A WELL-BRED ADVENTURE.

What if adventure and leisure co-exist? What if taking on the toughest of terrains felt like sleight of hand? What if raw power meets its match from the other end of the spectrum – pure sophistication? Presenting the new Volkswagen Tiguan. Built for thrills, but with the kind of well-appointed aplomb that only a Volkswagen could. Step inside, sit back, and let the adventure begin.

5

PRESENCE, HIGHLIGHTED.

The new Tiguan oozes perfection from every angle. Be it the side shoulder line dotted with LED taillights[5], the bold bumper or the Chrome-finished Grille[2]. Like every Volkswagen, it is built with 100% galvanised steel that is shaped to match your taste. Its LED Headlamps with Daytime Running Lights[1] make visibility effortless. The fog lamps[4] and corner lights establish its presence, come day or night. To top it off, its electrically foldable side mirrors[3] come with sleek turn indicators that can be adjusted from your seat.

ADVENTURE, INSIDE OUT.

ADVENTURE
IS ALL AROUND YOU.

Left, right, centre or even from the top. The adventure outside accompanies you from all sides. The new Tiguan comes with a Panoramic Sunroof lined with LED lights; one of the many firsts in its category. Carry a piece of sky along the way.

The 3-zone Automatic Climate Control System[3], allows you to individually control the temperature inside. Add to that, the rear AC vents[6] make sure the comfort inside belies the adventure outside. It includes an Auto-dimming IRVM[7] that eliminates the glare of trailing vehicles from distracting you.

Work a little less hard - the electrically adjustable driver's seat[4] is designed to fit your body posture. The keyless access[2] and the reverse parking camera[5] let you take control by barely doing much. And the Intelligent Rain Sensor[8] automatically signals the wipers in case the clouds are too generous. So, all you are left to do is, softly run your fingers on its leathered multi-functional steering wheel[1] or the Touchscreen Infotainment System[5].
You have got enough reasons to explore.

EASY OPEN BOOT WITH ONE TOUCH CLOSE.

The boot opens simply by moving a foot in front of the sensor. Press a button or allow the Easy Close function to shut it automatically as you move away from it.

ROOM FOR IMPROVISATION.

The new Tiguan is built for all that you've got planned, alright. But more so keeping in mind the very nature of every plan – transience. The boot[1] comes with a luggage capacity of 615 litres with seats up. And should you choose to bring back a piece of your adventure, fold the seats to make for 1655 litres of space. For all those refreshing breaks, the Cooled Glove Box[3] lets you enjoy a chilled drink on your adventure rides.

1

The Front Armrest[2] with a cup holder next to it assures that your requirements are well catered to. So fill every inch of it with all you want, with your hands in your pocket; the boot opens with a mere gesture of your foot. Call it magically practical.

2

3

MOVES LIKE LIGHTNING. STEALS THUNDERS.

Electrify your sensations and comfort your mood. The new Tiguan is crafted to do just that. The TDI engine technology with 105kW of power and 340Nm of torque, pumps power with perfection. To negotiate every road with minimal effort, its 4MOTION system imparts precise traction to all four wheels ensuring optimum efficiency on regular tarmac roads as well as the correct amount of torque transfer for off road conditions. The 7-speed Automatic DSG (Dual Shift Gearbox) Transmission makes shifting gears seem like sleight of hand.

Hassle-free driving: With the Drive Mode Selector, your effort while driving comes down to zero. The four driving modes include Normal, Snow, Offroad and Offroad Individual, that make every course hassle-free and convenient. Switch to Cruise Control to maintain that perfect speed on longer journeys. You could say it's like smelling the roses, without having to stop.

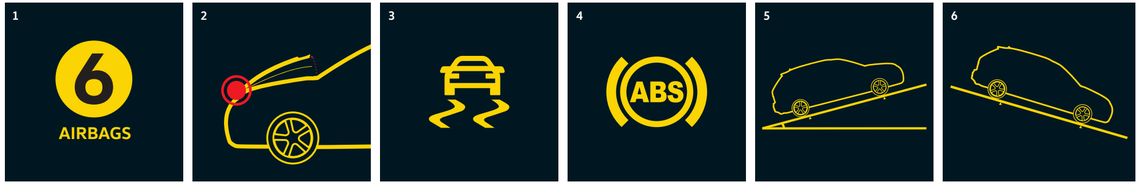

Internal test data.

SAFETY, ABOVE ALL.

The new Tiguan is more than just a tough machine; precision German engineering gives it that invisible feature that makes it one of the safest in its class - Intuition. One you'll feel in the Electronic Stabilisation Programme[3], a technology that improves the vehicle's stability by detecting and reducing any loss of traction. The Self-sealing tyres give you enough confidence to drive even when one of its tyres is damaged.

