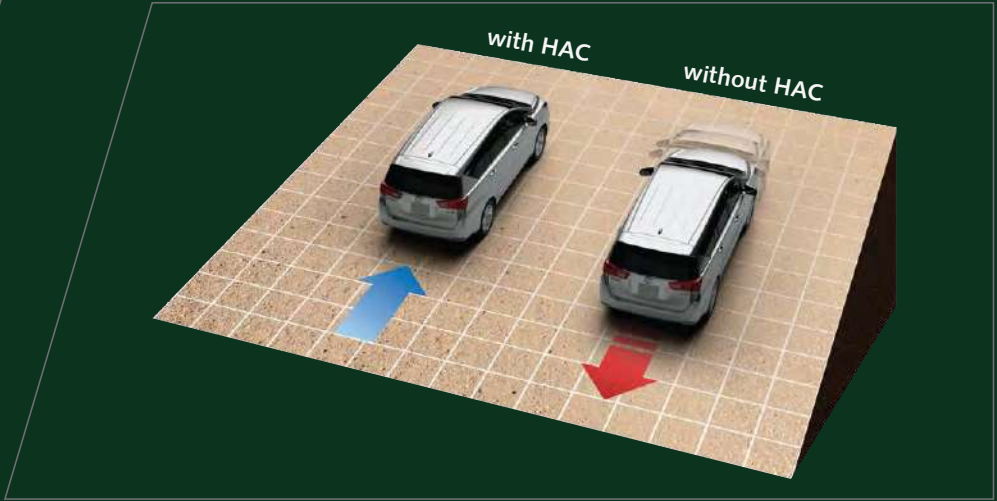

UNCOMPROMISING SAFETY

FIRST IN CLASS: 7 SRS AIRBAGS

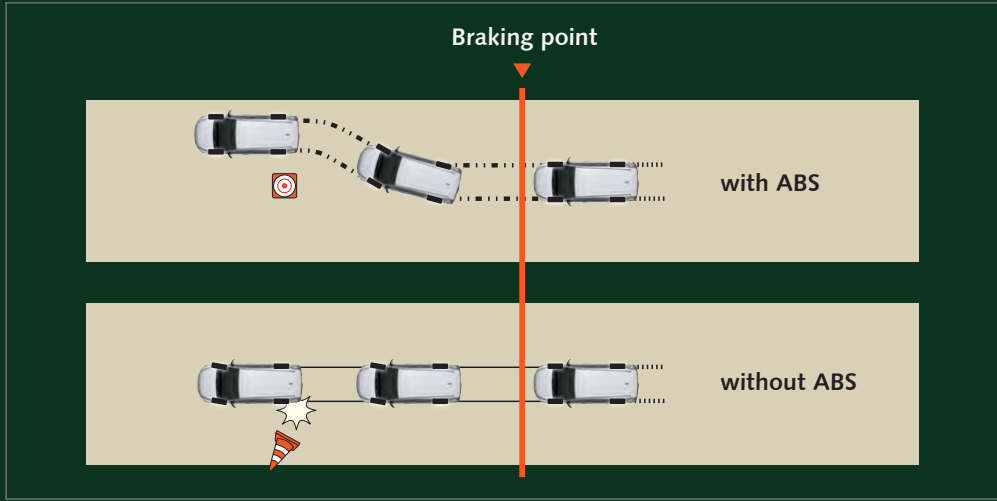

UNMATCHED STANDARDS

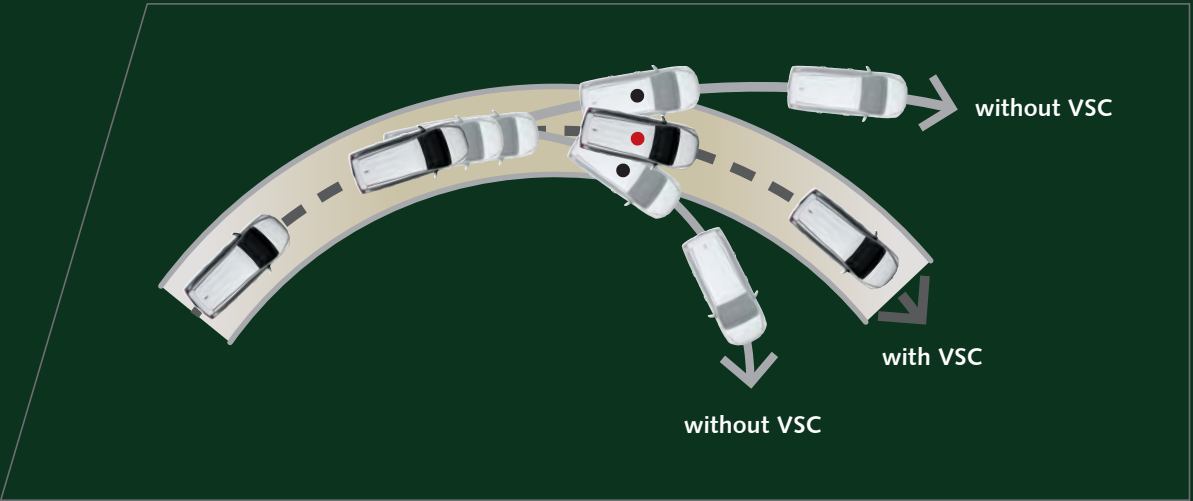

The All New Innova Crysta gets enhanced with new age safety features like 7 SRS Airbags, 3 Point Seatbelt for all passengers, Height Adjustable Front Seatbelt with Pretensioner and Force Limiter, Anti-lock Braking System, Electronic Brake-force Distribution, Brake Assist, Hill-start Assist Control, Vehicle Stability Control, GOA Body and other safety features thus making it a safe haven on wheels.

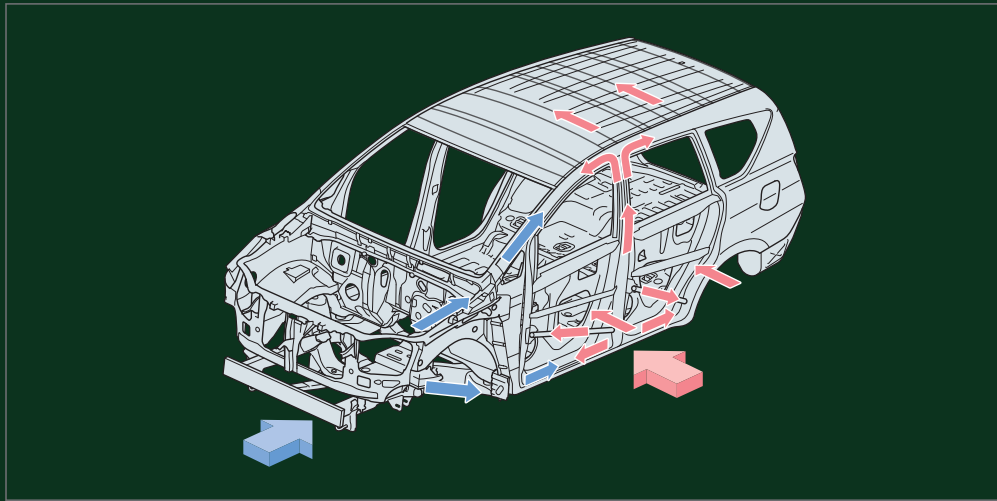

Hill-start Assist Control
automatically controls the brakes suppressing vehicle rollback when starting off on a slope, reducing the burden on the driver

Anti-lock Braking System
prevents wheels from locking and enables greater maneuverability and steering control

Vehicle Stability Control
automatically controls the vehicle brakes and engine output during over steer or under steer while the vehicle is making a turn, ensuring vehicle stability

GOA Body
is a high strength body structure that effectively absorbs impacts and distributes it evenly during unforeseen collisions, thereby reducing passenger and pedestrian injuries
