

TUCSON

Diesel 2.0 Inspiration Full Option (Dusk Blue)

**Beginning of a
New Dynamic**

Balanced Dynamic

Designed for today's passionate youth, the Tucson, featuring a charismatic design and offering an even more incredible driving experience, brings a fresh dynamic into your daily life.

Smartstream Diesel 1.6 Inspiration Full Option (Gemstone Red)

Gasoline 1.6 Turbo Modern Full Option (White Cream)

Performance

Equipped with HTRAC technology, the Tucson offers a more pleasant driving experience by optimizing performance for each driving mode, even when running on slippery and unstable road surfaces. The 8-speed automatic transmission delivers dynamic acceleration and such smooth performance that you cannot even feel the shifting of the gears.

Improved AWD (All-Wheel-Drive) system

4-wheel drive coupling
The electronic coupling device installed between the front and rear drive shafts actively controls the distribution of power to the front and rear wheels based on the vehicle's driving status / conditions.

Control by cornering situation
The braking power control for wheels that need or do not need driving power at cornering and individual wheel braking control ensure safety when the vehicle drives along a bend at a high speed or on an unstable road surface.

Intelligent control by driving condition
According to the driving condition, such as starting, accelerating or cruising, the optimal driving power is distributed to the front and rear wheels by checking road and vehicle conditions.

HTRAC HTRAC (Electronic AWD)

* Example of differences in power distribution per driving mode.

* This image presents a hypothetical situation. Power distribution while driving may vary depending on the circumstances.

8-speed automatic transmission (for all Diesel 2.0 trims)

Smartstream Diesel 1.6 engine

136PS / 32.6kg-m

16.3 km/ℓ

(2WD, mixed driving, based on 17-inch tires)

An advanced, eco-friendly engine that significantly reduces emissions while improving fuel efficiency and mileage through low-pressure combustion, reduced friction, and an efficient heating/cooling system.

Diesel 2.0 engine

186PS / 41.0kg-m

Gasoline 1.6 Turbo engine

177PS / 27.0kg-m

Design

The glossy chrome horizontal bar-type radiator grille creates an image that is both restrained and sporty.
The full LED head lamp features a static bending light, which turns on when the steering wheel is used.
This results in not only a unique appearance but also enhanced nightttime visibility.

Front design

Glossy chrome horizontal bar-type radiator grille

Full LED headlamp (with static-bending function)

19-inch alloy wheel & tire

LED rear combination lamp

Diesel 2.0 Inspiration Full Option (Red Wine)

Presents a simple and modern atmosphere while helping drivers focus on the road with a floating infotainment display. Efficient and intuitive interior with an ergonomic design that offers a luxurious driving environment.

Diesel 2.0 Inspiration Full Option (Red Wine)

Hyundai SmartSense

Lane Keeping Assist
Recognizes the boundaries of the current lane using the front camera and gives a warning or adjusts the steering if the vehicle seems to be about to depart the lane without prior turn signal activation.

Forward Collision-Avoidance Assist
When the risk of collision with a car in front is detected, the driver is alerted and, if necessary, assisted braking is engaged.

Smart Cruise Control with Stop & Go
Allows the Tucson to maintain the same speed as and distance from the car in front, even after a 3-second stop.

Highway Driving Assist
This system utilizes various kinds of information (following distance, lane information, speed limit information from the vehicle navigation system, etc.) to control the speed of the vehicle on a highway and ensure that it stays centered within its lane. It thus frees the driver from having to press the brake or accelerator pedals during long drives or when stuck in traffic and even assists with steering when necessary to provide a safe and comfortable driving experience.

High Beam Assist
This feature reduces the inconvenience of frequently using the high beam controls by automatically switching high beams to low beams when there are cars in front or driving in the opposite lane.

Blind-spot Collision Warning
Reduces risk of collision by detecting and warning the driver of vehicles approaching from the rear or in the vehicle's blind spot that cannot be seen through the side mirrors.

Driver Attention Warning
The vehicle comprehensively analyzes the driver's driving patterns and its position in a lane and, when driver fatigue or negligent driving detected, a popup message is issued together with an alert sound to recommend the driver to take a break.

* Lane Keeping Assist, Forward Collision-Avoidance Assist, and Driver Attention Warning all included by default.
* The driving assistance features (Forward Collision-Avoidance Assist, etc.) are designed to protect the driver and passengers in certain high-risk driving situations.
For more details on these features and how they work, please refer to the instruction manual.

* Please refer to the manual for detailed information on the operation of each function.
* For safety purposes, please keep both hands on the steering wheel when using the Highway Driving Assist function on the highway.

Convenience

The AI speaker can be used from home to remotely control the car (ignition, air conditioning, door lock control, etc.).
The in-vehicle needs of both the driver and passengers are addressed through the application of diverse cutting-edge technologies, including the surround view monitor and wireless phone charger.

Home-To-Car: remote air conditioning control, remote door lock, remote turning on/off of emergency light, remote horn honking

Wireless phone charger
8-inch navigation system, BlueLink, Rear view monitor

Smart power tailgate

SoundHound (automatic song search function)
Surround View Monitor

* The IoT service (Home-To-Car) can be used only after subscribing to Hyundai's BlueLink service and setting up the smart speaker. See Instruction Manual for details.
* Terrestrial DMB is available in 320x240 (standard resolution) and 1,280x720 (high resolution). Reception may be hindered by the conditions of the radio signal propagation environment, DMB broadcast policy, and/or change(s) in the DMB provider's transmission methods.

* The maximum height to which the tailgate opens can be adjusted by setting the tailgate to the desired height and pressing and holding the "Close" button for a long time.