The advanced Anti-lock Braking System[4] stops the wheels from locking up, avoiding any unexpected skid. Its Automatic Headlamp Activation ensures that you have ample light whenever required. For the times your adventure demands a steep climb, the Hill-hold[5] mitigates chances of rolling down while trying to pull away on the gradient. And while you come down edgy slopes, the Hill Descent Control[6] takes control and makes driving down, safe and effortless. The Active Hood[2] is positioned for pedestrian safety on the road. In case of collision, the front bumper sensor signals the rear end of the Active Hood to raise. Ensuring minimum damage. The six airbags[1] ensure protection for everyone inside.

MORE SENSE FOR MORE SENSIBILITY.

When a car is designed to be so human, its fitness becomes an important aspect. Which is why the new Tiguan comes with a **Think Blue. Trainer.** That assists you to save fuel and drive more efficiently. Keeping environment protection on top priority, it indicates your current consumption and gives you suggestions on how to reduce further.

Since its App-connect^ allows easy interaction between your smartphone and your Infotainment, you can turn your new Tiguan into an instant office. Connect your smartphone via, Apple™ 'CarPlay' or Google™ 'Android Auto' that mirrors the display on your Infotainment touchscreen. Giving access to your smartphone functions and making technology handy and portable.

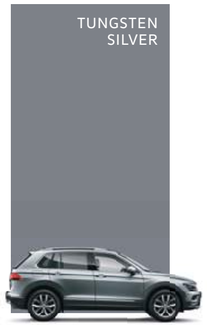

The 3 Zone Climate Control AC offers a selection of three different temperatures and air volumes. So that each passenger including the driver of the new Tiguan has the liberty to choose a temperature that suits them.

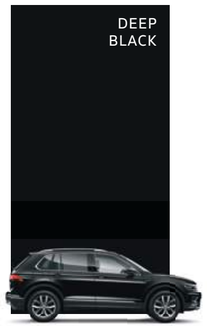

^Depends on mobile handset and application compatibility. 'CarPlay' and 'Android Auto' is a trademark of Apple and Google.

Volkswagen Service for your peace of mind.

Volkswagen Warranty and Extended Warranty: The new Volkswagen Tiguan comes with a standard warranty of 2 years, unlimited kilometres, and can be extended at an additional cost for a further 1 year and up to 80,000 kilometres. Or 2 years and up to 1,00,000 kilometres from the date of sale (whichever is earlier). Extended warranty can be purchased within standard warranty period only. All this, to protect your car against the defects of most mechanical and electrical components due to manufacturing defects. All periodic maintenance at recommended intervals and warranty work must be completed by an authorised Volkswagen dealer.

3-year Paint Warranty and 12-year Anti-perforation Warranty: The paintwork of the new Tiguan is covered against manufacturing defects for a period up to 3 years and the vehicle body parts for a period of 12 years from the date of sale against perforation caused by corrosion. Naturally, the New Tiguan must be cared for in compliance with the operating instructions, which will be found in your vehicle handbook, and all body repairs must be done at an authorised Volkswagen dealer.

Volkswagen Roadside Assistance: Every new car is registered for Volkswagen India Roadside Assistance for 2 years from its date of sale. This provides the vehicle with home and roadside recovery in the unlikely event of a breakdown anywhere in India (subject to terms and conditions). This service can be extended for either 1 or 2 additional years. **24 x7 Roadside Assistance Helpline: 1800 102 1155 / 1800 419 1155.**

Periodic Maintenance: The service interval of your Volkswagen is scheduled for every 15,000 kilometres or one year. With a one-time free inspection at 7,500 kilometres or 6 months, whichever is earlier.

Please note: The features and specifications contained in this brochure are for informational purposes only and are subject to change without prior notice. The print process does not allow for exact reproduction of paint finish and seat upholstery colours. If you require any specific feature, you must consult your authorised Volkswagen dealer, who is regularly updated with any change in specifications. Please check model availability and full specification details with your authorised Volkswagen dealer prior to ordering. We would like to advise you that telephone calls to Volkswagen Customer Care may be monitored and recorded as part of our training and quality assurance processes. Terms and conditions apply.

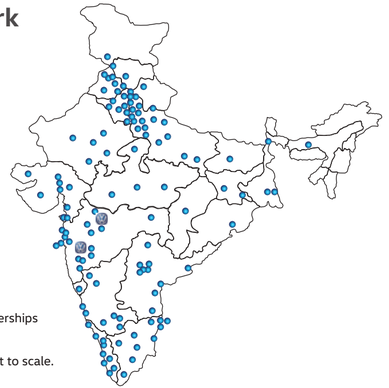

24x7 Customer Care Helpline: 1800 209 0909.

Volkswagen Service App

Everything you need to know about Volkswagen. Now on-the-go.
The Volkswagen Service Mobile Application is your reliable and smart assistant on the go. You can get information on standard service labour charges, Volkswagen dealer network and explanation of various indicators on the car's dashboard. It enables you to get connected with Volkswagen Customer Care and Roadside Assistance at a click of a button. It also facilitates prospective customers to book a test-drive and get information on Volkswagen's India line-up of cars and the latest tips and offers. So, stay connected.