Smart

17-inch alloy wheel 18-inch alloy wheel

Smart (White Cream)

Projection headlamp
3.5-inch mono LCD supervision cluster
Glossy chrome horizontal bar-type radiator grille
Audio system (6speakers, radio, MP3, USB, AUX, Bluetooth hands-free)
Rear combination lamp (bulb type)
7-inch display audio + Rear view monitor
LED Daytime Running Light
Proximity key with push-button start
Front and rear skid plate
Heated front seat

* The specifications in this brochure may vary by model and options included. For detailed specifications, please refer to the price list catalogue for the relevant month.

Modern

17-inch alloy wheel 19-inch alloy wheel

Modern (Pepper Gray)

Aero type wiper
4.2-inch color LCD supervision cluster
Heated steering wheel
Black headlining (only with red wine interior)
Hi-pass system
Heated rear seat
Rear seat air vent
8-way power-adjustable driver's seat & 2-way power-adjustable driver's lumbar support
JBL premium sound system (with 8 speakers)
Rear USB port with a charging function

* The specifications in this brochure may vary by model and options included. For detailed specifications, please refer to the price list catalogue for the relevant month.

Inspiration

19-inch alloy wheel
Larger front disc brake

Inspiration (Dusk Blue)

Glossy black radiator grille for Inspiration only
Ventilated front seat
Chrome exterior door handles
Artificial leather upholstered on the crash pad & side console
Bright door molding
Semi-punching steering wheel
Metallic silver exterior mirror cap
Paddle shifters
Door spot lamp
Alloy pedal & footrest

* The specifications in this brochure may vary by model and options included. For detailed specifications, please refer to the price list catalogue for the relevant month.

If you want your Tucson to stand out from the pack, customize it with TUIX. This allows you to infuse your vehicle with your own dynamic personality by enhancing the design and performance through the application of various packages.

Dynamic package (exclusive to Diesel 2.0 engine model)

H&R spring

Sport shock absorber

High-performance synthetic engine oil

High-performance oil filter

Heated cup holder

LED lighting package

LED tailgate lamp

LED foot mood lamp (front seat, rear seat)

Luggage package

Luggage screen

Luggage net

Side step

Ultimate design package I / II

Door spot lamp

Metallic silver exterior mirror cap

Body-colored front and rear skid plate

Body colored side garnish

Dual exhaust tip (Gasoline 1.6 Turbo) /
Single twin exhaust tip (Diesel 2.0 / Diesel 1.6)

* Ultimate design package I (Smartstream Diesel 1.6 & Diesel 2.0): Door spot lamp, Metallic silver exterior mirror cap, Body-colored front and rear skid plate, Body colored side garnish, Single twin exhaust tip
* Ultimate design package II (Gasoline 1.6 Turbo): Door spot lamp, Metallic silver exterior mirror cap, Body-colored front and rear skid plate, Body colored side garnish, Dual exhaust tip
* Ultimate design package I and II are applicable only for Hyundai Smart Sense. Only four exterior colors are available. (Pure White, Phantom Black, Pepper Gray, and Gemstone Red)

* The available trim may vary depending on the TUIX package.
For further information, please refer to the price list for the month of purchase.

Maintain a constant speed to drive more efficiently.
-The fuel economy described above is based on the standard model and may differ during actual driving depending on road conditions, driving technique, cargo load, vehicle maintenance, and outdoor temperature. -Some of the images presented here include optional specifications, so their appearance may differ from the car you purchase. -The specifications, colors, and sources presented here may be modified to improve vehicle exterior and performance. -The engine performance described above is the "Net Number," a new measure reflecting exhaust resistance that complies with legislation enforced by Korea's Ministry of Land and Transport since 1997. It can be marginally lower than "Gross Output Number," the previous measurement. -Leather seat include some artificial leather. -Vehicle colors presented here may differ from actual appearance. -Hyundai Motor Company sells cars only through its branches and designated dealers. *Hyundai Motor Company is committed to fair trade practices, with the same price and quality of vehicles nationwide. -Use of non-genuine parts (such as engine oil and transmission oil) or poor quality fuel may severely damage the vehicle. -For more information about the new technologies and specifications described in this brochure, please refer to a user's manual.*

The advanced technology of Hyundai's BlueLink system helps keep both the driver and the vehicle safe in any situation. BlueLink is always there to keep you safe, regardless of the location or time of day. Experience the unique joy of safe and comfortable driving.

Remote control

In the extremely hot summer or cold winter months, you can link your smartphone to the air conditioner or heater to set and control the temperature inside the vehicle. Enjoy a pleasant driving experience with BlueLink.

Safety security

The BlueLink Center works 24 hours a day, 365 days a year. If an airbag opens due to an accident, the Center automatically detects your location and takes appropriate actions according to the situation, such as contacting the police, ambulance, insurance company, etc.

Vehicle management

Services include real-time trouble detection while the vehicle is running and regular vehicle inspections on pre-arranged dates. In the event of vehicle trouble, immediate professional consulting is available, and you may conveniently make reservations for repair at the time and location of your choice.

Navigation

This function enables the driver to conveniently search for destinations through voice command and suggests optimum routes based on an independent analysis of real-time traffic information. The driver can search a database of up-to-date information to find even newly created destinations.

*Free of charge for five years for customers who have purchased a vehicle and are applying for BlueLink membership for the first time: Remote control, Safety security, Vehicle management, Navigation.
* Inquiries: Blue Link Kakao Talk Customer Service Center (enter "Blue Link" in Kakao Talk search screen and add as friend)
